

## Third-party Developed Product Evaluation Reports

### Request posting on TDI website

#### ► Part 1: Product information

##### Product evaluation service

- Miami-Dade County Product Control Section Notice of Acceptance (NOA)
- Florida Department of Business and Professional Regulation (DBPR) Product Approvals
- Accredited product evaluation service (for example, ICC-ESR; IAPMO; Intertek, etc.)

Evaluation service \_\_\_\_\_

**Evaluation report/approval number** \_\_\_\_\_

**Note:** Product approvals listed with the Florida DBPR must have a status of Approved by the DBPR and be based on the current edition of the building codes adopted by the State of Florida.

**Product manufacturer** \_\_\_\_\_

**Product category (windows, exterior doors, roofing, etc.)** \_\_\_\_\_

**Product subcategory (fixed, sliding, exterior door assemblies, etc.)** \_\_\_\_\_

**Product name or model number** \_\_\_\_\_

**Is this product currently listed with TDI as a TDI-developed evaluation report?**  Yes  No

If yes, what is the current TDI evaluation report number \_\_\_\_\_

**Is this an update to a third-party evaluation report listed with TDI?**  Yes  No

If yes, what is the current third-party evaluation report/approval number \_\_\_\_\_

**Note:** A submittal update for a listing is required only if the evaluation report/approval number has changed and/or the website link has changed.

**Website address for product evaluation report/approval**

\_\_\_\_\_

##### Notes:

- The website link must be to the location of the evaluation report/approval on the evaluation service website.
- For Miami-Dade NOA's, provide the direct link to the NOA.

## ► Part 2: Certifying and approval information

- I understand that by completing and submitting this form, I grant approval to post the information provided in this form on the TDI website.
- I certify that the product described on this form complies with the International Residential Code (IRC) and International Building Code (IBC) adopted by TDI.
- I certify that the product described on this form complies with the performance requirements (for example, test criteria) specified in the IRC and IBC adopted by TDI.

**If the submittal is for a fenestration product or impact protective system, complete the following:**

- I certify that the fenestration product or impact protective system described on this form complies with labeling requirements specified in the IRC and IBC adopted by TDI.

## ► Part 3: Contact information

Submitter name \_\_\_\_\_

Telephone number \_\_\_\_\_

Email \_\_\_\_\_

**Submit this form to** [ThirdPartySubmittals@tdi.texas.gov](mailto:ThirdPartySubmittals@tdi.texas.gov).

**Questions?** Contact us at (800) 248-6032, option 5, or email [Engineering@tdi.texas.gov](mailto:Engineering@tdi.texas.gov).

## ► Part 4: Product details

To ensure the report is displayed in the correct section on the TDI website, select the product category, subcategory, material type and impact resistant applicability below.

### Product category

## Product subcategory

### Doors

- Fixed Doors and Sidelites
- Hinged Doors
- Lift and Slide Doors
- Screen Doors
- Tilt and Slide Doors
- Sliding Doors

### Exterior covering

- ACM Wall Panel Systems
- Brick Veneer Siding
- Composite Cladding
- Exterior Insulation and Finish System
- Fiber Cement Exterior Coverings
- Formed Metal Panel Siding
- Insulated Metal Panels
- Lap and Panel Siding
- Miscellaneous Exterior Coverings
- Stone Veneer Siding
- Vinyl Siding

### Framing products

- Beams and Portals
- Insulated Concrete Form System
- Polystyrene Formed Concrete Construction
- Structural Insulated Panels
- Wall Sheathing

### Shutters

- Accordion Shutters
- Bahama Shutters
- Corrugated Storm Panel Shutters
- Roll-Up Shutters
- Wood Structural Panel Shutters
- Other Shutter Systems

### Skylights

- Rectangular Skylights
- Tubular Skylights

### Garage doors

- Roll-Up
- Sectional

### Roof coverings

- ACM Product Evaluation Index
- Built-Up and Modified Bitumen Roofing
- Composite Panels
- Fiber Cementitious Roofing Panels
- Formed Asphalt Panels
- Formed Metal Panels
- Formed Metal Shingles, Shakes and Tiles
- Liquid Applied Roofing and Waterproofing
- Miscellaneous Roof Coverings
- Polymer and Composite Shingles, Shakes & Tile
- Roof Decks
- Roof Tiles
- Roof Tile Attachment Method-Adhesive
- Self-Adhesive Roll Roofing
- Single Ply Roofing Systems
- Slate
- Spray Applied Foam
- Wood Shingle and Shakes

### Windows

- Awning
- Block
- Casement
- Double Hung
- Fixed
- Garden
- Hinged Door Sidelites
- Hopper
- Horizontal Slider
- Patio Door Transom
- Patio Door Sidelites
- Projected
- Single Hung
- Sliding Door Sidelites
- Tilt and Turn

**Product material type**

- Aluminum
- Composite
- Fiberglass
- Fiber Reinforced Plastic
- Iron
- Steel
- Vinyl
- Wood

**Impact resistant**

- Yes
- No

**TDI Listing of Third-Party Evaluation Reports:** TDI is not responsible for the content of the material in the third-party evaluation reports that are linked on TDI's website. The third-party evaluation reports are linked for information only, as a public service. TDI will not edit, modify, or revise any of the linked reports. TDI does not approve the use of or endorse any product. TDI will continue to oversee completed and ongoing improvements according to [Texas Insurance Code Chapter 2210](#) and [28 Texas Administrative Code Chapter 5, Subchapter E, Division 7](#). The fact that a third-party evaluation report is linked on TDI's website does not mean that the report provides evidence that an improvement complies with the applicable windstorm building code. Engineers and TDI windstorm field inspectors must decide how much to rely on a third-party evaluation report when assembling evidence under [28 TAC Sections 5.4606, 5.4623, 5.4625](#), and other applicable rules.
