

Informal Working Draft and Request for Informal Comments on Texas Windstorm Insurance Association (TWIA) Certificate of Compliance Rule Amendments

Texas Administrative Code, Title 28, Chapter 5, Subchapter E, Division 7

Posting date: June 15, 2022

Comments due: July 14, 2022

The Texas Department of Insurance (TDI) has prepared an informal working draft of amendments to TWIA inspection rules. The amendments incorporate the change made by HB 3564, 87th Legislature, 2021, which removed TDI's authority to rescind a certificate of compliance for completed or ongoing improvements, Forms WPI-8 and WPI-8E. This informal proposal also adds an electronic document submission requirement for the certificate of compliance applications and information supporting those applications.

TDI invites your input on the informal working draft, including any information about potential costs relating to requiring electronic submission. This is an informal posting intended to gather comments from stakeholders and the general public and is not a formal publication for rulemaking.

The comment period for this informal working draft will close at 5 p.m. Central time, on July 14, 2022. Submit comments to Donny Cox in the Inspections Office at losscontrol@tdi.texas.gov. To receive more information about this informal working draft, call the Inspections Office at (512)-676-6750.
