### **Assessment of Sanction**

1. Prompt payment of medical bills is imperative to DWC's goal of ensuring that injured employees have access to prompt, high-quality medical care. Failure to promptly pay medical bills harms medical providers economically, increases disputes and exhausts administrative resources in the workers' compensation system.
2. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
  - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
  - the history and extent of previous administrative violations;
  - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
  - the penalty necessary to deter future violations;
  - whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;
  - the history of compliance with electronic data interchange requirements;
  - to the extent reasonable, the economic benefit resulting from the prohibited act; and
  - other matters that justice may require, including, but not limited to:
    - PBO assessments;
    - prompt and earnest actions to prevent future violations;
    - self-report of the violation;
    - the size of the company or practice;
    - the effect of a sanction on the availability of health care; and
    - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
3. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the history and extent of previous administrative violations; the penalty necessary to deter future violations; to the extent reasonable, the economic benefit resulting

from the prohibited act; and other matters that justice may require, including, but not limited to the size of the company or practice and evidence of heightened awareness of the legal duty to comply with the Act and DWC rules.

4. DWC is aware of no mitigating factors pursuant to Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
5. Respondent acknowledges communicating with DWC about the relevant statute and rule violations alleged; that the facts establish that the administrative violation(s) occurred; and that the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
6. Respondent acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
