FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.210, effective July 7, 2016, provides the medical fee guideline for division specific services.
- 28 Texas Administrative Code §134.235, effective July 7, 2016, sets the reimbursement guidelines for return to work evaluations.
- The insurance carrier denied/reduced payment for the disputed service based upon the following reason codes:
 - W3-Additional payment made on appeal/reconsideration.

- 5080-Based on the receipt of additional information and/or clarification, we are recommending further payment be made for the above noted procedure code(s).
- 18-Exact duplicate claim/service.
- 247-A payment or denial has already been recommended for this service.

Issues

Is the requestor entitled to additional reimbursement for CPT code 99456-W5-WP (X3)?

Findings

On November 14, 2017, the claimant attended a Designated Doctor evaluation to determine MMI/IR, Return to Work, and Extent of Injury. The respondent paid for the services and only the MMI/IR evaluation is in dispute. The requestor billed \$1,100.00 and was paid \$800.00 for CPT codes 99456-W5-WP (X3).

The respondent wrote "The Office will maintain that no additional payment is owed for the impairment rating of the knee as outlined in the requestors request for reconsideration position statement as this was part of the extent of injury exam and the requestor did not bill for multiple impairment ratings utilizing CPT 99456 W5 MI pursuant to Rule 134.204(j)(4)(B)."

CPT Code 99456-W5-WP (X3):

To determine if additional reimbursement is due the division refers to the following statute:

28 Texas Administrative Code §134.210(b)(2) states, "Modifying circumstance shall be identified by use of the appropriate modifier following the appropriate Level I (CPT codes) and Level II HCPCS codes. Where HCPCS modifiers apply, insurance carriers shall treat them in accordance with Medicare and Texas Medicaid rules. Additionally, division-specific modifiers are identified in subsection (e) of this section. When two or more modifiers are applicable to a single HCPCS code, indicate each modifier on the bill."

28 Texas Administrative Code §134.240(1)(A)(B) states, "Designated doctors shall perform examinations in accordance with Labor Code §§408.004, 408.0041, and 408.151 and division rules, and shall be billed and reimbursed as follows: (A) Impairment caused by the compensable injury shall be billed and reimbursed in accordance with §134.250 of this title, and the use of the additional modifier "W5" is the first modifier to be applied when performed by a designated doctor; (B) Attainment of maximum medical improvement shall be billed and reimbursed in accordance with §134.250 of this title, and the use of the additional modifier "W5" is the first modifier to be applied when performed by a designated doctor."

28 Texas Administrative Code §134.250(4)(C)(iii) states, "If the examining doctor performs the MMI examination and the IR testing of the musculoskeletal body area(s), the examining doctor shall bill using the appropriate MMI CPT code with modifier 'WP.' Reimbursement shall be 100 percent of the total MAR."

28 Texas Administrative Code §134.250(3)(C) states, "The following applies for billing and reimbursement of an MMI evaluation. (C) An examining doctor, other than the treating doctor, shall bill using CPT code 99456. Reimbursement shall be \$350."

28 Texas Administrative Code §134.250 (4)(C) states, "The following applies for billing and reimbursement of an IR evaluation. (C) For musculoskeletal body areas, the examining doctor may bill for a maximum of three body areas."

28 Texas Administrative Code §134.250 (4)(C)(ii) states, "The MAR for musculoskeletal body areas shall be as follows:

- (I) \$150 for each body area if the diagnosis related estimates (DRE) method found in the AMA Guides fourth edition is used.
- (II) If full physical evaluation, with range of motion, is performed:
 - (-a-) \$300 for the first musculoskeletal body area; and
 - (-b-) \$150 for each additional musculoskeletal body area."

28 Texas Administrative Code §134.250 (4)(C)(iii) states, "If the examining doctor performs the MMI examination and the IR testing of the musculoskeletal body area(s), the examining doctor shall bill using the appropriate MMI CPT code with modifier "WP." Reimbursement shall be 100 percent of the total MAR."

28 Texas Administrative Code §134.250(4)(B) states, "When multiple IRs are required as a component of a designated doctor examination under this title, the designated doctor shall bill for the number of body areas rated and be reimbursed \$50 for each additional IR calculation. Modifier "MI" shall be added to the MMI evaluation CPT code."

The division finds that the requestor supported IR of knee, back and head; therefore, the respondent's denial is not supported. As a result, additional reimbursement of \$150.00 is due per 28 Texas Administrative Code §134.250 (4)(C)(ii).

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$150.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$150.00 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
