Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers’ Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code §134.240 sets out the procedures for payment or denial of a medical bill.
2. 28 TAC §133.307 sets out the procedures for resolving medical fee disputes.
3. 28 TAC §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 TAC, Chapter 19 sets out the requirements for utilization review.

Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- 50 – Service not Deemed ‘Medically Necessary’ by payer
- Notes: “These services have been retrospectively reviewed. Services that do not require preauthorization are subject to review for medical necessity in accordance with §133.230 of this title.”

Issues

1. Is this dispute subject to dismissal based on medical necessity?
2. Is Memorial Compounding Rx (Memorial) entitled to reimbursement for the compound in question?

Findings

1. Memorial is seeking reimbursement for a compound drug dispensed March 26, 2018. The compound was composed of

   - Gabapentin
   - Amitriptyline HCl
   - Amantadine HCl
   - Flurbiprofen
   - Bupivacaine HCl
   - Ethoxy Diglycol
   - Versapro Cream
Federal Insurance Co. denied payment based on medical necessity.

The insurance carrier is required by 28 TAC §133.307 (d)(1) to submit documentation that supports an adverse determination for the disputed service. CorVel submitted a utilization review report on behalf of the insurance carrier dated May 11, 2018. This document was not for the compound drug as listed in this dispute.

No evidence was presented to support the insurance carrier’s denial of payment based on medical necessity. DWC finds that this dispute is not subject to dismissal based on medical necessity.

2. Because the insurance carrier failed to sufficiently support its denial of reimbursement, Memorial is entitled to reimbursement.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 TAC §134.502(d)(2). Each ingredient is listed below with its reimbursement amount, calculated according to 28 TAC §134.503(c). The calculation of the total allowable amount is as follows:
