### MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

#### GENERAL INFORMATION

**Requestor Name**

Midland Memorial Hospital

**Respondent Name**

Star Insurance Co

**MFDR Tracking Number**

M4-12-1686-01

**Carrier's Austin Representative**

Box Number 48

**MFDR Date Received**

January 19, 2012

#### REQUESTOR'S POSITION SUMMARY

**Requestor's Position Summary:** "Since TDI moved to a 143% of DRG for inpatient services on 3/1/08 for hospital claims, we have reviewed the Medicare allowance and decided the insurance reimbursement does not meet this criteria. Medicare would have allowed this facility \$8,35.87 for DRG 184 at 143%."

**Amount in Dispute:** \$133.07

#### RESPONDENT'S POSITION SUMMARY

**Respondent's Position Summary:** "Total TX payment for DR 184 is \$8242.79. The issue is whether the pass thru amount noted in the Medicare Inpatient Hospital Pricer is to be included in the Medicare Inpatient Prospective Payment System reimbursement formula for this inpatient hospital stay. The pass through costs in the PCPricker system represents Medicare patient costs, not cost associated with a workers' compensation claim. Therefore, no additional allowance is due."

**Response Submitted by:** Gallagher Bassett Services, 6404 International Pkwy, Suite 2300, Plano, TX 75093

#### SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
April 20 - 25, 2011	Inpatient Hospital Surgical Services	\$133.07	\$133.07

#### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving a medical fee dispute.
- 28 Texas Administrative Code §134.404 sets out the guidelines for reimbursement of hospital facility fees for inpatient services.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
  - W1 – Workers Compensation State Fee Schedule Adjustment

## **Issues**

1. Were the disputed services subject to a specific fee schedule set in a contract between the parties that complies with the requirements of Labor Code §413.011?
2. Which reimbursement calculation applies to the services in dispute?
3. What is the maximum allowable reimbursement for the services in dispute?
4. Is the requestor entitled to additional reimbursement for the disputed services?

## **Findings**

1. 28 Texas Administrative Code §134.404(e) states that: "Except as provided in subsection (h) of this section, regardless of billed amount, reimbursement shall be:
  - (1) the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011; or
  - (2) if no contracted fee schedule exists that complies with Labor Code §413.011, the maximum allowable reimbursement (MAR) amount under subsection (f) of this section, including any applicable outlier payment amounts and reimbursement for implantables."

No documentation was found to support the existence of a contractual agreement between the parties to this dispute; therefore the MAR can be established under §134.404(f).

2. §134.404(f) states that "The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied.
  - (1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:
    - (A) 143 percent; unless
    - (B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 108 percent."

No documentation was found to support that the facility requested separate reimbursement for implantables; for that reason the MAR is calculated according to §134.404(f)(1)(A).

3. 28 Texas Administrative Code §134.404(f) provides, in pertinent part, that "The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the Federal Register" with minimal modification as specified in the rule. Contrary to the respondent's position, the Division notes that the Rule Adoption Order does not specify that pass-through reimbursements are excluded from payment rule, only that the Labor Code does not provide for pass-through reimbursements to cover bad debt or direct medical education. The Division clarified elsewhere in the preamble that "Bad debt and direct medical education are paid outside the base methodology and are a part of the cost report reconciliation process, which the Division has not adopted" (33 Texas Register 419). In each instance the Division is referring to a process, cost report reconciliation that was not adopted and accordingly not mentioned in the text of the rule. The respondent has not supported the argument that pass-through amounts are to be excluded from CMS's base methodology, or from the calculation of the Medicare facility specific amount. Therefore, the disputed services will be reviewed per applicable rules and fee guidelines.

§134.404(f)(1)(A) establishes MAR by multiplying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors (including outliers) by 143%. Information regarding the calculation of Medicare IPPS payment rates may be found at <http://www.cms.gov>. Documentation found supports that the DRG assigned to the services in dispute is 184, and that the services were provided at Midland Memorial Hospital. Consideration of the DRG, location of the services, and bill-specific information results in a total Medicare facility specific allowable amount of \$5,857.25. This amount multiplied by 143% results in a MAR of \$8,375.87.

4. The total allowable reimbursement for the services in dispute is \$8,375.87. The amount previously paid by the insurance carrier is \$8,242.79. The requestor is seeking additional reimbursement in the amount of \$133.07. This amount is recommended.

**Conclusion**

For the reasons stated above, the division finds that the requestor has established that additional reimbursement is due.

**ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$133.07 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
