Consent Order  
DWC Enforcement File No. 37353

**General remarks and official action taken:**

This is a consent order with Lubbock County (Respondent). The commissioner of the Texas Department of Insurance, Division of Workers' Compensation (DWC) considers whether DWC should take disciplinary action against Respondent.

**Waiver**

Respondent acknowledges that the Texas Labor Code and other applicable laws provide certain rights. Respondent waives all of these rights, and any other procedural rights that apply, in consideration of the entry of this consent order.

**Findings of Fact**

1. Respondent is a self-insured government entity that provides workers' compensation benefits to its employees in accordance with Tex. Lab. Code Ch. 504.
2. Respondent was not selected to be tiered in any years' Performance Based Oversight (PBO) assessments.

DWC Audit No. MBP-25-108

3. On Jan. 10, 2025, DWC initiated DWC Audit No. MBP-25-108 to determine whether Respondent complied with the Texas Labor Code and related rules on the timely processing of initial medical bills and the timely and accurate reporting of electronic data interchange (EDI) medical bill payment data to DWC.
4. The audit examined initial medical bills submitted to DWC between Sept. 1, 2024, and Nov. 30, 2024. DWC identified 100 bills for audit. These 100 bills were reviewed to determine Respondent's compliance.
5. The audit focused on the timely and accurate processing of initial medical bills and EDI reporting. The EDI portion of the audit focused on the timely and accurate reporting of medical bill payment data and seven data elements reported to DWC (Rendering Line Provider National Provider Identifier Number (NPI), Rendering Line Provider State License Number, Referring Provider Last/Group Name, Referring Provider State License Number, Billing Provider Federal Employer Identification Number, Date Bill Received, and Date Bill Paid or Denied).

Failure to Timely Pay Medical Bills

6. Respondent failed to timely process 19% of initial medical bills within 45 days of receiving the bill (19 out of 100).
7. Specifically, Respondent paid health care providers less than 30 days late in six instances and more than 30 days late in 13 instances. Of those greater than 30 days late, six were more than 90 days late.

Failure to Timely or Accurately Report EDI Medical Bill Payment Data to DWC

8. Respondent failed to accurately report the Rendering Line Provider NPI for 3% of the examined bills (3 out of 100).
9. Respondent failed to accurately report the Rendering Line Provider State License Number for 6% of the examined bills (6 out of 100).
10. Respondent failed to accurately report the Referring Provider State License Number for 2% of the examined bills (2 out of 100).

11. Respondent failed to accurately report the Billing Provider Federal Employer Identification Number for 1% of the examined bills (1 out of 100).
12. Respondent failed to accurately report the Date Bill Received for 3% of the examined bills (3 out of 100).
13. Respondent failed to accurately report the Date Bill Paid or Denied for 4% of the examined payments (4 out of 100).

### **Assessment of Sanction**

1. Prompt processing and payment of medical bills is imperative to DWC's goal of ensuring that injured employees have access to prompt, high-quality medical care.
2. DWC relies on medical bill payment information insurance carriers submit for many purposes, including, but not limited to, providing required information and reports to the Legislature; ensuring that health care providers and insurance carriers comply with DWC's medical policies and fee guidelines; creating medical fee guidelines; adopting treatment and return-to-work guidelines; and detecting patterns and practices in medical charges, payments, and protocols.
3. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
  - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
  - the history and extent of previous administrative violations;
  - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
  - the penalty necessary to deter future violations;
  - whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;
  - the history of compliance with EDI requirements;
  - the economic benefit resulting from the prohibited act; and
  - other matters that justice may require, including, but not limited to:
    - PBO assessments;
    - prompt and earnest actions to prevent future violations;
    - self-report of the violation;

- the size of the company or practice;
  - the effect of a sanction on the availability of health care; and
  - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
4. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating:
- a. the violations are serious, involving a 19% non-compliance rate with 13 bills paid more than 30 days late;
  - b. Respondent has a history of similar administrative violations and non-compliance with EDI requirements, including two consent orders involving DWC medical bill audits in the last five years: Ecase 30486 – 16% noncompliance; and Ecase 25910 – 27% noncompliance;
  - c. a penalty is necessary to deter future violations; and
  - d. Respondent has a heightened awareness of its legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
5. As a matter of justice, DWC considered as mitigating the fact that this matter results from a DWC audit and not a system participant complaint pursuant to Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e). DWC also considered as mitigating that Respondent is a self-insured government entity.
6. Respondent acknowledges communicating with DWC about the relevant statute and rule violations alleged; that the facts establish that the administrative violation(s) occurred; and that the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
7. Respondent acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
