- 200 – PER 133.20, A MEDICAL BILL SHALL NOT BE SUBMITTED LATER THAN THE 1ST DAY OF THE 11TH MONTH (<08/31/05) OR 95 DAYS (> 09/01/05) AFTER DOS.

### Issues

1. Has the requestor waived their right to medical fee dispute resolution?

### Findings

1. The requestor is seeking \$522.86 for an emergency department visit rendered on July 19, 2024.

28 TAC §133.20 which sets out requirements of timely medical bill submission, states in pertinent part "(b) Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied."

Texas Labor Code §408.0272(b) which sets out certain exceptions for untimely submission of a claim, states "(b) Notwithstanding Section [408.027](#), a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section [408.027](#)(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if: (1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section [408.027](#)(a), erroneously filed for reimbursement with: (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured; (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title; or (2) the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider."

Per documentation submitted, DWC finds that the earliest date the medical bill in dispute was received by the insurance carrier was on January 8, 2025, more than 95 days after the disputed date of service of July 19, 2024.

DWC finds no documentation that any of the exceptions to the 95-day timely filing rule, set out in Labor Code §408.0272, exist in this dispute.

Based on the submitted documentation, DWC finds the requestor is not entitled to reimbursement.

### Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requestor and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requestor has not established that reimbursement is due.

## **Order**

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requestor is entitled to \$0.00 reimbursement for the disputed services.
