(a) The commission may accept gifts, grants, and donations made to the Texas Workers' Compensation Commission as follows:
   (1) If the value of a gift or donation is $500 or more, the commissioners must, by a majority vote at a public meeting, acknowledge the gift or donation, no later than the 90th day after the date it is accepted.
   (2) The Executive Director may accept a gift or donation on behalf of the commission. The Executive Director shall report all accepted gifts and donations to the commissioners.
   (3) The Commission may accept a grant from the Texas Workers' Compensation Insurance Fund for the purpose of implementing steps to control and lower medical costs in the workers' compensation system and to ensure the delivery of quality medical care. The commission must additionally:
      (A) publish the name of the grantor and the purpose and conditions of the grant in the Texas Register;
      (B) provide a 20-day public comment period prior to acceptance of the grant; and
      (C) acknowledge acceptance at a public meeting
   (4) The Executive Director may accept all other grants on behalf of the Commission and shall report all accepted grants to the Commissioners.

(b) The acceptance or acknowledgment of a gift, grant, or donation made in accordance with subsection (a)(1) or (a)(3) of this section must be reflected in the minutes of the public meeting at which the gift, grant, or donation was accepted or acknowledged. The minutes must include the name of the donor/grantor; a description of the gift, grant, or donation; and a general statement of the purpose for which the gift, grant, or donation will be used.

(c) The Executive Director shall forward all money or financial instruments received as a gift, grant, or donation to the Comptroller of Public Accounts, for deposit in the appropriate commission fund.

(d) The Executive Director shall, where appropriate, convert non-monetary gifts, grants, and donations to cash.
(e) A donor may direct the use of the gift, grant, or donation in writing. This direction will be followed by the commission, as nearly as practicable, and in accordance with state and federal law.

(f) The Commission may not accept a gift or donation of $500 or more from a person who is a party to a contested case before the agency until the 30th day after the decision in the case becomes final under §2001.144 of the Texas Government Code. For purposes of this rule, "contested case" has the meaning assigned by §2001.003 of the Texas Government Code.

**RULE §102.3 Computation of Time**

(a) Due dates and time periods under this Act shall be computed as follows:
   (1) computing a period of days. In counting a period of time measured by days, the first day is excluded and the last day is included.
   (2) computing a period of months. If a number of months is to be computed by counting the months from a particular day, the period ends on the same numerical day in the concluding month as the day of the month from which the computation is begun, unless there are not that many days in the concluding month, in which case the period ends on the last day of that month.
   (3) unless otherwise specified, if the last day of any period is not a working day, the period is extended to include the next day that is a working day.

(b) A working day is any day, Monday–Friday, other than a national holiday as defined by Texas Government Code, §662.003(a) and the Friday after Thanksgiving Day, December 24th and December 26th. Use in this title of the term "day," rather than "working day" shall mean a calendar day.

(c) Normal business hours in the Texas workers’ compensation system are 8:00 a.m. to 5:00 p.m. Central Standard Time with the exception of the Commission’s El Paso field office whose normal business hours are 8:00 a.m. to 5:00 p.m. Mountain Standard Time.

(d) Any written or telephonic communications received other than during normal business hours on working days are considered received at the beginning of normal business hours on the next working day.
(e) Unless otherwise specified by rule, any written or telephonic communications required to be filed by a specified time will be considered timely only if received prior to the end of normal business hours on the last permissible day of filing.

(f) If there is a conflict between this rule and a specific provision of another rule that is applicable to a specific type of benefit, the other rule prevails.

RULE §102.4 General Rules for Non-Division Communications

(a) All written communications to a claimant (who is either an employee, an employee's legal beneficiary, or a subclaimant) must be sent to the most recent address or fax number supplied by the claimant. If an address has not been supplied by the claimant, the most recent address provided by the employer must be used.

(b) After an insurance carrier, employer, or health care provider is notified in writing that a claimant is represented by an attorney or other representative, copies of all written communications related to the claim or to the claimant must be mailed or delivered to the representative as well as the claimant, unless the claimant requests delivery to the representative only.

(c) Insurance carriers must provide a toll-free telephone number for receipt of communication from claimants or their representatives with a sufficient quantity of lines to service their volume of business.

(d) Insurance carriers and health care providers must provide telephone numbers, fax numbers, and email addresses sufficient to service the volume of business for receiving required verbal and written communications on workers' compensation claims.

(e) Insurance carriers must ensure effective and timely communication with claimants and other parties in the system. If a claimant is unable to communicate with an insurance carrier due to a language barrier, and the claimant is unable to provide a person that he or she trusts to serve as a translator, the insurance carrier must provide a means to translate except as needed for a division proceeding. The claimant must not be required to contract with or otherwise employ a translator.
(f) When a claimant contacts an insurance carrier and requests a response on their claim, the response must be verbally provided or sent in writing by the insurance carrier within five working days of receiving the request, unless the request is redundant or the response duplicates information previously provided.

(g) Insurance carriers must employ or provide a sufficient number of personnel, including adjusters appropriately licensed by the Texas Department of Insurance, to meet their obligations under the Act and this title.

(h) Unless the great weight of evidence indicates otherwise, written communications will be deemed to have been sent on:
   (1) the date received if sent by fax, personal delivery, or electronic transmission; or
   (2) the date postmarked if sent by mail through United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent must be the next previous day that is not a Sunday or legal holiday.

(i) An insurance carrier must maintain adjuster's notes on activities and verbal communications involved with the administration of a claim, with the exception of privileged attorney-client communications. The adjuster's notes must, at a minimum, include the date of the activity or communication, the identity of the insurance carrier staff involved in the contact, the person contacted by or contacting the insurance carrier, and a summary of the activity or communication.

(j) An insurance carrier, employer, or health care provider that receives a written communication related to a workers' compensation claim must date stamp or otherwise note on the document the date the written communication was received.

(k) Written communications include all records, reports, notices, filings, submissions, and other information contained either on paper or in an electronic format.

(l) For purposes of this title, if a written communication is required to be filed with both the division and another person by the Act or division rules, the other person will be presumed to have received the written communication on the date the division received its copy, unless the other person noted the date of receipt as provided in subsection (j) of this section, or the means of delivery of the communication was different. In this situation, the other person has the burden of proving that they did not receive or timely receive the written communication.
(m) Electronic transmission is defined as transmission of information by fax, electronic mail, electronic data interchange (EDI), or any other similar method and does not include telephonic communication.

(n) If the division receives an allegation that an insurance carrier or health care provider has failed to provide sufficient toll-free telephone numbers, telephone numbers, fax numbers, or email addresses, or that an insurance carrier has not provided a sufficient number of adjusters as required by this section, unless the violation appears to be willful or intentional, the division will not issue a monetary penalty or other sanctions before:
   (1) notifying the alleged violator of the allegation;
   (2) affording the alleged violator the opportunity to either disprove the allegation or provide mitigating information; and
   (3) if the violator is unable to disprove the allegation, issuing a written warning to the violator allowing a reasonable grace period of not less than 30 days to correct the noncompliance. The grace period may be less than 30 days if the noncompliance prevents the violator from fulfilling other obligations under this title.

(o) A violation as described in subsection (n) will be considered willful or intentional if the violator has been advised of complaints such that the violator knew or should have known that the toll-free telephone numbers, telephone numbers, fax numbers, email addresses, or number of adjusters was insufficient, and the violator cannot establish that it made good faith efforts to correct the deficiency or if the violator otherwise exhibited willful or intentional conduct.

(p) For purposes of determining the date of receipt for non-division written communications, unless the great weight of evidence indicates otherwise, the division will deem the received date to be five days after the date mailed through United States Postal Service regular mail, or the date faxed or electronically transmitted.

(q) This section is effective on adoption.

RULE §102.5 General Rules for Written Communications to and from the Division

(a) After the division is notified in writing that a claimant is represented by an attorney or other representative, all copies of written communications to the claimant will be sent to the representative as well as the claimant. Copies of settlements, notices setting benefit review conferences and hearings, and orders of the division will always be sent to the claimant regardless of representation status. All written communications to the claimant or claimant's representative will be sent to the most recent address or fax number supplied on either the employer's first report of injury, any verbal or written communication from the claimant, or any claim form filed by the insurance carrier through written notice or electronic transmission.

(b) All written communications to people other than insurance carriers and claimants will be sent to the most recent address or fax number reported to the division by the intended recipient or, in the absence of an address or fax number supplied by the intended recipient, to an address or fax number identified by the division.

(c) Unless otherwise specified by rule, written communications required to be filed with the division may be sent to the division headquarters or any division field office.

(d) For purposes of determining the date of receipt for written communications sent by the division, which require the recipient to perform an action by a specific date after receipt unless the great weight of evidence indicates otherwise, the division will deem the received date to be the earliest of: five days after the date mailed through United States Postal Service regular mail, the first working day after the date the written communication was placed in an insurance carrier's Austin representative's electronic box, or the date faxed or electronically transmitted as defined in subsection (h) of this section.

(e) EDI and other required notices must be filed or submitted in the format, form, and manner prescribed by the division under §124.2 of this title (concerning Insurance Carrier Notification Requirements), and Chapter 134, Subchapter I of this title (concerning Medical Bill Reporting).

(f) Unless the great weight of evidence indicates otherwise, written communications received by the division will be deemed to have been sent on:
   (1) the date received if sent by fax, personal delivery, or electronic transmission; or
   (2) the date postmarked if sent by United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus
five days is a Sunday or legal holiday, the date deemed sent will be the next previous day that is not a Sunday or legal holiday.

(g) Written communications include all records, reports, notices, filings, submissions, and other information contained either on paper or in an electronic format.

(h) Electronic transmission is defined as transmission of information by fax, electronic mail, EDI, or any other similar method and does not include telephonic communication.

(i) Subsection (e) is effective July 26, 2023. All other subsections are effective on adoption.

RULE §102.11 Electronic Formats for Electronic Claim Data Request and Report

(a) The Division prescribes standard electronic formats by utilizing implementation guides for data requests and data reports for the purpose of exchanging data between the Division and insurance carriers, as defined in Labor Code §402.084.

(b) In this section, the following definitions apply:
   (1) Claim Data Request and Report Implementation Guide (Guide)--The division specification document for the Claim Data Request and the Claim Data Report that defines specific data requirements, data set transactions, data mapping, data edits, and fees per record available at www.tdi.texas.gov/wc.
   (2) Claim Data Report--The electronic report generated by the Division in the format specified by the Guide. The report contains data for claims meeting confidence match criteria defined in the Guide.
   (3) Claim Data Request--The electronic request submitted by a requester in the format specified by the Division in the Guide.
   (4) Record--An electronic representation of one insured person containing a set of unique identifiers including the full name, date of birth, gender, and social security number, if available. Each set of individual identifiers included in a Claim Data Request represents a separate record.
   (5) Requester--An insurance carrier that has adopted an antifraud plan under Labor Code §402.084(b)(8) and qualifies as an insurance carrier under Labor Code §402.084(c-1) or its authorized representative.

(c) A Claim Data Request must contain the following elements:
   (1) all fields required in the applicable Guide as defined in subsection (b) of this section;
(2) complete, current, and correct values as described in the applicable Guide; and
(3) records of persons who are or were valid members of the requesters' benefit
programs and whose claims may be related to a workers' compensation claim.

(d) A Claim Data Report must contain:
(1) all fields required in the applicable Guide; and
(2) complete, current, and correct values as described in the applicable Guide.

(e) A Claim Data Request may be submitted by a requester.

(f) The Division will match the records submitted by a requester against the Division's
claim data using a matching methodology published in the Guide. The search will
include all claims on record with the Division relating to injuries sustained on or after
September 1, 2002. For each record submitted, the Division will report:
(1) the existence of a positive match with one or more workers' compensation claims;
or
(2) the failure to match the record to any recorded workers' compensation claim.

(g) File transfers between requesters and the Division shall be sent using secured file
transfer protocol (SFTP) with access controlled by a unique username and password.

(h) The data shall not be shared or disclosed to any other person or entity, except as
necessary to document and pursue reimbursement with the appropriate workers'
compensation carrier or claims administrator or through Division dispute resolution
procedures. Requesters shall destroy all electronic or paper records related to Claim
Data Requests that are not needed to pursue subclaimant status or recovery of
reimbursement by an insurance carrier as defined by Labor Code §402.084(c-1).

(i) A requester may submit a Claim Data Request once every 30 days for each covered
individual.

(j) Unless waived by the Division, the requester shall pay to the Division a fee for each
record included in a request. The fee will be established in the Guide, but shall be no
more than $.05 for each record included in the Claim Data Request. Claim Data Requests
that include previously submitted requests for records would also be charged a fee of
up to $.05 for each record.

(k) Prior to submitting a Claim Data Request, the requester shall execute a trading
partner agreement with the Division in the form and manner prescribed by the Division.
The trading partner agreement shall contain:
(1) a statement that the requester agrees to abide by all applicable federal and state
laws and regulations;
(2) an agreement to submit only names and identifying information related to bona
fide beneficiaries of the requester's benefit plans;
(3) an agreement to comply with Division standards for secure transfer and storage of
workers' compensation claim information;
(4) an agreement to comply with Division standards regarding the confidentiality of
workers' compensation claim information and the approved uses of that information;
and
(5) an agreement to pay applicable fees.

(1) After a match of a record has been determined, the information may be used by the
requester as the basis for identification and filing of a subclaim under Labor Code
§409.009. When a match has been determined and a subclaim filed, the requester shall
contact the injured employee who received the health care and is the subject of the
subclaim. The requester shall provide the injured employee written notice, which
includes the following:
   (1) the name of the subclaimant;
   (2) the dates of service;
   (3) the name of the injured employee;
   (4) a statement declaring, "As the injured employee in this matter, you will receive
      notice of all proceedings related to this matter and may participate in those
      proceedings. To determine whether to take any action in this matter, you may wish to
      consult with an attorney. You can also contact the Office of Injured Employee Counsel
      (OIEC) for ombudsman assistance."; and
   (5) the phone number and website address of OIEC.

(a) An approved workers' compensation insurance policy, as referenced in Labor Code §401.011(44)(A), includes a binder, which serves as evidence of a temporary agreement that legally provides workers' compensation insurance coverage until the approved insurance policy is issued or the binder is canceled.

(b) As used in this section, "workers' compensation insurance coverage information" includes information regarding whether or not an employer has workers' compensation insurance coverage and, if so, information about the method of workers' compensation insurance coverage used.

(c) This rule applies to an insurance company, certified self-insurer, workers' compensation self-insurance group under Labor Code Chapter 407A, and a political subdivision. Certified Self-Insurers are also subject to requirements specified in Chapter 114 of this title (relating to Self-Insurance). Self-Insurance Groups are also subject to requirements specified in Chapter 5, Subchapter G, Division 2 of this title (relating to Group Self-Insurance Coverage). Self-insured political subdivisions are also subject to requirements specified in §110.7 of this title (relating to Self-Insured Political Subdivision Requirements for Notifying the Division of Election to Provide Medical Benefits).

(d) An insurance company, certified self-insurer, workers' compensation self-insurance group under Labor Code Chapter 407A, and a political subdivision shall submit to the division, or its designee, workers' compensation insurance coverage information in the form and manner prescribed by the division. The division may designate and contract with a data collection agency to collect and maintain insurance coverage information.

(e) Workers' compensation insurance coverage information for insured Texas employers shall be provided to the division in accordance with subsection (d) of this rule as follows:

(1) by the insurance company, certified self-insurer, workers' compensation self-insurance group under Labor Code Chapter 407A, and political subdivision, within 10
days after the effective date of coverage or endorsement and annually thereafter no later than 10 days after the anniversary date of coverage;

(2) by the insurance company, 30 days prior to the date on which cancellation or non-renewal becomes effective if the insurance company cancels the workers' compensation insurance coverage, does not renew the workers' compensation insurance coverage on the anniversary date, or cancels a binder before it issues a workers' compensation insurance policy;

(3) by the insurance company, 10 days prior to the date on which the cancellation becomes effective if the insurance company cancels an employer's workers' compensation insurance coverage in accordance with Labor Code, §406.008(a)(2); or

(4) by the insurance company, within 10 days after receiving notice of the effective date of termination from the covered employer because the employer switched workers' compensation insurance carriers.

(f) Cancellation or non-renewal of a workers' compensation insurance policy by an insurance company takes effect on the later of:

(1) the end of the workers' compensation insurance policy period; or

A single administration address for the purpose of identifying or confirming an employer's coverage status shall be provided. If the single claims administration contact address changes, the new address shall be provided to the division at least 30 days in advance of the change taking effect. This information shall be filed in the form and manner prescribed by the division.

(h) An insurance company, certified self-insurer, workers' compensation self-insurance group under Labor Code Chapter 407A, and a political subdivision may elect to have a servicing agent process and file all coverage information, but the insurance company,

RULE §112.203 Exception to Application of Agreement to Affirm Independent Relationship for Certain Building and Construction Workers

(a) If a subsequent hiring agreement is made that expressly states that the joint statement made under §112.202 of this title (relating to Joint Agreement To Affirm Independent Relationship for Certain Building and Construction Workers) does not apply to that hiring agreement, the hiring contractor must maintain the original and file a legible copy of the agreement with the hiring contractor's insurance carrier. **RULE §112.301 Labor Agent’s Notification of Coverage to Certain Farm or Ranch
Employees**

(a) A labor agent must notify each person the labor agent contracts with to provide the
services of migrant and seasonal workers whether or not the labor agent has workers' compensation insurance coverage.

(b) The notification must be in writing and must be given at the time the contract for the
services of the migrant or seasonal workers is made. The notification must be signed
and dated by both parties and each party must retain a copy of the notice.

(c) If the labor agent does have workers' compensation insurance coverage, the labor
agent must present evidence of the workers' compensation insurance coverage to each
person the agent contracts with to provide the services of migrant and seasonal
workers. The evidence of coverage must be in writing and must be presented at the time
the notification of coverage is made. Each party must retain a copy of the evidence of
coverage with the copy of the notice. A certificate of insurance is considered adequate
evidence of coverage.

(d) The notice and evidence of coverage, if applicable, must be given each time a labor
agent makes a contract with a person to provide migrant or seasonal workers. Any
notice and evidence of coverage provided for a prior contract between the parties is
considered insufficient to meet the requirements of this section.

(e) If coverage is terminated during the period of the contract for employment, the labor
agent must notify:

(1) the person with whom the agent contracted to provide the services of migrant and
seasonal workers; and

(2) the migrant and seasonal workers affected that the workers' compensation
insurance coverage has been terminated.
RULE §112.401 Election of Coverage by Certain Professional Athletes

(a) A professional athlete employed by a franchise with workers' compensation insurance coverage and subject to Texas Labor Code §406.095 must elect to receive either the benefits available under the Act or the equivalent benefits available under the athlete's contract or collective bargaining agreement. The election must be made not later than the 15th day after the athlete sustains an injury in the course and scope of employment. If the athlete fails to make an election, the athlete will be presumed to have elected the option which provides the highest benefits.

(b) When a contract is signed by a professional athlete, the employer must give the athlete a copy of the following statement: "(Name of employer) has workers' compensation coverage from (name of insurance carrier). If the benefits available to you under your contract and any applicable collective bargaining agreement are equivalent to or greater than those available to you under Texas Labor Code §406.095, you are required to elect whether to receive the benefits available to you under the Act or the benefits available to you under your contract and any applicable collective bargaining agreement. You must make this election no later than 15 days after sustaining an injury. If you elect to receive the benefits available to you under your contract and any applicable collective bargaining agreement, you cannot obtain workers' compensation income or medical benefits if you are injured. You can get more information about your workers' compensation rights and the benefits available to you under the Act from any office of the Texas Department of Insurance, Division of Workers' Compensation, or by calling 1-800-252-7031."

(c) The election must be in writing and must:
   (1) indicate the date of the injury for which the election is being made;
   (2) indicate whether the athlete elects to receive the benefits available under the Act or the benefits provided under the contract or agreement; and
   (3) be signed by the athlete and the employer.

(d) If the athlete elects to receive the benefits available under the Act, a legible copy of the election must be provided to the division in the form and manner prescribed by the division within 10 days of the date of execution. A copy must also be provided to the franchise's workers' compensation insurance carrier within 10 days of the date of execution. The franchise must maintain the original election and provide a copy to the athlete.
(e) If the athlete elects to receive the benefits available under the contract and any agreement, the election must be filed with the franchise’s workers’ compensation insurance carrier within 10 days of the date of execution. An agreement is not considered filed if it is illegible or incomplete. Both the athlete and the franchise must keep a copy of the election.

(f) An election made under this section is irrevocable and binding on the athlete and the athlete’s legal beneficiaries for a compensable injury incurred on the date specified in the election.

RULE §112.402 Determination of Equivalent Benefits for Professional Athletes

(a) Medical care available to a professional athlete subject to the Texas Workers’ Compensation Act (the Act), Texas Labor Code, §406.095, is equal to or greater than medical benefits under the Act if:
   (1) the athlete is entitled to all health care reasonably required by the nature of the work-related injury as and when needed, including all health care that:
      (A) cures or relieves the effects naturally resulting from the work-related injury;
      (B) promotes recovery; or
      (C) enhances the ability of the employee to return to or retain employment; and

(b) When the athlete is not eligible for lifetime income benefits or when the athlete’s legal beneficiaries are not eligible for death benefits under the Act, weekly benefits available to a professional athlete subject to the Act, §406.095, are equal to or greater than the income benefits provided under the Act if the total amount of the payments provided for in the contract or collective bargaining agreement is equal to or greater than the maximum weekly benefit available under the Act multiplied by 104.

(c) When the athlete is entitled to lifetime income benefits under the Act, weekly benefits available to a professional athlete subject to the Act, §406.095, are equal to or greater than the income benefits provided under the Act if equal to or greater than the maximum weekly benefit available under the Act.
(d) When the athlete's legal beneficiaries are entitled to death benefits under the Act, weekly benefits available to the legal beneficiaries of a professional athlete subject to the Act, §406.095, are equal to or greater than the death benefits provided under the Act if equal to or greater than the maximum weekly benefit available under the Act.

RULE §116.11 Request for Reimbursement from the Subsequent Injury Fund

(a) An insurance carrier may request:
   (1) reimbursement from the Subsequent Injury Fund (SIF) under Labor Code §403.006(b)(2) for an overpayment of income, death, or medical benefits when the insurance carrier has made an unrecoupable overpayment pursuant to the decision of an administrative law judge, the Appeals Panel, or an interlocutory order, and that decision or order is reversed or modified by final arbitration, order, or decision of the commissioner, State Office of Administrative Hearings, or a court of last resort;
   (2) reimbursement from the SIF under Labor Code §403.007(d) for death benefits paid to the SIF before a legal beneficiary was determined to be entitled to receive death benefits;
   (3) for a compensable injury that occurs on or after July 1, 2002, reimbursement from the SIF for the amount of income benefits paid to an injured employee based on multiple employment and paid under Labor Code §408.042;
   (4) for a compensable injury that occurs on or after September 1, 2007, reimbursement from the SIF for the amount of income, death benefits, or a combination paid to an injured employee or a legal beneficiary based on multiple employment and paid under Labor Code §408.042;
   (5) reimbursement from the SIF, under Labor Code §408.0041(f) and (f-1), for an overpayment of benefits made by the insurance carrier based on the opinion of the designated doctor if that opinion is reversed or modified by a final arbitration award or a final order or decision of the commissioner or a court; or
   (6) reimbursement from the SIF made in accordance with rules adopted by the commissioner under Labor Code §413.0141. For purposes of this subsection only, an injury is determined not to be compensable following:
      (A) The final decision of the commissioner or the judgment of the court of last resort; or
      (B) A claimant's failure to respond within one year of a timely dispute of compensability filed by an insurance carrier. In this instance only, the effective date of the determination of noncompensability is one year from the date the insurance carrier filed the dispute with the division.
      (i) A determination under this paragraph does not constitute final adjudication. It does not preclude a party from pursuing their claim through the division's dispute
resolution process, and it does not permit a health care provider to pursue a private
claim against the claimant.

(ii) If the claim is later determined to be compensable, the insurance carrier must
reimburse the SIF for any initial pharmaceutical payment that the SIF previously
reimbursed to the insurance carrier. The insurance carrier's reimbursement of the SIF
must be paid within the timeframe the insurance carrier has to comply with the
agreement, decision and order, or other judgment that found the claim to be
compensable.

(b) The amount of reimbursement the insurance carrier may be entitled to is equal to
the amount of unrecoupable overpayments paid and does not include any amounts the
insurance carrier overpaid voluntarily or as a result of its own errors. An unrecoupable
overpayment of income or death benefits for the purpose of reimbursement from the
SIF only includes those benefits that were overpaid by the insurance carrier pursuant to
an interlocutory order, a designated doctor's opinion, or a decision, which were finally
determined to be not owed and which, in the case of an overpayment of income or
death benefits to the injured employee or legal beneficiary, were not recoverable or
convertible from other income or death benefits.

(c) To request reimbursement under subsection (a)(1) of this section for insurance carrier
claims of benefit overpayments made under an interlocutory order or decision of the
commissioner that is later reversed or modified by final arbitration, order, decision of
the commissioner, the State Office of Administrative Hearings, or court of last resort, an
insurance carrier must:

(1) submit the request electronically in the form and manner prescribed by the division;
(2) provide a claim-specific summary of the reason the insurance carrier is seeking
reimbursement and the total amount of reimbursement requested, including how it was
calculated;
(3) provide a detailed payment record showing the dates and amounts of the
payments, payees, type of benefits and periods of benefits paid, all plain language
notices (PLNs) about the payment of benefits, all certifications of maximum medical
improvement and assignments of impairment rating, and documentation that shows the
overpayment was unrecoupable as described in subsection (b) of this section, if
applicable;
(4) provide the name, address, and federal employer identification number of the
payee (insurance carrier) for any reimbursement that may be due;
(5) provide copies of all relevant orders and decisions (benefit review conference
reports, interlocutory orders, contested case hearing decisions and orders, Appeals
Panel decisions, and court orders) relating to the requested reimbursement and show
which document is the final decision on the matter;
(6) provide copies of all relevant reports and DWC forms the employer filed with the insurance carrier; and
(7) provide copies of all medical bills, preauthorization request documents, relevant independent review organization (IRO) decisions, medical fee dispute decisions, contested case hearing decisions and orders, Appeals Panel decisions, and court orders on medical disputes associated with the overpayment, if the request is based on an overpayment of medical benefits.

(d) To request reimbursement under subsection (a)(2) of this section for reimbursement of death benefits paid to the SIF before a legal beneficiary is determined to be entitled to receive death benefits, an insurance carrier must:
(1) submit the request electronically in the form and manner prescribed by the division;
(2) provide a claim-specific summary of the reason the insurance carrier is seeking reimbursement and the total amount of reimbursement requested, including how it was calculated;
(3) provide a detailed payment record showing the dates and amounts of payments, payees, and periods of benefits paid;
(4) provide the name, address, and federal employer identification number of the payee (insurance carrier) for any reimbursement that may be due;
(5) provide the documentation the legal beneficiary submitted with the claim for death benefits under §122.100 of this title (relating to Claim for Death Benefits); and
(6) provide the final award of the commissioner or the final judgment of a court of competent jurisdiction determining that the legal beneficiary is entitled to the death benefits.

(e) To request reimbursement under subsections (a)(3) or (4) of this section regarding multiple employment, the requester must submit the request on an annual basis for the payments made during the same or previous fiscal year. The fiscal year begins each September 1 and ends on August 31 of the next calendar year. For example, insurance carrier payments made during the fiscal year from September 1, 2009, through August 31, 2010, must be submitted by August 31, 2011. Any claims for insurance carrier payments related to multiple employment that are not submitted within the required timeframe will not be reviewed for reimbursement. To request reimbursement under subsections (a)(3) or (4) of this section, an insurance carrier must:
(1) submit the request electronically in the form and manner prescribed by the division;
(2) provide a claim-specific summary of the reason the insurance carrier is seeking reimbursement and the total amount of reimbursement requested, including how it was calculated;
(3) provide a detailed payment record showing the dates and amounts of payments, payees, type of benefits and periods of benefits paid, all PLNs about the payment of
benefits, and documentation that shows the overpayment was unrecoupable as described in subsection (b) of this section, if applicable;
(4) provide the name, address, and federal employer identification number of the payee (insurance carrier) for any reimbursement that may be due;
(5) provide information documenting the injured employee's average weekly wage amounts paid from all nonclaim employment held at the time of the work-related injury under §122.5 of this title (relating to Employee's Multiple Employment Wage Statement); and
(6) provide information documenting the injured employee's average weekly wage amounts paid based on employment with the claim employer.

(f) To request reimbursement under subsection (a)(5) of this section, for insurance carrier claims of benefit overpayments made pursuant to a designated doctor's opinion that is later reversed or modified by a final arbitration award or a final order or decision of the commissioner or a court, an insurance carrier must:
(1) submit the request electronically in the form and manner prescribed by the division;
(2) provide a claim-specific summary of the reason the insurance carrier is seeking reimbursement and the total amount of reimbursement requested, including how it was calculated;
(3) provide a detailed payment record showing the dates and amounts of payments, payees, type of benefits and periods of benefits paid, PLNs about the payment of benefits, and all certifications of maximum medical improvement and assignments of impairment rating;
(4) provide the name, address, and federal employer identification number of the payee (insurance carrier) for any reimbursement that may be due;
(5) provide copies of all relevant designated doctors' opinions (including responses to letters of clarification) and orders and decisions (IRO decisions, interlocutory orders, contested case hearing decisions and orders, arbitration awards, Appeals Panel decisions, and court orders) relating to the designated doctor's opinion and the payment made pursuant to the designated doctor's opinion for which reimbursement is being requested, and indicate which document is the final decision on the matter;
(6) provide copies of all relevant reports and DWC forms the employer filed with the insurance carrier; and
(7) provide copies of all medical bills and preauthorization request documents associated with an overpayment of medical benefits.

(g) To request reimbursement under subsection (a)(6) of this section regarding initial pharmaceutical coverage, a requester must submit the request in the same or following fiscal year after a determination that the injury is not compensable. The fiscal year begins each September 1 and ends on August 31 of the next calendar year. For example,
if an injury is determined to be not compensable during the fiscal year from September 1, 2009, through August 31, 2010, the request for reimbursement under Labor Code §413.0141 must be submitted by August 31, 2011. Any claims for insurance carrier payments related to initial pharmaceutical coverage that are not submitted within the required timeframe will not be reviewed for reimbursement. An insurance carrier must:

(1) submit the request electronically in the form and manner prescribed by the division;
(2) provide a claim-specific summary of the reason the insurance carrier is seeking reimbursement and the total amount of reimbursement requested;
(3) provide a detailed payment record showing the dates of payments, including documentation on dates of payment of initial pharmaceutical coverage (i.e., during the first seven days following the date of injury), payment amounts, and payees;
(4) provide the name, address, and federal employer identification number of the payee (insurance carrier) for any reimbursement that may be due;
(5) provide documentation that the pharmaceutical services were provided during the first seven days following the date of injury, not counting the actual date the injury occurred, and identify the prescribed pharmaceutical services; and
(6) provide documentation of:
   (A) the final resolution of any dispute either from the commissioner or court of last resort that determines the injury is not compensable; or
   (B) a claimant's failure to respond in accordance with subsection (a)(6)(B) of this section.

(h) The prescribed forms under this section are on the division's website at www.tdi.texas.gov/wc/index.html. An insurance carrier seeking reimbursement from the SIF must timely provide to the SIF administrator by electronic transmission, as that term is used in §102.5(h) of this title (relating to General Rules for Written Communications to and from the Commission), all forms and documentation reasonably required by the SIF administrator to determine entitlement to reimbursement or payment from the SIF and the amount of reimbursement to which the insurance carrier is entitled. The insurance carrier must also provide notice to the SIF of any relevant pending dispute, litigation, or other information that may affect the request for reimbursement.

The employer may contact the insurance carrier (carrier) for information regarding the employee’s MMI status.
(b) As provided in §129.4 of this title (relating to Adjustment of Temporary Income Benefit Amount), the employer shall file the Supplemental Report of Injury, in the form, format and manner prescribed by the Commission. The report shall be filed with the employer’s carrier and provided to the employee within ten days after the end of each pay period in which the employee has a change in earnings as a result of the injury or within ten days after the employee resigns or is terminated. The requirement to report a change of earnings under this subsection includes reporting all post-injury earnings as that term is used in Chapter 129 of this title (relating to Temporary Income Benefits).

(c) For injuries requiring an Employer's First Report of Injury, unless the information required in this subsection is provided on the Employer's First Report of Injury, the employer shall file the Supplemental Report of Injury with the employer's carrier and provide a copy to the employee within three days after:

(b) The employer shall ensure timely delivery of the written wage statement, however, if agreed upon by the employer and the carrier, the wage statement filed with the carrier may be filed orally. The carrier may also agree to provide the wage statement to the claimant and the claimant’s representative, if any. However, the employer remains responsible for ensuring timely delivery of the wage statement and the employer has the burden of proving that the wage statement was timely filed. Therefore, employers should file the wage statement by verifiable means and maintain a record of the:

(A) For employees employed through a written contract, the employer shall report the full value of the contract that would be paid (including any stipend the employee was earning or scheduled to receive) if the employee were to fully complete the terms of the contract and:

(C) For all employees, the employer shall report the pecuniary wages earned by the employee in the 12 months immediately preceding the injury.

(3) This subsection applies if the employer is required to report 13 weeks of wage information under subsection (d)(1) or (d)(2)(B) of this section (i.e. it does not apply if the employee was an employee of a school district employed through a written contract).

(A) If the employee is paid on a monthly or a semi-monthly basis, the employer may provide the wages earned in the three months immediately preceding the injury; if the employee is paid on a biweekly basis, the employer may provide the wages earned in the 14 weeks immediately preceding the injury; otherwise the employer shall provide the wages earned in the 13 weeks immediately preceding the injury.

(B) If the employee was not employed for 13 continuous weeks before the date of injury and the employee was not employed by a school district through a written contract:

(i) the employer shall identify a similar employee performing similar services, as those terms are defined in §128.3 of this title (relating to Average Weekly Wage Calculation For Full-Time Employees, and For Temporary Income Benefits For All Employees), and list the wages of that similar employee; however if

The wages are limited to those reportable for federal income tax purposes.

(1) If the employee is paid by the Non-Claim Employer:
   (A) on a monthly or a semi-monthly basis, the claimant may provide the wages earned in the three months immediately preceding the injury;
   (B) on a biweekly basis, the claimant may provide the wages earned in the 14 weeks immediately preceding the injury;

(1) the Employer's First Report of Injury as described in §120.2 of this title (relating to Employer's First Report of Injury);

(2) the notification provided by the Commission under subsection (e) of this section; or

(3) if no Employer's First Report of Injury has been filed, any other communication regardless of source, which fairly informs the carrier of the name of the injured employee, the identity of the employer, the approximate date of the injury and information which asserts the injury is work related.

(b) Written notice of injury for a certified self-insurer is received on the date the qualified claims servicing contractor designated by the self-insurer under Texas Labor Code §407.061(c) receives the notice.

(c) Written notice of injury for a political subdivision that self-insures under Texas Labor Code §504.011, either individually or through an interlocal agreement with other political subdivisions, is received on the date the intergovernmental risk pool or other entity responsible for administering the claim receives the notice.

(d) The carrier shall immediately create a written record on paper or in an electronic format of the earliest notice of injury as defined in subsection (a) of this section that is not received in writing. The date of receipt of a written notice of injury shall be deemed to be the earliest date the carrier receives the information identified in subsections (a)(1), (2), or (3) of this section. Upon request of the Commission, a carrier shall provide an affidavit indicating the receipt or non-receipt of a notice of injury received and the receipt date.

(e) The Commission shall furnish written notification to the carrier when a source other than the carrier reports:
(1) an injury that may cause the employee eight days or more of disability or has resulted in an impairment;
(2) a death; or
(3) an occupational disease.

(f) If a carrier is notified of an injury for which it has not received an Employer’s First Report of Injury, from the employer, the carrier shall contact the employer regarding the injury within seven days of notification.

RULE §124.2 Insurance Carrier Reporting and Notification Requirements

(a) An insurance carrier must notify the division and the claimant of actions taken on or events occurring in a claim as required by this title.

(b) The insurance carrier must electronically file, as that term is used in §102.5(e) of this title (concerning General Rules for Written Communications to and from the Division) with the division, according to the requirements in Subchapter B of this title (concerning Insurance Carrier Claim Electronic Data Interchange Reporting to the Division):
   (1) the information from the original Employer’s First Report of Injury; the insurance carrier’s Federal Employer Identification Number (FEIN); and the policy number, policy effective date, and policy expiration date reported under §110.1 of this title (concerning Insurance Carrier Requirements for Notifying the Division of Insurance Coverage) for the employer associated with the claim, not later than the seventh day after the later of:
      (A) receipt of a required report where there is lost time from work, an occupational disease, or a fatality; or
      (B) notification of lost time if the employer made the Employer’s First Report of Injury before the employee experienced absence from work as a result of the injury;
   (2) information about an acquired claim no later than the 37th day after the acquiring claim administrator has knowledge of claim-specific information from the previous claim administrator;
   (3) any correction of an electronic record accepted with errors, as provided in §102.5(e) of this title (concerning General Rules for Written Communications to and from the Division), within 30 days of the notification from the division detailed in §124.104(b) of this title (concerning Reporting Requirements);
(4) information about a compensable death with no beneficiary no later than the 10th day after determining that an employee whose injury resulted in death had no legal beneficiary; and

(5) a change in an electronic record initiated by the insurance carrier, the coverage information required by paragraph (1) of this subsection if not available when the First Report of Injury was submitted to the division, and any change in a claimant or employer mailing address within seven days of receiving the new address.

(c) The insurance carrier must notify the division and the claimant of its denial of a claim based on noncompensability or lack of coverage in accordance with this section and as otherwise provided by this title.

(d) The insurance carrier must notify the division and the claimant of the following:

(1) first payment of indemnity benefits on a claim within 10 days of making the first payment;

(2) first payment of indemnity benefits on an acquired claim within 10 days of making the first payment;

(3) a change in the net benefit payment amount without a change to the benefit type within 10 days of making the first payment reflecting the change;

(4) a change from one income benefit type to another or to death benefits within 10 days of making the first payment reflecting the change;

(5) resumption of payment of income or death benefits within 10 days of making the first payment;

(6) termination or suspension of income or death benefits within 10 days of making the last payment for the benefits;

(7) employer continuation of salary, as defined in §129.1(1) (concerning Definitions for Temporary Income Benefits) of this title, equal to or exceeding the employee's average weekly wage as defined by this title within:

(A) seven days of receiving the information that salary would be continued in lieu of the insurance carrier initiating temporary income benefits;

(B) ten days of making the last payment of temporary income benefits due to the employer's salary continuation; or

(C) ten days of resuming payment of the employer's salary continuation;

(8) lump sum payment of income or death benefits within 10 days of making the payment; or

(9) refusal to pay accrued income benefits due to dispute of disability.

(e) If an insurance carrier receives a written notice of injury for a disease or illness identified by Texas Government Code, Chapter 607, Subchapter B (relating to Diseases or Illnesses Suffered by Firefighters, Peace Officers, and Emergency Medical
Technicians), the insurance carrier must take one of the following actions no later than the 15th day after receiving the notice of injury:

1. initiate benefits as required by the Texas Workers' Compensation Act and the division’s rules;
2. file a notice of denial as described in this section; or
3. provide the claimant and the division with notice as required under Labor Code §409.021(a-3) (Notice of Continuing Investigation) for a claim for benefits received on or after June 10, 2019.

(f) When applying subsection (e) of this section and Government Code, Chapter 607, Subchapter B, a "claim for benefits" means the first written notice of injury as provided in §124.1 of this title (concerning Notice of Injury).

(g) The insurance carrier must issue a Notice of Continuing Investigation as a plain language notice in the form and manner prescribed by the division. The notification requirements of this section are not considered complete until a copy of the notice provided to the claimant is received by the division.

1. A Notice of Continuing Investigation must include the following:
   A. a statement describing all steps taken by the insurance carrier to investigate the disease or illness before the notice was given;
   B. a list of any claim-specific evidence, releases, or documentation the insurance carrier reasonably believes is both relevant and necessary to complete its investigation; and
   C. contact information for the adjuster, including the adjuster’s email address, fax number, and telephone number.

2. An insurance carrier must provide a reasonable amount of time for a claimant to respond to the notice.

3. The notice may not include a request for additional diagnostic testing, mental health records, generic requests (such as "the claimant's medical records"), or requests for records that are not directly related to either the disease or illness or eligibility for application of a statutory presumption.

4. Notwithstanding the issuance of a Notice of Continuing Investigation, an insurance carrier must continue taking reasonable steps to acquire claim-specific information necessary to complete its investigation of the claim.

(h) Notification to the claimant as required by subsections (c) - (e) of this section requires the insurance carrier to use plain language notices in the form and manner prescribed by the division. These notices must provide a full and complete statement describing the insurance carrier’s action and rationale. The statement must contain sufficient claim-specific substantive information to enable the claimant to understand
the insurance carrier’s position or action taken on the claim. A generic statement that simply states the insurance carrier’s position with phrases such as "employee returned to work," "adjusted for light duty," "liability is in question," "compensability in dispute," "under investigation," or other similar phrases with no further description of the factual basis for the action taken does not satisfy the requirements of this section.

