Summary of Findings

| Dates of Service | Disputed Services | Amount in Dispute | Amount Due |
|------------------------------|-----------------------------|-------------------|------------|
| May 4, 2002 – May 7, 2002 | Inpatient Hospital Services | \$32,774.96 | \$0.00 |

Requestor's Position

Initial Position Statement: "Carrier did not provide payment per the Acute Care Inpatient Guideline. Payment is not in accordance with Acute In-patient stop loos Fee Guidelines."

Supplemental Position Statement Dated May 29, 2003: "TWCC Rule 134.401 provides the rules regarding reimbursement for Acute Care In-patient Hospital Fee services. Specifically, reimbursement consists of 75% of remaining charges for the entire admission, after a Carrier audits a bill ... This figure is presumptively considered to be 'fair and reasonable' in accordance with the preamble of TWCC Rule 134 ...

"... if the audited charges for the entire admission are below \$40,000, the Carrier may reimburse at a 'per diem' rate for the hospital services. However, if the total audited charges *for the entire admission* are at or above \$40,000, the Carrier shall reimburse using the 'Stop-Loss Reimbursement Factor" (SLRF) of 75% is applied to the 'entire admission.'

"In this instance, the audited charges that remained after the last bill review by the insurance carrier were \$48,419.12 ... In accordance with TWCC Rule 134.401 and QRL 01-01, the total

amount of reimbursement due to the hospital is \$102,103.18. The prior amounts paid by the carrier were \$3,539.38. Therefore, the Carrier is required to reimburse the remainder of the Workers' Compensation Reimbursement Amount of **\$32,774.96, plus interest.**"

Amount in Dispute: \$32,774.96

Respondent's Position

"The requestor billed Texas Mutual \$48,419.12 for this 3-day stay. Although the average daily charge is \$16,139.71, the requestor has not offered any explanation reasonably supporting the charges for this hospital stay to remove a fixation device ... There is no documentation indicating there were unusually excessive services rendered during the stay ...

"Faced with unexplained, unjustified markups, without evidence supporting unusually excessive or justifiably costly services, the carrier reimbursed the requestor the per diem rate of \$1118.00 for a 3-day admission totaling \$3354.00, plus additional reimbursement in the amount of \$185.38 for blood product/administration billed under revenue code 391, reimbursed at 62%, constituting the carrier's determination of fair and reasonable for the blood product/administration."

Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code \(TLC\) §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.305, 27 Texas Register 12282](#), applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical disputes.
2. [28 TAC §133.304, 17 Texas Register 1105](#), effective February 20, 1992, sets out the provisions for insurance carriers to dispute and audit medical bills.
3. [28 TAC §133.307, 27 Texas Register 12282](#), applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical fee disputes.
4. [TAC 28 §134.1, 16 Texas Register 5210](#), effective October 7, 1991, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of an applicable division fee guideline.
5. [28 TAC §134.401, 22 Texas Register 6246](#), effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.

Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- F – Fee guideline MAR reduction
- M – No MAR
- YM – The reimbursement for the service rendered has been determined to be fair and reasonable based on billing and payment research and is in accordance with Labor Code
- TR – Reimbursed in accordance with the Texas Hospital Fee Guideline
- D – Duplicate bill
- YD – Duplicate appeal. An appeal of the original audit decision was previously performed for these services.
- O – Denial after reconsideration
- YO – Reimbursement was reduced or denied after reconsideration of treatment/service billed. There has been no documentation submitted to support the billed charges meet the stop-loss method standard of the 04/10/97 Acute Care Inpatient hospital fee guideline: (b)(6) "Stop loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker," and (b)(6)(A)(ii) "This stop-loss threshold is established to ensure compensation for unusually extensive services required during an admission."

Dispute History

- This dispute was originally decided on October 20, 2004.
- The original dispute decision was appealed to District Court.
- The 261st Judicial District remanded the dispute to the division pursuant to an agreed order of remand D-1-GN-07-004137 dated June 21, 2011.
- As a result of the remand order, the dispute was re-docketed at the DWC's medical fee dispute resolution section.
- M4-03-6177-02 is hereby reviewed.

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requester entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 Texas Register 6264. The Third Court of Appeals' November 13, 2008, opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 TAC §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services."

