MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

Memorial Compounding Pharmacy

Respondent Name

Trumbull Insurance Co

MFDR Tracking Number

M4-18-4578-01

Carrier's Austin Representative

Box Number 47

MFDR Date Received

July 31, 2018

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The carrier is required to provide a response of the bill in order for the HealthCare Provider to rebuttal properly. As of today we still haven't received this check or a proper explanation of denial."

Amount in Dispute: \$566.53

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Texas requires prescribers to submit request UR and not the pharmacy."

Response Submitted by: The Hartford

SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Row 1: December 28, 2017, Pharmacy Services - Compounds, \$566.53, \$566.53

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
3. 28 Texas Administrative Code §134.530 sets out prior authorization requirement for pharmacy services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
• 197 - "Precertification/authorization/notification absent"

Issues

1. Is the insurance carrier's position supported?
2. Is the requestor entitled to reimbursement for the compound in question?

Findings

1. The respondent states in their position, "Texas requires prescribers to submit request through UR and not the pharmacy." 28 TAC §134.530(b)(1)(A) states, that preauthorization is **only** required for:
 - drugs identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
 - any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
 - any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound rendered on the date of service in question does not include a drug identified with a status of "N" in the current edition of the ODG, *Appendix A*. Review of the submitted documentation did find the insurance carrier requested the prescribing physician to submit a request for prior authorization. Insufficient evidence was found of a utilization review. The service in dispute will be reviewed per applicable fee guideline.

2. 28 TAC §134.503 (c) applies to the compound in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or

Drug	NDC	Gene ric/B rand	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Meloxicam	38779274601	G	\$194.67	0.18	\$43.80	\$35.04	\$35.04
Flurbiprofen	38779036209	G	\$36.58	4.8	\$219.48	\$175.58	\$175.58
Tramadol	38779237409	G	\$36.30	6	\$272.25	\$217.80	\$217.80
Cyclobenzaprine	38779039509	G	\$46.33	1.8	\$104.25	\$83.39	\$83.39
Bupivacaine	38779052405	G	\$45.60	1.2	\$68.40	\$54.72	\$54.72
						Total	\$566.53

The total reimbursement is \$566.53. This amount is recommended.

Conclusion

The outcome of each independent medical fee dispute relies upon the relevant evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence in this dispute may not have been discussed, it was considered.

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$566.53.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$566.53, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
