

No. **2024-8494**

**Official Order  
of the  
Texas Commissioner of Workers' Compensation**

**Date: 1/26/2024**

**Subject Considered:**

Accident Fund National Insurance Company  
PO Box 40790  
Lansing, Michigan 48901-7990

Consent Order  
DWC Enforcement File No. 33497

**General remarks and official action taken:**

This is a consent order with Accident Fund National Insurance Company (Respondent). The commissioner of the Texas Department of Insurance, Division of Workers' Compensation (DWC) considers whether DWC should take disciplinary action against Respondent.

**Waiver**

Respondent acknowledges that the Texas Labor Code and other applicable laws provide certain rights. Respondent waives all of these rights, and any other procedural rights that apply, in consideration of the entry of this consent order.

**Findings of Fact**

1. Respondent holds a certificate of authority issued by the Texas Department of Insurance to transact the business of insurance pursuant to Tex. Ins. Code §§ 801.051-801.053 and is licensed to write multiple lines of insurance in Texas, including workers' compensation/employers' liability insurance.
2. Respondent was classified as "average" tier in the 2018, 2020, and 2022 Performance Based Oversight (PBO) assessments.

Failure to Timely Act on a Medical Bill

3. On [REDACTED], a Designated Doctor (DD) provided medical services to an injured employee.
4. On [REDACTED], Respondent received a completed medical bill for \$ [REDACTED] from the DD.
5. Respondent was required to act on the bill within 45 days of receiving it. The deadline to act was [REDACTED].
6. On [REDACTED], Respondent paid \$ [REDACTED] to the DD, which was 214 days late.

**Assessment of Sanction**

1. Prompt payment of medical bills is imperative to DWC's goal of ensuring that injured employees have access to prompt, high-quality medical care. Failure to promptly pay medical bills harms medical providers economically, increases disputes and exhausts administrative resources in the workers' compensation system. It is a serious violation to fail to timely act on a medical bill involving DD services, which do not require preauthorization and which serve an essential function in the Texas workers' compensation system. Untimely payment can have a chilling effect on a DD's participation in the system.
2. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
  - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
  - the history and extent of previous administrative violations;
  - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
  - the penalty necessary to deter future violations;
  - whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;
  - the history of compliance with electronic data interchange requirements;
  - to the extent reasonable, the economic benefit resulting from the prohibited act; and
  - other matters that justice may require, including, but not limited to:

- PBO assessments;
  - prompt and earnest actions to prevent future violations;
  - self-report of the violation;
  - the size of the company or practice;
  - the effect of a sanction on the availability of health care; and
  - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
3. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the history and extent of previous administrative violations; the penalty necessary to deter future violations; and other matters that justice may require, including but not limited to evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules. Further, the late medical bill payment was 214 days late and involved DD services, which do not require preauthorization and are essential to the Texas workers' compensation system.
  4. DWC is aware of no mitigating factors pursuant to Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
  5. Respondent acknowledges communicating with DWC about the relevant statute and rule violations alleged; that the facts establish that the administrative violation(s) occurred; and that the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
  6. Respondent acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