(i) In addition to the denial notice requirements in subsection (h), if the insurance carrier receives a written notice of injury for a disease or illness identified by Texas Government Code, Chapter 607, Subchapter B (relating to Diseases or Illnesses Suffered by Firefighters, Peace Officers, and Emergency Medical Technicians), the denial must also include the following:

(1) if the insurance carrier asserts that a statutory presumption does not apply, a statement explaining why and describing the claim-specific information that the insurance carrier reviewed;

(2) alternatively, based on its investigation, if the insurance carrier concludes that a statutory presumption applies, but a notice of denial will be issued, a statement explaining why and describing the claim-specific information reviewed before issuing the notice that supports a reasonable belief that risk factors, accidents, hazards, or other causes not associated with their employment were a substantial factor in bringing about the injured employee’s disease or illness, without which the disease or illness would not have occurred; and

(3) if the insurance carrier provided a timely Notice of Continuing Investigation as permitted by law, the denial notice must also include a statement describing whether the claimant provided a timely response to the notice.

(j) Notification to the division as required by subsections (b) - (e) of this section requires the insurance carrier to use electronic filing, as that term is used in §102.5(e) of this title (concerning General Rules for Written Communications to and from the Division) with the division, according to the requirements in Subchapter B of this title (concerning Insurance Carrier Claim Electronic Data Interchange Reporting to the Division).

(1) In addition to the electronic filing requirements of this subsection, when an insurance carrier notifies the division of a denial, Notice of Continuing Investigation, or dispute of disability as required by this section, it must provide the division a written copy of the notice provided to the claimant as described under subsections (g) - (i) and (k) of this section, as applicable.

(2) The notification requirements of this section are not considered completed until the copy of the notice provided to the claimant is received by the division.

(k) Notification to the division and the claimant of a dispute of disability, extent of injury, or eligibility of a claimant to receive death benefits must be made as otherwise
prescribed by this title and requires the insurance carrier to use plain language notices in the form and manner prescribed by the division. These notices must provide a full and complete statement describing the insurance carrier’s action and its reasons for such action. The statement must contain sufficient claim-specific substantive information to enable the claimant to understand the insurance carrier's position or action taken on the claim. A generic statement that simply states the insurance carrier's position with phrases such as "no medical evidence to support disability," "not part of compensable injury," "liability is in question," "under investigation," "eligibility questioned," or other similar phrases with no further description of the factual basis for the action taken does not satisfy the requirements of this section.

(l) Except as otherwise provided by this title, insurance carriers must not provide notices to the division that explain that:
   (1) benefits will be paid as they accrue;
   (2) a wage statement has been requested;
   (3) temporary income benefits are not due because there is no lost time;
   (4) the insurance carrier is disputing some or all medical treatment as not reasonable or necessary;
   (5) compensability is not denied, but the insurance carrier disputes the existence of disability (if there are no indications of lost time or disability and the employee is not claiming disability); or
   (6) future medical benefits are disputed (notices of which must not be provided to anyone in the system).

(m) Notifications to the claimant and the claimant’s representative must be filed by fax or electronic transmission unless the recipient does not have the means to receive such a transmission, in which case, the notifications must be personally delivered or sent by mail.

(n) Each insurance carrier must provide to the division, through its Austin representative in the form and manner prescribed by the division, the contact information for all workers' compensation claim service administration functions performed by the insurance carrier either directly or through third parties.
   (1) The contact information for each function must include mailing address, telephone number, fax number, and email address, as appropriate. This contact information may be provided either in the form of a single Uniform Resource Locator (URL) for a web page created and maintained by the insurance carrier that contains the required information or through an online submission to the division. The claim service administration functions requiring contact information to be reported are:
      (A) coverage verification (policy issuance and effective dates of the policy);
(B) claim adjustment;
(C) medical billing;
(D) pharmacy billing (if different from medical billing);
(E) preauthorization; and
(F) workers’ compensation health care network.

(2) If the web page option is used, the page must contain the date it was last updated and an email address or other contact information a user may report problems or inaccuracies to.

(3) The insurance carrier must update the contact information or URL within 10 working days after any such change is made.

(o) All notices to a claimant required under this section must be stated in plain language and in no less than 12-point font. This subsection applies to notices sent on or after April 1, 2020.

(p) The section is effective July 26, 2023.

**RULE §124.3 Investigation of an Injury and Notice of Denial or Dispute**

(a) Except as provided in subsection (b) of this section, upon receipt of written notice of injury as provided in §124.1 of this title (relating to Notice of Injury) the insurance carrier shall conduct an investigation relating to the compensability of the injury, the insurance carrier’s liability for the injury, and the accrual of benefits. If the insurance carrier believes that it is not liable for the injury or that the injury was not compensable, the insurance carrier shall file the notice of denial of a claim (Notice of Denial) in the form and manner required by Labor Code §409.022 (relating to Refusal to Pay Benefits; Notice; Administrative Violation) and §124.2 of this title (concerning Insurance Carrier Reporting and Notification Requirements).

(1) If the insurance carrier does not file a Notice of Denial by the 15th day after receipt of the written notice of injury or does not file a Notice of Continuing Investigation as described under Labor Code §409.021(a-3) (relating to Initiation of Benefits; Insurance Carrier’s Refusal; Administrative Violation), the insurance carrier is liable for any benefits that accrue and shall initiate benefits in accordance with this section.

(2) If the insurance carrier files a Notice of Denial after the 15th day but on or before the 60th day after receipt of written notice of the injury:
(A) The insurance carrier is liable for and shall pay all income benefits that had accrued and were payable prior to the date the insurance carrier filed the Notice of Denial and only then is it permitted to suspend payment of benefits; and

(B) The insurance carrier is liable for and shall pay for all medical services, in accordance with the Act and rules, provided prior to the filing of the Notice of Denial.

(3) The insurance carrier shall not file notice with the division that benefits will be paid as and when they accrue with the division.

(4) An insurance carrier's failure to file a Notice of Denial or a Notice of Continuing Investigation by the 15th day after it receives written notice of an injury constitutes the insurance carrier's acceptance of the claim as a compensable injury, subject to the insurance carrier's ability to contest compensability on or before the 60th day after receipt of written notice of the injury. In the event of such a failure, the insurance carrier is liable for and shall pay all income and medical benefits that have accrued or become payable, subject to the insurance carrier's right to contest compensability on or before the 60th day.

(5) The insurance carrier commits an administrative violation if, not later than the 15th day after it receives written notice of the injury, it does not begin to pay benefits as required, file a Notice of Denial of the compensability of a claim, or file a Notice of Continuing Investigation in the form and manner required by §124.2 of this title. The division will send periodic notifications to all insurance carriers regarding the amount of penalties owed and the proper way to submit and document the payments.

(b) Except as provided by subsection (c), the insurance carrier waives the right to contest compensability of or liability for the injury, if it does not contest compensability on or before the 60th day after the date on which the insurance carrier receives written notice of the injury.

(c) If the insurance carrier wants to deny compensability of or liability for the injury after the 60th day after it received written notice of the injury:

(1) the insurance carrier must establish that it is basing its denial on evidence that could not have reasonably been discovered earlier; and

(2) the insurance carrier is liable for and shall pay all benefits that were payable prior to and after filing the Notice of Denial until the division has made a finding that the evidence could not have been reasonably discovered earlier.

(d) If the claim involves the death of an injured employee, investigations, denials of compensability or liability, and disputes of the eligibility of a potential beneficiary to receive death benefits are governed by §132.17 of this title (concerning Denial, Dispute, and Payment of Death Benefits). Notwithstanding §132.17(f)(1) and (2) of this title, the
insurance carrier may issue a Notice of Continuing Investigation in accordance with the provisions of §124.2(f) and this section.

(e) Notwithstanding §132.13 of this title (concerning Burial Benefits), if an insurance carrier has issued a Notice of Continuing Investigation in accordance with the provisions of §124.2(f) and this section, the insurance carrier shall either pay or deny a claim for burial benefits within seven days from the date the insurance carrier either initiated benefits or filed a notice of denial in accordance with §124.2(f) of this title.

(f) Labor Code §409.021 and subsection (a) of this section do not apply to disputes of extent of injury. If an insurance carrier receives a medical bill that involves treatment(s) or service(s) that the insurance carrier believes is not related to the compensable injury, the insurance carrier shall file a notice of dispute of extent of injury (notice of dispute). The notice of dispute shall be filed in accordance with §124.2 of this title and be filed not later than the earlier of:
   (1) the date the insurance carrier denied the medical bill; or
   (2) the due date for the insurance carrier to pay or deny the medical bill as provided in Chapter 133 of this title (concerning General Medical Provisions).

(g) If the insurance carrier receives a written notice of injury for a disease or illness identified by Texas Government Code, Chapter 607, Subchapter B (relating to Diseases or Illnesses Suffered by Firefighters, Peace Officers, and Emergency Medical Technicians), it shall investigate the applicability of the statutory presumption as well as compensability of the injury, liability for the injury, and the accrual of benefits.
   (1) A claimant is not required to expressly claim the applicability of a statutory presumption in order for the statutory presumption to apply.
   (2) A presumption under Government Code, Chapter 607, Subchapter B, is claimed upon an insurance carrier’s receipt of a written notice of injury which identifies:
      (A) the injured or deceased employee’s occupation as a firefighter, peace officer, or emergency medical technician, and
      (B) the injured or deceased employee’s disease or illness is a medical condition identified by Subchapter B.
   (3) A determination that the statutory presumption does not apply does not relieve the insurance carrier of its continuing obligation to conduct a reasonable investigation relating to the compensability of the injury, liability for the injury, and accrual of benefits.

RULE §124.5 Mode of Payment Made by Insurance Carriers

(a) The insurance carrier shall make all medical benefit and burial payments by:
   (1) check or other readily negotiable instrument; or
   (2) electronic transfer by mutual agreement to an account designated in writing by the payee.

(b) Except as provided by §126.2 of this title (relating to Payment of Benefits to Minors), insurance carriers shall make all payments of income or death benefits by:
   (1) check or other readily negotiable instrument to the order of the claimant; or
   (2) electronic transfer if required to under subsection (f) of this section or by mutual agreement between the insurance carrier and the claimant including an access card under §124.6 of this title (relating to Electronic Transfer Payments Made Through an Access Card).

(c) An insurance carrier that routinely pays benefits by check or other negotiable instrument to the claimant drawn on an out-of-state financial institution shall accompany each instrument with written information about the insurance carrier’s office location and telephone number where the claimant may call, at the insurance carrier’s expense, to obtain help with cashing the instrument, if necessary.

(d) A claimant may request that the insurance carrier make benefit payments by electronic transfer to a personal bank account by providing the insurance carrier in writing: the name and routing transit number of the financial institution and the account number and type of account that the claimant wants the benefits electronically transferred to. The insurance carrier shall provide the claimant with a form to fill out the information required by this subsection within seven days of receiving a request for such a form from the claimant.

(e) Subsections (f) - (i) of this section apply to income or death benefit payments due on or after September 1, 2000.

(f) Unless relieved by subsection (g) of this section, the insurance carrier shall make income or death benefit payments by electronic transfer if the claimant:
   (1) requests in writing that payment be made by electronic transfer;
   (2) provides the information required by subsection (d) of this section; and
   (3) is reasonably expected to be entitled to receive income or death benefits for a period of eight weeks or more from the point that paragraphs (1) and (2) of this subsection are satisfied.
(4) This subsection does not apply to electronic transfer payments made through an access card under §124.6 of this title.

(g) An insurance carrier is relieved of the responsibility to make payment of temporary income benefits, impairment income benefits, and supplemental income benefits by electronic transfer if the mode of payment has been switched at the request of the claimant three times after initially changing to electronic payments.

(h) The insurance carrier shall initiate payment by electronic transfer starting with the first income or death benefit payment due on or after the 21st day after the requirements of subsection (f) of this section are met but shall continue to timely make payments by check until the insurance carrier initiates benefit delivery by electronic transfer.

(i) If the claimant has previously been receiving income or death benefit payments by electronic transfer and wants to receive benefits by check, the insurance carrier shall initiate income or death benefit delivery by check starting with the first benefit payment due to the claimant on or after the 7th day after receiving a written request.

(j) Effective date. Unless otherwise specified, this section is effective for income or death benefit payments due on or after June 1, 2015.

RULE §124.6 Electronic Transfer Payments Made Through an Access Card

(a) Access card. In this chapter, access card means any card or other payment method that may be used by a claimant to initiate an electric fund transfer from an insurance carrier’s bank account. The term "access card" does not include stored value cards or prepaid cards that store funds directly on the card and that are not linked to an insurance carrier's bank account.

(b) Mutual agreement. An insurance carrier may pay income or death benefits through an access card to a claimant if there is written mutual agreement signed by the insurance carrier and the claimant. The insurance carrier shall maintain accurate records of the mutual agreement for, at a minimum, 401 weeks from the date of injury. The written mutual agreement shall contain an acknowledgement that the claimant received and agreed to the written disclosure in subsection (f) of this section.
(c) Agent of the insurance carrier. Any person with whom an insurance carrier utilizes or contracts for the purpose of providing service or fulfilling duties under this section is an agent of the insurance carrier under §180.1(3) of this title (relating to Definitions).

(d) Requirements and prohibited fees. An insurance carrier shall:
   (1) permit the claimant to withdraw the entire amount of the balance of an access card in one transaction;
   (2) not reduce income or death benefits paid to a claimant through an access card for the following fees, surcharges, and adjustments:
      (A) overdraft services under which a financial institution pays a transaction (including a check or other item) when the claimant has insufficient or unavailable funds in the account;
      (B) ATM withdrawal or a point of sale purchase for more than the card holds and the transaction is denied;
      (C) ATM balance inquiries;
      (D) withdrawing money from network ATMs;
      (E) withdrawing money from a teller;
      (F) customer service calls;
      (G) activating the card;
      (H) fees for card inactivity;
      (I) closing account;
      (J) access card replacement through standard mail;
      (K) withdrawing the entire payment in one transaction;
      (L) point of sale purchases; or
      (M) any other fees or charges that are not authorized under subsection (e) of this section.

(e) Permitted fees. The claimant may be charged for the following:
   (1) access card replacement through an expedited mail service;
   (2) international transaction fees; and
   (3) out-of-network ATM fees.

(f) Required disclosure. Insurance carriers shall provide a written disclosure to the claimant contemporaneously with the written mutual agreement under subsection (a) of this section. The written disclosure shall include:
   (1) a summary of the claimant’s liability for unauthorized electronic fund transfers;
   (2) the telephone number and address of the person or office to be notified when the claimant believes that an unauthorized electronic fund transfer has been or may be made;

(4) any fees imposed for electronic fund transfers or for the right to make transfers including a statement that fees may be imposed by ATM operator that is out-of-network;
(5) fees for expedited card replacement or international transaction fees will be removed from the balance maintained in the bank account linked to the access card;
(6) a summary of the claimant’s right to receipts and periodic statements;
(7) all bank locations and network ATMs in the United States where the claimant may access his or her funds at no cost;
(8) a statement informing the claimant that they have a right to receive payments directly into their personal bank account through direct deposit.

(g) Plain language requirement. An insurance carrier shall provide a written disclosure and notice of term or condition changes under this section that:
(1) are printed in not less than 12-point font;
(2) include the full text in English, Spanish, and any other language common to the claimant population;
(3) are written in a clear and coherent manner and wherever practical, words with common and everyday meaning shall be used to facilitate readability; and
(4) are appropriately divided and captioned in a meaningful sequence such that each section contains an underlined, boldfaced, or otherwise conspicuous title or caption at the beginning of the section that indicates the nature of the subject matter included in or covered by the section.

(h) Access card information. An access card issued to the claimant under the section:
(1) shall not bear any information that could reasonably identify the claimant as a participant in the workers’ compensation system.
(2) shall include on the front or back of the access card a toll-free customer service number and website address. Customer service personnel shall be available by phone Monday through Friday, during normal business hours as outlined in §102.3 of this title (relating to Computation of Time).

(i) Written notice of term or condition changes. The insurance carrier shall provide a written notice to the claimant at least 21 days before the effective date of any change in a term or condition of the mutual agreement or disclosure, including terminating the access card program, increased fees, or liability for unauthorized electronic fund transfers. Any terms or conditions that violate the requirements of this section are null and void and may result in administrative penalties for the insurance carrier. An insurance carrier shall provide a written notice of term or condition changes that:
(1) provides a comparison of the current terms and the changes; and (2) references the claimant's ability to request a change in payment outlined in §124.5(i) of this title (relating to Mode of Payment Made by Carriers).

(j) Account closure. An insurance carrier may close the account by issuing a check to the claimant with the remaining balance of the access card if the account has been inactive for 12 months or longer.

(k) Recoupment of payment. The insurance carrier shall not remove money from the claimant's account or access card except to remove permitted fees under subsection (e) of this section or to close the account for inactivity of a period of 12 months or more. An insurance carrier seeking to recoup overpayments shall follow the procedures outlined in §126.16 of this title (relating to Procedures for Recouping Overpayments of Income Benefits).

(l) Paid date. An insurance carrier is considered to have made an income or death benefit payment the date the payment is available on the claimant's access card.

(m) No granting of rights. Nothing in the section shall be construed to grant any rights otherwise prohibited under federal law.

(n) Effective date. This section is effective for income or death benefit payments due on or after June 1, 2015.

RULE §124.7 Initial Payment of Temporary Income Benefits

(a) As used in this section, the following terms have the following meanings, unless the context clearly indicates otherwise: "Accrual date" means the day an injured worker’s income benefits begin to accrue. "Day of disability" means a day when the worker is unable to obtain and retain employment at wages equivalent to the pre-injury wage because of a compensable injury. Intermittent days of disability shall be cumulated to calculate the accrual date.

(b) An injured worker's accrual date is the worker's eighth day of disability.

(c) A carrier who has received written notice of an injury and has not disputed the claim shall initiate income benefits no later than the seventh day after the accrual date.
(d) Nothing in this section is intended to limit a carrier's discretion to initiate payment of temporary income benefits before the time limit established in subsection (c) of this section.

**RULE §126.2 Payment of Benefits to Minors**

RULE §126.4 Advance of Benefits Based on Financial Hardship

(a) An injured employee seeking an advance of income benefits based on financial hardship shall submit a written application to the Commission in the form and manner prescribed by the Commission that states the basis for the hardship. The application must state the employee understands that if an advance is granted the amount of future weekly benefit payments will be reduced as directed by the Commission.

(b) The Commission shall forward a copy of the employee's application to the insurance carrier and shall consider the employee's application and may order an advance if it determines that both a hardship exists for the employee and the employee is likely to be entitled to income benefits sufficient to cover the amount of the advance.

(c) An advance will not be granted to an employee whose combined post-injury earnings, as defined by §129.2 of this title (relating to Entitlement to Temporary Income Benefits), and income benefits under this Act equals or exceeds 90% of the employee's net pre-injury wage. In the absence of specific evidence to the contrary, the net pre-injury wage of an employee shall be presumed to be 80% of the average weekly wage, for this section.

(d) The Commission shall notify the carrier and the employee in writing when an advance is ordered. The notice shall include the amount of the advance to be paid; this amount shall not exceed four times the maximum weekly benefit for temporary income benefits as computed under the Act, §408.061(a). The carrier shall pay an advance ordered by the Commission within seven days of the receipt of notice from the Commission by the carrier's Austin representative.
(e) After the carrier has paid an advance, it shall reduce the amount of the weekly income benefits in an amount set by the Commission, which takes into account the amount advanced and the number of weeks that benefits are likely to be paid in the future. The weekly benefits may be paid in this reduced amount until the carrier has recouped the amount advanced.

(f) The total amount of benefits paid to the employee through weekly payments and advances based on hardship shall not exceed the amount the employee would have received under a normal payment schedule. No more than three advances shall be granted based on the same injury.

RULE §126.5 Entitlement and Procedure for Requesting Required Medical Examinations

(a) A doctor who has contracted with or is employed by an authorized workers' compensation health care network established under Insurance Code Chapter 1305, (network doctor) may not perform a required medical examination, as those terms are used under the Texas Workers' Compensation Act (the Act), for an employee receiving medical care through the same network. It is the responsibility of the requesting party to ensure the doctor selected does not have a disqualifying association.

(b) The Division may authorize a required medical examination (RME) for any reason set forth in the Act, Texas Labor Code §408.004, §408.0041, or §408.151 at the request of the insurance carrier (carrier). The request shall be made in the form and manner prescribed by the Division. A carrier is not entitled to take action with respect to benefits based on, and the Division shall not consider, a report of an RME doctor that was not approved or obtained in accordance with this section.

(c) Carriers are entitled to RMEs by a doctor of their choice in accordance with this subsection as follows:

(1) Pursuant to Texas Labor Code §408.004, once every 180 days, to resolve any questions about the appropriateness of the health care received by the injured employee (employee). The carrier's first RME may be requested at any time after the date of injury. A subsequent examination may be requested once every 180 days after the first examination and must be performed by the same doctor unless otherwise approved by the Division. This paragraph only applies to requests for required medical
examinations of employees not receiving medical treatment through an authorized workers’ compensation health care network.

(2) For the purpose of evaluating a designated doctor’s determination on the issues listed under Labor Code §408.0041, a carrier is entitled to an examination under this subsection only after a Designated Doctor exam under §126.7 of this title (relating to Designated Doctor Examinations: Requests and General Procedures).

