December 11, 2024	97750-FC Designated Doctor Referral	\$1,116.64	\$0.00

Requester's Position

"Carrier denied the bill for being past the 95 day deadline yet proof of the timely filing was attached."

Amount in Dispute: \$1,116.64

Respondent's Position

"The DWC060 form indicates \$0.00 has been allowed for the charge in dispute. Our records show this charge has been reimbursed. The allowance was based on the applicable TX WC Fee Schedule for the procedure, locality, and date of service submitted on the billing form. The payment of \$828.09 was made on 07/16/25 under check number [redacted]. A copy of the EOR and check are attached. We hope this resolves the dispute at hand."

Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.307](#) sets out the procedures for resolving medical fee disputes.
2. [28 TAC §134.203](#) sets out the fee guideline for professional medical services.
3. [28 TAC §134.225](#) sets the reimbursement guidelines for FCEs.
4. [The Texas Labor Code \(TLC\) §408.027](#) sets out the rules for timely submission of claims by health care providers.
5. [TLC §408.0272](#) sets out the exceptions to the timely filing of a medical bill.

Adjustment Reasons

The insurance carrier reduced the payment for the disputed service with the following claim adjustment codes:

- W3 - Reconsideration.
- 5044 - Additional payment made on appeal/reconsideration.
- 6000 - Request for reconsideration.
- 193 - Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
- 1241 - No additional reimbursement allowed after review of appeal/reconsideration/request for second review.
- 29 – The time limit for filing has expired.
- 4271 – Per TX Labor code sec. 408.027, provider must submit bills to payors within 95 days of the date of service.

Issues

1. Are the Insurance Carrier's reimbursement reduction reasons supported?
2. Did the Insurance Carrier remit payment after the reconsideration request?
3. Is the Requester entitled to additional reimbursement for CPT code 97750-FC?

Findings

1. This dispute pertains to the reduction in payment of a functional capacity exam (97750-FC), referred to by a designated doctor and rendered on December 11, 2024.

With a few exceptions, 28 TAC §133.20 (b) and Texas Labor Code (TLC) Sec. §408.027(a) requires the submission of medical bills not later than 95 days from the date of service. TLC §408.0272 (b) provided the exceptions to this requirement, which include:

- The health care provider filed the bill to
 - an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured
 - a health maintenance organization that issues evidence of coverage under which the injured employee is a covered enrollee; or
 - a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title; or
- the commissioner determines that the failure resulted from a catastrophic event that substantially interfered with the normal business operations of the provider.

TLC §408.0272 (d) also states that the period for submitting a claim for payment may be extended by the agreement of the parties.

The DWC finds there was sufficient evidence that the requester submitted the medical bill to the insurance carrier within 95 days after the date the services were provided. Therefore, the DWC concludes that the requester is entitled to reimbursement for the services in question.

2. After reconsideration, the insurance carrier issued payment in the amount of \$828.09 on July 16, 2025. The remaining amount from the initial request is \$288.55. The requester is seeking additional reimbursement.

28 TAC §134.203(b)(1) states: For the coding, billing, reporting, and reimbursement of professional medical services within the Texas workers' compensation system, participants must adhere to the following requirements: Medicare payment policies shall apply, including coding guidelines, billing procedures, Correct Coding Initiative (CCI) edits, modifiers, bonus payments for Health Professional Shortage Areas (HPSAs) and Physician Scarcity Areas (PSAs), as well as any other payment policies effective on the date the service is rendered, subject to any additions or exceptions specified in the rules.

CPT Code 97750-FC is defined as a functional capacity evaluation.

On the disputed date of service, the requester billed CPT code 97750-FC X 16 units.

The multiple procedure rule discounting applies to the disputed service.

Medicare Claims Processing Manual Chapter 5, 10.7-effective June 6, 2016, titled Multiple Procedure Payment Reductions for Outpatient Rehabilitation Services, states in pertinent part:

Full payment is made for the unit or procedure with the highest PE payment....

For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, full payment is made for work and malpractice, and 50 percent payment is made for the PE for services submitted on either professional or institutional claims.

To determine which services will receive the MPPR, contractors shall rank services according to the applicable PE relative value units (RVU) and price the service with the highest PE RVU at 100% and apply the appropriate MPPR to the remaining services. When the highest PE RVU applies to more than one of the identified services, contractors shall additionally sort and rank these services according to highest total schedule fee amount, and price the service with the highest total fee schedule amount at 100% and apply the appropriate MPPR to the remaining services.

DWC finds that the Insurance Carrier's MPPR reimbursement reduction is supported.

3. The requester billed \$1,116.16 for 16 units of CPT code 97750-FC rendered on December 11, 2024. The insurance carrier issued a payment in the amount of \$828.09 on July 16, 2025. The requester is seeking additional reimbursement in the amount of \$288.55.

The applicable fee guideline for FCEs is found at 28 TAC §134.225, which states, "The following applies to functional capacity evaluations (FCEs). A maximum of three FCEs for each compensable injury shall be billed and reimbursed. FCEs ordered by the division shall not count toward the three FCEs allowed for each compensable injury. FCEs shall be billed using CPT code 97750 with modifier "FC".

FCEs shall be reimbursed in accordance with §134.203(c) of this title. Reimbursement shall be for up to a maximum of four hours for the initial test or for a division ordered test; a maximum of two hours for an interim test; and a maximum of three hours for the discharge test unless it is the initial test. Documentation is required".

28 TAC §134.203 states in pertinent part, "(c) To determine the Maximum Allowable Reimbursement (MAR) for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32. (2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year..."

On the disputed date of service, the requester billed CPT code 97750-FC x 16 units.

As described in Finding #2 above, the multiple procedure discounting rule applies to the disputed service.

The MPPR Rate File that contains the payments for 2024 services is found at www.cms.gov/Medicare/Billing/TherapyServices/index.html.

To determine the MAR the following formula is used:

$(\text{DWC Conversion Factor} / \text{Medicare Conversion Factor}) \times \text{Medicare Payment} = \text{MAR}$.

- The disputed date of service is December 11, 2024.
- MPPR rates are published by carrier and locality.

- Disputed service was rendered in zip code 75247, locality 11, Dallas.
- The Medicare participating amount for CPT code 97750 in 2024 at this locality is \$34.21 for the first unit, and \$24.82 for each subsequent unit.
- The 2024B DWC Conversion Factor is 67.81
- The 2024B Medicare Conversion Factor is 33.2875
- Using the above formula, DWC finds the MAR is \$69.69 for the first unit, and \$758.40 for the subsequent 15 units for a total MAR of \$828.09.
- The respondent paid \$828.09.
- No additional reimbursement is recommended.

DWC finds that no additional reimbursement is due.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requester and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that additional reimbursement is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requester is entitled to \$0.00 additional reimbursement for the disputed service.
