The repeal adoption preamble specified, in pertinent part: "Section 134.401 will continue to apply to reimbursements related to admissions prior to March 1, 2008." 33 Texas Register 5319, 5220 (July 4, 2008).

The Acute Care Inpatient Hospital Fee Guideline (ACIHFG) is applicable for all reasonable and medically necessary medical and/or surgical inpatient services rendered after the Effective Date of this rule in an acute care hospital to injured workers under the Texas Workers' Compensation Act." 22 Texas Register 6264, 6306 (July 4, 1997).

### **Issues**

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

### **Findings**

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 Texas Register 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss

method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection." 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states "to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold." Furthermore, (A)(v) of that same section states "Audited charges are those charges which remain after a bill review by the insurance carrier has been performed." Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$113,007.00. The division concludes that the total audited charges exceed \$40,000.00.
2. The requestor in its position statement presumes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 opinion rendered judgment to the contrary. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services." The requestor failed to demonstrate that the particulars of the admission in dispute constitute unusually extensive services; therefore, the division finds that the requestor did not meet 28 Texas Administrative Code §134.401(c)(6).
3. In regards to whether the services were unusually costly, the requestor presumes that because the bill exceeds \$40,000, the stop loss method of payment should apply. The Third Court of Appeals' November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must **demonstrate** that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that "Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker." The requestor failed to demonstrate that the particulars of the admission in dispute constitutes unusually costly services; therefore, the division finds that the requestor failed to meet 28 Texas Administrative Code §134.401(c)(6).
4. 28 Texas Administrative Code §134.401(b)(2)(A) titled General Information states, in pertinent part, that "The basic reimbursement for acute care hospital inpatient services rendered shall be the lesser of:
  - (i) a rate for workers' compensation cases pre-negotiated between the carrier and the hospital;
  - (ii) the hospital's usual and customary charges; and
  - (iii) reimbursement as set out in section (c) of this section for that admission

In regards to a pre-negotiated rate, the services in dispute were reduced in part with the explanation "No additional payment after reconsideration. Network contract applied by Texas Star Network. Primary network contract applied by Focus/Beech Street." No documentation was provided to support that a reimbursement rate was negotiated between the workers' compensation insurance carrier Texas Mutual Insurance Co. and Texas Orthopedic Hospital prior to the services being rendered; therefore 28 Texas Administrative Code §134.401(b)(2)(A)(i) does not apply.

In regards to the hospital's usual and customary charges in this case, review of the medical bill finds that the health care provider's usual and customary charges equal \$113,007.00.

In regards to reimbursement set out in (c), the division determined that the requestor failed to support that the services in dispute are eligible for the stop-loss method of reimbursement; therefore 28 Texas Administrative Code §134.401(c)(1), titled Standard Per Diem Amount, and §134.401(c)(4), titled Additional Reimbursements, apply. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.

- Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that "The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission." The length of stay was six days. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of six days results in an allowable amount of \$6,708.00.

- 28 Texas Administrative Code §134.401(c)(4)(A), states “When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274).” Review of the requestor’s medical bill finds that the following items were billed under revenue code 278 and are therefore eligible for separate payment under §134.401(c)(4)(A):

			<b>TOTAL ALLOWABLE</b>	<b>\$15,570.18</b>

- 28 Texas Administrative Code §134.401(c)(4)(C) states “Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time.” A review of the submitted itemized statement finds that the requestor billed \$454.75/unit for Hydromorphone 20mg/100. The requestor did not submit documentation to support what the cost to the hospital was for these pharmaceuticals. For that reason, additional reimbursement for these items cannot be recommended.

The total reimbursement set out in the applicable portions of (c) results in a total of \$15,570.18 + \$6,708.00 = \$22,278.18.

Reimbursement for the services in dispute is therefore determined by the lesser of:

§134.401(b)(2)(A)	Finding
(i)	Not Applicable
(ii)	\$113,007.00
(iii)	\$22,278.18

The division concludes that application of the standard per diem amount and the additional reimbursements under §134.401(c)(4) represents the lesser of the three considerations. The respondent issued payment in the amount of \$67,804.20. Based upon the documentation submitted, no additional reimbursement can be recommended.

**Conclusion**

For the reasons stated above, the division concludes that the services in dispute are not eligible for the stop-loss method of reimbursement, that a pre-negotiated rate does not apply, and that application of 28 Texas Administrative Code §134.401(c)(1), titled *Standard Per Diem Amount*, and §134.401(c)(4), titled *Additional Reimbursements*, results in the total allowable reimbursement. Based upon the documentation submitted, the requestor’s Table of Disputed Services, and reimbursement made by the respondent, the amount ordered is \$0.

**ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