(3) For the purpose of evaluating a designated doctor’s determination pursuant to Texas Labor Code §408.151, to determine if the employee’s medical condition resulting from the compensable injury has improved sufficiently to allow the employee to return to work. For the purposes of this paragraph, the carrier may not require an employee to submit to an RME more than once per year if:

(A) an employee is receiving supplemental income benefits on or after the second anniversary of the date of the employee’s initial entitlement to supplemental income benefits, and

(B) in the year preceding the request for the RME, the employee’s medical condition resulting from the compensable injury had not improved sufficiently to allow the employee to return to work during that year.

(d) The doctor selected to perform an RME must be on the Division’s approved doctors list and, if the purpose of the examination is to evaluate maximum medical impairment (MMI) and/or permanent impairment following a designated doctor examination, be authorized to assign impairment ratings under §130.1(a) of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment).

(e) Except for an examination under subsection (c)(2) and (3) of this section, the Division shall not require an employee to submit to a medical examination at the carrier’s request until the carrier has made an attempt to obtain the agreement of the employee for the examination as required by this subsection. The carrier shall notify the Division in the form and manner prescribed by the Division of any agreement or non-agreement by the employee regarding the requested examination. An examination of an employee by a doctor selected by the carrier shall be requested as follows:

(1) Prior to requesting an RME from the Division, the carrier shall send a copy of the request to the employee and the employee’s representative (if any) in the manner prescribed by subsection (g) of this section in an attempt to obtain the employee’s agreement to the examination.

(2) The carrier shall give the employee 15 days to agree to the examination. The 15-day period begins on the date the carrier sends the request to the employee and the employee’s representative (if any). Though the employee has 15 days to respond to the request, the carrier is not prohibited from contacting the employee or the employee’s 
representative (if any) by telephone to discuss the request and obtain the employee's or the representative's response.

(3) The carrier shall send the request to the Division after either obtaining the employee's answer to the request or when the employee fails to respond after the 15-day period.

(f) The carrier shall send a copy of the request for a required medical examination required by subsection (e) of this section to the employee and the employee's representative (if any) by facsimile or electronic transmission if the carrier has been provided with a facsimile number or email address for the recipient, otherwise, the carrier shall send the request by other verifiable means.

(g) The carrier shall maintain copies of the request for a required medical examination and shall also maintain verifiable proof of successful transmission of the information. For these purposes, verifiable proof includes, but is not limited to, a facsimile confirmation sheet, certified mail return receipt, delivery confirmation from the postal or delivery service, or a copy of the electronic submission.

(h) This section is effective on January 1, 2007 and a request for an RME under this section may be made on or after January 1, 2007.

RULE §126.6 Required Medical Examination

(a) When a request is made by the insurance carrier (carrier), or the Division, for a medical examination, the Division shall determine if an examination should occur. The Division shall grant or deny the request within seven days of the date the request is received by the Division. A copy of the action of the Division shall be sent to the injured employee (employee), the employee's representative (if any), and the carrier. The notice shall explain the circumstances under which an employee may experience loss of benefits and penalty exposure for failing to attend the examination as well as the need to reschedule a missed examination. An agreement between the parties for an examination under §126.5 of this title (relating to Entitlement and Procedure for Requesting Required Medical Examinations) that the carrier has a right to has the same effect as the action of the Division.
(b) All examinations required under this section must be scheduled to occur within 30 days after receipt of the notice, with at least 10 days notice to the employee and the employee's representative (if any). If a scheduling conflict exists, the employee and the doctor shall contact each other. The doctor or the employee who has the scheduling conflict must make contact at least 24 hours prior to the appointment. The 24-hour requirement will be waived in an emergency situation (such as a death in the immediate family or a medical emergency). The rescheduled examination shall be set for a date within seven days of the originally scheduled examination, unless an extension is agreed upon by the employee and doctor. The extension may not be to a date later than the 30th day after the originally scheduled examination. In this event, the examining doctor shall notify the carrier and the 10 days notice requirement does not apply to a rescheduled examination.

(c) The employee’s treating doctor may be present at an examination scheduled with a doctor selected by the carrier. The employee's treating doctor may observe the conduct of the examination, and may consult with the examining doctor about the course of the employee's treatment. The employee's treating doctor shall not otherwise participate in, impede, or advise the employee not to cooperate with the examination. In initially scheduling the examination, a reasonable attempt shall be made to accommodate the schedule of the treating doctor if the employee wants the treating doctor to attend the examination and the treating doctor is willing to do so. However, once an examination is scheduled based on the treating doctor’s availability, the examination shall not be delayed, canceled, or rescheduled due to the treating doctor’s scheduling conflicts unless:
   (1) the required medical examination (RME) doctor agrees to the rescheduling; or
   (2) the examination was canceled by the RME doctor.

(d) If the RME doctor, selected by a carrier, refuses to allow the treating doctor to attend the examination, the carrier shall cancel the appointment and request that another doctor be approved for the RME. If reasonable notice is not provided to the employee and the employee's representative (if any), the carrier shall be liable for any reasonable travel expenses incurred by the employee and for the payment for the treating doctor's attendance at a refused appointment. This subsection shall not apply to situations where the treating doctor is not able to attend the examination due to any form of scheduling conflict.

(e) An RME doctor, selected by the carrier or the Division, who conducts an examination regarding the appropriateness of the health care received by the employee, shall complete a medical report that includes objective findings of the examination and an analysis that explains how the medical condition and objective findings lead to the
conclusion reached by the doctor. In addition, the RME doctor shall file the report with the insurance carrier by facsimile or electronic transmission, and shall file the report with the employee and the employee’s representative (if any) by facsimile or by electronic transmission if the RME doctor has been provided with a facsimile number or email address for the recipient, otherwise, the RME doctor shall send the report by other verifiable means. Written notice is verifiable when it is provided from any source in a manner that reasonably confirms delivery to the party. This may include an acknowledged receipt by the injured employee or insurance carrier, a statement of personal delivery, confirmed by e-mail, confirmed delivery by facsimile, or some other confirmed delivery to the home or business address. The goal of this requirement is not to regulate how a system participant makes delivery of a report or other information to another system participant, but to ensure that the system participant filing the report or providing the information has verifiable proof that it was delivered.

(f) An RME doctor who, subsequent to a designated doctor's examination, determines the employee has reached maximum medical improvement (MMI) or who assigns an impairment rating, shall complete and file the report as required by §130.1 and §130.3 of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment and Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment by Doctor Other than the Treating Doctor). Otherwise, the RME doctor shall not certify MMI or assign an impairment rating. If the RME doctor disagrees with the designated doctor’s opinion regarding MMI, the RME doctor’s report shall explain why the RME doctor believes the designated doctor was mistaken or why the designated doctor’s opinion is no longer valid. Other reports shall be completed in the form and manner prescribed by the Division and shall be sent to the carrier, the employee, the employee’s representative, if any, the treating doctor, and Division no later than 10 days after the examination.

(g) An RME doctor who, subsequent to a designated doctor's examination, determines that the employee can return to work immediately with or without restrictions is required to file a Work Status Report, as described in §129.5 of this title (relating to Work Status Reports) within seven days of the date of the examination of the employee. This report shall be filed with the treating doctor and the carrier by facsimile or electronic transmission. In addition, the RME doctor shall file the report with the employee and the employee’s representative (if any) by facsimile or by electronic transmission if the RME doctor has been provided with a facsimile number or email address for the recipient, otherwise, the RME doctor shall send the report by other verifiable means.
(h) An RME doctor who, subsequent to a designated doctor's examination, addresses issues other than those listed in subsections (f) and (g) of this section, shall file a narrative report within seven days of the date of the examination of the employee. This report shall be filed with the treating doctor and the carrier by facsimile or electronic transmission. In addition, the RME doctor shall file the report with the employee and the employee's representative (if any) by facsimile or by electronic transmission if the RME doctor has been provided with a facsimile number or email address for the recipient, otherwise, the RME doctor shall send the report by other verifiable means.

(i) A doctor who conducts an examination solely under the authority of this rule shall not be considered a designated doctor under the Labor Code §408.0041, §408.122 or §408.125. Examinations with a designated doctor are not subject to any limitations under the provisions for RMEs.

(j) A carrier may suspend temporary income benefits (TIBs) if an employee, without good cause, fails to attend an RME required pursuant to Labor Code §408.0041(f).

(1) In the absence of a finding by the Division to the contrary, a carrier may presume that the employee did not have good cause to fail to attend the examination if by the day the examination was originally scheduled to occur the employee has both:

(A) failed to submit to the examination; and

(B) failed to contact the RME doctor's office to reschedule the examination in accordance with subsection (b) of this section.

(2) If, after the carrier suspends TIBs pursuant to this section, the employee contacts the RME doctor to reschedule the examination, the RME doctor shall reschedule the examination as soon as possible, but not later than the 30th day after the employee contacted the doctor. The insurance carrier shall re-initiate TIBs effective as of the date the employee submitted to the examination. The re-initiation of TIBs shall occur no later than the seventh day following:

(A) the date the carrier was notified that the employee attended the examination; or

(B) the date that the carrier was notified that the Division found that the employee had good cause for not attending the examination.

(3) An employee is not entitled to TIBs for a period during which the carrier was entitled to suspend benefits pursuant to this section unless the employee later submits to the examination and the Division finds or the carrier determines that the employee had good cause to fail to attend the appointment.

(k) An employee who, without good cause, fails or refuses to appear at the time scheduled for an examination authorized by this section may be assessed an administrative penalty under Labor Code §408.004 and §408.0041. An employee who fails to submit to an examination at the carrier's request when the carrier selected
doctor refuses to allow the treating doctor to attend the examination or when the RME doctor cancels the examination does not commit an administrative violation.

(l) The Division shall require examinations requiring travel of up to 75 miles from the employee's residence, unless the treating doctor certifies that such travel may be harmful to the employee's recovery. Travel over 75 miles may be authorized if good cause exists to support such travel. The carrier shall pay reasonable travel expenses incurred by the employee in submitting to any required medical examination, as specified in Chapter 134 of this title (relating to Benefits--Guidelines For Medical Service, Charges, and Payments).

(m) This section is effective on January 1, 2007 and a request for an RME under this section may be made on or after January 1, 2007.

RULE §126.8 Commission Approved Doctor List

(a) On or after January 1, 1993, except in emergency situations, injured employees must receive medical treatment from a doctor on the commission approved doctor list (the list). This list initially includes all doctors licensed in Texas on or after January 1, 1993, and doctors licensed in other jurisdictions who have been added to the list by the commission.

(b) Doctors licensed in other jurisdictions may ask to be added to the list by submitting a written request containing information prescribed by the commission. Unless the doctor has been deleted from the list by the commission, a carrier shall not withhold reimbursement to doctors licensed in other jurisdictions when the only reason for nonpayment is that the doctor is not presently on the list.

(c) This section is no longer effective on or after September 1, 2003.

Source Note: The provisions of this §126.8 adopted to be effective July 1, 1993, 18 TexReg 3755; amended to be effective June 7, 2001, 26 TexReg 3941; amended to be effective March 14, 2002, 27 TexReg 1810
RULE §126.9 Choice of Treating Doctor and Liability for Payment

(a) The injured employee is entitled to the employee's initial choice of treating doctor from the list of doctors approved by the Texas Workers' Compensation Commission. As of January 1, 1993, any change in treating doctor after the initial choice requires approval from the commission. The term "doctor," as used in this section, has the meaning defined in Texas Civil Statutes, Article 8308-1.03(17).

(b) The commission shall include, with the information mailed to the employee as required by the Act, §5.09, the requirements related to the selection of a treating doctor from the commission-approved doctor list and to changing treating doctors as described in this section.

(c) The first doctor who provides health care to an injured employee shall be known as the injured employee's initial choice of treating doctor. The following do not constitute an initial choice of treating doctor:

(1) a doctor salaried by the employer;
(2) a doctor recommended by the carrier or employer, unless the injured employee continues, without good cause as determined by the commission, to receive treatment from the doctor for a period of more than 60 days; or
(3) any doctor providing emergency care unless the injured employee receives treatment from the doctor for other than follow-up care related to the emergency treatment.

(d) If an injured employee wants to change treating doctors, other than exceptions as described in Texas Civil Statutes, Article 8308-4.64, or removal of the doctor from the list, the employee shall submit to the field office handling the claim, reasons why the current treating doctor is unacceptable. Unless medical necessity exists for an immediate change, the submission shall be in writing on a form prescribed by the commission. If the need for an immediate change exists, then the injured employee may notify the field office by telephone. Injured employees who change doctors because the doctor is removed from the list or for one of the exceptions listed in Texas Civil Statutes, Article 8308-4.64, shall immediately notify the commission of the change in the form and format prescribed by the commission.

(e) Reasons for approving a change in treating doctor include, but are not limited to:

(1) the reasons listed in Texas Civil Statutes, Article 8308-4.63(d); and
(2) the selected doctor chooses not to be responsible for coordinating injured employee's health care as described in §133.3 of this title (relating to Responsibilities of Treating Doctor).
(f) The commission shall issue an order approving or denying a change of doctor request. This order shall be issued within 10 days after receiving the request and, if a change is approved, shall include an order for the insurance carrier to pay for treatment provided by the approved doctor unless superseded by a subsequent order.

(g) With good cause, the injured employee or carrier may dispute the order regarding a change to an alternate treating doctor within 10 days after receiving the order. That dispute will be handled through the dispute resolution process described in Chapters 140-143 of this title (relating to Dispute Resolution/General Provisions, Benefit Review Conference, Benefit Contested Case Hearing, and Review by the Appeals Panel).

(h) The commission may, after holding a benefit contested case hearing as provided by Chapter 142 of this title (relating to Benefit Contested Case Hearing), relieve the carrier of liability for health care furnished by a doctor or health care provider at the doctor’s direction if:
   (1) the doctor chosen by the employee is not on the list at the time the medical treatments or services are rendered; or
   (2) the employee failed to comply with commission rules regarding a change in treating doctor.

(i) If the carrier is relieved of liability for the costs of health care, the employee may be billed for medical treatments or services provided the health care provider billing the employee had no knowledge of the violation by the employee at the time the medical treatments or services were rendered.

(j) The commission shall relieve the carrier of liability by an order which identifies the health care provider(s) and expressly states the time period for which the carrier is relieved of liability and whether the health care provider may submit the bill to the employee for those treatments or services. Provided, however, that a doctor removed from the list may not seek reimbursement under workers’ compensation for treatments or services rendered.

**RULE §126.11 Extension of the Date of Maximum Medical Improvement for Spinal Surgery**

(a) The commission may approve an extension of the date of maximum medical
improvement, subject to subsection (f) of this section, if the injured employee has had spinal surgery or has been approved for spinal surgery in accordance with §134.600 of this title (relating to Preauthorization, Concurrent Review, and Voluntary Certification of Health Care), 12 weeks or less before the expiration of 104 weeks from the date income benefits began to accrue. Only one extension of the date of maximum medical improvement pursuant to this section may be granted. Approval for spinal surgery is either the notification from the insurance carrier (carrier) that the spinal surgery has been preauthorized or a decision from the appeal process finding the insurance carrier liable for the reasonable costs of spinal surgery. Any extension of the date of maximum medical improvement ordered by the commission must be to a specific and certain date.

(b) Upon application by either the injured employee or the insurance carrier, the commission may by order extend the date of maximum medical improvement past the period of 104 weeks from the date income benefits began to accrue as described in the Texas Labor Code, §401.011(30)(B). The request shall be made in the form and manner prescribed by the commission. The commission shall issue an order approving or denying the request for an extension of the date of maximum medical improvement within ten days of the date the request is received by the commission.

(c) Prior to submission to the commission of a request for an extension of the date of maximum medical improvement, the requestor shall request from the treating doctor or surgeon the information listed in subsection (f) of this section. The request shall also be sent to the injured employee, the injured employee’s representative, and the insurance carrier by first class mail on the same day it is submitted to the treating doctor or surgeon. The treating doctor or surgeon shall provide to the injured employee, the injured employee’s representative, and the insurance carrier the information requested in subsection (f) of this section within ten days of the date the request is received. If the requesting party has not received the information from the treating doctor or surgeon within 15 days, the request may be submitted to the commission without this information.

(d) After the actions in subsection (c) have been completed, a request for an extension of the date of maximum medical improvement shall be filed at the commission field office managing the claim by personal delivery or first class mail. A request is deemed filed upon receipt at the appropriate field office. In addition, the request shall be sent to the injured employee, the injured employee’s representative, and the insurance carrier on the same date it is sent to the commission. If the information from the treating doctor or surgeon is absent when the request is received, commission staff may invoke the provisions of §102.9 of this title (relating to Submission of Information Requested by the Commission) to secure any necessary information.
(e) A request for an extension of the date of maximum medical improvement shall be filed no earlier than 12 weeks before the expiration of 104 weeks after the date income benefits began to accrue. The commission shall deny any request for an extension of the date of maximum medical improvement that is received by the commission prior to 12 weeks before the expiration of 104 weeks after the date income benefits began to accrue or is received on or after the expiration of 110 weeks from the date income benefits began to accrue.

(f) In making the determination to approve or deny a request for an extension of the date of maximum medical improvement, the commission shall consider:

1. typical recovery times for the specific spinal surgery procedure;
2. projected date and information regarding when the condition may be medically stable as provided by the treating doctor or the surgeon;
3. case specific information regarding any extenuating circumstances that may have resulted in variances from conservative treatment protocols and time frames that may impact recovery times as provided by the treating doctor or the surgeon;
4. information from any source regarding intentional or non-intentional delays in securing the surgery or medical treatment for the compensable injury;
5. any pending, unresolved disputes regarding the date of maximum medical improvement; and
6. any pertinent information provided by the insurance carrier, injured employee, and/or the injured employee's representative regarding the extension being requested under this section.

(g) An injured employee or an insurance carrier may dispute the approval, denial, or the length of the extension granted by the commission order by filing a request for a benefit review conference in accordance with §141.1 of this title (relating to Requesting and Setting a Benefit Review Conference) no later than ten days after the date the order is received. Any proceedings and further appeals shall be conducted in accordance with Chapters 140-143 of this title (relating to Dispute Resolution/General Provisions, Benefit Review Conference, Benefit Contested Case Hearing, and Review by the Appeals Panel). Any agreement which resolves a dispute regarding extension of the date of maximum medical improvement in accordance with this section shall be in writing and approved by the commission. Approval shall not be granted if any party rescinds the agreement by notifying the commission within three working days of signing the agreement.

(h) If a request for benefit review conference is not received by the commission within ten days after the date the order granting or denying the extension was received by the disputing party, the parties waive their right to dispute the commission order. In the
event that an order is timely disputed, the order shall remain binding pending final resolution of the dispute.

(i) If the injured employee is certified by a doctor to have reached maximum medical improvement between the date the extension order was issued and the extended date of maximum medical improvement specified in the order, any dispute regarding the date of maximum medical improvement shall be resolved through the selection of a designated doctor consistent with the provisions of the Texas Labor Code, §408.122, concerning Eligibility for Impairment Income Benefits; Designated Doctor, and §130.6 of this title (relating to Designated Doctor; General Provisions). If the certification of maximum medical improvement during this time period is not disputed and the date certified is prior to the date of maximum medical improvement specified in the order for the extension, the date of maximum medical improvement from that certification shall apply. If the certification was timely disputed and the resolution of such a dispute determines that the injured employee reached maximum medical improvement at a date which is different than the date of maximum medical improvement specified in the order for the extension, the earlier date shall apply.

(j) In the event that the extension of the date of maximum medical improvement is granted based on a finding of liability for spinal surgery within the 12 week period and a party appeals the preauthorized approval to a benefit contested case hearing, any extension of the date of maximum medical improvement ordered by the commission shall be conditional pending final decision under the commission’s jurisdiction of the liability for spinal surgery. If spinal surgery is not performed within six weeks after the date the final decision of the commission is issued, the order for the extension of the date of maximum medical improvement shall be null and void.

(k) This section applies only to compensable claims with a date of injury on or after January 1, 1998. This section does not apply to an employee who has reached maximum medical improvement prior to requesting an extension under this section. An employee has reached maximum medical improvement in accordance with the Texas Labor Code, §401.011(30)(A), when either a finding of the date of maximum medical improvement is not disputed, or the date of maximum medical improvement has been finally resolved.

RULE §126.12 Payment of Interest on Accrued but Unpaid Income Benefits

(a) Accrued but unpaid income benefits are those benefits which either:
(1) have accrued during a period of dispute over insurance carrier (carrier) liability for the claim or injured employee entitlement to the benefits; or 
(2) have not been paid by the date the carrier was required to pay them.

(b) Carriers shall include simple interest in all payments for accrued but unpaid income benefits.

c) Income benefits accrue in either weekly or monthly pay periods, as otherwise provided by the Texas Workers' Compensation Act and this title, and interest shall be calculated separately for each pay period based on the length of time the benefits for that pay period remained accrued and unpaid.

(1) For pay periods in which benefits accrued while in dispute as provided in subsection (a)(1) of this section, the carrier shall pay interest for number of days between the seventh day after the day the benefits accrued and the day the payment was made.

