## Notice of Determination

MDR TRACKING NUMBER: M2-06-0818-01  
RE: Independent review for \_\_\_\_

The independent review for the patient named above has been completed.

- Parker Healthcare Management received notification of independent review on 2.28.06.
- Faxed request for provider records made on 3.1.06.
- The case was assigned to a reviewer on 3.16.06.
- The reviewer rendered a determination on 3.24.06
- The Notice of Determination was sent on 3.27.06.

The findings of the independent review are as follows:

### Questions for Review

Medical necessity of the proposed posterior discectomy L4-5

### Determination

PHMO, Inc. has performed an independent review of the proposed care to determine if the adverse determination was appropriate. After review of all medical records received from both parties involved, the PHMO, Inc. physician reviewer has determined to **overturn the denial** on the requested service(s).

### Summary of Clinical History

Ms. \_\_\_\_ sustained a work related job injury on \_\_\_\_, while employed with \_\_\_\_.

### Clinical Rationale

Ms. \_\_\_\_ had two lumbar MRIs 10.14.03 and 9.19.05, showing a disc herniation at L4-5 center and left, as well as an EMG/NCV on 5.10.04 showing a left L5 radiculopathy. She has had ESIs and a prolonged non-operative course. Even though she had radicular symptoms that predated the work incident, the L4-5 disc herniation was administratively assigned to the \_\_\_\_ work incident.

Thus, the proposed disc excision appears medically necessary given the extensive records for review.
