

## **Informal Working Draft of Rules Relating to Formulary Disclosure Requirements**

Title 28 Texas Administrative Code Chapter 21 Subchapter V

Posting date: October 2, 2015  
Comments due: October 23, 2015

---

The Texas Department of Insurance has prepared an informal working draft of rules to implement HB 1624, enacted by the 84th Texas Legislature, related to prescription drug formulary disclosure requirements. The purpose of this informal working draft is to obtain public and stakeholder input regarding requirements related to formulary disclosures.

The informal draft implements the statute, includes metrics to facilitate consumers' ability to compare formulary value and scope, and makes minor changes to other sections of TAC Chapter 21, Subchapter V. Amendments to the subchapter include updating references to the Insurance Code, adjusting ID card requirements to conform to the statute, and clarifying the applicability of 28 TAC §21.2820 to certain pharmacy ID cards.

TDI invites your input on the informal working draft of the rules and welcomes your comments on any new costs you anticipate that could result from them. This is an informal posting and not a formal publication for rulemaking.

TDI will hold a stakeholder meeting on the informal working draft from 1 p.m. to 4 p.m. Central time, on October 20, 2015, Room 102 of the William P. Hobby Jr. State Office Building, 333 Guadalupe, Austin, Texas 78701. You may participate in the meeting through teleconferencing. To participate by phone, please call (844) 294-5050 on the day of the meeting, and use Participant Code 361517.

TDI encourages interested parties to submit comments by October 23, 2015, to [LHLcomments@tdi.texas.gov](mailto:LHLcomments@tdi.texas.gov). We will also consider written and oral comments at the stakeholder meeting. Thank you for your interest and assistance in this process.
