FINDINGS OF FACT

The commissioner makes the following findings of fact:

1. US Anesthesia is a health care facility operating within the Texas workers' compensation system.

**IMPROPERLY PURSUING A PRIVATE CLAIM AGAINST
AN INJURED EMPLOYEE**

2. US Anesthesia provided services to the injured employee on [REDACTED], in connection with a workers' compensation injury.
3. On [REDACTED], [REDACTED], and [REDACTED], US Anesthesia billed the injured employee for services provided on [REDACTED].
4. US Anesthesia knew the injury was a work-related injury because on [REDACTED], US Anesthesia billed the insurance carrier for the services provided on [REDACTED].

5. On [REDACTED], a debt collection service contacted the injured employee on behalf of US Anesthesia and sent a bill for \$ [REDACTED] to the injured employee for health care services provided to the injured employee by US Anesthesia on [REDACTED].
6. No finding had been made determining that the injured employee violated TEX. LAB. CODE § 408.022 in selecting a treating doctor, nor had there been a final adjudication that the claim is not compensable.

ASSESSMENT OF SANCTION

7. Improperly billing an injured employee for health care services imposes an undue financial burden on the injured employee and circumvents the Texas workers' compensation system and the roles of its system participants.
8. In assessing the sanction for this case, Texas Department of Insurance, Division of Workers' Compensation (DWC) appropriately and fully considered the following factors set forth in TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e):
 - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
 - the history and extent of previous administrative violations;
 - the demonstrated good faith of the violator, including actions taken to rectify the consequences of the prohibited act;
 - the penalty necessary to deter future violations;
 - whether the administrative violation has negative impact on the delivery of benefits to an injured employee;
 - the history of compliance with electronic data interchange requirements;
 - other matters that justice may require, including but not limited to:
 - Performance Base Oversight assessments;
 - the promptness and earnestness of actions to prevent future violations;
 - self-report of the violation;
 - the size of the company or practice;
 - the effect of a sanction on the availability of health care; and
 - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules; and
 - to the extent reasonable, the economic benefit resulting from the prohibited act.
9. In assessing the sanction for this case, DWC found the following factors set forth in TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the penalty necessary to deter future violations; and other matters that justice may require, including but not limited to, the promptness and earnestness of actions to prevent future violations.
10. In assessing the sanction for this case, DWC found the following factors set forth in TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e) to be mitigating: the

demonstrated good faith of the violator, including actions taken to rectify the consequences of the prohibited act, as the healthcare provider has instated new training and billing processes and the patient's bill has been adjusted to a zero balance.

11. US Anesthesia acknowledges that it has communicated with DWC regarding the relevant statutes and rules violated; the facts establishing that the administrative violation occurred; and the appropriateness of the proposed sanction, including how DWC considered the factors under TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e).
12. US Anesthesia acknowledges that, in assessing the sanction, DWC considered the factors set forth in TEX. LAB. CODE § 415.021(c) and 28 TEX. ADMIN. CODE § 180.26(e).

LAB. CODE § 408.022 relating to the selection of a doctor.
