REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "On March 15, 2012 we received a call from Elisa Munoz, she provided us with all the information regarding above patient, along with all the pertinent information she gave a verbal authorization for him to start physical therapy and a billing address to sent the statements. We don't believe just any person would attempt to give all this information without having some type of authority. We have always done business with Texas Mutual and have taken the staff for there word."

Amount in Dispute: \$1,624.00

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Texas Mutual claim [claim number] is in the Texas Star Network... The requestor is not a participating healthcare provider in that Network. For that reason out of network approval is necessary in order for the requestor to deliver treatment. Texas Mutual has no record of such authorization being given. For its part the requestor alleges the employer, through Elisa Munoz, authorized the out of network care. However, the requestor provided no documentary support for its allegation. Further, Elisa Munoz is not an employee of Texas Mutual. And Texas Mutual did not delegate such authority to Elisa Munoz. If in fact Eliza Munoz authorized the treatment and the requestor can confirm such then liability for the treatment rests with the employer."

Response Submitted by: Texas Mutual Insurance Company

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all-applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305, sets out the procedures for resolving medical disputes.
2. 28 Texas Administrative Code §133.307, sets out the procedures for resolving medical fee disputes.
3. 28 Texas Insurance Code Chapter 1305 applicable to Health Care Certified Networks.

Issue

1. Did the Requestor obtain an out-of-network referral from the injured employee's treating doctor that has been approved by the network pursuant to Section 1305.103?
2. Is this dispute eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307?

Findings

1. The requestor filed this medical fee dispute to the Division asking for resolution pursuant to 28 Texas Administrative Code (TAC) §133.307 titled *MDR of Fee Disputes*. The authority of the Division of Workers' Compensation is to apply Texas Labor Code statutes and rules, including 28 TAC §133.307, is limited to the conditions outlined in the applicable portions of the Texas Insurance Code (TIC), Chapter 1305. In particular, TIC §1305.153 (c) provides that "Out-of-network providers who provide care as described by Section 1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation."

Texas Insurance Code Section 1305.006 states, in pertinent part, "(3) health care provided by an out-of-network provider pursuant to a referral from the injured employee's treating doctor that has been approved by the network pursuant to Section 1305.103."

The requestor therefore has the burden to prove that the condition(s) outlined in the Texas Insurance Code §1305.006 were met in order to be eligible for dispute resolution. The following are the Division's findings.

Texas Insurance Code Section 1305.103 requires that "(e) A treating doctor shall provide health care to the employee for the employee's compensable injury and shall make referrals to other network providers, or request referrals to out-of-network providers if medically necessary services are not available within the network. Referrals to out-of-network providers must be approved by the network. The network shall approve a referral to an out-of-network provider not later than the seventh day after the date on which the referral is requested, or sooner if circumstances and the condition of the employee require expedited approval. If the network denies the referral request, the employee may appeal the decision through the network's complaint process under Subchapter I."

2. The requestor has the burden to prove that it obtained the appropriate approved out-of-network referral for the out-of-network healthcare it provided. Review of the submitted documentation finds that the requestor submitted insufficient documentation and/or no documentation to support that a referral was obtained from the treating doctor and approved by the network to treat the injured employee. The Division concludes that the requestor thereby has failed to meet the requirements of Texas Insurance Code Section 1305.103.

The Division finds that the requestor failed to prove in this case that that the requirements of Texas Insurance Code Section 1305.006(3) were met. Consequently, the services in dispute are not eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

DECISION

Based upon the documentation submitted by the parties, the Division has determined that this dispute is not eligible for resolution pursuant to 28 Texas Administrative Code §133.307.
