Summary of Findings

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
July 29, 2025	97750-FC Designated Doctor Referral	\$435.54	\$95.24

Requester's Position

"... 97750 FC FCE RATE IS \$73.15 X 16 = \$1170.40 incorrectly reduced to \$734.86. DDE required testing is a medical assessment and not physical therapy. Multiple procedure rules do not apply."

Amount in Dispute: \$435.54

Respondent's Position

"The provider believes additional reimbursement should be awarded for CPT Code 97750. The provider billed \$1170.40 for this service and the Respondent paid \$734.86. The provider believes more reimbursement should be paid. However, the fee guidelines do not support additional reimbursement."

Response Submitted by: White Espey, PLLC

Findings and Decision

Authority

This medical fee dispute is decided according to [Texas Labor Code §413.031](#) and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. [28 Texas Administrative Code \(TAC\) §133.307](#) sets out the procedures for resolving medical fee disputes.
2. [28 TAC §134.203](#) sets out the fee guideline for professional medical services.
3. [28 TAC §134.225](#) sets the reimbursement guidelines for FCEs.

Adjustment Reasons

The insurance carrier reduced the payment for the disputed service with the following claim adjustment codes:

- 309 – The charge for this procedure exceeds the fee schedule allowance.
- P12 – Workers' compensation jurisdictional fee schedule adjustment.
- N600 – Adjusted based on the applicable fee schedule for the region in which the service was rendered.
- 1014 – The attached billing has been re-evaluated at the request of the provider. Based on this re-evaluation, we find our original review to be correct. Therefore, no additional allowance appears to be warranted.
- 2005 – No additional reimbursement allowed after review of appeal/reconsideration.
- 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
- W3 – Bill is a reconsideration or appeal.
- OA – Other adjustment.

Issues

1. Are the Insurance Carrier's reimbursement reduction reasons supported?
2. Is the Requester entitled to additional reimbursement for CPT code 97750-FC?

Findings

1. This dispute pertains to the reduction in payment of a functional capacity exam (97750-FC), referred to by a designated doctor and rendered on July 29, 2025. The insurance carrier issued payment in the amount of \$734.86 and reduced the remaining charges with reduction reason codes 309 (description indicated above). The requester is seeking additional reimbursement in the amount of \$435.54. Using the previously mentioned denial reduction code, the insurance carrier audited and upheld the reduction decision.

28 TAC §134.203(b)(1) states: For the coding, billing, reporting, and reimbursement of professional medical services within the Texas workers' compensation system, participants must adhere to the following requirements: Medicare payment policies shall apply, including coding guidelines, billing procedures, Correct Coding Initiative (CCI) edits, modifiers, bonus payments for Health Professional Shortage Areas (HPSAs) and Physician Scarcity Areas (PSAs), as well as any other payment policies effective on the date the service is rendered, subject to any additions or exceptions specified in the rules.

CPT Code 97750-FC is defined as a functional capacity evaluation.

On the disputed date of service, the requester billed CPT code 97750-FC X 16 units.

The multiple procedure rule discounting applies to the disputed service.

Medicare Claims Processing Manual Chapter 5, 10.7-effective June 6, 2016, titled Multiple Procedure Payment Reductions for Outpatient Rehabilitation Services, states in pertinent part:

Full payment is made for the unit or procedure with the highest PE payment...

For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, full payment is made for work and malpractice, and 50 percent payment is made for the PE for services submitted on either professional or institutional claims.

To determine which services will receive the MPPR, contractors shall rank services according to the applicable PE relative value units (RVU) and price the service with the highest PE RVU at 100% and apply the appropriate MPPR to the remaining services. When the highest PE RVU applies to more than one of the identified services, contractors shall additionally sort and rank these services according to highest total schedule fee amount, and price the service with the highest total fee schedule amount at 100% and apply the appropriate MPPR to the remaining services.

DWC finds that the Insurance Carrier's MPPR reimbursement reduction is supported.

2. The requester billed \$1,170.40 for 16 units of CPT code 97750-FC rendered on July 29, 2025. The insurance carrier issued a payment in the amount of \$734.86 on August 21, 2025. The requester is seeking additional reimbursement in the amount of \$435.54.

The applicable fee guideline for FCEs is found at 28 TAC §134.225, which states, "The following applies to functional capacity evaluations (FCEs). A maximum of three FCEs for each compensable injury shall be billed and reimbursed. FCEs ordered by the division shall not count toward the three FCEs allowed for each compensable injury. FCEs shall be billed using CPT code 97750 with modifier "FC".

FCEs shall be reimbursed in accordance with §134.203(c) of this title. Reimbursement shall be for up to a maximum of four hours for the initial test or for a division ordered test; a maximum of two hours for an interim test; and a maximum of three hours for the discharge test unless it is the initial test. Documentation is required".

28 TAC §134.203 states in pertinent part, "(c) To determine the Maximum Allowable Reimbursement (MAR) for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32. (2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year..."

On the disputed date of service, the requester billed CPT code 97750-FC x 16 units.

As described in Finding #1 above, the multiple procedure discounting rule applies to the disputed service.

The MPPR Rate File that contains the payments for 2025 services is found at www.cms.gov/Medicare/Billing/TherapyServices/index.html.

To determine the MAR the following formula is used:

$(\text{DWC Conversion Factor} / \text{Medicare Conversion Factor}) \times \text{Medicare Payment} = \text{MAR}$.

- The disputed date of service is July 29, 2025.
- MPPR rates are published by carrier and locality.
- Disputed service was rendered in zip code 78228, locality 99, Rest of Texas.
- The Medicare participating amount for CPT code 97750 in 2025 at this locality is \$32.08 for the first unit, and \$23.37 for each subsequent unit.
- The 2025 DWC Conversion Factor is 70.18
- The 2025 Medicare Conversion Factor is 32.3465
- Using the above formula, DWC finds the MAR is \$69.60 for the first unit, and \$760.50 for the subsequent 15 units for a total MAR of \$830.10.
- The respondent paid \$734.86.
- Additional reimbursement of \$95.24 is recommended.

DWC finds that additional reimbursement of \$95.24 is due.

Conclusion

The outcome of this medical fee dispute is based on the evidence presented by the requester and the respondent at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement of \$95.24 is due.

Order

Under Texas Labor Code §§413.031 and 413.019, DWC has determined the requester is entitled to additional reimbursement. It is ordered that the respondent must remit to the requester \$95.24 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC §134.130.
