FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
- 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
- 28 Texas Administrative Code §134.540 sets out the closed formulary requirements for claims subject to certified networks.
- Texas Insurance Code, Chapter 4201 provides requirements related to utilization review.

6. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 75 – No preauthorization

Issues

1. Is the insurance carrier’s reason for denial of payment supported?
2. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement of the disputed services?

Findings

1. Memorial is seeking reimbursement of \$687.68 for a compound dispensed on July 13, 2017. Accident Fund Insurance Co of America denied the disputed service with claim adjustment reason code 75 – “No preauthorization.” 28 Texas Administrative Code §134.540(b) states that preauthorization is **only** required for:

- (1) drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
- (2) any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
- (3) any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

Provision §134.540(b)(1) preauthorization requirement is not discussed in this dispute because it was not asserted by either party in this dispute and is not applicable to the compound in question.

While not asserted by Accident Fund Insurance Co of America, Memorial was not required to seek preauthorization pursuant to §134.540(b)(2) because none of the compounded ingredients have a status of "N" in the current edition of the ODG/Appendix A.

Stone Loughlin & Swanson LLP, on behalf of Accident Fund Insurance Co of America, argued that “See Rule 134.5039(e)(1). Since bupivacaine and ethoxy diglycol are excluded from the closed formulary, Rule 133.530(e)(1) required the Provider to obtain preauthorization under Rule 134.600. Preauthorization also was required pursuant to paragraph (p)(6) of Rule 134.600 because the compound medication was investigational and experimental.”

The determination of a service’s investigational or experimental nature is not subject to the *Official Disability Guidelines (ODG)*. Instead, it is determined on a case by case basis as a utilization review pursuant to Texas Insurance Code §4201.002. Further, Texas Insurance Code §4201.002(13) states that utilization review, in relevant part, “includes a system for prospective, concurrent, or retrospective review to determine the experimental or investigational nature of health care services.”

The division found **no evidence** that Accident Fund Insurance Co of America engaged in a prospective or retrospective utilization review (UR) as required by Texas Insurance Code §4201.002 in order to establish that the following compound is investigational or experimental in nature:

Compound Cream in Dispute	
Ingredient	Amount
Baclofen	5.4
Amantadine HCL	3.0
Gabapentin USP	3.6
Bupivacaine HCL	1.2
Amitriptyline HCL	1.8
Ethoxy Diglycol	4.2
Versapro Cream	40.8

Because Accident Fund Insurance Co of America failed to perform UR on the above listed compound, the requirement for preauthorization under §134.540(b)(2) **is not triggered** in this case. Accident Fund Insurance Co of America’s preauthorization denial is therefore not supported.

Absent any evidence that Accident Fund Insurance Co of America presented other defenses to Memorial before medical fee dispute resolution that conform with the requirements of Title 28, Part 2, Chapter 133, Subchapter C, the division finds that the compounds in question are eligible for reimbursement.

2. 28 Texas Administrative Code §134.503 applies to the services in dispute and states, in pertinent part:

- (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
 - (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
 - (A) health care provider; or
 - (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compounds in dispute were billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2).

Reimbursement is calculated as follows:

Ingredient	NDC & Type	Price/Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503 (c)(2)	Lesser of (c)(1) and (c)(2)
Baclofen	38779-0388-09 Generic	\$35.63	5.4	$\$35.63 \times 5.4 \times 1.25 = \240.50	\$190.78	\$190.78
Amantadine HCL	38779-0411-05 Generic	\$24.22	3	$\$24.22 \times 3 \times 1.25 = \90.83	\$72.69	\$72.69
Gabapentin USP	38779-2461-09 Generic	\$59.85	3.6	$\$59.85 \times 3.6 \times 1.25 = \269.33	\$204.66	\$204.66
Bupivacaine HCL	38779-0524-05 Generic	\$45.60	1.2	$\$45.60 \times 1.2 \times 1.25 = \68.40	\$54.72	\$54.72
Amitriptyline HCL	38779-0189-04 Generic	\$18.24	1.8	$\$18.24 \times 1.8 \times 1.25 = \41.04	\$32.83	\$32.83
Ethoxy Diglycol	38779-1903-01 Generic	\$0.34	4.2	$\$0.34 \times 4.2 \times 1.25 = \1.80	\$1.44	\$1.44
Versapro Cream	38779-2529-03 Generic	\$3.20	40.8	$\$3.20 \times 40.8 \times 1.09 = \142.31	\$130.56	\$130.56
Compounding Fee	Na	Na	Na	\$15.00	\$15.00	\$15.00
					Total	\$702.68

The total allowable reimbursement for the compound in dispute is \$702.68. Based upon the documentation submitted and the *Table of Disputed Services*, additional reimbursement in the amount of \$687.68 is recommended.

Conclusion

For the reasons stated above, the division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$687.68.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$687.68, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
