FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.305 sets out the general Medical Dispute Resolution guidelines.
2. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
3. 28 Texas Administrative Code §133.308 sets out the procedure for Medical Dispute Resolution of Medical Necessity Disputes.

Issues

1. What are the denial reason(s) raised by the insurance carrier during the bill review process?
2. Did the medical fee dispute referenced above contain information/documentation that indicates that there are **unresolved** issues of medical necessity?
3. Are the disputed services eligible for review by Medical Fee Dispute Resolution?
4. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 216 – Based on the findings of a review organization
 - 169 – Disallowed due to physician advisor review

Findings

1. The medical fee dispute referenced above contains information/documentation that indicates that there are **unresolved** issues of medical necessity for the same service(s) for which there is a medical fee dispute. Review of the EOBs presented by the both the requestor and respondent indicate denial reason code “216 – Based on the findings of a review organization” and “169 – Disallowed due to physician advisor review.”
2. Review of the submitted documentation finds that the medical fee dispute referenced above contains information/documentation that indicates that there are **unresolved** issues of medical necessity for the same service(s) for which there is a medical fee dispute.
3. The Division hereby notifies the requestor the appropriate process for resolution of an unresolved issue of medical necessity requires filing for an independent review to be conducted by an IRO (independent review organization) appropriately licensed by the Texas Department of Insurance, pursuant to 28 Texas Administrative Code §133.308. Information applicable to HEALTH CARE PROVIDERS on how to file for an IRO may be found at http://www.tdi.texas.gov/hmo/iro_requests.html under **Health Care Providers or their authorized representatives**.

28 Texas Administrative Code §133.305(b) requires that “If a dispute regarding...medical necessity exists for the same service for which there is a medical fee dispute, the disputes regarding...medical necessity shall be resolved prior to the submission of a medical fee dispute for the same services in accordance with Labor Code §413.031 and §408.021.

The medical fee dispute may be submitted for review as a new dispute that is subject to the requirements of 28 Texas Administrative Code §133.307. 28 Texas Administrative Code §133.307 (c)(1)(B) provides that a request for medical fee dispute resolution may be filed not later than 60 days after a requestor has received the final decision, inclusive of all appeals.

The division finds that due to the unresolved medical necessity issues, the medical fee dispute request is not eligible for review until a final decision has been issued in accordance with 28 Texas Administrative Code §133.308.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. This dismissal is based upon a review of all the evidence presented by the parties in this dispute. Even though not all the evidence was discussed, it was considered. The Division finds that this dispute is not eligible for medical fee dispute resolution under 28 Texas Administrative Code §133.307.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
