Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code Section [413.031](#) and other applicable laws and rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code (TAC) Section [133.307](#) sets out the procedures for resolving medical fee disputes.
2. 28 TAC Section [134.203](#) sets out the fee guidelines for professional medical services.
3. 28TAC Section [134.225](#) sets out the fee guidelines for functional capacity evaluations.

Adjustment Reasons

The insurance carrier reduced payment for the disputed services with the following reasons:

1. *P13 – Payment reduced or denied based on Workers' Compensation Jurisdictional regulations or payment policis [sic], use only if no other code is applicable
2. P13 – Payment reduced or denied based on Workers' Compensation Jurisdictional, regulations or payment policies, use only if no other code is applicable
3. N45 – Payment based on authorized amount
4. N130 – Consult plan benefit documents/guidelines for information about restrictions for this service

Issues

1. What is DWC considering in this medical fee dispute?
2. Is the insurance carrier's reduction based on multiple procedure rules supported?
3. Is the requester entitled to additional reimbursement?

Findings

1. The requester seeks additional reimbursement in the amount of \$307.40 for a functional capacity evaluation (97750-FC) referred to by a designated doctor. The date of service listed on the table of disputed services is July 31, 2025. The insurance carrier issued payment in the amount of \$863.03 and reduced the remaining charges with reduction reason code *P13, P13, N45 and N130 (description indicated above).
2. 28 TAC Section 134.203(b)(1) states: For coding, billing, reporting, and reimbursement of professional medical services within the Texas workers' compensation system, participants must adhere to the following requirements: Medicare payment policies shall apply, including coding guidelines, billing procedures, Correct Coding Initiative (CCI) edits, modifiers, bonus payments for Health Professional Shortage Areas (HPSAs) and Physician Scarcity Areas (PSAs), as well as any other payment policies effective on the date the service is rendered,

subject to any additions or exceptions specified in the rules.

CPT Code 97750-FC is defined as a functional capacity evaluation.

On the disputed date of service, the requester billed CPT code 97750-FC x 16 units

The multiple procedure rule discounting applies to the disputed service.

Medicare Claims Processing Manual Chapter 5, 10.7-effective June 6, 2016, titled Multiple Procedure Payment Reductions for Outpatient Rehabilitation Services, states in pertinent part:

Full payment is made for the unit or procedure with the highest PE payment....

For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, full payment is made for work and malpractice, and 50 percent payment is made for the PE for services submitted on either professional or institutional claims.

To determine which services will receive the MPPR, contractors shall rank services according to the applicable PE relative value units (RVU) and price the service with the highest PE RVU at 100% and apply the appropriate MPPR to the remaining services. When the highest PE RVU applies to more than one of the identified services, contractors shall additionally sort and rank these services according to highest total schedule fee amount, and price the service with the highest total fee schedule amount at 100% and apply the appropriate MPPR to the remaining services

DWC finds that the carrier's MPPR-based payment reduction applies to the disputed services.

3. The requester billed \$1,170.40 for 16 units of CPT code 97750-FC rendered on July 31, 2025. The insurance carrier issued a payment in the amount of \$863.03 on August 27, 2025. The requester is seeking additional reimbursement in the amount of \$307.40.

The applicable fee guideline for FCEs is found at 28 TAC Section 134.225, which states, "The following applies to functional capacity evaluations (FCEs). A maximum of three FCEs for each compensable injury shall be billed and reimbursed. FCEs ordered by the division shall not count toward the three FCEs allowed for each compensable injury. FCEs shall be billed using CPT code 97750 with modifier 'FC.' FCEs shall be reimbursed in accordance with §134.203(c)(1) of this title. Reimbursement shall be for up to a maximum of four hours for the initial test or for a division ordered test; a maximum of two hours for an interim test; and a maximum of three hours for the discharge test, unless it is the initial test. Documentation is required."

28 TAC Section 134.203 states in pertinent part, "(c) To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when

performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32. (2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year..."

On the disputed date of service, the requester billed CPT code 97750-FC x 16 units.

As described in Finding #2 above, the multiple procedure discounting rule applies to the disputed service.

The MPPR Rate File that contains the payments for 2025 services found at www.cms.gov/Medicare/Billing/TherapyServices/index.html.

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Medicare Payment = MAR.

- The disputed date of service is July 31, 2025.
- MPPR rates are published by carrier and locality.
- Disputed service was rendered in zip code 75247, locality 11, Dallas.
- The Medicare participating amount for CPT code 97750 in 2025 at this locality is \$33.57 for the first unit, and \$24.28 for each subsequent unit.
- The 2025 DWC Conversion Factor is 70.18
- The 2025 Medicare Conversion Factor is 32.3465
- Using the above formula, DWC finds the MAR is \$72.83 for the first unit, and \$52.68 for each of the subsequent 15 units for a total MAR of \$863.01.
- The respondent paid \$863.03.
- No additional reimbursement is recommended.

DWC finds that no additional reimbursement is due.

Conclusion

The outcome of this medical fee dispute is based on the evidence requester and the respondent presented at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has not established that additional reimbursement is due.

Order

Under Texas Labor Code Sections [413.031](#) and [413.019](#), DWC has determined the requester is entitled to \$0.00 additional reimbursement for the disputed services.
