FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.

5. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 197 – Precertification/authorization/notification absent

Issues

1. Is Hartford Underwriters Insurance Co's reason for denial of payment supported?
2. Did Hartford Underwriters Insurance Co raise a new defense pursuant to 28 Texas Administrative Code §133.307?
3. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the compound in question?

Findings

1. Memorial is seeking reimbursement of \$798.06 for a compound dispensed on December 11, 2017. Hartford Underwriters Insurance Co denied the disputed compound with claim adjustment reason code 197 – Precertification/authorization/notification absent.”

28 Texas Administrative Code §134.530(b)(2) states that preauthorization is **only** required for:

- drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
- any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
- any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound in question does not include a drug identified with a status of “N” in the current edition of the ODG, *Appendix A*. Hartford Underwriters Insurance Co failed to articulate any arguments to support its denial for preauthorization. Therefore, the division concludes that the compound in question did not require preauthorization and Hartford Underwriters Insurance Co's denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

2. In its position statement, The Hartford argued on behalf of Hartford Underwriters Insurance Co, “Denial of the compound medication in dispute was based on the following findings:

A peer-to-peer discussion was not successful. The current request for a compounded medication containing Flurbiprofen, Meloxicam, Mefenamic acid, Baclofen #10/15 days is not medically necessary or supported under current evidenced-based treatment recommendations.”

28 Texas Administrative Code §133.307(d)(2)(F) states, in relevant part, “The response shall address only those denial reasons presented to the requestor prior to the date the request for MFDR was filed with the division and the other party. Any new denial reasons or defenses raised shall not be considered in the review.”

Review of the submitted documentation finds that Hartford Underwriters Insurance Co failed to present a medical necessity denial to Memorial in accordance with 28 Texas Administrative Code §133.240 prior to the date the request for medical fee dispute resolution (MFDR) was filed. The division concludes that this defense presented in The Hartford's position statement shall not be considered for review because this assertion constitutes a new defense pursuant to 28 Texas Administrative Code §133.307(d)(2)(F)

3. 28 Texas Administrative Code §134.503 applies to the compounds in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:

- (A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
- (B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;
- (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
- (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
 - (A) health care provider; or
 - (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2). Each ingredient is listed below with its corresponding reimbursement amount as applicable.

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed

Versapro Cream	3877952903	B	\$3.20	44.82	\$156.33	\$143.42	\$143.42
Fee	NA	NA	NA	NA	\$15.00	\$15.00	\$15.00
						Total	\$798.06

The total reimbursement is therefore \$798.06. This amount is recommended.

The outcome of each independent medical fee dispute relies upon the relevant evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence in this dispute may not have been discussed, it was considered.
