Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.307](#) sets out the procedures for resolving medical fee disputes.

Denial Reasons

The insurance carrier denied the payment for the disputed services with the following claim adjustment codes:

- 29 – The time limit for filing has expired.
- 219 – Based on extent of injury.
- 2 – Charge unrelated to the compensable injury.
- 18 – Duplicate claim/service.

Issues

1. Did the insurance carrier maintain denial for extent/relatedness?
2. Did the requester submit the request for MFDR within one year from date of service?

Findings

1. The requester is seeking payment for professional medical services rendered August 26, 2024. The insurance carrier (ESIS) denied the claim based on extent of injury and relatedness. The requester resubmitted a corrected claim that was received by the carrier on May 28, 2025 and denied as a duplicate. The requester submitted for a third time which the carrier received on July 22, 2025 and denied for time limit for filing had expired. DWC finds that the extent of injury denial was not maintained and the applicable DWC Rules are considered in this adjudication.
2. DWC Rule 28 TAC §133.307(c)(1) states:
"Timeliness. A requester shall timely file with the Division's MDR Section or waive the right to MDR. The Division shall deem a request to be filed on the date the division receives the request.
(A) A request for medical fee dispute resolution that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.
(B) A request may be filed later than one year after the date(s) of service if:

(i) a related compensability, extent of injury, or liability dispute under Labor Code Chapter 410 has been filed, the medical fee dispute shall be filed not later than 60 days after the date the requester receives the final decision, inclusive of all appeals, on compensability, extent of injury, or liability;

(ii) a medical dispute regarding medical necessity has been filed, the medical fee dispute must be filed not later than 60 days after the date the requester received the final decision on medical necessity, inclusive of all appeals, related to the health care in dispute and for which the insurance carrier previously denied payment based on medical necessity; or

(iii) the dispute relates to a refund notice issued pursuant to a division audit or review; the medical fee dispute must be filed not later than 60 days after the date of the receipt of a refund notice.

The dates of the service in dispute are August 26, 2024. The request for medical dispute resolution was received at the Division on August 27, 2024.

Review of the submitted documentation found insufficient evidence to support an exception as detailed above. The requester has waived their right to MFDR for dates of service in dispute.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requester and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requester is entitled to \$0.00 reimbursement for the disputed services.
