

## Reported Stolen & Recovered Burned: Identifying Vehicle Fraud

Date: Nov. 15 – 16, 2017 City: Garland, Tex. County: Dallas

**When:** November 15 – 16, 2017 from 8 am – 5 pm each day.  
**Where:** Garland Fire Training Center, 1500 Highway 66, Garland, Tx. 75040  
**Fee:** No fee  
**Registration:** You must have a TEEX Student Portal Account. All registration must be done online at the following link: [ONLINE REGISTRATION LINK: HANDS-ON VEHICLE INVESTIGATION \(XTN048/SEQ846\)](https://teex.org/documentsresources/ESTIStudentSafetyManual.pdf)  
**Audience:** **Registration limited to Public sector Fire Investigators and TCOLE-certified law enforcement officers.**

*Individual sessions are subject to change/cancellation without notice*

**Course Objectives:** The course combines classroom and hands-on training with practical exercises on how to conduct a systematic and accurate examination of burned vehicle. Extended focus will be given to signs of forced entry and manipulation of ignition and anti-theft systems and identifying normal conditions affected by fire damage. Additional instruction will also be given to potential signs of arson and intentional tampering causing mechanical or electrical failures.

**Upon Completion:** Participants will be able to:

- Understand vehicle design mechanical and electrical systems and vehicle immobilizers
- Apply knowledge of potential arson motives and possible fire causes
- Apply knowledge of normal conditions affected by fire and intentional tampering prior to fire development
- Document, photograph and collect evidence from the fire scene
- Investigate in accordance with NFPA 921 and 1033
- Apply the scientific method, while examining and reporting the investigation process

*\* Because some vehicle reconstruction is required, participants should bring a helmet or hardhat, coveralls, boots, and other personal protective equipment. All materials given will be electronic only.*

*\* PPE / SCBA must be NFPA-approved.*
