## FAQ

### Employer's report of noncovered employee's work-related injury or illness

#### Who must use this form?

Employers that **do not have** workers' compensation insurance coverage (nonsubscribers) and **employ five or more employees who are not exempt** from workers' compensation insurance coverage must file the DWC Form-007. Examples of exempt employees include certain domestic workers, and certain farm and ranch workers.

Employers that **have** workers' compensation insurance coverage must file the DWC Form-007 to report an on-the-job injury or illness for an **employee who has waived** workers' compensation insurance coverage. See Texas Labor Code Section 406.034 for more information.

#### What do I do if I need to report more than two injured employees?

Copy page three of the form as many times as you need to report more injured employees.

#### When do I file the DWC Form-007?

You must file the form no later than the 7th day of the month after the month:

- a work-related death happened;
- an employee was absent from work for more than one day because of an on-the-job injury; or
- the employer knew about a work-related illness.

You do not have to report months with no deaths, injuries, or illnesses.

#### Are any fields on the DWC Form-007 optional?

No, you must answer all fields by checking the box or filling in the blank.

#### Where can I find more information about NAICS codes?

Find more information at the United States Census Bureau at [www.census.gov/naics](http://www.census.gov/naics) or the National Technical Information Service at [www.nits.gov](http://www.nits.gov).
