

Subchapter RR. Valuation Manual
28 TAC §3.9901

INTRODUCTION. The Texas Department of Insurance (TDI) proposes to amend 28 TAC §3.9901, concerning the adoption of a valuation manual for reserving and related requirements. The amendment to §3.9901 implements Insurance Code §425.073.

EXPLANATION. An amendment to §3.9901 is necessary to comply with Insurance Code §425.073, which requires the commissioner to adopt by rule a valuation manual that is substantially similar to the National Association of Insurance Commissioners (NAIC) Valuation Manual.

Under Insurance Code §425.073(c), when the NAIC adopts changes to its valuation manual, the commissioner must adopt substantially similar changes. This subsection also requires the commissioner to determine that the NAIC's changes were approved by an affirmative vote representing at least three-fourths of the voting NAIC members, but not less than a majority of the total membership. In addition, the NAIC members voting in favor of amending the valuation manual must represent jurisdictions totaling greater than 75% of the direct written premiums as reported in the most recently available life, accident, and health/fraternal annual statements and health annual statements.

TDI originally adopted the valuation manual in §3.9901 on December 29, 2016, in compliance with Insurance Code §425.073. On August 14, 2026, the NAIC voted to adopt changes to the valuation manual. Fifty-one jurisdictions, representing jurisdictions totaling 97.67% of the relevant direct written premiums, voted in favor of adopting the amendments to the valuation manual. The votes adopting changes to the NAIC Valuation Manual meet the requirements of Insurance Code §425.073(c).

This proposal includes provisions related to NAIC rules, regulations, directives, or standards. Under Insurance Code §36.004, TDI must consider whether authority exists to enforce or adopt the NAIC's changes. In addition, under Insurance Code §36.007, the commissioner cannot adopt or enforce a rule implementing an interstate, national, or international agreement that infringes on the authority of this state to regulate the business of insurance in this state, unless the agreement is approved by the Texas Legislature. TDI has determined that neither §36.004 nor §36.007 prohibit this proposal because Insurance Code §425.073 requires the Texas insurance commissioner to adopt a valuation manual that is substantially similar to the valuation manual approved by the NAIC, and §425.073(c) expressly requires the commissioner to adopt changes to the valuation manual that are substantially similar to changes adopted by the NAIC.

In addition to clarifying existing provisions, the 2027 NAIC Valuation Manual includes changes that:

- update the Principle-Based Reserving (PBR) credit rating maps to use the more granular NAIC designation subcategories;
- make the reinvestment credit quality guardrail both less constraining and more consistent across different PBR frameworks in VM-20, VM-21, and VM-22;
- allow companies to reflect the benefit of aggregation in the VM-20 stochastic reserve calculation; and
- set up a statistical plan for Group Annuity Mortality to allow for mortality data collection and industry table construction.

The NAIC's adopted changes to the valuation manual can be viewed at

[pbr_data_valuation_manual_future_edition_redline.pdf](#).

A description of the section's proposed amendment follows.

Section 3.9901. The amendment to §3.9901 replaces the date the NAIC adopted its previous valuation manual with the date the NAIC adopted its current valuation manual, adopting by reference the new valuation manual dated August 14, 2026.

FISCAL NOTE AND LOCAL EMPLOYMENT IMPACT STATEMENT. Jamie Walker, deputy commissioner of the Financial Regulation Division, has determined that during each year of the first five years the proposed amendment is in effect, there will be no measurable fiscal impact on state and local governments as a result of enforcing or administering the amendment, other than that imposed by statute. Ms. Walker made this determination because the proposed amendment does not add to or decrease state revenues or expenditures, and because local governments are not involved in enforcing or complying with the proposed amendment.

Ms. Walker does not anticipate any measurable effect on local employment or the local economy as a result of this proposal.

PUBLIC BENEFIT AND COST NOTE. For each year of the first five years the proposed amendment is in effect, Ms. Walker expects that administering the proposed amendment will have the public benefit of ensuring that TDI's rules conform to Insurance Code §425.073.