Consistent with the Third Court of Appeals' November 13, 2008, opinion, the DWC will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 TAC §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold..." In that same opinion, the Third Court of Appeals states that the stop loss exception "...was meant to apply on a case-by-case basis in relatively few cases." 28 TAC §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 TAC §134.401(c)(6)(A)(i) states, "to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold." Furthermore, 28 TAC §134.401(c)(6)(A)(v) states that "Audited charges are those charges which remain after a bill review by the insurance carrier has been performed." Review of the explanation of benefits issued by the respondent finds that the carrier did not deduct any charges in accordance with 28 TAC §134.401(c)(6)(A)(v). Therefore, the audited charges equal \$48,419.12. The DWC concludes that the total audited charges exceed \$40,000.00.
2. 28 TAC §134.401(c)(6) states that "Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker." The Third Court of Appeals' November 13, 2008, opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services.

The requestor's position statement does not address how this inpatient admission was unusually costly. The requestor does not provide a reasonable comparison between the cost associated with this admission when compared to similar spinal surgery services or admissions, thereby failing to demonstrate that the admission in dispute was unusually costly. The DWC concludes that the requestor failed to meet the requirements of 28 TAC §134.401(c)(6).

3. 28 TAC §134.401(c)(2)(C) allows for payment under the stop-loss exception on a case-by-case basis only if the particular case exceeds the stop-loss threshold as described in paragraph (6). 28 TAC §134.401(c)(6)(A)(ii) states that "this stop-loss threshold is established to ensure compensation for unusually extensive services required during an admission."

The Third Court of Appeals' November 13, 2008, opinion states that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." It further states that "independent reimbursement under the Stop-Loss Exception was meant to apply on a case-by-case basis in relatively few cases."

The requestor, in its position statement, states that "if the audited charges for the entire admission are below \$40,000, the Carrier may reimburse at a 'per diem' rate for the hospital services. However, if the total audited charges for the entire admission are at or above \$40,000, the Carrier shall reimburse using the 'Stop-Loss Reimbursement Factor" (SLRF) of 75% is applied to the 'entire admission.'"

This statement does not meet the requirements of 28 TAC §134.401(c)(2)(C) because the requestor presumes that the disputed services meet the stop-loss exception since the billed amount was over \$40,000.00, thereby presuming that the admission was unusually extensive. The DWC concludes that the requestor failed to meet the requirements of 28 TAC §134.401(c)(2)(C).

4. For the reasons stated above, the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 TAC §134.401(c)(1) subtitled *Standard Per Diem Amount* and §134.401(c)(4) subtitled *Additional Reimbursements*. The DWC notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.

28 TAC §134.401(c)(3)(A)(ii) states, in pertinent part, that "The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission ..." A review of the submitted documentation finds that the length of stay for this admission was three surgical days; therefore, the standard per diem amount of \$1,118.00 multiplied by the three days result in a total allowable amount of \$3,354.00.

28 TAC §134.401(c)(4)(C) states "Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time." A review of the submitted documentation finds that billed services include revenue codes 250 and 251, and that the requester included the following charges:

- May 4, 2002: Lidocaine 1% 20 ml - \$312.80
- May 4, 2002: Dilaudid PCA 100 ml x 3 at \$289.00 = \$578.00
- May 5, 2002: PCA Pump - \$258.75

No documentation was found to support the cost of these drugs to the hospital. Therefore, no additional reimbursement is recommended.

Billed services include revenue code 391 for \$299.00. Per 134.401(c)(4)(B)(iv), revenue codes 380-399 shall be reimbursed at a fair and reasonable rate. 28 TAC §134.1(c) states, in relevant part, "Reimbursement for services not identified in an established fee guideline

shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011." The requestor submitted no evidence to support a fair and reasonable rate for these charges. Therefore, no additional reimbursement is recommended.

The DWC concludes that the total allowable for this admission is \$3,354.00. The respondent issued payment in the amount of \$3,539.38. Based upon the documentation submitted, additional reimbursement cannot be recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requester in this case demonstrated that the audited charges exceed \$40,000 but failed to demonstrate that the disputed inpatient hospital admission involved unusually extensive services and failed to demonstrate that the services in dispute were unusually costly.

Consequently, 28 TAC §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

Order

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the DWC has determined that the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
