## Findings and Decision

### **Authority**

This medical fee dispute is decided according to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

### **Statutes and Rules**

1. 28 Texas Administrative Code ([TAC](#)) [§133.305](#) sets out the procedures for resolving medical disputes.
2. [28 TAC §133.307](#) sets out the procedures for resolving medical fee disputes.

### **Denial Reasons**

The insurance carrier reduced or denied payment for the disputed services with the following claim adjustment codes:

- 269 – This billing is for a service unrelated to the work illness or injury.

### **Issues**

1. Does the dispute contain unresolved compensability, extent of injury and/or liability (CEL) issues?
2. Has the requestor waived their right to medical fee dispute resolution?

### **Findings**

1. The requestor seeks payment for medical services provided on December 31, 2023. The insurance carrier denied the disputed services with denial reduction code 269 (description indicated above).

Review of the documents submitted by the parties finds that the carrier did not provide documentation to the Division to support that it filed a Plain Language Notice (PLN) regarding the disputed conditions as required by §133.307(d)(2)(H).

The respondent did not submit information to MFDR, sufficient to support that the PLN had ever been presented to the requestor or that the requestor had otherwise been informed of PLN prior to the date that the request for medical fee dispute resolution was filed with the DWC; therefore, the DWC finds that the extent of injury denial was not timely presented to the requestor in the manner required by 28 TAC §133.240. For that reason, this matter is addressed pursuant to the applicable rules and guidelines.

2. The requestor seeks payment in the amount of \$1,389.81, for outpatient medical services provided on December 31, 2023.

28 TAC §133.307 (c) (1) states in the pertinent part, "Timeliness. A requestor must timely file the request with the division or waive the right to MFDR. The division will deem a request to be filed on the date the division receives the request. A decision by the division that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section."

The service in question was performed on December 31, 2023. The medical fee dispute was received by the Division on April 16, 2025. This date is more than a year following the in-question date(s) of service.

28 TAC §133.307 (c) (1) (A) states, "A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute."

A review of the submitted documentation finds that the disputed service does not involve issues identified in 28 TAC §133.307 (c) (1) (B). The Division concludes that the requestor has failed to timely file this dispute with the Division; consequently, the requestor has waived the right to medical fee dispute resolution.

### **Conclusion**

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

The Division finds the requestor has not established that reimbursement is due.

### **Order**

Under Texas Labor Code §§413.031 and 413.019, the Division has determined the requestor is entitled to \$0.00 reimbursement for the disputed services.