Ms. Walker expects that the proposed amendment will not increase the cost of compliance with Insurance Code §425.073 because it does not impose requirements beyond those in statute. Insurance Code §425.073 requires that changes to the valuation manual be adopted by rule and be substantially similar to changes adopted by the NAIC. As a result, the cost associated with adopting the changes to the valuation manual is a direct result of Insurance Code §425.073 and not a result of the enforcement or administration of the proposed amendment.

ECONOMIC IMPACT STATEMENT AND REGULATORY FLEXIBILITY ANALYSIS. TDI has determined that the proposed amendment will not have an adverse economic effect on small or micro businesses, or on rural communities. This is because the amendment does not impose any requirements beyond those required by statute. As a result, and in accordance with Government Code §2006.002(c), TDI is not required to prepare a regulatory flexibility analysis.

EXAMINATION OF COSTS UNDER GOVERNMENT CODE §2001.0045. TDI has determined that this proposal does not impose a possible cost on regulated persons. In addition, no additional rule amendments are required under Government Code §2001.0045 because the proposed amendment is necessary to implement legislation. The proposed rule implements Insurance Code §425.073, as added by Senate Bill 1654, 84th Legislature, 2015.

GOVERNMENT GROWTH IMPACT STATEMENT. TDI has determined that for each year of the first five years that the proposed amendments are in effect, the proposed rule:

- will not create or eliminate a government program;
- will not require the creation of new employee positions or the elimination of existing employee positions;
- will not require an increase or decrease in future legislative appropriations to the agency;
- will not require an increase or decrease in fees paid to the agency;
- will not create a new regulation;
- will not expand, limit, or repeal an existing regulation;

- will not increase or decrease the number of individuals subject to the rule's applicability; and
- will not positively or adversely affect the Texas economy.

TAKINGS IMPACT ASSESSMENT. TDI has determined that no private real property interests are affected by this proposal and that this proposal does not restrict or limit an owner's right to property that would otherwise exist in the absence of government action. As a result, this proposal does not constitute a taking or require a takings impact assessment under Government Code §2007.043.

REQUEST FOR PUBLIC COMMENT. TDI will consider any written comments on the proposal that are received by TDI no later than 5:00 p.m., central time, on October 26, 2026. Consistent with Government Code §2001.024(a)(8), TDI requests public comments on the proposal, including information related to the cost, benefit, or effect of the proposal and any applicable data, research, and analysis. Send your comments to ChiefClerk@tdi.texas.gov or to the Office of the Chief Clerk, MC: GC-CCO, Texas Department of Insurance, P.O. Box 12030, Austin, Texas 78711-2030.

The commissioner of insurance will also consider written and oral comments on the proposal in a public hearing under Docket No. 2873 at 2:00 p.m., central time, on Tuesday, September 29, 2026. TDI will hold the public hearing remotely using online resources and in person at the Stephen F. Austin State Office Building, 1700 Congress Avenue, Austin, Texas 78701 in Room 170. Details on how to view and participate virtually in the public hearing will be made available on TDI's website at www.tdi.texas.gov/alert/event/index.html.

Subchapter RR. Valuation Manual
28 TAC §3.9901

STATUTORY AUTHORITY. TDI proposed the amendment to §3.9901 under Insurance Code §425.073 and §36.001.

Insurance Code §425.073 requires the commissioner to adopt by rule changes to the valuation manual previously adopted by the commissioner that are substantially similar to any changes adopted by NAIC to its valuation manual. Section 425.073 also requires that after a valuation manual has been adopted by rule, any changes to the valuation manual must also be adopted by rule.

Insurance Code §36.001 provides that the commissioner may adopt any rules necessary and appropriate to implement the powers and duties of TDI under the Insurance Code and other laws of this state.

CROSS-REFERENCE TO STATUTE. Section 3.9901 implements Insurance Code §425.073.

TEXT.

§3.9901. Valuation Manual.

(a) The commissioner adopts by reference the National Association of Insurance Commissioners (NAIC) Valuation Manual, including subsequent changes that were adopted by the NAIC through August 14, 2026, [~~13, 2025,~~] as required by Insurance Code §425.073.

(b) The operative date of the NAIC Valuation Manual in Texas is January 1, 2017.

CERTIFICATION. The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.
