FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 sets forth general provisions regarding dispute of medical bills.
2. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
3. 28 Texas Administrative Code §141.1 sets out the procedures for requesting and setting a Benefit Review Conference.
4. This request for medical fee dispute resolution was received by the Division on February 21, 2012.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:

   Explanation of benefits
   - X206 – The service(s) is for a condition(s) which is not related to the covered work related injury

Issues

1. Was the request for medical fee dispute resolution filed in accordance with 28 Texas Administrative Code §133.305 and §133.307?
2. Are the disputed services eligible for medical fee dispute resolution under 28 Texas Administrative Code §133.307?

Findings

1. The requestor seeks reimbursement for professional medical services rendered September 1, 2007 through November 2, 2011. The disputed services were denied/reduced by the insurance carrier with denial/reduction code(s), "X206 – The service(s) is for a condition(s) which is not related to the covered work related injury."

   28 Texas Administrative Code §133.305(a)(4) defines a medical fee dispute as a dispute that involves an amount of payment for non-network health care rendered to an injured employee (employee) that has been determined to be medically necessary and appropriate for treatment of that employee's compensable injury. 28 Texas Administrative Code §133.305(b) requires that "If a dispute regarding compensability, extent of injury, liability, or medical necessity exists for the same service for which there is a medical fee dispute, the disputes regarding compensability, extent of injury, liability or medical necessity shall be resolved prior to the submission of a medical fee dispute for the same services in accordance with Labor Code §413.031 and 408.021."

   28 Texas Administrative Code §133.307(e)(3)(H) requires that if the carrier has raised a dispute pertaining to compensability, extent of injury, or liability for the claim, the Division shall notify the parties of the review requirements pursuant to §124.2 of this title, and will dismiss the request until those disputes have been resolved by a final decision, inclusive of all appeals. The appropriate dispute process for unresolved issues of compensability, extent and/or liability requires filing for a Benefit Review Conference pursuant to 28 Texas Administrative Code §141.1 prior to requesting medical fee dispute resolution.

   Review of the submitted documentation finds that there are unresolved issues of extent of injury for the same service(s) for which there is a medical fee dispute. No documentation was submitted to support that the issue(s) of extent of injury have been resolved through Chapter 410 process, prior to the filing of the request for medical fee dispute resolution.
2. The requestor has failed to support that the disputed services are eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

Conclusion

For the reasons stated above, the requestor has failed to establish that the respondent's denial of payment reasons concerning liability for the injured employee's workers' compensation claim, compensability of that claim, and/or extent-of-injury issues with that claim have been resolved through the required dispute resolution process as set forth in Texas Labor Code Chapter 410 prior to the submission of a medical fee dispute request for the same services. Therefore, medical fee dispute resolution staff has no authority to consider and/or order any payment in this medical fee dispute. As a result, no amount is ordered.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the dispute is not eligible for review, by the medical fee dispute resolution process, until final adjudication of the unresolved extent of injury issue(s).
