

Texas Department of Insurance
Notice of Annual Rate Filing
Texas Windstorm Insurance Association

Description:

The Texas Windstorm Insurance Association (TWIA) made its annual rate filing on August 14, 2018. The filing represents a 10 percent increase in residential and commercial rates, effective January 1, 2019, for new and renewal policies.

By statute, the rate filing is subject to review by the Commissioner of Insurance. The Commissioner is required to consider certain specific factors set out in Texas Insurance Code Section 2210.355(b), including: the past and prospective loss experience within and outside this state of hazards for which insurance is made available through the plan of operation, if any; expenses of operation, including acquisition costs; a reasonable margin for profit and contingencies (profit is contributed to the State's Catastrophe Reserve Trust Fund to pay future TWIA losses from major storms); and payment of public security obligations, including the additional amount of any debt service coverage determined by TWIA to be required for the issuance of marketable public securities. Texas Insurance Code Section 2210.355(c) requires that TWIA's rates must be reasonable, adequate, not unfairly discriminatory, and nonconfiscatory as to any class of insurer.

The filing must be approved or disapproved by October 15, 2018.
