

Notice of elimination of manual rule filings for property and casualty lines

The Texas Department of Insurance is eliminating manual rule filings for property and casualty insurance filings on and after December 1, 2017. Instead, the information that had been included in manual rule filings will be filed in form or rate/rule filings, as appropriate. Rate filings will be renamed "rate/rule filings."

TDI expects filers to submit all manual pages with their rate/rule filings and to provide information about the use of policy forms, including endorsements, with their form filings.

Updated filing instructions are available on the [TDI website](#) and under the General Instructions in SERFF.
