Per 28 Texas Administrative Code Section 133.307(d)(1), if DWC does not receive the response within 14 calendar days of the dispute notification, then DWC may base its decision on the available information.

As of today, no response has been received from the insurance carrier or its representative. We will base this decision on the information available.

Findings and Decision

Authority

This medical fee dispute is decided according to Texas Labor Code Section [413.031](#) and other applicable laws and rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Statutes and Rules

1. 28 Texas Administrative Code (TAC) Section [133.307](#) sets out the procedures for resolving medical fee disputes.
2. 28 TAC Section [134.203](#) sets out the fee guidelines for professional medical services.

Adjustment Reasons

The insurance carrier denied payment for the disputed services with the following reasons:

- 222 – Charge exceeds fee schedule allowance.
- 434 – Modifier -73 used to identify work status reports.
- ANSP12 – P12 Workers compensation jurisdictional fee schedule adjustment.

Issues

1. What is DWC considering in this medical fee dispute?
2. What rule applies to reimbursement of professional fees.

Findings

1. The requester seeks additional reimbursement of code 99213 rendered on January 12, 2026 in the amount of \$11.11. Although the requester lists code 99080-73 on the DWC060, zero amount is in dispute. DWC will consider the fee guideline of the disputed service 99213.
2. 28 TAC Section 134.203 states in pertinent part, (c) To determine the Maximum Allowable Reimbursement (MAR) for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

- (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83...
- (2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year..."

The following formula represents the calculation of the DWC MAR at Section 134.203 (c)(1) & (2). $(\text{DWC Conversion Factor} \div \text{Medicare Conversion Factor}) \times \text{Medicare Payment} = \text{MAR}$. In this instance,

- The 2026 DWC Conversion Factor 72.07
- The 2026 CMS Conversion Factor 33.4009
- CMS Physician Fee Schedule Allowable for zip code 75043 (non-facility) \$94.96
- $72.07/33.4009 \times \$94.96 = \204.90 Carrier paid \$193.79. Additional reimbursement of \$11.11 is due to the requester.

Conclusion

The outcome of this medical fee dispute is based on the evidence the requester and the respondent presented at the time of adjudication. Though all evidence may not have been discussed, it was considered.

DWC finds the requester has established that additional reimbursement is due.

Order

Under Texas Labor Code Sections [413.031](#) and [413.019](#), DWC has determined the requester is entitled to additional reimbursement for the disputed services. It is ordered that Sunz Insurance Co must remit to Peak Integrated Healthcare \$11.11 plus applicable accrued interest within 30 days of receiving this order in accordance with 28 TAC Section [134.130](#).