(2) For pay periods in which benefits accrued and were paid late by the carrier as provided in subsection (a)(2) of this section, the carrier shall pay interest for the number of days between the due date for the payment and the date the payment was made.

(d) The rate of interest to be paid on accrued but unpaid income benefits by carriers will be the rate calculated in accordance with the Texas Labor Code, §401.023 and in effect on the date the payment was made.

(e) The following method shall be used to calculate the simple interest to be paid:

(1) multiply the rate of interest by the amount in question (to create annual amount of interest);

(2) divide the annual amount of interest by 365 (to create daily interest amount); then

(3) multiply daily interest amount by the number of days of interest that are owed.

RULE §126.13 Employer Initiation of Benefits and Reimbursement

(a) Applicability

(1) This section applies only to the employer initiation of benefits as described in subsection (a)(2) of this section. Employer payments made after the insurance carrier has accepted or been found to be liable for a claim such as salary continuation, as defined in §129.1 (relating to Definitions for Temporary Income Benefits), are covered by Chapter 129 of this title (relating to Temporary Income Benefits).
(2) An employer may initiate benefits including medical benefits to compensate an employee during a period in which the carrier has:
   (A) contested compensability of the injury;
   (B) contested liability for the injury; or
   (C) has not completed its initial investigation of the injury, which is limited to seven days after the carrier receives first written notice of the injury as defined in §124.1 of this title (relating to Notice of Injury).

(b) Employer Entitlement to Reimbursement
   (1) An employer who initiates benefits as provided in subsection (a)(2) of this section is entitled to reimbursement from the carrier if the employer timely reported the injury to the carrier in compliance with §120.2 (relating to Employer's First Report of Injury).
   (2) An employer who is entitled to reimbursement as provided in subsection (b)(1) of this section is entitled to the amount of those benefits which otherwise would have been paid by the carrier had the carrier immediately accepted compensability for the injury and began payment of income and medical benefits.
      (A) For an employer initiation of indemnity benefits, the amount of reimbursement that the employer is entitled to is the amount that would have been paid by the carrier in income benefits. Chapters 128, (relating to Benefits - Calculation of Average Weekly Wage), 129 (relating to Benefits - Temporary Income Benefits), 130 (relating to Benefits - Impairment & Supplemental Income Benefits), and 131 (relating to Calculation of Lifetime Income Benefits) of this title govern carrier payments of income benefits.
      (B) For an employer initiation of medical benefits, the amount of reimbursement that the employer is entitled to is the amount that would have been paid by the carrier in medical benefits. An employer is not entitled to and shall not seek reimbursement from either the carrier or the employee for amounts paid to a health care provider which are:
         (i) in excess of the Commission's fee guidelines;
         (ii) for treatment(s) or service(s) which was not reasonable or medically necessary; or
         (iii) for treatment(s) or service(s) which was not related to the compensable injury.
   (3) An employer who is entitled to reimbursement under subsection (b)(1) of this section but who paid more benefits to the employee than the carrier was required to pay in income benefits is entitled to be reimbursed for the difference if the employer initiated the benefits with the agreement of the employee and the agreement authorized the reimbursement of this difference. The difference is reimbursable out of impairment income benefits (IIBs) that the employee becomes entitled to, if any.
   (4) An employer is not entitled to and shall not seek reimbursement from the employee for any benefits initiated by the employer which are not reimbursed under subsection (c) of this section.

(c) Reporting and Reimbursement Process
(1) An employer who initiates payment of benefits as provided in subsection (a) of this section shall report the initiation of benefits to the carrier within seven days of this initiation.

(2) A carrier who is notified by an employer that the employer has initiated benefits as provided in subsection (c)(1) of this section shall notify the employer in writing within seven days of the carrier either accepting or being found to be liable for a claim.

(3) Within seven days of being notified by the carrier that the carrier has accepted or been found liable for a claim, the employer shall report to the carrier in the form and manner prescribed by the Commission the amount of any benefits provided to the employee.

(4) A carrier who receives a report of benefits initiated by the employer as described in this section shall, not later than the seventh day after the carrier receives the report, reimburse the employer the compensation that the carrier would have otherwise paid.

(5) The carrier shall pay the employer a reimbursement out of IIBs as provided in subsection (b)(3) of this section in lump sum and shall apportion this amount equally across the employee's remaining weekly IIBs payments. The carrier shall pay this reimbursement in a lump sum not later than the seventh day after the later of:

(A) the date the carrier receives a certification of MMI with an impairment rating of greater than 0%; or

(B) the date an impairment rating dispute is resolved by a designated doctor's opinion, agreement, or final adjudication.

RULE §126.14 Treating Doctor Examination to Define the Compensable Injury

(a) On request of the insurance carrier, an injured employee is required to submit to a single examination per workers' compensation claim for the purpose of defining the compensable injury. The examination:

(1) shall not be requested prior to the eighth day after the date of injury, and

(2) shall be scheduled to occur no earlier than 15 days and no later than 30 days from the date the notice of examination is sent to the injured employee.

(b) The insurance carrier shall schedule the examination with the injured employee's treating doctor. If a request to change treating doctor has been filed by the injured employee, the insurance carrier shall not schedule this examination until after the treating doctor change has been processed.
(1) An insurance carrier that schedules the examination with a doctor other than the injured employee's treating doctor shall be liable for reimbursement of the examination and testing.

(2) The examination findings may only be used to define the compensable injury when provided by the treating doctor of record at the time the notice of examination was sent to the injured employee. The report by a doctor other than the treating doctor of record at the time the notice of examination was sent shall not be used for the purpose of defining the compensable injury.

(c) The insurance carrier shall send the injured employee a written notice of examination. A copy of a notice of examination shall be sent to the injured employee's representative (if any). The notice of examination, at a minimum, shall include:

(1) general information identifying the claim;
(2) the name of the treating doctor;
(3) the date, time, and the location of the scheduled examination with the treating doctor named; and
(4) the following statements in a bold font equal to the font size in the main body of the notice:

(A) The insurance carrier requests that you, the injured employee, attend a single examination for this workers' compensation claim for the sole purpose of defining the injuries and diagnoses that resulted from the work-related incident or activities. Section 408.0042 of the Labor Code requires you to attend.

(B) If the doctor named in this notice is not your treating doctor, immediately contact the insurance carrier (add name and phone number of contact person) or the Texas Department of Insurance, Division of Workers' Compensation. You are not required to attend this examination with a doctor other than your treating doctor, unless the doctor was your treating doctor on the day the notice of examination was sent to you. Once you receive notice of this examination, you should not request to change treating doctor until after the examination has been conducted.

(C) You are responsible for contacting your doctor to reschedule the examination if you have a conflict with the date and time that has been scheduled for you. The rescheduled examination shall take place within seven days of the originally scheduled date or the doctor's first available appointment date. If you fail to attend the examination at the time scheduled or rescheduled without good cause, an administrative penalty may be assessed.

(d) If a scheduling conflict exists, the injured employee shall immediately contact the treating doctor to reschedule the examination. The examination must be rescheduled to take place within seven working days of the original examination or the doctor's first available appointment date.
(e) An injured employee who fails or refuses to appear at the time scheduled for an examination may be assessed an administrative penalty unless good cause exists for such failure. An injured employee who fails to submit to an examination at the insurance carrier’s request does not commit an administrative violation if the doctor named on the notice of examination is not the injured employee’s treating doctor.

(f) The treating doctor shall submit a narrative report after the conclusion of the examination. The report shall contain, at a minimum:

1. general information that identifies the claim;
2. a description of the mechanism of injury;
3. a list of all specific, confirmed diagnoses, including ICD-9 codes and the narrative description, that the doctor considers to be related to the compensable injury. The explanation shall describe how the mechanism of injury is a cause of each diagnosis. If the doctor identifies an aggravation of any pre-existing condition, including an ordinary disease of life, the explanation shall describe how the mechanism of injury caused a worsening, acceleration, or exacerbation of that pre-existing condition; and
4. a list of each diagnostic test performed, if required to establish a diagnosis, including an explanation of why it was appropriate to perform each test to define the compensable injury.

(g) Any diagnostic testing necessary to define the compensable injury shall be performed no later than 10 working days after the examination and is not subject to the preauthorization requirements of either §134.600 of this title (relating to Preauthorization, Concurrent Review, and Voluntary Certification of Health Care) or a worker’s compensation health care network under Insurance Code Chapter 1305 or Chapter 10 of this title (relating to Workers' Compensation Health Care Networks).

(h) The treating doctor shall submit a copy of the narrative report to the insurance carrier, the injured employee, and the injured employee's representative (if any) no later than 10 days after the conclusion of the examination. If diagnostic testing is required to define the compensable injury, the filing of the report is extended to seven days after the conclusion of the testing.

(i) A treating doctor may bill, and the insurance carrier shall reimburse, for an examination performed under this section.

1. Treating doctors shall bill for the examination using the Healthcare Common Procedure Coding System (HCPCS) Level I code, Evaluation and Management Section, for work-related or medical disability evaluation services performed by a treating physician. A Division modifier of "TX" shall be added to the Level I code.
(2) Reimbursement for the examination shall be $350. Reimbursement for the report is included in the examination fee. Doctors are not required to submit a copy of the report with the bill if the report was previously provided to the insurance carrier.

(3) Testing necessary to define the compensable injury shall be billed using the appropriate billing codes and reimbursed in addition to the examination fee. Reimbursement for testing shall not be retrospectively reviewed on the basis of compensability if the doctor has documented a rationale for why the testing was necessary for defining the compensable injury.

(j) An insurance carrier shall review the injuries and diagnoses identified in the treating doctor’s report. If a specific injury or diagnosis is not accepted as part of the compensable injury, the insurance carrier shall file a denial in accordance with §124.2 of this title (relating to Carrier Reporting and Notification Requirements) within the later of 60 days after the date written notice of the injury is received or within 10 working days of receipt of the treating doctor’s report. In addition to the distribution requirements outlined in §124.2 of this title, a copy of the written denial shall be sent to the treating doctor by fax or electronic transmission unless the recipient does not have the means to receive such transmission in which case the notice shall be personally delivered or sent by mail.

(1) A compensable injury established as a result of a waiver determination under Labor Code §409.021, is not affected by a definition of the compensable injury under §408.0042.

(2) The insurance carrier shall not deny reimbursement for treatment of any injury or diagnosis listed in the treating doctor’s report on the basis of compensability or relatedness prior to filing a denial as required by §124.2 of this title.

(k) The injured employee may initiate a request for a benefit review conference in accordance with Labor Code §410.023 and §141.1 of this title (relating to Requesting and Setting a Benefit Review Conference) upon receiving a denial regarding specific injuries or diagnoses.

(l) If the insurance carrier denies an injury or diagnosis identified in this examination, all treatment for that injury or diagnosis must be preauthorized prior to treatment occurring. For the treating doctor, the insurance carrier’s denial is effective on the date the written notice of denial is received by the doctor. The preauthorization requirement continues until the injury or diagnosis is determined to be part of the compensable injury through dispute resolution or agreement of the parties.

(m) A health care provider may request a benefit review conference, in accordance with §141.1 of this title, to address an extent of injury question if a request for
preauthorization has been denied for treatment of an injury or diagnosis that was denied as unrelated to the compensable injury under this section; unless:

(1) the injured employee has already requested a benefit review conference to pursue the extent of injury denial, or

(2) an agreement, filed in accordance with §147.4 of this title (relating to Filing Agreements with the Commission, Effective Dates) has been entered into by the insurance carrier and injured employee establishing the insurance carrier's liability on the disputed issues.

(n) Once the treating doctor has defined the compensable injury and the insurance carrier has accepted injuries or diagnoses as related, the insurance carrier shall not review treatment of the accepted injuries and diagnoses for compensability.

RULE §126.15 Procedures for Resolution of Underpayments of Income Benefits

(a) This section applies to insurance carrier underpayment of income benefits. It does not apply to:

(1) insurance carrier underpayment of death, burial, or medical benefits; or

(2) redesignation of income benefits.

(b) If the insurance carrier determines on its own that an underpayment of income benefits has occurred, the insurance carrier shall pay the full amount of the underpayment with interest on accrued but unpaid benefits in accordance with Chapter 408, Labor Code, applicable division rules related to payment of benefits, §102.10 of this title (relating to Interest, General), and §126.12 of this title (relating to Payment of Interest on Accrued but Unpaid Income Benefits) within seven days of the determination.

(c) If an injured employee determines that the injured employee has received less than the correct amount owed in income benefits and the injured employee wishes to resolve the underpayment under this section, the injured employee must notify the insurance carrier in writing to request the additional amount. The notice must include an explanation and information that supports the injured employee's determination of the underpayment.

(d) If the insurance carrier agrees with the injured employee that there has been an underpayment of income benefits, the insurance carrier shall pay the full amount of the
underpayment with interest on accrued but unpaid benefits in accordance with Chapter 408, Labor Code, applicable division rules related to payment of benefits, §102.10 of this title, and §126.12 of this title within seven days of receipt of the notice from the injured employee.

(e) If the insurance carrier disagrees that there has been an underpayment of income benefits, the insurance carrier must, within seven days of receipt of the notice from the injured employee, provide the injured employee with written notice of its determination. The insurance carrier notice must be in plain language, in English or Spanish, as appropriate, and include the reasons for the insurance carrier’s determination, and a statement that the injured employee may request dispute resolution through the dispute resolution processes outlined in Chapters 140 - 144 and 147 of this title (relating to Dispute Resolution), including expedited dispute resolution.

(f) The insurance carrier must provide notice to the injured employee and the division of any change in the payment of an injured employee's income benefits in accordance with the requirements of §124.2 of this title (relating to Carrier Reporting and Notification Requirements).

(g) If an insurance carrier disagrees that there has been an underpayment of income benefits, the injured employee may request dispute resolution through the dispute resolution processes outlined in Chapters 140 - 144 and 147 of this title, including expedited dispute resolution.

(h) This section does not affect the division’s authority to identify and take action on underpayments on its own motion.

RULE §126.16 Procedures for Recouping Overpayments of Income Benefits

(a) This section applies to insurance carrier overpayment of income benefits. It does not apply to:
   (1) insurance carrier overpayment of death, burial, or medical benefits;
   (2) redesignation of income benefits; or
   (3) repayments pursuant to Labor Code §415.008.
(b) If an insurance carrier determines that it has overpaid income benefits to an injured employee, the insurance carrier may recoup the overpayment from future income benefit payments as follows:

1. The insurance carrier must notify the injured employee in writing that it will begin withholding benefits to recoup an overpayment. The notice must be in plain language and in English or Spanish, as appropriate. The notice must also include the reason for the overpayment; the amount of the overpayment to be recouped from future income benefit payments; the date recoupment will begin; and relevant documentation that supports the insurance carrier’s determination of an overpayment, such as a wage statement or a supplemental report of injury. The notice must also advise the injured employee that if the injured employee disagrees that there has been an overpayment, the injured employee may request dispute resolution through the dispute resolution processes outlined in Chapters 140 - 144 and 147 of this title (relating to Dispute Resolution), including expedited dispute resolution. The insurance carrier may not begin recoupment of the overpayment earlier than the second income benefit payment made after the written notice has been sent to the injured employee.

2. If the injured employee’s income benefits are not concurrently being reduced to pay approved attorney’s fees or to recoup a division approved advance, the insurance carrier may recoup the overpayment under this subsection in an amount not to exceed 25% of the income benefit payment to which the injured employee is entitled, except as provided by subsection (c) of this section.

3. If the injured employee’s income benefits are concurrently being reduced to pay approved attorney’s fees or to recoup a division approved advance, the insurance carrier may recoup the overpayment under this subsection in an amount not to exceed 10% of the income benefit payment to which the injured employee is entitled, except as provided by subsection (c) of this section.

(c) If the insurance carrier wishes to recoup the overpayment in an amount greater than that permitted by subsection (b) of this section, the insurance carrier must attempt to enter into a written agreement with the injured employee and, if unable to do so, request dispute resolution through the dispute resolution processes outlined in Chapters 140 - 144 and 147 of this title. If the injured employee wishes to provide for recoupment of the overpayment in an amount less than the percentage chosen by the insurance carrier, the injured employee must attempt to enter into a written agreement with the insurance carrier and, if unable to do so, request dispute resolution through the dispute resolution processes outlined in Chapters 140 - 144 and 147 of this title.

(d) In determining whether to approve an increase or decrease in the recoupment rate, the division must consider the cause of the overpayment and minimize the financial hardship that may reasonably be created for the injured employee.
(e) The insurance carrier must provide notice to the injured employee and the division of any change in the payment of an injured employee's income benefits in accordance with the requirements of §124.2 of this title (relating to Carrier Reporting and Notification Requirements). The insurance carrier's notice to the injured employee must identify the amount that was overpaid.

(f) This section does not create an entitlement for an insurance carrier to seek reimbursement from the Subsequent Injury Fund except as provided by Labor Code §§403.006, 408.0041, 410.209, and applicable division rules.

(g) If an injured employee does not agree that the injured employee has received an overpayment of income benefits, the injured employee may request dispute resolution through the dispute resolution processes outlined in Chapters 140 - 144 and 147 of this title, including expedited dispute resolution.

(h) This section does not affect the division's authority to identify and take action on overpayments on its own motion.

**RULE §126.17 Guidelines for Examination by a Treating Doctor or Referral Doctor After a Designated Doctor Examination to Address Issues Other Than Certification of Maximum Medical Improvement and the Evaluation of Permanent Impairment**

(a) An examination by the injured employee's treating doctor or another doctor to whom the injured employee is referred by the treating doctor to determine any issue other than certification of maximum medical improvement and the evaluation of permanent impairment may be appropriate after a designated doctor examination if:

1. the designated doctor issued an opinion on the issue;
2. the injured employee is not satisfied with the designated doctor's opinion; and
3. the treating doctor or the referral doctor has not already provided the injured employee with a written report that meets the standard described by subsection (b) of this section on the issue addressed by the designated doctor.

(b) The treating doctor or the referral doctor shall complete a narrative report. The report should include objective findings of the examination and an analysis that explains how the objective findings lead to the conclusion reached by the doctor. This report shall be filed with the insurance carrier, the injured employee and the injured
employee's representative. Notwithstanding §129.5 of this title (relating to Work Status Reports), if the treating doctor or the referral doctor examines the injured employee to address an issue relating to return to work, the doctor must also file a Work Status Report.

(c) The insurance carrier shall reimburse the injured employee for all reasonable travel expenses as specified in Chapter 134, Subchapter B of this title (relating to Miscellaneous Reimbursement) for attending an appropriate medical examination.

(d) Nothing in this section is construed to limit or prohibit the injured employee from obtaining reasonable and necessary medical care for the compensable injury or from obtaining a written report from a treating doctor or a referral doctor on any issue under Labor Code §408.0041(a)(3) - (6) prior to a designated doctor examination.

Rule §127.1 Requesting Designated Doctor Examinations

(a) Initiating an examination. At the request of the insurance carrier, an injured employee, the injured employee's representative, or on its own motion, the division may order a medical examination by a designated doctor to resolve questions about:
   (1) the impairment caused by the injured employee's compensable injury;
   (2) the attainment of maximum medical improvement (MMI);
   (3) the extent of the injured employee's compensable injury;
   (4) whether the injured employee's disability is a direct result of the work-related injury;
   (5) the ability of the injured employee to return to work; or
   (6) issues similar to those described by paragraphs (1) - (5) of this subsection.

(b) Requirements for a request. To request a designated doctor examination, a requester must:
   (1) provide a specific reason for the examination;
   (2) report the injured employee's current diagnosis or diagnoses and body part or body parts affected by the injury;
   (3) provide general information about the identity of the requester, injured employee, treating doctor, and insurance carrier;
   (4) identify the workers' compensation health care network certified under Insurance Code Chapter 1305 through which the injured employee is receiving treatment, if applicable;
   (5) identify whether the claim involves medical benefits provided through a political subdivision under Labor Code §504.053(b)(2) and the name of the health plan, if applicable;
   (6) submit the request on the form prescribed by the division under this section. A copy of the prescribed form is:
      (A) on the division's website at www.tdi.texas.gov/wc; or
      (B) at the division's headquarters in Austin, Texas, or any division field office location;
   (7) submit the request to the division and a copy of the request to each party listed in subsection (a) of this section who did not request the designated doctor examination;
   (8) provide all information listed in subparagraphs (A) - (G) of this paragraph that applies to the type of examination the requester seeks:
(A) if the requester seeks an examination on the attainment of MMI, include the statutory date of MMI, if any;

(B) if the requester seeks an examination on the impairment rating of the injured employee, include the date of MMI that has been determined to be valid by a final decision of the division or a court or by agreement of the parties, if any;

(C) if the requester seeks an examination on the extent of the compensable injury, include a description of the accident or incident that caused the claimed injury and a list of all injuries in question;

(D) if the requester seeks an examination on whether the injured employee's disability is a direct result of the work-related injury, include the beginning and ending dates for the claimed periods of disability and state if the injured employee is either not working or is earning less than pre-injury wages as defined by Labor Code §401.011(16);

(E) if the requester seeks an examination on the injured employee's ability to return to work in any capacity and the activities the injured employee can perform, include the beginning and ending dates for the periods to be addressed. If no dates are included, the designated doctor must examine the injured employee's work status as of the date of the examination;

(F) if the requester seeks an examination to determine whether an injured employee entitled to supplemental income benefits may return to work in any capacity for the identified period, include the beginning and ending dates for the qualifying periods to be addressed and whether this period involves the ninth quarter or a subsequent quarter of supplemental income benefits;

(G) if the requester seeks an examination on topics under subsection (a)(6) of this section, specify the issue in sufficient detail for the designated doctor to identify and answer the questions; and

(9) provide a signature to attest that every reasonable effort has been made to ensure the accuracy and completeness of the information in the request.

