Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code \(TLC\) §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.305](#) sets out the procedures for resolving medical disputes.
2. [28 TAC §133.307](#) sets out the procedures for resolving medical fee disputes.

Denial Reasons

The insurance carrier denied payment for the disputed services with the following claim adjustment codes:

- 29 – The time limit for filing has expired
- 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly
- W3 – TDI level 1 appeal means a request for reconsideration under 133.250 of this title or an appeal of an adverse determination under Chapter 19, Subchapter U of this title

Issues

1. Is the Requester eligible for DWC medical fee dispute resolution for the services in question?

Dismissal

1. The requester is seeking reimbursement for emergency services provided on January 31, 2023. According to 28 Texas Administrative Code (TAC) §133.307(c)(1), a request for Medical Fee Dispute Resolution (MFDR) must be submitted no later than one year after the date of the disputed service, except in certain limited circumstances outlined in subsection (B) of the same provision.

Specifically, 28 TAC §133.307(c)(1)(B) allows for a later filing if one of the following conditions applies:

- (i) A related dispute concerning compensability, extent of injury, or liability under Labor Code Chapter 410 has been filed. In such cases, the medical fee dispute must be submitted within 60 days after the requester receives the final decision on compensability, extent of injury, or liability, including all appeals.
- (ii) A dispute regarding medical necessity has been filed. Here, the medical fee dispute must be filed within 60 days after the requester receives the final decision on medical necessity, including all appeals, for the specific health care services in question that were previously denied by the insurance carrier on the basis of medical necessity.

(iii) The dispute arises from a refund notice issued following a division audit or review. In this situation, the medical fee dispute must be filed within 60 days after the requester receives the refund notice.

In this case, emergency services were provided on January 31, 2023. The Division received the MFDR request on June 18, 2025, which is more than one year after the date of service. Upon review of the documentation provided, there is no indication that the dispute falls within any of the exceptions described in 28 TAC §133.307(c)(1)(B).

Therefore, the Division concludes that the requester failed to file the MFDR request within the required timeframe and has consequently waived the right to pursue Medical Fee Dispute Resolution for this claim.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requester and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

The Division finds the requester has not established that reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, the Division has determined the requester is entitled to \$0.00 reimbursement for the disputed services.
