- 1001 – Based on the corrected billing and/or additional information/documentation now submitted by the provider, we are recommending further payment to be made for the above noted procedure codes
- 163 - The charge for this procedure exceeds the unit value and/or the multiple procedure rules
- 2008 – Additional payment made on appeal/reconsideration
- 600 – Allowance based on maximum number of units allowed according to the fee schedule and/or service code description or regulations
- 119 – Benefit maximum for this time period or occurrence has been reached
- P12 – Workers Compensation Jurisdictional fee schedule adjustment
- W 3 – Bill is a reconsideration or appeal

### Issues

1. Is REECE D HAYDEN, DC, entitled to additional reimbursement?

### Findings

1. REECE D HAYDEN, DC is seeking additional reimbursement for a functional capacity evaluation performed on March 30, 2023. The examination is identified as a division-specific service with billing code 97750-FC.

28 TAC §134.225 states: "The following applies to functional capacity evaluations (FCEs) ... FCEs shall be billed using CPT code 97750 with modifier 'FC.' FCEs shall be reimbursed in accordance with §134.203(c)(1) of this title."

Per 28 TAC §134.203 (b)(1), parties are required to apply Medicare payment policies, including its coding, billing, correct coding initiatives (CCI) edits, modifiers, and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules to workers'

compensation coding, billing, reporting, and reimbursement of professional medical services.

28 TAC §§134.203 (a)(7) and 134.210 (a) state that specific provisions contained in the Texas Labor Code or division rules shall take precedence over any conflicting provision adopted or utilized by CMS in administering the Medicare program. However, no such conflict regarding billing or reimbursement was found that applies to a division-specific functional capacity evaluation. Therefore, Medicare reimbursement rules are applied to the examination in question.

Per [Medicare Claims Processing Manual \(cms.gov\)](#), Chapter 5, 10.7, effective February 6, 2019:

Medicare applies a multiple procedure payment reduction (MPPR) to the practice expense (PE) payment of select therapy services. The reduction applies to the HCPCS codes contained on the list of “always therapy” services ...

Many therapy services are time-based codes, i.e., multiple units may be billed for a single procedure ...

Full payment is made for the unit or procedure with the highest PE payment ... For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, full payment is made for work and malpractice and 50 percent payment is made for the PE for services submitted on either professional or institutional claims.

Procedure code 97750-FC is classified as “always therapy” in the 2023 Therapy Code List and Dispositions found in the [Annual Therapy Update | CMS](#) and has a value of “5” on the MFSD. Therefore, the MPPR applies to the reimbursement of this code.

On the disputed date of service, the requestor billed CPT code 97750-FC x 16 units.

As described above, the multiple procedure discounting rule applies to the disputed service.

The MPPR Rate File that contains the payments for 2023 services is found at <https://www.cms.gov/Medicare/Billing/TherapyServices/index.html>

To determine the MAR the following formula is used:

$(\text{DWC Conversion Factor} / \text{Medicare Conversion Factor}) \times \text{Medicare Payment} = \text{MAR}$ .

- MPPR rates are published by carrier and locality.
- The disputed date of service is March 30, 2023.
- The disputed service was rendered in zip code 77042, locality 18.
- The Medicare participating amount for CPT code 97750-FC at this locality is \$34.93 for the first unit, and \$25.46 for each of the subsequent 15 units
- The 2023 DWC Conversion Factor is 64.83
- The 2023 Medicare Conversion Factor is 33.8872
- The MAR amount for CPT code 97750-FC at this locality is \$66.82 for the first unit, and \$48.71 for each of the subsequent 15 units
- Using the above formula, the DWC finds the total MAR is \$797.44.
- The respondent paid \$797.47
- No additional reimbursement is recommended.

The division finds that the requestor has not established that additional reimbursement is due.

Conclusion

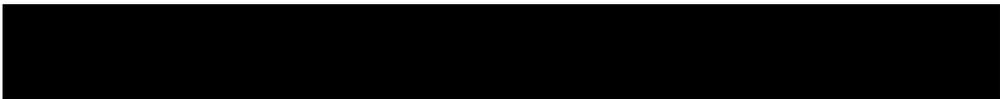

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

The division finds that no additional reimbursement is due.

**Order**

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to \$0.00 additional reimbursement for the disputed service.
