FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.

3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.
5. Texas Insurance Code, Chapter 4201 provides requirements related to utilization review.
6. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - 197 – Precertification/authorization/notification absent

**Issues**

1. Is the insurance carrier’s reason for denial of payment supported?
2. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement of the disputed services?

**Findings**

1. Memorial is seeking reimbursement of \$726.62 for a compound dispensed on October 14, 2017. Hartford Casualty Insurance Co denied the disputed service with claim adjustment reason code 197 – “Precertification/authorization/notification absent.” 28 Texas Administrative Code §134.530(b)(1) states that preauthorization is **only** required for:
  - (A) drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
  - (B) any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
  - (C) any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

Provision §134.530(b)(1)(A) preauthorization requirement is not discussed in this dispute because it was not asserted by either party in this dispute and is not applicable to the compound in question.

While not asserted by Hartford Casualty Insurance Co, Memorial was not required to seek preauthorization pursuant to §134.530(b)(1)(B) because none of the compounded ingredients have a status of "N" in the current edition of the ODG/Appendix A.

Flahive, Ogden & Latson, on behalf of The Hartford argued that “Experimental & Investigation and would require submission for Utilization Review as allowed by 14 TIC 4201.002 (13).”

The determination of a service’s investigational or experimental nature is not subject to the *Official Disability Guidelines (ODG)*. Instead, it is determined on a case by case basis as a utilization review pursuant to Texas Insurance Code §4201.002. Further, Texas Insurance Code §4201.002(13) states that utilization review, in relevant part, “includes a system for prospective, concurrent, or retrospective review to determine the experimental or investigational nature of health care services.”

The division found **no evidence** that The Hartford engaged in a prospective or retrospective utilization review (UR) as required by Texas Insurance Code §4201.002 in order to establish that the following compound is investigational or experimental in nature:

Compound Cream in Dispute	
Ingredient	Amount
Meloxicam	0.18 gm
Flurbiprofen	4.8 gm
Tramadol HCl	6.0 gm
Cyclobenzaprine HCl	1.8 gm
Bupivacaine HCl	1.2 gm
Ethoxy Diglycol	3.0 gm
Versapro Cream	45.02 gm

Because The Hartford failed to perform UR on the above listed compound, the requirement for preauthorization under §134.530(b)(1)(C) is **not triggered** in this case. Hartford Casualty Insurance Co's preauthorization denial is therefore not supported.

Absent any evidence that Hartford Casualty Insurance Co presented other defenses to Memorial before medical fee dispute resolution that conform with the requirements of Title 28, Part 2, Chapter 133, Subchapter C, the division finds that the compounds in question are eligible for reimbursement.

2. 28 Texas Administrative Code §134.503 applies to the services in dispute and states, in pertinent part:

- (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
  - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
    - (A) Generic drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \$4.00$  dispensing fee per prescription = reimbursement amount;
    - (B) Brand name drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \$4.00$  dispensing fee per prescription = reimbursement amount;
    - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
  - (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
    - (A) health care provider; or
    - (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compounds in dispute were billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2).

Reimbursement is calculated as follows:

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Meloxicam	38779274601	G	\$194.67	0.18	\$43.80	\$35.04	\$35.04
Flurbiprofen	38779036209	G	\$36.58	4.8	\$219.48	\$175.58	\$175.58
Tramadol HCL	38779237409	G	\$36.30	6	\$272.25	\$217.80	\$217.80
Cyclobenzaprine HCL	38779039509	G	\$46.33	1.8	\$104.25	\$83.39	\$83.39
Bupivacaine HCL	38779052405	G	\$45.60	1.2	\$68.40	\$54.72	\$54.72
Ethoxy Diglycol	38779190301	G	\$0.34	3	\$1.28	\$1.03	\$1.03
Versapro	38779252903	B	\$3.20	45.02	\$157.03	\$144.06	\$144.06
Fee	NA	NA	NA	NA	\$15.00	\$15.00	\$15.00
						<b>Total</b>	<b>\$726.62</b>

The total allowable reimbursement for the compound in dispute is \$726.62. This amount is recommended.

**Conclusion**

The outcome of each independent medical fee dispute relies upon the relevant evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence in this dispute may not have been discussed, it was considered.

**ORDER**

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$726.62, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
