Medical Fee Dispute Resolution Findings and Decision

General Information

Requester Name
AdventHealth

Respondent Name
Siriuspoint America Insurance

MFDR Tracking Number
M4-25-2763-01

Carrier's Austin Representative
Box Number 19

DWC Date Received
July 2, 2025

Summary of Findings

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
July 17, 2024	99183	$9,091.45	$0.00
	Total	$9,091.45	$0.00

Requester's Position

Per the EOB the bill was denied due to "this procedure is not paid separately." Please be advised that this is not a bundle and other bills on this claim have been paid with CPT 99183 as the pt had been having hyperbaric oxygen therapy in treating the approved WC injury after having surgery from (redacted)."

Amount in Dispute: $9,091.45

Respondent's Position

"The denial was due to the facility using a CPT code that is not accepted by Medicare. While the HBO therapy code, 99183, is a valid CPT code, it is not valid for reimbursement when billed by a facility for Outpatient services. A reconsideration was submitted, with the HCP indicating "THIS IS NOT A DUPLICATE BILL.' However, their billing code was not corrected. As there is no APC assigned to 99183, payment cannot be made to a facility billing for this outpatient service."

Response Submitted by: CorVel

Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code (TLC) §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code (TAC)§133.307 sets out the procedures for resolving medical fee disputes.

2. 28 TAC §134.403 sets out the billing and coding requirements of outpatient hospital services.

Denial Reasons

The insurance carrier reduced the payment for the disputed services with the following claim adjustment codes:

- 234 – This procedure is not paid separately.
- RB – Not paid under OPPS; no sep payment/packaged svc
- 352 – Network disc not applicable to procedure billed
- W3 – Appeal/Reconsideration

Issues

1. What rule is applicable to billing and payment of disputed service?

Findings

1. The requester is seeking reimbursement of code 99183 – Hyperbaric Oxygen Therapy. The insurance carrier denied the claim stating this code is not paid under OPPS.

   DWC Rule 28 TAC §134.403 (d) requires Texas workers' compensation system participants when coding, billing, reporting and reimbursement to apply Medicare payment policies in effect on the date of service.

   DWC Rule 28 TAC §134.403 (3) defines "Medicare payment policy" means reimbursement methodologies, models, and values or weights including its coding, billing and reporting payment policies as set forth in the Centers of Medicare and Medicaid Services (CMS) payment policies specific to Medicare.

   The Medicare payment policy applicable to the services in dispute is found at www.cms.gov, Claims processing Manual, Chapter 4, Section 10.1.1. Specifically, Payment Status Indicators and Ambulatory Payment Category (APC).

   Review of the Addenda B at www.cms.gov indicates code 99183 had a status indicator of B. This status indicator definition is found in Addenda D1 at www.cms.gov and states, "Codes that

are not recognized by OPPS when submitted on an outpatient hospital Part B bill type. Not paid under OPPS."

Review of the submitted medical bill found type of bill in box 4 as 131 – Outpatient. Based on the applicable Medicare payment policy the insurance carrier's denial is supported. No payment is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requester and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requester is entitled to $0.00 reimbursement for the disputed services