(c) Scheduling an examination within 60 days. The division will not schedule a designated doctor examination within 60 days of the most recent designated doctor examination absent a showing of good cause.

(1) Good cause requires the requester to show that the requested examination is reasonably necessary to resolve the submitted questions and that it will affect entitlement to benefits.

(2) If the requester already asked for an examination on the claim, they must also show that the submitted questions could not reasonably have been included in the previous examination.
(d) Denial of a request. The division will determine whether good cause exists on a case-by-case basis. The division will deny a request for a designated doctor examination and provide a written explanation for the denial to the requester if:

(1) the request does not comply with any of the requirements of subsection (b) or (c) of this section;

(2) the request would require the division to schedule an examination that violates Labor Code §§408.0041, 408.123, or 408.151;

(3) there is an unresolved dispute about compensability reported under §124.2 of this title (relating to Insurance Carrier Reporting and Notification Requirements); or

(4) the request lacks any legal or factual basis that would reasonably merit approval.

(e) Examination ordered during a dispute. During a dispute on the compensability of a claim as a whole, if a division administrative law judge or benefit review officer determines that an expert medical opinion would be necessary to resolve a dispute about whether the claimed injury resulted from the claimed incident, the administrative law judge or benefit review officer may order the injured employee to attend a designated doctor examination to address that issue.

(f) Disputes about designated doctor requests. The dispute resolution processes in Chapters 140 - 144 and 147 of this title (relating to dispute resolution processes, proceedings, and procedures) govern disputes about designated doctor requests.

(1) The insurance carrier, an injured employee, or the injured employee's representative may dispute the division's approval or denial of a designated doctor examination request.

(2) Until the division has either approved or denied the request, a party may not dispute the designated doctor examination request itself or the accuracy of any information on the request.

(3) To dispute an approved or denied request for a designated doctor examination, a party may seek an expedited contested case hearing under §140.3 of this title (relating to Expedited Proceedings). The party must file the request within three working days of receiving the order under §127.5(b) of this title (relating to Scheduling Designated Doctor Appointments).

(4) If the division receives and approves a timely request for expedited proceedings to dispute a designated doctor examination, the division will stay the disputed examination pending the outcome of the expedited contested case hearing.

RULE §127.5 Scheduling Designated Doctor Appointments

(a) Order assigning a designated doctor. Within 10 days after approving a valid request, the division will issue an order that assigns a designated doctor and will notify the designated doctor, the treating doctor, if any, the injured employee, the injured employee’s representative, if any, and the insurance carrier that the designated doctor is directed to examine the injured employee. The order will:

1. Indicate the designated doctor’s name, license number, examination address, fax number, telephone number, and the date and time of the examination or the date range for the examination to be conducted;
2. Explain the purpose of the designated doctor examination;
3. Require the injured employee to submit to an examination by the designated doctor;
4. Require the designated doctor to perform the examination at the indicated examination address; and
5. Require the treating doctor, if any, and insurance carrier to forward all medical records to the designated doctor in compliance with §127.10(a)(3) of this title (relating to General Procedures for Designated Doctor Examinations).

(b) Change of examination address. The examination address indicated on the order in subsection (a)(4) of this section may not be changed by any party or by an agreement of any parties without good cause and the division’s approval.

(c) Availability of designated doctor. Except as provided in subsection (g) of this section, the division will select the next available doctor on the designated doctor list for a medical examination requested under §127.1 of this title (relating to Requesting Designated Doctor Examinations). A designated doctor is available to perform an examination at any address the doctor has filed with the division if the doctor:

1. Does not have any disqualifying associations as described in §127.140 of this title (relating to Disqualifying Associations);
2. Is appropriately qualified to perform the examination in accordance with §127.130 of this title (relating to Qualification Standards for Designated Doctor Examinations);
3. Is certified on the day the examination is offered and has not failed to timely file for renewal under §127.100 of this title (relating to Designated Doctor Certification), if applicable;
4. Has not treated or examined the injured employee in a different health care provider role:
   A. Within the past 12 months; or
   B. For a medical condition being evaluated in the designated doctor examination.
(d) Designated doctor lists. To select the next available doctor, the division will maintain two independent designated doctor lists for each county in Texas.

(1) One list will consist of designated doctors qualified to perform examinations under §127.130(b)(1) - (4) of this title.

(2) The other list will consist of designated doctors qualified to perform examinations under §127.130(b)(5) - (9) of this title.

(3) Nothing in this section prevents a qualified designated doctor from being on both lists.

(4) A designated doctor will be added to the appropriate designated doctor list for the county of each address the doctor has filed with the division.

(5) When a designated doctor adds an address for a county the doctor is not currently listed in, the doctor will be placed at the bottom of the appropriate list for that county.

(6) When a designated doctor removes the only address for a county the doctor is currently listed in, the designated doctor will be removed from the list for that county.

(e) Assignment of designated doctor examinations. Except as provided in subsection (f) of this section, the division will assign designated doctor examinations as follows:

(1) Each working day, all examination requests within a county will be sorted and distributed to the appropriate list based on the designated doctor qualification standards.

(2) Depending on the volume of requested examinations, the division will assign up to five examinations to the next available designated doctor at the top of the appropriate list.

(3) An examination assignment moves the designated doctor receiving the assignment to the bottom of the list from which the designated doctor was selected. Receipt of an assignment on one list does not change a designated doctor's position on the other list.

(4) The division may choose not to offer a designated doctor an examination if it is reasonably probable that the designated doctor will not be certified on the date of the examination.

(f) Exemptions. Nothing in this section prevents the division from exempting a designated doctor from the applicable qualification standard under §127.130(d) of this title. If there is no available designated doctor in the county of the injured employee, the division may assign a designated doctor as necessary.

(g) Subsequent examinations. If the division has previously assigned a designated doctor to the claim at the time a request is made, the division will assign the same doctor to a subsequent examination for that claim unless the division has authorized or required the doctor to stop providing services on the claim in accordance with §127.130 of this title. Examinations under this subsection must be conducted at the same examination
address as the designated doctor's previous examination of the injured employee or at another examination address approved by the division.

(h) Mutual agreement required to reschedule. The designated doctor's office and the injured employee must contact each other if there is a scheduling conflict. The designated doctor or the injured employee who has the scheduling conflict must contact the other at least one working day before the appointment. The one working day requirement is waived in an emergency situation. An examination cannot be rescheduled without the mutual agreement of the designated doctor and the injured employee. The designated doctor must maintain and document:

1. the date and time of the designated doctor examination listed on the division's order;
2. the date and time of the agreement to reschedule with the injured employee;
3. how contact was made to reschedule, indicating the telephone number, fax number, or email used to make contact;
4. the reason for the scheduling conflict; and
5. the date and time of the rescheduled designated doctor examination.

(i) Documentation required. Failure to document and maintain the information in subsection (h) of this section creates a rebuttable presumption that the examination was rescheduled without mutual agreement of the designated doctor and injured employee.

(j) Rescheduling timeframes. The rescheduled examination must be set to occur no later than 21 days after the originally scheduled examination date. It may not be rescheduled to occur before the originally scheduled examination date.

1. Within one working day of rescheduling, the designated doctor must provide the time and date of the rescheduled examination to the division, the injured employee or the injured employee's representative, if any, the injured employee's treating doctor, and the insurance carrier.
2. If the examination cannot be rescheduled to occur within 21 days of the originally scheduled examination date, or if the injured employee fails to attend the rescheduled examination, the designated doctor must notify the division within 21 days of the originally scheduled examination date.
3. After receiving this notice, the division may select a new designated doctor.

RULE §127.10 General Procedures for Designated Doctor Examinations

(a) Authorization to receive documents. The designated doctor is authorized under Labor Code §408.0041(c) to receive the injured employee's confidential medical records and analyses of the injured employee's medical condition, functional abilities, and return-to-work opportunities without a signed release from the injured employee to help resolve a dispute under this subchapter. The following requirements apply to the designated doctor's receipt of medical records and analyses:

(1) The treating doctor and insurance carrier must provide the designated doctor copies of all the injured employee's medical records in their possession relating to the medical condition to be evaluated by the designated doctor.

(A) For subsequent examinations with the same designated doctor, the treating doctor and insurance carrier must provide only those medical records not previously sent.

(B) The cost of copying must be reimbursed in accordance with §134.120 of this title (relating to Reimbursement for Medical Documentation).

(2) The treating doctor and insurance carrier may also send the designated doctor an analysis of the injured employee's medical condition, functional abilities, and return-to-work opportunities.

(A) The analysis sent by any party may only cover the injured employee's medical condition, functional abilities, and return-to-work opportunities as provided in Labor Code §408.0041. The analysis may include supporting information, such as videotaped activities of the injured employee and marked copies of medical records.

(B) If the insurance carrier sends an analysis to the designated doctor, the insurance carrier must send a copy to the treating doctor, the injured employee, and the injured employee's representative, if any.

(C) If the treating doctor sends an analysis to the designated doctor, the treating doctor must send a copy to the insurance carrier, the injured employee, and the injured employee's representative, if any.

(3) The treating doctor and insurance carrier must ensure that the designated doctor receives the required records and analyses (if any) no later than three working days before the date of the designated doctor examination.

(A) If the designated doctor has not received the medical records or any part of them at least three working days before the examination, the designated doctor must report this violation to the division within one working day of not timely receiving the records.

(B) Once notified, the division will take action necessary to ensure that the designated doctor receives the records.

(C) If the designated doctor does not receive the medical records within one working day of the examination or does not have sufficient time to review the late medical records.
records before the examination, the designated doctor must reschedule the examination to occur no later than 21 days after receiving the records.

(b) Requirement to review information. Before examining an injured employee, the designated doctor must review the injured employee's medical records, including any analysis of the injured employee's medical condition, functional abilities, and return to work opportunities that the insurance carrier and treating doctor provide in accordance with subsection (a) of this section, and any materials the division submits to the doctor.

(1) The designated doctor must also review the injured employee's medical condition, history, and any medical records the injured employee provides and must perform a complete physical examination of the injured employee.

(2) The designated doctor must give the medical records reviewed the weight the designated doctor determines to be appropriate.

(c) Additional testing and referrals. The designated doctor must perform additional testing when necessary to resolve the issue in question. The designated doctor must also refer an injured employee to other health care providers when the referral is necessary to resolve the issue in question, and the designated doctor is not qualified to fully resolve it.

(1) Any additional testing or referrals required for the evaluation are not subject to preauthorization requirements.

(2) Payment for additional testing or referrals that the designated doctor has determined are necessary under this subsection must not be denied prospectively or retrospectively, regardless of any potential disagreements about medical necessity, extent of injury, or compensability.

(3) Any additional testing or referrals required for the evaluation are subject to the requirements of §180.24 of this title (relating to Financial Disclosure).

(4) Any additional testing or referrals required for the evaluation of an injured employee under a certified workers' compensation network under Insurance Code Chapter 1305 or a political subdivision under Labor Code §504.053(b):

(A) are not required to use a provider in the same network as the injured employee; and

(B) are not subject to the network or out-of-network restrictions in Insurance Code §1305.101 (relating to Providing or Arranging for Health Care).

(5) Any additional testing or referral examination and the designated doctor's report must be completed within 15 working days of the designated doctor's physical examination of the injured employee unless the designated doctor receives division approval for additional time before the 15 working days expire.

(6) If the injured employee fails or refuses to attend the designated doctor's requested additional testing or referral examination within 15 working days or within the additional
time the division approved, the designated doctor must complete the report based on the designated doctor's examination of the injured employee, the medical records received, and other information available to the doctor and indicate the injured employee's failure or refusal to attend the testing or referral examination in the report.

(d) MMI and impairment ratings. Any evaluation relating to either MMI, an impairment rating, or both, must be conducted in accordance with §130.1 of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment). For examinations conducted under this subsection on or after June 5, 2023, the designated doctor may provide multiple certifications of MMI and impairment ratings only when directed by the division.

(e) Reports on MMI and impairment ratings. A designated doctor who determines the injured employee has reached MMI, assigns an impairment rating, or determines the injured employee has not reached MMI, must complete and file a report as required by §130.1 and §130.3 of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment by a Doctor Other than the Treating Doctor).

(1) If the designated doctor provides multiple certifications of MMI and impairment ratings, the designated doctor must file a Report of Medical Evaluation under §130.1(d) of this title for each assigned impairment rating and a designated doctor examination data report under §127.220 of this title (relating to the Designated Doctor Reports) for the doctor's extent of injury determination.

(2) The designated doctor must submit only one narrative report required by §130.1(d)(1)(B) of this title on all assigned impairment ratings and extent of injury findings.

(3) All designated doctor narrative reports submitted under this subsection must comply with the requirements of §127.220(a) of this title (relating to Designated Doctor Reports).

(f) Reports on return to work. A designated doctor who examines an injured employee for any question relating to return to work must complete a Work Status Report that complies with §129.5 of this title (relating to Work Status Reports) and a narrative report that complies with the requirements of §127.220(a) of this title. The designated doctor must file the work status report and the narrative report together within seven working days of the date the designated doctor examines the injured employee.

(1) The designated doctor must file the reports with the treating doctor, the division, and the insurance carrier by fax or electronic transmission.
(2) The designated doctor must file the reports with the injured employee and the injured employee's representative (if any) by fax or electronic transmission if the designated doctor has a fax number or email for the recipient.

(3) If the designated doctor has no fax number or email for a recipient, the designated doctor must send them the reports by other verifiable means.

(g) Report on other issues. A designated doctor who resolves questions on issues other than those listed in subsections (d), (e), and (f) of this section must file a designated doctor examination data report that complies with §127.220(c) of this title and a narrative report that complies with §127.220(a) of this title within seven working days of the date the designated doctor examines the injured employee.

(1) The designated doctor must file these reports with the treating doctor, the division, and the insurance carrier by fax or electronic transmission.

(2) The designated doctor must provide these reports to the injured employee and the injured employee's representative (if any) by fax or electronic transmission if the designated doctor has a fax number or email for the recipient.

(3) If no fax number or email is provided for the recipient, the designated doctor must send the reports by other verifiable means.

(h) Presumptive weight. The designated doctor's report is given presumptive weight on the issue or issues the designated doctor was properly appointed to address, unless the preponderance of the evidence is to the contrary.

(i) Payment of benefits during dispute. The insurance carrier must pay all benefits, including medical benefits, in accordance with the designated doctor's report for the issue or issues in dispute.

(1) If the designated doctor provides multiple certifications of MMI and impairment ratings, the insurance carrier must pay benefits based on the conditions to which the designated doctor determines the compensable injury extends.

(2) For medical benefits, the insurance carrier has 21 days from receipt of the designated doctor's report to reprocess all medical bills previously denied for reasons inconsistent with the designated doctor's findings. By the end of this period, insurance carriers must pay these medical bills in accordance with the Labor Code and Chapters 133 and 134 of this title.

(3) The insurance carrier must pay all other benefits no later than five days after receiving the report.

(j) Record retention. The designated doctor must maintain accurate records for, at a minimum, five years from the anniversary date of the date of the designated doctor's last examination of the injured employee.
(1) This requirement does not reduce or replace any other record retention requirements imposed on a designated doctor by an appropriate licensing board.

(2) These records must include the injured employee's medical records, any analysis the insurance carrier or treating doctor submits (including supporting information), reports the designated doctor generates as a result of the examination, and narratives the insurance carrier and treating doctor provide, to reflect:

(A) the date and time of any designated doctor appointments scheduled with an injured employee;
(B) the circumstances for a cancellation, no-show, or other situation where the examination did not occur as initially scheduled or rescheduled, and if applicable, documentation of the agreement to reschedule the examination and the notice that the doctor provided to the division, the injured employee's treating doctor, and the insurance carrier within 24 hours of rescheduling an appointment;
(C) the date of the examination;
(D) the date the designated doctor received medical records from the treating doctor or any other person;
(E) the date the designated doctor submitted the reports described in subsections (d), (e), and (f) of this section to all required parties and documentation that these reports were submitted to the division, treating doctor, and insurance carrier by fax or electronic transmission and to other required parties by verifiable means;
(F) if applicable, the names of any referral health care providers the designated doctor used, the dates of referral health care provider appointments, and the reason the designated doctor referred them; and
(G) if applicable, the date the doctor contacted the division for assistance in getting medical records from the insurance carrier or treating doctor.

(k) Dispute resolution. Parties may dispute any entitlement to benefits affected by a designated doctor's report through the dispute resolution processes outlined in Chapters 140-144 and 147 of this title (relating to dispute resolution processes, proceedings, and procedures).

RULE §127.15 Undue Influence on a Designated Doctor

(a) Communication about medical condition or history. To avoid undue influence on the designated doctor:
(1) except as provided by §127.10(a) of this title (relating to General Procedures for Designated Doctor Examinations), only the injured employee or appropriate division staff may communicate with the designated doctor about the injured employee's medical condition or history before the designated doctor examines the injured employee;

(2) after the examination is completed, only appropriate division staff may communicate with the designated doctor about the injured employee's medical condition or history; and

(3) the designated doctor may initiate communication with:

(A) any health care provider who previously treated or examined the injured employee for the work-related injury; or

(B) a peer review doctor that the insurance carrier identifies as having reviewed the injured employee's claim or any information about that claim.

(b) Communication about administrative matters. The insurance carrier, treating doctor, injured employee, or injured employee's representative, if any, may contact the designated doctor's office to ask about administrative matters, including, but not limited to, whether the designated doctor received the records, whether the exam took place, or whether the designated doctor has filed the report, or other similar matters.

RULE §127.20 Requesting a Letter of Clarification Regarding Designated Doctor Reports

(a) Filing a clarification request. Parties may file a request with the division for clarification of the designated doctor's report.

(1) The requesting party must provide copies of the request to all parties.

(2) The division may contact the designated doctor if it determines that clarification is necessary to resolve an issue regarding the designated doctor's report.

(3) Parties may only request clarification on issues already addressed by the designated doctor's report or on issues that the designated doctor was ordered to address but did not.

(4) A designated doctor must only respond to the questions or requests submitted to the designated doctor in the request for clarification and must not reconsider their previous decision, issue a new or amended decision, or provide clarification on their previous decision.

(b) Requirements. Requests for clarification must:
(1) include the name of the designated doctor, the reason for the examination, the date of the examination, and the requester's name and signature;
(2) explain why clarification of the designated doctor's report is necessary and appropriate to resolve a future or pending dispute;
(3) include questions for the designated doctor to answer that are not inflammatory or leading; and
(4) provide any medical records that were not previously provided to the designated doctor and explain why these records are necessary for the designated doctor to respond to the request for clarification.

(c) Requests by the division. At its discretion, the division may also request clarification from the designated doctor on any issue or issues.

(d) Responses to requests. To respond to a request for clarification, the designated doctor must be on the division's designated doctor list on the date of the request.
   (1) The designated doctor must respond in writing to the request for clarification within five working days of receipt and send copies of the response to the parties listed in §127.10(g) of this title (relating to General Procedures for Designated Doctor Examinations).
   (2) If the designated doctor must reexamine the injured employee to respond to the request for clarification, the doctor must:
      (A) respond to the request for clarification in writing, advising of the need for an additional examination within five working days of receiving the request and provide copies of the response to the parties specified in §127.10(g) of this title;
      (B) conduct the reexamination within 21 days from the date the division issues the order for the reexamination at the same address as the original examination; and
      (C) respond in writing to the request for clarification based on the additional examination within seven working days of the examination and provide copies of the response to the parties specified in §127.10(g) of this title.

(e) Administrative violation. Any refusal or failure by a designated doctor to conduct a reexamination that is necessary to respond to a request for clarification is an administrative violation.

RULE §127.25 Failure to Attend a Designated Doctor Examination

(a) Suspension of benefits. An insurance carrier may suspend temporary income benefits (TIBs) if an injured employee fails, without good cause, to attend a designated doctor examination or a referral examination under §127.10(c) of this title.

(b) No good cause. If there is no division finding that good cause exists, an insurance carrier may presume that the injured employee did not have good cause to fail to attend the examination if, by the day the examination was originally scheduled to occur, the injured employee has both:

   (1) failed to submit to the examination; and
   (2) failed to contact the designated doctor's office to reschedule the examination.

(c) Rescheduling timeframe. If the injured employee contacts the designated doctor within 21 days of the scheduled date of the missed examination to reschedule the examination, the designated doctor must schedule the examination to occur as soon as possible, but no later than 21 days after the injured employee contacted the doctor.

