Adjustment Reasons

- P12 - WORKERS' COMPENSATION JURISDICTIONAL FEE SCHEDULE ADJUSTMENT.

Issues

1. What service is in dispute?
2. What rules apply to the service in dispute?
3. Is the requester entitled to additional reimbursement?

Findings

1. According to a review of the submitted DWC060 Medical Fee Dispute Resolution (MFDR) Request form, the requester is seeking \$0.00 for CPT code 99456-W5 and is seeking \$11.00 for CPT code 99456-25, both rendered on February 11, 2025.

Consequently, DWC finds the only CPT code to be in dispute is 99456-25 in the amount of \$11.00. Therefore, only CPT code 99456-25 will be reviewed in this MFDR process.
2. This medical fee dispute involves an examination by a designated doctor for the purpose of establishing: if maximum medical improvement (MMI) has been reached; what date MMI was reached if applicable; and to provide impairment ratings (IR) if MMI has been reached.

On the disputed date of service, the requester billed a total amount of \$1,373.00 for designated doctor services billed under CPT codes 99456-W5 and 99456-25. CPT code 99456 indicates the service of a maximum medical improvement (MMI) and/or impairment rating (IR) examination by a designated doctor.

DWC finds that 28 TAC §134.240, adopted to be effective June 1, 2024, applies to the

reimbursement of the services in dispute. 28 TAC §134.240(d) states, in pertinent part:

"(2) (A) If the designated doctor determines that MMI has not been reached, the MMI evaluation portion of the examination must be billed and reimbursed in accordance with subsection (d) of this section. The designated doctor must add modifier 'NM'...

(C) If the designated doctor determines MMI has been reached and an IR evaluation is performed, both the MMI evaluation and the IR evaluation portions of the examination must be billed and reimbursed in accordance with subsection (d) of this section.

(3) MMI. MMI evaluations will be reimbursed at \$449 adjusted per §134.210(b)(4), and the designated doctor must apply the additional modifier 'W5.'

(4) IR. For IR examinations, the designated doctor must bill, and the insurance carrier must reimburse the components of the IR evaluation. The designated doctor must apply the additional modifier 'W5.' Indicate the number of body areas rated in the unit's column of the billing form.

(A) For musculoskeletal body areas, the designated doctor may bill for a maximum of three body areas.

(i) Musculoskeletal body areas are:

(I) spine and pelvis: (musculoskeletal structures of torso)

(II) upper extremities and hands; and

(III) lower extremities (including feet).

(ii) For musculoskeletal body areas:

(I) the reimbursement for the first musculoskeletal body area is \$385 adjusted per §134.210(b)(4); and

(II) the reimbursement for each additional musculoskeletal body area is \$192 adjusted per §134.210(b)(4).

(B) For non-musculoskeletal body areas, the designated doctor must bill, and the insurance carrier must reimburse, for each non-musculoskeletal body area examined.

(i) Non-musculoskeletal body areas are defined as follows:

(I) body systems;

(II) body structures (including skin); and

(III) mental and behavioral disorders.

(ii) For a complete list of body system and body structure non-musculoskeletal body areas, refer to the appropriate AMA Guides.

(iii) The reimbursement for the assignment of an IR in a non-musculoskeletal body area is \$192 adjusted per §134.210(b)(4)."

28 TAC §134.240 (g), which applies to the services in this dispute, states, "When the division orders the designated doctor to perform an examination of an injured employee with one or more of the diagnoses listed in §127.130(b)(9)(B) - (I) of this title:

(1) The designated doctor must add modifier '25' to the appropriate examination code.

(2) The designated doctor must add modifier '25' once per bill when addressing issues on the same day, regardless of the number of diagnoses or the number of issues the division

ordered the designated doctor to examine.

(3) The designated doctor must bill, and the insurance carrier must reimburse, \$300 adjusted per §134.210(b)(4) in addition to the examination fee."

DWC finds that 28 TAC §134.210 applies to the annual fee adjustment of the disputed services, stating in pertinent part, "(b)(4) Fees established in §§134.235, 134.240, 134.250, and 134.260 of this title will be:

"(A) adjusted once by applying the Medicare Economic Index (MEI) percentage adjustment factor for the period 2009 - 2024.

(B) adjusted annually by applying the MEI percentage adjustment factor identified in §134.203(c)(2).

(C) rounded to whole dollars by dropping amounts under 50 cents and increasing amounts from 50 to 99 cents to the next dollar. For example, \$1.39 becomes \$1 and \$2.50 becomes \$3.

(D) effective on January 1 of each new calendar year."

3. The requester, Aaron Levine, M.D., is seeking additional reimbursement in the amount of \$11.00 for a designated doctor examination rendered on February 11, 2025.

A review of the submitted documents finds that on the disputed date of service, the medical record supports that the requester, a designated doctor, performed an evaluation of maximum medical improvement (MMI) as ordered by DWC.

The medical record submitted supports that the designated doctor examination performed on the disputed date of service involved a complex diagnosis as listed in 28 TAC §127.130(b)(9)(B)-(I). The rule at 28 TAC §134.240(g), which addresses the billing and reimbursement of examinations involving certain diagnoses, states, "When the division orders the designated doctor to perform an examination of an injured employee with one or more of the diagnoses listed in §127.130(b)(9)(B) - (I) of this title:

(1) The designated doctor must add modifier "25" to the appropriate examination code.

(2) The designated doctor must add modifier "25" once per bill when addressing issues on the same day, regardless of the number of diagnoses or the number of issues the division ordered the designated doctor to examine.

(3) The designated doctor must bill, and the insurance carrier must reimburse, \$300 adjusted per §134.210(b)(4) in addition to the examination fee."

The MAR for this examination by an appropriately board-certified physician involving a diagnosis listed in 28 TAC §127.130(b)(9)(B)-(I) in 2025 is \$311.00 due to the annual MEI fee adjustment in accordance with 28 TAC §134.210.

DWC finds that in accordance with 28 TAC §134.240, the appropriate amount of reimbursement for the disputed designated doctor examination involving a complex diagnosis rendered on February 11, 2025, is \$311.00. The insurance carrier reimbursed the disputed service represented by CPT code 99456-25 in the amount of \$300.00.

DWC finds that the requester is entitled to additional reimbursement in the amount of \$11.00.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requester and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement is due in the amount of \$11.00.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requester is entitled to additional reimbursement for the disputed services. It is ordered that Cincinnati Indemnity Co. must remit to Aaron M. Levine, M.D., \$11.00 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
