

APPEAL NO. 91005(A)

On June 13, 1991, ordered payment of attorney's fees to the attorney for Mr. P in the above styled case. Request for Review of Order for Payment of Attorney's Fees was received June 28, 1991, and thereafter a Response to that Request was also received.

On August 14, 1991, this body reversed the decision of the contested case hearing officer and held that Mr. P, respondent on appeal, was not entitled to workers' compensation benefits from (carrier) for his injury of _____. Consistent with Tex. Rev. Civ. Stat. Ann., art. 8308-4.09(b) and Tex. W. C. Comm'n, 28 Tex. Admin. Code § 152.2(d), we reverse the Order for Payment of Attorney's Fees and hold that (carrier) pay no attorney's fee to respondent's attorney. This decision is based solely on our decision that (carrier) is not liable for benefits and not on the merit of any argument in the Request for Review of Order for Payment of Attorney's Fees.