(d) New examination request required. If the injured employee fails to contact the designated doctor within 21 days of the missed examination date but wishes to reschedule the examination, the injured employee must request a new examination under §127.1 of this title (relating to Requesting Designated Doctor Examinations).

(e) Reinitiation of benefits. The insurance carrier must reinstate TIBs effective on the date the injured employee submitted to the rescheduled examination under subsection (c) of this section or the date the examination was scheduled at the injured employee's request under subsection (d) of this section, unless the designated doctor's report indicates that the injured employee has reached MMI or is otherwise not eligible for income benefits. The reinitiation of TIBs must occur no later than the seventh day following:

   (1) the date the insurance carrier was notified that the injured employee submitted to the examination; or
   (2) the date the insurance carrier was notified that the division found the injured employee had good cause for not attending the examination.

(f) Benefits during suspension. An injured employee is not entitled to TIBs during the period when the insurance carrier suspended benefits under this section unless the injured employee later submits to the examination, and:

   (1) the division finds that the injured employee had good cause for not attending the examination; or
(2) the insurance carrier determines that the injured employee had good cause for not attending the examination.

3. a description of the doctor's license or licenses, certifications, and professional specialty, if any;
4. a description of the doctor's work history and hospital or other health care provider affiliations;
5. a description of any affiliations the doctor has with a workers' compensation health care network certified under Insurance Code Chapter 1305 or political subdivision under Labor Code §504.053(b)(2);

9. an attestation that:
   A. all information provided in the application is accurate and complete to the best of the doctor's knowledge;
   B. the doctor will inform the division of any changes to this information as required by §127.200(a)(8) of this title (relating to Duties of a Designated Doctor); and
   C. the doctor will consent to any on-site visits, as provided by §127.200(a)(15) of this title, by the division at facilities that the designated doctor uses or intends to use to perform designated doctor examinations for the duration of the doctor's certification.

(c) Retesting. If a doctor passes a division-required test, the doctor may not retest within a twelve-month period. If a doctor fails a division-required test, the doctor may not retest more than three times within a six-month period.

1. After the first or second attempt, the doctor must wait 14 days before retaking the test.
2. After the third attempt, the doctor must wait six months before retaking the test.

(d) Additional certification testing. On receipt of an application for designated doctor certification renewal, the division may require a designated doctor to complete additional certification testing to demonstrate proficient knowledge on the specific

(C) comply with financial disclosure requirements in §180.24 (relating to Financial Disclosure) of this title.
duties of a designated doctor under the Labor Code and division rules. Examples of circumstances that may require additional certification testing include, but are not limited to, individual need for retesting based on substandard performance, changes in the duties of a designated doctor, updates to the guidelines, and legislative changes.

(e) Notice of approval, denial, suspension, or revocation. The division will notify a doctor in writing of the commissioner's approval or denial of the doctor’s application to be certified or renewed as a designated doctor; or of the division's suspension or revocation of the doctor's certification.

(f) Term and qualification. Approvals certify a doctor for a term of two years and will include:
(1) the effective date of the certification;
(2) the expiration date of the certification; and
(3) the designated doctor's examination qualifications under §127.130 of this title (relating to Qualification Standards for Designated Doctor Examinations).

(g) Renewal. A designated doctor who seeks to renew their certification immediately after their current term expires, without interruption, must apply for certification no later than 45 days before the end of the term.
(1) If the division does not receive all of the information required under subsection (b)(1) - (9) above no later than 45 days before the end of the designated doctor's term, the division will not assign examinations to the designated doctor during the last 45 days of an expiring term.
(2) The designated doctor may still provide services on claims the division had previously assigned to them during this 45-day period.

(h) Approval of renewal application with restrictions. An application for renewal may be approved with restrictions. The division may restrict a designated doctor's certification until the doctor complies with the requirements in the designated doctor's approval of certification. Designated doctors whose certification is restricted may dispute the restriction through the procedure described in subsection (k) of this section.

(i) Adverse certification actions. The division may deny, suspend, or revoke a designated doctor’s certification for any of the following reasons:
(1) if the doctor did not submit a complete application for certification as required under subsection (b) of this section;
(2) for having a relevant restriction on their practice imposed by a state licensing board, certification authority, or other appropriate state or federal agency, including the division;
(3) if the doctor failed to update their application for certification properly; or
(4) for other activities, events, or occurrences that the commissioner determines warrant denial of a doctor’s application for certification as a designated doctor, including, but not limited to:
(A) the quality of the designated doctor’s past reports;
(B) the designated doctor’s history of complaints;
(C) excess requests for deferral from the designated doctor list by the designated doctor;
(D) a pattern of overturned reports by the division or a court;
(E) a demonstrated lack of ability to apply or properly consider the American Medical Association Guides to the Evaluation of Permanent Impairment adopted by the division to assign impairment ratings and all return-to-work and treatment guidelines adopted by the division;
(F) a demonstrated lack of ability to consistently perform designated doctor examinations in a timely manner;
(G) a demonstrated failure to identify disqualifying associations;
(H) a demonstrated lack of ability to ensure the confidentiality of injured employee medical records and claim information provided to or generated by a designated doctor;

(K) applying for certification less than a year from denial of a previous designated doctor certification application; or
(L) any grounds that would allow the division to sanction a health care provider under the Labor Code or division rules.

(j) Response to denial of certification. Within 15 working days after receiving a written denial, a doctor may file a written response with the division addressing the reasons the division gave to the doctor for its denial.
(1) If the division does not receive a written response by the 15th working day after the date the doctor received the notice, the denial will be final effective the next day. The division will not send further notice.
(2) If the division timely receives a written response that disagrees with the denial, the division will review the response and notify the doctor in writing of the commissioner's final decision.
   (A) If the final decision is still a denial, the division’s final notice will provide the reasons the doctor’s response did not change the commissioner’s decision to deny the doctor’s application for certification as a designated doctor.
(B) The denial will be effective the day after the doctor receives notice of the denial, unless the notice specifies otherwise.

(k) Request for informal conference. A designated doctor whose renewal application is denied, or whose certification is suspended or revoked, may either respond in writing using the procedure in subsection (j) of this section or submit a written request for an informal conference before the division to address those reasons.

(1) If the division does not receive a written request for an informal conference by the 15th working day after the date the doctor received the notice, the denial, suspension, or revocation will be final effective the next day. The division will not send further notice.

(2) If the division timely receives a written request for an informal conference, it will set the informal conference to occur no later than 31 days after it received the request.

(A) At the informal conference, the designated doctor may present evidence that addresses the reasons the doctor was denied certification, or the reasons the doctor's certification was suspended or revoked, to the commissioner's designated representatives.

(B) The designated doctor may have an attorney present.

(C) At the end of the informal conference, the commissioner's designated representatives will provide the designated doctor with their final recommendation on the doctor's certification.

(i) If the final recommendation is still a denial, suspension, or revocation, the commissioner's designated representatives will provide the reasons for not certifying the doctor as a designated doctor.

(ii) After the informal conference, the commissioner's designated representatives will send their final recommendation to the commissioner, who will review it and all evidence presented at the informal conference and make a final decision.

(iii) The division will notify the designated doctor of the commissioner's final decision in writing.

(iv) The decision will be effective the day after the doctor receives notice of the decision, unless the notice specifies otherwise.

(c) Qualification to perform initial examination. To be qualified to perform an initial examination on an injured employee, a designated doctor, other than a chiropractor, must be qualified under Labor Code §408.0043. (d) Exemption from qualification standards. If a designated doctor is not available with the qualifications listed in subsections (b)(9)(A) - (I), the division may exempt a medical doctor or doctor of osteopathy from any of the qualification standards specified in this chapter to serve as a designated doctor to help timely resolve a dispute or perform a particular examination.

(e) Continuity of examinations. A designated doctor who performs an initial designated doctor examination of an injured employee and meets the appropriate qualification standard to perform that examination under subsection (b) of this section will remain assigned to that claim and perform all subsequent examinations of that injured employee unless the division authorizes or requires the designated doctor to discontinue providing services on that claim.

(f) Removal of designated doctor from a claim. The division may authorize a designated doctor to stop providing services on a claim if the doctor does any of the following:
   (1) decides to stop practicing in the workers' compensation system.

   (3) relocates their residence or practice.
   (4) asks the division to indefinitely defer the doctor's availability on the designated doctor list.
   (5) determines that examining the injured employee would exceed the scope of practice authorized by their license. The division's assignment of a designated doctor exam does not alter the scope of practice authorized by the designated doctor's professional license. Section 127.200(a)(12) of this title requires a designated doctor to notify the division if continuing to participate on a claim would exceed their scope of practice.
(6) can otherwise demonstrate to the division that their continued service on the claim would be impracticable or could impair the quality of examinations performed on the claim.

(g) Prohibition. The division will prohibit a designated doctor from providing services on a claim if:
(1) the doctor has failed to become certified as a designated doctor;
(2) the doctor no longer meets the appropriate qualification standard under subsection (b) of this section to perform examinations on the claim;

RULE §127.140 Disqualifying Associations

(a) Definition. A disqualifying association is any association that may reasonably be perceived as having potential to influence the conduct or decision of a designated doctor. Disqualifying associations may include:
(1) receipt of income, compensation, or payment of any kind not related to health care the doctor provides;
(2) shared investment or ownership interest;
(3) contracts or agreements that provide incentives, such as referral fees, payments based on volume or value, and waiver of beneficiary coinsurance and deductible amounts;
(4) contracts or agreements for space or equipment rentals, personnel services, management contracts, referral services, billing services agents, documentation
management or storage services or warranties, or any other services related to
managing or operating the doctor's practice;
(5) personal or family relationships;
(6) a contract with the same workers' compensation health care network certified under
Insurance Code Chapter 1305 or a contract with the same political subdivision or
political subdivision health plan under Labor Code §504.053(b)(2) that is responsible for
providing medical benefits to the injured employee; or
(7) any other financial arrangement that would require disclosure under the Labor
Code, the Insurance Code, or applicable rules, or any other association with the injured
employee, the employer, or insurance carrier that may give the appearance of
preventing the designated doctor from rendering an unbiased opinion.

(b) Disqualification of agent. A designated doctor also has a disqualifying association
relevant to an examination or claim if an agent of the designated doctor has an
association relevant to the claim that would constitute a disqualifying association under
subsection (a) of this section.

(c) Prohibition. A designated doctor must not perform an examination if that doctor has
a disqualifying association relevant to that claim.
(1) If a designated doctor learns of a disqualifying association relevant to a claim after
accepting the examination, the designated doctor must notify the division of that
disqualifying association within two working days of learning of the disqualifying
association.
(2) A designated doctor who performs an examination even though the doctor has a
disqualifying association relevant to that claim commits an administrative violation.

(d) Notice required. Within five days of receiving the division's order of designated
doctor examination under §127.5(b) of this title (relating to Scheduling Designated
Doctor Appointments), insurance carriers must notify the division of any disqualifying
associations between the designated doctor and injured employee because of the
network affiliations described under subsection (a)(6) of this section.

(e) Effect of disqualifying association. If the division determines that a designated doctor
with a disqualifying association performed a designated doctor examination, all reports
produced by that designated doctor as a result of that examination are stripped of their
presumptive weight.

(f) Disputes about disqualifying associations. A party that seeks to dispute the selection
of a designated doctor for a particular examination based on a disqualifying association
or dispute the presumptive weight of a designated doctor's report based on a
disqualifying association must do so through the division’s dispute resolution processes in Labor Code Chapter 410 and Chapters 140-144 and 147 of this title (relating to dispute resolution processes, proceedings, and procedures).

(14) Identify themselves at the beginning of every designated doctor examination.

(15) Consent to and cooperate during any on-site visits by the division under §180.4 of this title (relating to On-Site Visits).

(A) Notwithstanding §180.4(e)(2) of this title, the division's purpose for these visits is to ensure the designated doctor’s compliance with the Labor Code and applicable division rules.

(16) Cooperate with all division compliance audits and quality reviews.

(17) Complete required training or pass required testing detailed in the designated doctor’s approval of certification.

For extent of injury examinations, the designated doctor should also provide, for informational purposes only, a diagnosis code for each disputed injury;

(4) state the date of the examination, the time the examination began, and the address where the examination took place;

(5) list any additional testing conducted or referrals made as part of the evaluation, including the identity of any healthcare providers to which the designated doctor referred the injured employee under §127.10(c) of this title, the types of tests conducted or referrals made and the dates the testing or referral examinations occurred; and

(6) be signed by the designated doctor who performed the examination.

(a) The average weekly wage (AWW) calculation for an injured employee (employee) shall be calculated depending on whether the employee was employed in one of the following five courses of employment:

(1) full-time (see §128.3 of this title (relating to Average Weekly Wage Calculation for Full-Time Employees, And For Temporary Income Benefits For All Employees));

(2) part-time (see §128.4 of this title (relating to Average Weekly Wage Calculation For Part-Time Employees));

(3) seasonal (see §128.5 of this title (relating to Average Weekly Wage Calculation for Seasonal Employees));

(4) school district employed (see §128.7 of this title (relating to Average Weekly Wage for School District Employees)); and

(5) multiple employment (see Texas Labor Code §408.042 and subsection (h) of this section).

(b) Except as provided by §128.7, an employee's wage, for the purpose of calculating the AWW, shall include:

(1) all pecuniary wages (as defined by §126.1 of this title (relating to Definitions Applicable to All Benefits)) paid by the employer to the employee even if the employer has continued to provide the wages after the date of injury (in which case these wages could be considered post-injury earnings under §129.2 of this title (relating to Entitlement to Temporary Income Benefits)); and

(2) all nonpecuniary wages (as defined by §126.1 of this title) paid by the employer to the employee prior to the compensable injury but not continued by the employer after the injury (though only during a period in which the employer has discontinued providing the wages).

(c) An employee's wage, for the purpose of calculating the AWW, shall not include:

(1) payments made by an employer to reimburse the employee for the use of the employee's equipment, for paying helpers, for reimbursing actual expenses related to employment such as travel related expenses (e.g. meals, lodging, transportation, parking, tolls, and porters), or reimbursing mileage up to the state rate for mileage; or

(2) any nonpecuniary wages continued by the employer after the compensable injury. However, except as provided by §128.7 of this title and Texas Labor Code §408.042(e), if
the employer discontinues providing nonpecuniary wages, the AWW shall be recalculated and these discontinued nonpecuniary wages shall be included.

(d) The AWW shall be calculated using gross wages.

(e) If a carrier determines or is notified that the employee's AWW is different than what the carrier had previously determined (either as a result of subsection (c)(2) of this section, receipt of an updated wage statement, or by operation of other adjustments permitted/required under this title), the carrier shall adjust the AWW and begin payment of benefits based upon the adjusted AWW no later than the first payment due at least seven days following the date the carrier receives the new information regarding the AWW.

(f) The carrier shall provide notice to the employee and the division of any adjustments to the AWW and its affect on benefits in accordance with the requirements of §124.2 of this title (relating to Carrier Reporting and Notification Requirements).

(g) Additional adjustments to the AWW may be made in specific circumstances for seasonal employees and school district employees (see §128.5 and §128.7 of this title, respectively), and for employees who are also minors, apprentices, trainees, or students on the date of injury (see §128.6 of this title (relating to Average Weekly Wage Adjustment For Certain Employees Who Are Also Minors, Apprentices, Trainees, or Students)).

(h) For employees injured on or after July 1, 2002, who are employed by more than one employer on the date of injury and the employee submits the wage information from the other employer(s) in the form and manner prescribed by §122.5 of this title (relating to Employee's Multiple Employment Wage Statement), the carrier shall calculate the AWW using the wages from all the employers in accordance with this section. The employee's AWW shall be the sum of the AWWs for each employer.

(1) The portion of the AWW that is based upon employment with the "Claim Employer" (as the term is defined in §122.5 of this title) shall be calculated in accordance with the rule in this chapter which would be used to calculate the employee's AWW if the employee did not have multiple employment.

(A) This portion of the AWW may be different for calculating Temporary Income Benefits (TIBs) than it is for calculating other types of benefits as provided in other sections of this title (such as where the wages may be adjusted for a part-time employee under §128.4 of this title).
(B) This portion of the AWW shall be adjusted if the Claim Employer discontinues providing a nonpecuniary wage that the employer had previously continued after the date of injury.

(2) The portion of the employee's AWW based upon employment with each "Non-Claim Employer" (as the term is defined in §122.5 of this title) shall be calculated in accordance with §128.3 of this title (relating to Average Weekly Wage Calculations for Full-Time Employees, and for Temporary Income Benefits for All Employees) except that the employee's wages from the Non-Claim Employer(s) shall only include those wages that are reportable for federal income tax purposes.

(A) This portion of the AWW of an employee whose employment was limited by the Non-Claim Employer to less than full-time but whose employment was not so limited as a regular course of conduct shall be adjusted to the weekly wage level the employee would have attained by working a full-time workweek at the employee's average rate of pay.

(B) Once calculated correctly, the portion of the AWW based upon employment with the Non-Claim Employer(s) does not vary by benefit type.

RULE §128.2 Carrier Presumption of Employee's Average Weekly Wage

(a) An insurance carrier (carrier) shall promptly initiate the payment of income benefits as required by the Workers' Compensation Act (Act). To expedite payment, the carrier shall presume that multiplying the employee's hourly rate times the average number of hours in the employee's standard work week, or, if such information is not available, that the employer's last payment to the employee for personal services based on a full week's work (a partial work week shall be prorated for a full week) accurately reflects the employee's average weekly wage (AWW) until:

(1) the employer files a complete wage statement required by §120.4 of this title (relating to Employer's Wage Statement); or

(2) the correct AWW is determined by other evidence (such as that described in subsections (b) and (c) of this section), if the employer does not file a complete wage statement or if the employee files an Employee's Multiple Employment Wage Statement in accordance with §122.5 of this title (relating to Employee's Multiple Employment Wage Statement).

(b) In the absence of a properly completed wage statement, the carrier shall calculate the correct wage by using available wage information in a manner which is fair, just, and
reasonable, and which involves a methodology that allows the closest approximation of a calculation based upon a 13 week average as required by this chapter (for example, pecuniary wages would be included regardless of whether the employer continues them and earnings after the date of injury would not be included). Subsection (c) of this section provides examples of how to do this.

(c) This subsection provides a non-inclusive list of methods that carriers can use to calculate the correct AWW using evidence other than a complete wage statement. There may be other, similar but unlisted methods that are also appropriate in a given situation.

(1) For a salaried employee, paid on monthly or semi-monthly basis, whose salary has not changed in the 13 weeks prior to the compensable injury, the carrier may presume that the AWW is equal to 3 months of wages divided by 13.

(2) For an employee on whom the carrier receives 14 weeks of wage information but is unable to identify the amount of the wages paid in the 14th week (thus leaving 13 usable weeks), the carrier may presume that the AWW is equal to the 14 weeks of wages divided by 14.

(3) For an employee on whom the carrier receives less than 13 weeks of wage information because the employee was not employed with the employer for 13 weeks prior to the injury, the carrier may presume that the AWW is equal to the amount of wages paid divided by the number of weeks for which the wages were earned.

(d) Upon receipt of a properly completed wage statement the carrier shall recalculate the AWW in accordance with the applicable rule(s).

(e) If, at the time that income or death benefits first accrue, the carrier has not received a complete wage statement as required by §120.4 of this title (relating to Employer’s Wage Statement), the carrier shall notify the employer that the wage statement is now required under the Statute and Rules.

(f) If a carrier receives a wage statement that indicates that the employee was provided nonpecuniary wages prior to the date of injury but that does not indicate whether the employer is going to continue them or not, the carrier shall assume that the nonpecuniary wages are not being continued by the employer until and unless the carrier is able to verify that the nonpecuniary wages are being continued by the employer.

(g) In the event that the claimant or the carrier believes that the AWW computed by following the calculations in this rule does not reflect the true AWW, the claimant and carrier may enter into a written agreement on the AWW or request a benefit review conference.
RULE §128.3 Average Weekly Wage Calculation for Full-Time Employees, and for Temporary Income Benefits for All Employees

(a) All income benefits for full-time employees are based upon an average weekly wage calculated according to this rule. A full-time employee is one who regularly works at least 30 hours per week and that schedule is comparable to other employees of that company and/or other employees in the same business or vicinity who are considered full-time.

(b) Temporary income benefits are based on an average weekly wage which is calculated according to this rule for all employees. However, the average weekly wage for determining temporary income benefits of seasonal employees may be periodically adjusted as set out in §128.5(c) of this title (relating to Average Weekly Wage Calculation for Seasonal Employees).

(c) The average weekly wage for impairment income, supplemental income, lifetime income, and death benefits shall be calculated according to this section concerning full-time employees, §128.4 of this title (relating to Average Weekly Wage Calculation for Part-Time Employees), or §128.5 of this title (relating to Average Weekly Wage Calculation for Seasonal Employees). The average weekly wage for an employee who is also a minor, an apprentice, a trainee, or a student shall be adjusted for determining these income benefits (but not temporary income benefits), according to the procedure described in §128.6 of this title (relating to Average Weekly Wage Adjustment for Certain Employees Who Are Also Minors, Apprentices, Trainees, or Students).

