Consent Order
DWC Enforcement File No. 32000

General remarks and official action taken:

This is a consent order with Berkshire Hathaway Direct Insurance Company (Respondent). The commissioner of the Texas Department of Insurance, Division of Workers' Compensation (DWC) considers whether DWC should take disciplinary action against Respondent.

Waiver

Respondent acknowledges that the Texas Labor Code and other applicable laws provide certain rights. Respondent waives all of these rights, and any other procedural rights that apply, in consideration of the entry of this consent order.

Findings of Fact

1. Respondent holds a certificate of authority issued by the Texas Department of Insurance to transact the business of insurance pursuant to Tex. Ins. Code § 801.051-801.053 and is licensed to write workers' compensation/employers' liability insurance in Texas.
2. Respondent was not selected to be tiered in the 2007-2022 Performance Based Oversight assessments.

Failure to Timely Act on a Medical Bill

3. On [REDACTED] a healthcare provider provided medical services to an injured employee. On [REDACTED] 2022, Respondent received a completed medical bill for [REDACTED] from the health care provider.
4. Respondent was required to act on the bill within 45 days of receiving it. The deadline to act was [REDACTED]
5. Respondent paid [REDACTED] to the HCP on [REDACTED] which was 425 days late.
6. Respondent paid interest to the HCP on [REDACTED] which was 7 days late.

Assessment of Sanction

1. Prompt payment of medical bills is imperative to DWC's goal of ensuring that injured employees have access to prompt, high-quality medical care. Failure to promptly pay medical bills harms medical providers economically, increases disputes and exhausts administrative resources in the workers' compensation system.
2. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
 - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
 - the history and extent of previous administrative violations;
 - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
 - the penalty necessary to deter future violations;
 - whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;
 - the history of compliance with electronic data interchange requirements;
 - to the extent reasonable, the economic benefit resulting from the prohibited act; and
 - other matters that justice may require, including, but not limited to:
 - PBO assessments;
 - prompt and earnest actions to prevent future violations;
 - self-report of the violation;

- the size of the company or practice;
 - the effect of a sanction on the availability of health care; and
 - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
3. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, the penalty necessary to deter future violations; and whether the administrative violation had a negative impact on the delivery of benefits to an injured employee.
 4. DWC considers the following factors mitigating, pursuant to Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e): the history and extent of previous administrative violations; the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act; and prompt and earnest actions to prevent future violations. Specifically, Respondent is a new entity to Texas. When Respondent recognized that the complexities of its paths of delivery and processing of medical bills was creating delay, Respondent streamlined its system to insure timely adjustment and payment. Respondent is also improving its processes to provide a rapid response to DWC inquiries in the future.
 5. Respondent acknowledges communicating with DWC about the relevant statute and rule violations alleged; that the facts establish that the administrative violation(s) occurred; and that the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
 6. Respondent acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).

4. Pursuant to Tex. Lab. Code § 415.021, the commissioner may assess an administrative penalty against a person who commits an administrative violation.
