Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code Section [413.031](#) and other applicable laws and rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code (TAC) Section [133.307](#) sets out the procedures for resolving medical fee disputes.
2. 28 TAC Section [127.10](#) provides the general procedures for designated doctor examinations.
3. 28 TAC Section [133.10](#) sets out the requirements for a complete medical bill.
4. 28 TAC Section [134.120](#) sets out the fee guidelines for medical documentation.
5. 28 TAC Section [134.203](#) sets out the fee guidelines for professional medical services.

Adjustment Reasons

The insurance carrier denied payment for the disputed services with the following reasons:

1. 601 – Per the fee schedule, this service or supply is considered bundled.
2. 97 – The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
3. P14 – The Benefit for this Service is included in the payment/allowance for another service/procedure that has been performed on the same day.
4. ETBR – A technical Bill Review (TBR) has been performed.
5. M15 – Separately billed services/tests have been bundled as they are considered components of the same procedure. Separate payment is not allowed.
6. TBR13 – Services are included in the value of another procedure.
7. Note: "Request for reconsideration reviewed. No further payment is recommended. DWC Form-032 is missing
8. 148 – This procedure on this date was previously reviewed
9. 18 – Duplicate claim/service.

Issues

1. What is DWC considering in this medical fee dispute?
2. Is the insurance carrier's denial of payment based on bundling supported?
3. Is the requester entitled to reimbursement?

Findings

1. The requester is seeking reimbursement of \$239.00 for sending medical documentation to a designated doctor billed with procedure code 99080 for one unit on date of service August 20, 2025. The insurance carrier denied payment in full. DWC will review this service for

reimbursement.

2. An explanation of benefits dated August 27, 2025, and September 9, 2025, denied payment based on bundled services.

Although DWC adopts Medicare payment policies by reference in applicable rule 28 TAC §134.203, the relevant portion of paragraph (a)(7) of that rule states that specific provisions contained in the Texas Labor Code or DWC rules shall take precedence over any conflicting provision adopted or utilized by CMS in administering the Medicare program.

DWC finds that the CMS provision that bundles the service in question is in direct conflict with 28 TAC Section 127.10(a)(1), which states, in relevant part, "The treating doctor and insurance carrier must provide the designated doctor copies of all the injured employee's medical records in their possession relating to the medical condition to be evaluated by the designated doctor ... (B) The cost of copying must be reimbursed in accordance with §134.120 of this title ..."

DWC finds that submission of medical documents to a designated doctor is a covered service and not subject to Medicare bundling. The insurance carrier's denial of payment for this reason is not supported.

3. DWC finds that 28 TAC Section 133.10(f)(1)(T) requires the number of units for the billed service in CMS-1500, field 24G. The requester billed one unit in this field.

28 TAC Section 134.120(f)(1) states that the reimbursement for copies of medical documentation is \$.50 per page. In a document dated August 20, 2025, submitted as evidence, the requester indicated that it submitted "478 pages of medical records." However, since the requester only indicated a single unit on the medical bill, the maximum allowable reimbursement (MAR) would be \$0.50.

Based on the evidence presented, the requester is seeking \$239.00. DWC finds that the service as billed does not support entitlement to this amount. DWC finds that the requester is not entitled to reimbursement for the service in question.

Conclusion

The outcome of this medical fee dispute is based on the evidence requester and the respondent presented at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that reimbursement is due.

Order

Under Texas Labor Code Sections [413.031](#) and [413.019](#), DWC has determined the requester is entitled to \$0.00 reimbursement for the disputed services.
