FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
3. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical

services.

4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - P12 – Workers’ compensation jurisdictional fee schedule adjustment
  - 119 – Benefit maximum for this time period or occurrence has been reached
  - 163 – The charge for this procedure exceeds the unit value and/or the multiple procedure rules

### **Issues**

1. Is the carrier’s reduction of payment supported?
2. What rule is applicable to the fee calculation?
3. Is the requestor entitled to additional reimbursement?

### **Findings**

1. The requestor is seeking additional reimbursement for outpatient therapy services performed from November 8, 2017 in the amount of 72.06. The carrier reduced the allowed amount as P12 – “Workers’ compensation jurisdictional fee schedule amount, 119 – “Benefit maximum for this time period or occurrence has been reached and 163 – “The charge for this procedure exceeds the unit value and/or the multiple procedure rules.”

The applicable Division Rule is found in 28 Texas Administrative Code 134.403. The applicable sections are listed below:

(d) For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided

Review of the Medicare Claims Processing Manual, <https://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/Internet-Only-Manuals-IOMs.html> , Chapter 5 - Part B Outpatient Rehabilitation and CORF/OPT Services 20.2 – D, which states in pertinent part,

*Reporting of Service Units With HCPCS, D. Specific Limits for HCPCS. The Deficit Reduction Act of 2005, section 5107 requires the implementation of clinically appropriate code edits to eliminate improper payments for outpatient therapy services. The following codes may be billed, when covered, only at or below the number of units indicated on the chart per treatment day.*

However, the code in dispute 97110 is not listed on this chart.

Therefore, the carrier’s denial is not supported. As no other denials or defenses were raised either on the explanation of benefits or by the carrier, the services in dispute will be reviewed per applicable fee guideline shown below.

2. The applicable fee guideline is found in 28 TAC 134.403. The applicable sections are listed below:

(d) For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided

(f) The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register.

(h) For medical services provided in an outpatient acute care hospital, but not addressed in the Medicare payment policies as outlined in subsections (f)(1) or (f)(2) of this section, and for which Medicare reimburses using other Medicare fee schedules, reimbursement shall be made using the applicable Division Fee Guideline in effect for that service on the date the service was provided.

The OPPS reimbursement formula factors are found at <https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html>. The specific factor is the Status Indicators. The status indicator for each of the HCPCs code listed on the DWC060 have an "A" status indicator which is defined as, "Not paid under OPPS. Paid by MACs under a fee schedule or payment system other than OPPS."

Based on the requirements of 28 Texas Administrative Code §134.403 (h) the applicable Division fee guideline is found in 28 Texas Administrative Code §134.203.

Compliance with 28 Texas Administrative Code 134.403 (d) requires application of the Medicare Multiple Procedure Payment Reduction (MPPR) implemented April 1, 2013. The MPPR policy may be found in the CMS Claims Processing Manual 100-04, Chapter 5, section 10.7 found at [www.cms.gov](http://www.cms.gov). The MPPR policy was used in the calculation of the maximum allowable reimbursement shown below.

3. 28 Texas Administrative Code §134.203 (c) (1) states.

To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is (date of service yearly conversion factor).

The MAR is calculated by the DWC Conversion Factor of 57.5/Medicare Conversion Factor 35.8887 multiplied by the Medicare allowable. **To ensure the appropriate application of the MPPR reductions all services billed for each date will be calculated.** The calculation is as follows:

- Procedure code 97110, billed November 8, 2017 for three units has a PE of 0.45 not the highest for this date and will be paid at the reduced allowable of \$25.12.  $57.5/35.8887 \times \$25.12 \times 3 = \$120.74$
- Procedure code 97164, billed November 8, 2017 has a PE of 0.73 the highest for this date and will be paid at the full allowable of \$55.77.  $57.5/35.8887 \times \$55.77 = \$89.35$

The total allowable reimbursement for the services in dispute is \$210.09. The carrier paid \$201.84. The balance of \$8.25 is due to the requestor.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$8.25.

***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$8.25, plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this order.
