Summary of Findings

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
December 26, 2023	Prescription medications	\$428.69	\$0.00
Total		\$428.69	\$0.00

Requestor's Position

"The above claimant received medication as prescribed by the referral provider, however the bill was denied indicating that the date of service occurred after the coverage expired. Bill for date of service 12/26/2023 was created before the date of coverage expiration. Additionally, ProximaRX has confirmed that claim is still open. Services were rendered by the provider prior to the coverage expiration; therefore, it was still within the timeframe for covered services and the carrier should process payment for the billed services. This claim should be processed with the full amount billed as per Administrative Labor Code 134.503(c)."

Amount in Dispute: \$428.69

Respondent's Position

"On this claim, the Carrier has a holiday, meaning the Claimant received a third-party recovery in which the Carrier has a 'credit' on medical bill payments and indemnity payments until the holiday is exhausted. The Claimant is responsible for this bill payment."

Response Submitted by: Downs & Stanford, P.C.

Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code \(TLC\) §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code ([TAC](#)) [§133.305](#) sets out the procedures for resolving medical disputes.
2. [28 TAC §133.307](#) sets out the procedures for resolving medical fee disputes.
3. Texas Labor Code §417.002 outlines the process for recovery in third-party settlements.

Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- D2(PI2) - The charge for the over-the-counter medication exceeds the retail price.
- D3(PI2) - The charge for the prescription drug is greater than the maximum reimbursement for a generic drug.
- TERM - Date of Service after Coverage expired.
- PI2: D3 & D2 - Workers, compensation jurisdictional fee schedule adjustment.

Issues

1. Does the claim have a third-party settlement?

Findings

1. This dispute pertains to the non-payment of prescription medications rendered on December 26, 2023, and billed under NDC No. 51991-0746-02, 50228-0180-10, and 49483-0699-01. The requestor is seeking a total reimbursement amount of \$428.69.

The insurance carrier in a response to Medical Fee Dispute Resolution, states, "On this claim, the Carrier has a holiday, meaning the Claimant received a third-party recovery in which the Carrier has a 'credit' on medical bill payments and indemnity payments until the holiday is exhausted. The Claimant is responsible for this bill payment."

Texas Labor Code §417.002(a-c), *Recovery in Third-Party Action*, states,

The net amount recovered by a claimant in a third-party action shall be used to reimburse the insurance carrier for benefits, including medical benefits, that have been paid for the compensable injury. (b) Any amount recovered that exceeds the amount of the reimbursement required under Subsection (a) shall be treated as an advance against future benefits, including medical benefits, that the claimant is entitled to receive under this subtitle. (c) If the advance under Subsection (b) is adequate to cover all future benefits, the insurance carrier is not required to resume the payment of benefits. If the advance is insufficient, the insurance carrier shall resume the payment of benefits when the advance is exhausted.

The Division reviewed the submitted documentation and finds:

- No documentation was submitted to refute the carrier’s position that the medications in dispute are subject to payment from a third-party settlement; and
- No documentation was found to support the fact that the net amount recovered in the settlement was exhausted.

The Division concludes that the requestor has failed to support that the disputed services are eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

The DWC finds the requestor has not established that reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is not entitled to reimbursement for the disputed services. It is ordered that the respondent must remit to the requestor \$0.00 for the disputed services.
