Issues

1. Are the insurance carrier's reasons for denial of payment supported?

Findings

1. The requestor is seeking \$391.79 for outpatient hospital services rendered on July 24, 2017. The insurance carrier denied disputed services with claim adjustment reason code 29 – "The time limit for filing has expired."

28 Texas Administrative Code §133.20 (b) states in pertinent part,

(b) Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied.

Texas Labor Code 408.0272. (b) and (c) states in pertinent part,

(b) Notwithstanding Section 408.027, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.027(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if:

(1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with:

(A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured;

(B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or

(C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title;

(2) the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider.

(c) Notwithstanding Subsection (b), a health care provider who erroneously submits a claim for payment to an entity described by Subdivision (1) of that subsection forfeits the provider's right to reimbursement for that claim if the provider fails to submit the claim to the correct workers' compensation insurance carrier within 95 days after the date the provider is notified of the provider's erroneous submission of the claim.

The Division reviewed the "Request for Reconsideration" dated December 8, 2017 that details the requestor's efforts to obtain billing information for the correct worker's compensation carrier. Delay in obtaining payer information is not an exception to the required filing deadline outlined above. The carrier's denial is supported no additional payment is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
