MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

Memorial Compounding Pharmacy

Respondent Name

American Casualty Company of Reading PA

MFDR Tracking Number

M4-18-2531-01

Carrier's Austin Representative

Box Number 57

MFDR Date Received

March 12, 2018

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "These medications do not require preauthorization therefore do not need a retrospective review."

Amount in Dispute: \$566.53

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The carrier asserts that Provider failed to obtain requisite preauthorization. Compound medication constitutes a new, non-approved and non-recognized drug and is considered investigation/experimental. Because the compound medication was investigational or experimental in nature and was not accepted as the prevailing standard of care, it required preauthorization."

Response Submitted by: Brian J. Judis

SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Row 1: July 13, 2017, Pharmaceutical Compound, \$566.53, \$566.53

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of a medical bill.
2. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
3. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
4. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
5. 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.

6. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - XK57 – This medication has been identified as a compound drug. As an investigational or experimental drug under Texas Labor Code 413.014(a), this medication requires preauthorization prior to fulfillment.
 - 197 – Precertification/authorization/notification absent.
 - 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.

Issues

1. Is the insurance carrier's reason for denial of payment supported?
2. Is requestor entitled to reimbursement for the compound in question?

Findings

1. The requestor is seeking reimbursement for a compound dispensed on July 13, 2017. The insurance carrier denied the disputed compound based on preauthorization. Preauthorization is only required for:
 - drugs identified with a status of "N" in the current edition of the ODG Appendix A;
 - any compound that contains a drug identified with a status of "N" in the current edition of the ODG Appendix A; and
 - any investigational or experimental drug.¹

The Texas Department of Insurance, Division of Workers' Compensation (DWC) finds that the compound in question does not contain an ingredient identified with a status of "N" in the current edition of the ODG, Appendix A.

Brian J. Judis, on behalf of American Casualty Company of Reading PA, argued that "Compound medications constitute a new, non-approved and non-recognized drug and is considered investigational/experimental."

The determination of a service's investigational or experimental nature is determined on a case by case basis through utilization review.² Utilization review, includes a prospective, concurrent, or **retrospective review to determine the experimental or investigational nature** of health care services.³

The DWC finds **no evidence** that the insurance carrier engaged in a prospective or retrospective utilization review to establish that the specific compound considered in this review is investigational or experimental.

Because the insurance carrier failed to perform utilization review on the disputed compound, the requirement for preauthorization based on a premise that the compound is investigational or experimental **is not triggered** in this case. The carrier's preauthorization denial is therefore not supported.

2. Because the insurance carrier failed to support its denial of reimbursement, Memorial is entitled to reimbursement in accordance with applicable rules and laws.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately.⁴ Each ingredient is listed below with its reimbursement amount.⁵ The calculation of the total allowable amount is as follows:

¹ 28 Texas Administrative Code §134.530(b)(2)

² Texas Insurance Code §19.2005(b)

³ Texas Insurance Code §4201.002(13)

⁴ 28 Texas Administrative Code §134.502(d)(2)

⁵ 28 Texas Administrative Code §134.503(c)

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Meloxicam	38779274601	G	\$194.67	0.18	\$43.80	\$35.04	\$35.04
Flurbiprofen	38779036209	G	\$36.58	4.8	\$219.48	\$175.58	\$175.58
Tramadol	38779237409	G	\$36.30	6	\$272.25	\$217.80	\$217.80
Cyclobenzaprine	38779039509	G	\$46.33	1.8	\$104.25	\$83.39	\$83.39
Bupivacaine	38779052405	G	\$45.60	1.2	\$68.40	\$54.72	\$54.72
						Total	\$566.53

The total reimbursement is therefore \$566.53. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$566.53.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$566.53, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
