FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on March 2, 2012. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
   - 29 – The time limit for filing has expired.
   - 1 – Date (s) of service exceed 11 month time period for submission per Rule 134.801C. (F285)

Issues

1. Under what authority is the request for medical fee dispute resolution considered?
2. Did the requestor waive the right to medical fee dispute resolution?

Findings

1. The requestor is a health care provider that rendered disputed services in the state of North Dakota to an injured employee with an existing Texas Workers' Compensation claim. The health care provider was dissatisfied with the insurance carrier's final action. The health care provider requested reconsideration from the insurance carrier and was denied payment after reconsideration. The health care provider has requested medical fee dispute resolution under 28 Texas Administrative Code §133.307. Because the requestor has sought the administrative remedy outlined in 28 Texas Administrative Code §133.307 for resolution of the matter of the request for additional payment, the Division concludes that it has jurisdiction to decide the issues in this dispute pursuant to the Texas Workers' Compensation Act and applicable rules.
2. 28 Texas Administrative Code §133.307(c)(1) states: "Timeliness. A requestor shall timely file with the Division's MDR Section or waive the right to MDR. The Division shall deem a request to be filed on the date the MDR Section receives the request. (A) A request for medical fee dispute resolution that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute." The dates of the service in dispute are from June 3 to June 22, 2010. The request for medical fee dispute resolution was received in the Medical Dispute Resolution (MDR) section on February 27, 2012. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307, subparagraph (B). The Division concludes that the requestor has failed to timely file this dispute with the Division's MDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

The Division finds that the requestor has waived the right to medical fee dispute resolution for the services in dispute. For that reason, the merits of the issues raised by the parties have not been addressed.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the services in dispute.
