OFFICIAL ORDER
of the
TEXAS COMMISSIONER OF WORKERS' COMPENSATION

Date: AUG 19 2019

Subject Considered:

AL JAMESON, D.C.
9801 Westheimer Road, Suite 800
Houston, Texas 77042-3979

CONSENT ORDER
TDI-DWC ENFORCEMENT FILE NO. 16501

General remarks and official action taken:

The commissioner of workers' compensation (commissioner) considers whether disciplinary action should be taken against Al Jameson, D.C. (Dr. Jameson).

WAIVER

Dr. Jameson acknowledges that the Texas Labor Code and other applicable laws provide certain rights. Dr. Jameson waives all of these rights and any other applicable procedural rights in consideration of the entry of this consent order.

FINDINGS OF FACT

The commissioner makes the following findings of fact:

1. Dr. Jameson holds Texas Doctor of Chiropractic License No. 10111, which was issued by the Texas Board of Chiropractic Examiners on July 15, 2005.
2. Dr. Jameson is a designated doctor (DD) in the Texas workers' compensation system. Dr. Jameson is certified to rate maximum medical improvement (MMI) and assign impairment ratings (IRs). Dr. Jameson was first certified as a DD, to rate MMI, and to assign IRs on May 13, 2013. Dr. Jameson's certification as a DD, to rate MMI, and to assign IRs expired on May 15, 2019.
3. Dr. Jameson was classified as "high" tier in the DWC Form-69 measurement in the 2017 Performance Based Oversight (PBO) assessment. Dr. Jameson was not classified in the 2007, 2009, 2011, 2013, or 2015 PBO assessments.

MEDICAL QUALITY REVIEW NO. 18-31-DD

4. The Texas Department of Insurance, Division of Workers' Compensation (DWC), as authorized by TEX. LAB. CODE §§ 414.002 and 408.1225(b), monitors DDs to determine compliance with the Texas Workers' Compensation Act and rules promulgated by the commissioner.

5. Pursuant to the requirements of TEX. LAB. CODE §§ 413.0511 and 413.0512, DWC's Medical Advisor and Medical Quality Review Panel (MGRP) conducted an audit-based medical quality review (MQR No. 18-31-DD) of 10 cases in which Dr. Jameson conducted DD examinations of injured employees. The purpose of the audit was to evaluate the medical necessity and appropriateness of additional testing or a referral by Dr. Jameson to resolve a question at issue in each examination.

SUBMITTING UNNECESSARY REFERRALS/ORDERING OR PERFORMING UNNECESSARY TESTING

6. Dr. Jameson submitted unnecessary referrals to other health care providers and ordered or performed unnecessary testing of an injured employee as part of a DD examination in 100% of cases examined (10 out of 10).

FAILURE TO FILE DD REPORT IN THE FORM AND MANNER REQUIRED BY DWC

7. Dr. Jameson failed to explain in the DD report why additional testing or a referral was necessary to resolve the question at issue in 100% of cases examined (10 out of 10).
8. Dr. Jameson failed to sufficiently explain how he determined the answer to each question within a reasonable degree of medical probability in 90% of cases examined (9 out of 10).

ASSESSMENT OF SANCTION

9. Submitting unnecessary referrals to other health care providers or ordering or performing unnecessary testing of an injured employee as part of a DD examination imposes extraneous medical costs on the workers' compensation system and unreasonably delays the completion of the DD's report.
10. Failure to file a DD report in the form and manner required by DWC increases the likelihood of disputes and hinders the ability of DWC and system participants to resolve disputes promptly and fairly.
11. In assessing the sanction for this case, DWC appropriately and fully considered the following factors set forth in TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e):
 - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
 - the history and extent of previous administrative violations;
 - the demonstrated good faith of the violator, including actions taken to rectify the consequences of the prohibited act;
 - the penalty necessary to deter future violations;
 - whether the administrative violation has negative impact on the delivery of benefits to an injured employee;
 - the history of compliance with electronic data interchange requirements;

- other matters that justice may require, including but not limited to:
 - PBO assessments;
 - the promptness and earnestness of actions to prevent future violations;
 - self-report of the violation;
 - the size of the company or practice;
 - the effect of a sanction on the availability of health care; and
 - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules; and
 - to the extent reasonable, the economic benefit resulting from the prohibited act.
12. In assessing the sanction for this case, DWC considered all of the factors set forth in TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e) and found no mitigating factors to be applicable, but found the following factors to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the penalty necessary to deter future violations; whether the administrative violation has negative impact on the delivery of benefits to an injured employee; and other matters that justice may require.
13. Dr. Jameson acknowledges that DWC and Dr. Jameson have communicated regarding the relevant statutes and rules violated; the facts establishing that the administrative violation occurred; and the appropriateness of the proposed sanction, including how DWC considered the factors under TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e).
14. Dr. Jameson acknowledges that, in assessing the sanction, DWC considered the factors set forth in TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e).

11. Dr. Jameson violated TEX. LAB. CODE § 415.003(5) each time he filed a DD report that failed to explain why the testing or referral was necessary to resolve a question at issue in the examination.
12. Pursuant to 28 TEX. ADMIN. CODE § 127.220(a)(3), DD narrative reports must be filed in the form and manner required by DWC and at a minimum sufficiently explain how the DD determined the answer to each question within a reasonable degree of medical probability.
