Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules

of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.307](#) sets out the procedures for resolving medical fee disputes.
2. [28 TAC §133.20](#) sets out requirements of medical bill submission.
3. [28 TAC §102.4](#) details the general rules for Non-Division Communication.
4. [Texas Labor Code 408.0272](#) sets out the workers compensation timely billing and exceptions guidelines.

Denial Reasons

The insurance carrier denied the disputed services with the following claim adjustment codes.

- 4271 – Per TX Labor Code Sec. 408.027, Providers must submit bills to payors within 95 days of the date of service.
- 29 – The time limit for filing claim/bill has expired.

Issues

1. Did the requester support timely submission of medical claim?

Findings

1. The requester is seeking reimbursement of emergency room services rendered on December 27, 2024. The insurance carrier denied the services stating the medical bill was not submitted within 95 days of the date of service.

DWC Rule 28 TAC §102.4 (h) Unless the great weight of evidence indicates otherwise, written communications will be deemed to have been sent on:

- (1) the date received if sent by fax, personal delivery, or electronic transmission; or
- (2) the date postmarked if sent by mail through United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent must be the next previous day that is not a Sunday or legal holiday.

DWC Rule 28 TAC §133.20 (b) states in pertinent part,

(b) Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided.

Texas Labor Code 408.0272. (b) states in pertinent part,

(b) Notwithstanding Section 408.0272, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.0272(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if:

- (1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with:
 - (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured;
 - (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or
 - (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title;
- (2) the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider.

Review of the submitted documentation found the requester did not submit any evidence of timely claim submission. The explanation of benefits submitted by the respondent indicates the claim was received by Sedgwick on April 11, 2025. This date is beyond the 95 day filing deadline. Additionally, DWC finds there is insufficient information to support any of the exceptions described above. No payment is recommended.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requester and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds Methodist Richardson Medical has not established that reimbursement of \$1,242.94 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the Methodist Richardson Medical is entitled to \$0.00 reimbursement for the disputed services.
