February 17, 2016	Ambulatory Surgical Care for CPT Code 29827	$0.00	$0.00
	Ambulatory Surgical Care for CPT Code 23430	$0.0	$0.00
	Ambulatory Surgical Care for HCPCS Code C1713	$1,373.06	$1,012.90
TOTAL		$1,373.06	$1,012.90

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

2. 28 Texas Administrative Code §134.402, effective August 31, 2008, sets out the reimbursement guidelines for ambulatory surgical care services.
3. Texas Labor Code 413.011(b) provides for additions or exceptions to the Medicare policies.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
   - 131-Claim specific negotiated discount.
   - Charges for surgical implants are reviewed separately by ForeSIGHT Medical.
   - CIQ378-This appeal is denied as we find the original review reflected the appropriate allowance for the service rendered. We find that no additional recommendation is warranted at this time.
   - Upon review of submitted request for reconsideration, ForeSIGHT has determined that no additional allowance will be made.
   - W3-Additional payment made on appeal/reconsideration.

Issues

Is the requestor entitled to additional reimbursement for HCPCS code C1713?

Findings

HCPCS code C1713 is defined as "Anchor/screw for opposing bone-to-bone or soft tissue-to-bone (implantable)."

The respondent paid $2,670.80 for HCPCS code C1713 based upon a recommendation from ForeSIGHT Medical. The requestor contends that additional reimbursement of $1,373.06 is due per the fee guideline.

The fee guideline for Ambulatory Surgical Care Services is found in 28 Texas Administrative Code §134.402.

28 Texas Administrative Code §134.402(d) states,

> For coding, billing, and reporting, of facility services covered in this rule, Texas workers' compensation system participants shall apply the Medicare payment policies in effect on the date a service is provided with any additions or exceptions specified in this section.

According to *Addendum BB, Final ASC Covered Ancillary Services Integral to Covered Surgical Procedures for CY 2016 (Including Ancillary Services for Which Payment is Packaged*), HCPCS Code C1713 has a payment indicator of "N1".

Addendum DD1, Final ASC Payment Indicators for CY 2016, defines payment indicator "N1" as "Packaged service/item; no separate payment made."

Section 413.011(b) of the Texas Labor Code states,

> In determining the appropriate fees, the commissioner shall also develop one or more conversion factors or other payment adjustment factors taking into account economic indicators in health care and the requirements of Subsection (d). The commissioner shall also provide for reasonable fees for the evaluation and management of care as required by Section 408.025(c)and commissioner rules. This section does not adopt the Medicare fee schedule, and the commissioner may not adopt conversion factors or other payment adjustment factors based solely on those factors as developed by the federal Centers for Medicare and Medicaid Services.

28 Texas Administrative Code §134.402's preamble states,

> The Division is adopting minimal modifications to Medicare's reimbursement methodology to reflect use of separate reimbursement for surgically implanted devices in non-device intensive procedures to ensure injured employees have access to care, including surgery where surgically implanted devices are medically necessary.

Even though HCPCS code C1713 has a payment indicator of N1, Section 413.011(b) of the Texas Labor Code, 28 Texas Administrative Code §134.402(d), and its preamble, make the exception to Medicare's policies and allow separate reimbursement for implantables.

28 Texas Administrative Code §134.402(b)(5) states,

> Implantable means an object or device that is surgically:
>
> (A) implanted,
> (B) embedded,
> (C) inserted,
> (D) or otherwise applied, and
> (E) related equipment necessary to operate, program, and recharge the implantable.

The requestor billed HCPCS code C1713 for implantables used for surgery on claimant's left shoulder.

28 Texas Administrative Code §134.402(f)(1)(B)(i)(ii) states,

> The reimbursement calculation used for establishing the MAR shall be the Medicare ASC reimbursement amount determined by applying the most recently adopted and effective Medicare Payment System Policies for Services Furnished in Ambulatory Surgical Centers and Outpatient Prospective Payment System reimbursement formula and factors as published annually in the *Federal Register*. Reimbursement shall be based on the fully implemented payment amount as in ADDENDUM AA, ASC COVERED SURGICAL PROCEDURES FOR CY 2008, published in the November 27, 2007 publication of the *Federal Register*, or its successor. The following minimal modifications apply: (1) Reimbursement for non-device intensive procedures shall be: (B) if an ASC facility or surgical implant provider requests separate reimbursement for an implantable, reimbursement for the non-device intensive procedure shall be the sum of: (i) the lesser of the manufacturer's invoice amount or the net amount (exclusive of rebates and discounts) plus 10 percent or $1,000 per billed item add-on, whichever is less, but not to exceed $2,000 in add-on's per admission; and (ii) the Medicare ASC facility reimbursement amount multiplied by 153 percent.

A review of the submitted documentation finds that the requestor submitted copies of invoices from ConMed Linvatec and Arthrex and Implant Record that lists the implantables used in the surgery.

The Division reviewed the invoices and Implant Record and finds the MAR for the implantables per 28 Texas Administrative Code §134.402(f)(1)(B)(i)(ii) is:

Implant	Unit Price	No. of Units	MAR (Unit Price plus 10%)
Suture Anchor, Swivel Lock Tenodesis, BioComposite 7X19.1mm	$500.00	1	$550.00
Genesys Cross FT Suture Anchor with Three #2 95 metric) Hi-Fi Sutures 5.5 mm	$270.27	3	$297.30 X 3 = $891.90
Suture Anchor, BioComposite Swivel Lock C, Closed Eyelet 4.75 X 19.1mm	$479.00	2	$526.90 X 2 = $1,053.80
Suture Anchor, Bio Composite Swivel Lock C 4.75 X 19.1 mm	$540.00	2	$594.00 X 2 =$1,188.00
TOTAL			$3,683.70

The respondent paid $2,670.80. The difference between the MAR and amount paid results in an additional reimbursement due of $1,012.90.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is $1,012.90.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of $1,012.90 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