(d) If an employee has worked for 13 weeks or more prior to the date of injury, or if the wage at time of injury has not been fixed or cannot be determined, the wages paid to the employee for 13 weeks immediately preceding the injury are added together and divided by 13. The quotient is the average weekly wage for that employee.

(e) If an employee has worked for less than 13 weeks prior to the date of injury, the wages paid to that employee are not considered. Instead, the wages used for the average weekly wage calculation are those paid by the employer to a similar employee who performs similar services, but who earned wages for at least 13 weeks. If there is no similar employee at the employer’s business, the calculation is based on wages paid to a similar employee who performed similar services in the same vicinity, for at least 13 weeks.
weeks. When a similar employee is identified, the wages paid to that person for the 13 weeks immediately preceding the injury are added together, and divided by 13. The quotient is the average weekly wage for the injured employee.

(f) For purposes of computing average weekly wage under subsection (e) of this section, the following definitions apply:
   (1) a similar employee is a person with training, experience, and skills and wages that are comparable to the injured employee. Age, gender, and race shall not be considered;
   (2) similar services are tasks performed or services rendered that are comparable in nature to, and in the same class as, those performed by the injured employee, and that are comparable in the number of hours normally worked.

(g) If the methods set forth in this rule cannot be applied reasonably due to the irregularity of the employment or, if the employee has lost time from work, without remuneration, during the said 13-week period due to illness, weather, or other cause beyond the control of the employee, the commission may determine the employee's average weekly wage by any method that it considers fair, just, and reasonable to all parties and consistent with the methods established under this section.

**RULE §128.4 Average Weekly Wage Calculation for Part-Time Employees**

(a) The average weekly wage used to determine temporary income benefits for all part-time employees shall be calculated according to the basic calculation described in §128.3(d), (e), or (g) of this title (relating to Average Weekly Wage Calculation for Full-Time Employees, and for Temporary Income Benefits for All Employees).

(b) For purposes of calculating average weekly wage for all other income and death benefits, part-time employees are considered in two different categories: those who worked part-time as a regular course of conduct, and those who did not. A "regular course of conduct" for part-time work shall be determined by reviewing the work history of the employee for the 12-month period preceding the injury. If the employee only worked part-time during that period, the employee is presumed to have worked part-time as a regular course of conduct unless such presumption is rebutted by credible evidence.

(c) For an employee who worked part-time as a regular course of conduct, §128.3(d), (e), or (g) of this title (relating to Average Weekly Calculation for Full-Time Employees, and for Temporary Income Benefits for All Employees) shall be used to calculate average
weekly wage to determine impairment income, supplemental income, lifetime income, and death benefits.

(d) The average weekly wage for a part-time employee who did not work part-time as a regular course of conduct shall be calculated by using one of the two methods in subsection (e) or (f) of this section, depending upon the length of time the person was employed.

(e) For an employee who worked for the employer for 13 or more consecutive weeks before the date of injury, the person calculating benefits shall derive the average weekly part-time wage, and then adjust upward to a full-time average weekly wage, by this method:
   (1) add together the wages for the 13 weeks immediately preceding the date of injury and divide the total by 13;
   (2) then add together the number of hours worked by the employee during the same 13 weeks, and divide the total hours by 13 to calculate the average weekly number of hours worked. The adjustment factor is the ratio of the number of full-time hours generally worked by similar employees in the same employment, over the average weekly number of hours worked by the injured employee. (Example: if the usual full-time hours for the employment is 40, and the average number of hours worked by the injured part-time employee is 30, then the adjustment factor derived is 40/30, or 1.334.) For purposes of the adjustment factor, it shall be presumed that a full-time work week is 40 hours, unless and until evidence establishes that use of a different number of hours would be more just;
   (3) finally, multiply the result of paragraph (1) of this subsection by the adjustment factor derived in paragraph (2) of this subsection; the product is the average weekly wage for this injured employee.

(f) For an employee who worked for the employer less than 13 weeks or whose wage at the time of injury cannot be fixed or determined, the average weekly wage will be calculated by using the method described in §128.3(e) of this title (relating to Average Weekly Wage Calculation for Full-Time Employees, and for Temporary Income Benefits for All Employees), based upon identification of a similar employee performing similar employment full-time.

RULE §128.5 Average Weekly Wage Calculation for Seasonal Employees
(a) A seasonal employee is an employee who as a regular course of conduct engages in seasonal or cyclical employment which may or may not be agricultural in nature, that does not continue throughout the year.

(b) The average weekly wage used to determine temporary income benefits for seasonal employees shall be determined according to the procedure described in §128.3(d) or (e) of this title (relating to Average Weekly Wage Calculation for Full-Time Employees, and for Temporary Income Benefits for All Employees), subject to the periodic adjustment described in this rule.

(c) The average weekly wage for computing temporary income benefits may be increased or decreased to more accurately reflect the seasonal nature of the employment, if such an adjustment would more accurately reflect the wages the employee could reasonably have expected to earn during the period that temporary income benefits are paid. Evidence of earnings shall be submitted at the time an adjustment is requested. The evidence should include proof of the employee's earnings in corresponding time periods of previous years. In case of a dispute, the commission shall set a benefit review conference to consider whether an adjustment should be made.

(d) The average weekly wage used to determine impairment income benefits, lifetime income benefits, supplemental income benefits, or death benefits for a seasonal employee shall be calculated by:
   (1) adding together the total wages received by the employee in the 12 months preceding the date of injury and dividing the result by 50; or
   (2) if it is impractical to compute the average weekly wage as provided by paragraph (1) of this subsection, another fair, just, and reasonable method as determined in a benefit review conference if requested by the person claiming income benefits or the insurance carrier.

RULE §128.6 Average Weekly Wage Adjustment for Certain Employees Who Are Also Minors, Apprentices, Trainees, or Students

(a) In order to adjust average weekly wage under this rule, for purposes of computing impairment income, supplemental income, lifetime income, and death benefits, an injured employee must come within one of the following definitions, on the date of injury:
(1) a minor is an employee less than 18 years of age and not emancipated by marriage or judicial action, and is also an apprentice, trainee, or student;
(2) an apprentice is an employee learning a skilled trade or art by practical experience under the direction of a skilled crafts person or artisan;
(3) a trainee is an employee undergoing systematic instruction and practice in some art, trade, or profession with a view towards proficiency in it; and
(4) a student is an employee enrolled in a course of study or instruction in a high school, college, university, or other institute of higher education or technical training.

(b) The average weekly wage used to determine temporary income benefits for a minor, apprentice, trainee, or student shall be computed according to §128.3 of this title (relating to Average Weekly Wage Calculation for Full-Time Employees and for Temporary Income Benefits for All Employees), and may not be adjusted. The basic average weekly wage for other income and death benefits shall be calculated depending upon whether the employee worked full-time, part-time, or as a seasonal employee, and may be adjusted as described in this section.

(c) The average weekly wage of an employee who is less than 18 years of age, but not a minor as defined in this section, shall not be adjusted.

(d) The average weekly wage used to determine impairment income benefits, supplemental income benefits, lifetime income benefits, or death benefits for an employee defined under subsection (a) of this section shall be adjusted on the basis of this rule if the employee also proves that:
   (1) the employee’s employment or earnings at the time of the injury were limited primarily because of apprenticeship, continuing formal training, or education that can be reasonably calculated to enhance the employee’s future wages; and
   (2) the employee’s wages would reasonably be expected to change during the period for which the impairment income, supplemental income, lifetime income, and death benefits are payable not to exceed three years after the date of injury.

(e) An insurance carrier and the person claiming income benefits may agree to adjust the average weekly wage used to compute impairment income benefits, lifetime income benefits, supplemental income benefits, or death benefits for an employee who meets the requirements of subsections (a) and (d) of this section. The adjustment shall not reflect the level of the expected wages for a period in excess of three years after the date of injury.

(f) If an insurance carrier and the person claiming income benefits dispute the need for, or the amount of, an adjustment for expected wage levels, the commission shall
schedule a benefit review conference. The commission shall then consider the evidence submitted by the insurance carrier and the claimant. Objective, documentary, or expert evidence is favored over testimony of interested parties, in determining an expected wage level which is fair and just.

RULE §128.7 Average Weekly Wage for School District Employees

(a) This rule applies only to school district employees injured on or after December 1, 2001. The calculations in this rule apply to the portion of the employee's average weekly wage (AWW) based upon the employee's employment with the school district where the school district is the "Claim Employer" as that term is used in §122.5 of this title (relating to Employee’s Multiple Employment Wage Statement). The AWW of a school district employee injured before December 1, 2001, is computed using the law and commission rules in effect on the date of the injury.

(b) For determining the amount of temporary income benefits of school district employees under Texas Labor Code Chapter 504, the AWW is computed on the basis of wages earned in a week. "Wages earned in a week" are equal to the amount that would be deducted from an employee’s salary if the employee were absent from work for one week and the employee did not have personal leave available to compensate the employee for lost wages for that week. For this calculation "wages" includes only pecuniary wages.

(c) For determining the amount of temporary income benefits of a school district employee, the AWW shall be computed as follows.

(1) For a school district employee working under a written contract with the school district, the AWW shall be computed by dividing the amount the employee would have been paid had the employee fully completed the terms of the contract (including any stipend the employee was earning or scheduled to receive under the contract) by:

(A) the number of days that the employee was required to work under that contract and multiplied by five (if the contract has specified the number of work days); or

(B) the number of months that the contract was to cover and then dividing the result by 4.34821.

(2) For a school district employee who is employed on a non-written contract basis (i.e. hourly, daily, salaried, or other basis), the AWW shall be computed by dividing the total gross wages earned in the previous 13-week period immediately preceding the date of injury by 13.
(d) The AWW for computing temporary income benefits may be increased or decreased to more accurately reflect wages the school district employee reasonably could expect to earn during the period for which temporary income benefits are paid.

(1) An insurance carrier (carrier) may adjust the AWW based on evidence of earnings.

(2) A school district employee may request adjustments by submitting evidence of earnings to the carrier.

(3) For a period a school district employee would not have earned wages, the AWW may be adjusted to zero and no minimum benefit payment may be required.

(e) For determining the amount of impairment income benefits, lifetime income benefits, supplemental income benefits, or death benefits, the AWW shall be computed in accordance with this subsection using only pecuniary wages.

(1) The carrier shall add together the total wages earned by the school district employee during the 12 months immediately preceding the injury and dividing the result by 50 weeks.

(2) If the school district employee provides wage information from other employers for whom the employee worked in the 12 months immediately preceding the injury, these wages shall be included in the calculation of the AWW. Note that for injuries on or after July 1, 2002, the effect of wages from a Non-Claim Employer (as the term is defined in §122.5 of this title (relating to Employee’s Multiple Employment Wage Statement)) on the employee's AWW is governed by §128.1(h)(2) of this title (relating to Average Weekly Wage: General Provisions).

(f) In the event the school district employee and/or carrier believes that the AWW computed based on the calculations in this rule does not reflect the true AWW, the employee and carrier may enter into a written agreement regarding the AWW or request a benefit review conference.

RULE §129.1 Definitions for Temporary Income Benefits

The following terms shall have the following meanings unless the context clearly indicates otherwise:

(1) Salary Continuation (also Wage Continuation)--Monies paid by the employer to compensate the injured employee (employee) for wages lost as a result of a compensable injury. Salary continuation does not include monies paid to an employee as compensation for work such as wages paid while an employee is on modified duty.

(2) Salary Supplementation (also Wage Supplementation)--Monies paid by the employer to supplement the amount of income benefits an insurance carrier pays to an employee with a compensable injury. This includes monies paid to the employee based on the employee's voluntary use of sick leave or annual leave in a supplementary manner.

(3) Weekly Earnings After the Injury--Post-Injury Earnings (PIE), further described in §129.2 of this title (relating to Entitlement to Temporary Income Benefits).

Source Note: The provisions of this §129.1 adopted to be effective December 26, 1999, 24 TexReg 11420

RULE §129.2 Entitlement to Temporary Income Benefits

(a) Once temporary income benefits (TIBs) accrue, an injured employee (employee) is entitled to TIBs to compensate the employee for lost wages due to the compensable injury during a period in which the employee has disability and has not reached maximum medical improvement.

(b) Lost wages are the difference between the employee's gross average weekly wage (AWW) and the employee's gross Post-Injury Earnings (PIE). If the employee's PIE equals or exceeds the employee's AWW, the employee has no lost wages.

(c) PIE shall include, but not be limited to, the documented weekly amount of:

(1) all pecuniary wages paid to the employee after the date of injury including wages based on work performed while on modified duty and pecuniary fringe benefits which are paid to the employee whether the employee has returned to work or not;
(2) any employee contribution to benefits such as health insurance that the employee normally pays but that the employer agrees to pay for the employee in order to continue the benefits (which does not include the portion of the benefits that the employer normally pays for);
(3) the weekly amount of any wages offered as part of a bona fide job offer which is not accepted by the employee which the insurance carrier (carrier) is permitted to deem to be PIE under §129.6 of this title (relating to Bona Fide Offers of Employment);
(4) the value of any full days of accrued sick leave or accrued annual leave that the employee has voluntarily elected to use after the date of injury;
(5) the value of any partial days of accrued sick leave or accrued annual leave that the employee has voluntarily elected to use after the date of injury that, when combined with the employee's TIBs, exceeds the AWW; and
(6) any monies paid to the employee by the employer as salary continuation based on:
   (A) a contractual obligation between the employer and the employee including through a collective bargaining agreement;
   (B) an employer policy; or
   (C) a written agreement with the employee.

(d) PIE shall not include:
(1) any non-pecuniary wages paid to the employee by the employer after the injury;
(2) any accrued sick leave or accrued annual leave that the employee did not voluntarily elect to use;
(3) any wages paid by the employer as salary supplementation as provided by Texas Labor Code, §408.003(a)(2);
(4) any moneys paid by the employer which would otherwise be considered PIE under subsection (c) of this section but which the employer attempts or intends to seek reimbursement from the employee or carrier; or
(5) any money paid to an employee under an indemnity disability program paid for by the employee separate from workers' compensation.

**RULE §129.3 Amount of Temporary Income Benefits**

(a) The insurance carrier (carrier) shall pay an injured employee (employee) the temporary income benefits (TIBs) the employee is entitled to in accordance with this chapter.
(b) The carrier shall determine whether the employee earns less than $8.50 per hour for a workers' compensation claim with a date of injury before September 1, 2015, or less than $10 per hour for a workers’ compensation claim with a date of injury on or after September 1, 2015, as follows:

(1) Once the carrier has received the Wage Statement required by this title, the carrier shall divide the average weekly wage (AWW) calculated from the Wage Statement by the average number of hours worked. The average hours worked is the total gross hours reported worked on the Wage Statement divided by the period in which the hours were worked;

(2) If the carrier has not received the Wage Statement, but has received the Employer's First Report of Injury, the carrier shall use the wage information provided by the employer through the first report; or

(3) If the carrier has not received the information necessary to perform the calculations required by subsection (b)(1) or (2) of this section, the carrier shall use wage information provided by the employee until the necessary information is obtained from the employer.

(c) The carrier shall calculate the AWW in accordance with Chapter 128 of this title (relating to Calculation of Average Weekly Wage) and shall calculate the Post-Injury Earnings (PIE) in accordance with §129.2 of this title (relating to Entitlement to Temporary Income Benefits). In determining the PIE, the carrier shall base its calculations on specific wage information reported by the employer and/or the employee. A generic statement by the employer indicating the employer is "continuing full salary" or "the employee is earning full salary" is not adequate documentation to be considered PIE.

(d) The carrier shall calculate the employee's lost wages by subtracting the PIE from the AWW (or AWW - PIE).

(e) The amount of TIBs an employee is entitled to is based on the lost wages. If the employee’s PIE equals or exceeds the employee’s AWW, the employee has no lost wages and the carrier shall not pay TIBs.

(f) Subject to the minimum and maximum TIBs rates as provided in subsection (g) of this section, an employee is entitled to TIBs as follows:

(1) for a workers' compensation claim with a date of injury before September 1, 2015,

(A) an employee who earns $8.50 or more per hour is entitled to TIBs in the amount of 70% of the lost wages; or

(B) an employee who earns less than $8.50 per hour is entitled to TIBs as follows:

(i) 75% of the lost wages for the first 26 weeks of TIBs due; and

(ii) 70% of the lost wages for all TIBs payments thereafter; and

Updated June 4, 2024
(2) for a workers' compensation claim with a date of injury on or after September 1, 2015,

(A) an employee who earns $10 or more per hour is entitled to TIBs in the amount of 70% of the lost wages; or

(B) an employee who earns less than $10 per hour is entitled to TIBs as follows:
   (i) 75% of the lost wages for the first 26 weeks of TIBs due; and
   (ii) 70% of the lost wages for all TIBs payments thereafter.

(g) The carrier shall pay the TIBs in the amount calculated in subsection (f) of this section, unless:
   (1) this amount is greater than the maximum weekly TIBs rate computed in accordance with Texas Labor Code, §408.061, in which case the carrier shall pay the maximum weekly TIBs rate; or
   (2) this amount, when added to the employee's PIE, is less than the minimum weekly TIBs rate computed in accordance with Texas Labor Code, §408.062, in which case the carrier shall pay the minimum weekly TIBs rate.

RULE §129.4 Adjustment of Temporary Income Benefit Amount

(a) The insurance carrier shall adjust the weekly amount of temporary income benefits paid to the injured employee as necessary to match the fluctuations in the employee's weekly earnings after the injury.

(b) If a seasonal employee's average weekly wage is adjusted, as described in §128.5 of this title (relating to Average Weekly Wage Calculations for Seasonal Employees), the carrier shall adjust the temporary income benefits paid to the seasonal employee.

(c) If the injured employee is still employed by the employer at the time of injury, the employer is responsible for informing the carrier of changes in the employee's weekly earnings after an injury, on Form TWCC 6, Supplemental Report of Injury, within 10 days after the end of each pay period, as provided by §120.3 of this title (relating to Employer's Supplemental Report of Injury).

(d) If the employee is no longer employed by the employer, the employee is responsible to provide information to the insurance carrier about the existence or amount of any earnings, or any offers of employment. The employee may use Form TWCC 6, Supplemental Report of Injury, for this purpose.
RULE §129.5 Work Status Reports

(a) As used in this section:
   (1) the term "doctor" means either the treating doctor or a referral doctor, as defined by §180.22(c) and (e) of this title (relating to Health Care Provider Roles and Responsibilities);
   (2) "substantial change in activity restrictions" means a change in activity restrictions caused by a change in the injured employee's medical condition which either prevents the injured employee from working under the previous restrictions or which allows the injured employee to work in an expanded and more strenuous capacity than the prior restrictions permitted (approaching the injured employee's normal job);
   (3) "change in work status" means a change in the injured employee's work status from one of the three choices listed in subsection (a)(4) of this section to another of the choices in that subsection; and
   (4) the term "work status" refers to whether the injured employee's medical condition:
      (A) allows the injured employee to return to work without restrictions (which is not equivalent to maximum medical improvement);
      (B) allows the injured employee to return to work with restrictions; or
      (C) prevents the injured employee from returning to work.

(b) If authorized under their licensing act, a treating doctor may delegate authority to complete, sign, and file a work status report to a licensed physician assistant or a licensed advanced practice registered nurse as authorized under Texas Labor Code §408.025(a-1). The delegating treating doctor is responsible for the acts of the physician assistant and the advanced practice registered nurse under this subsection.

(c) The doctor, delegated physician assistant, or delegated advanced practice registered nurse shall file a Work Status Report in the form and manner prescribed by the division.

(d) The doctor, delegated physician assistant, or delegated advanced practice registered nurse shall be considered to have filed a complete Work Status Report if the report is filed in the form and manner prescribed by the division, signed, and contains at minimum:
   (1) identification of the injured employee's work status;
   (2) effective dates and estimated expiration dates of current work status and restrictions (an expected expiration date is not binding and may be adjusted in future
Work Status Reports, as appropriate, based on the condition and progress of the injured employee;

(3) identification of any applicable activity restrictions;
(4) an explanation of how the injured employee's workers' compensation injury prevents the injured employee from returning to work (if the doctor believes that the injured employee is prevented from returning to work); and
(5) general information that identifies key information about the claim (as prescribed on the report).

(e) The doctor, delegated physician assistant, or delegated advanced practice registered nurse shall file the Work Status Report:
(1) after the initial examination of the injured employee, regardless of the injured employee's work status;
(2) when the injured employee experiences a change in work status or a substantial change in activity restrictions; and
(3) on the schedule requested by the insurance carrier, its agent, or the employer requesting the report through its insurance carrier, which shall not exceed one report every two weeks and which shall be based upon the doctor's, delegated physician assistant's, or delegated advanced practice registered nurse's scheduled appointments with the injured employee.

(f) The Work Status Report filed as required by subsection (e) of this section shall be provided to the injured employee at the time of the examination by hand delivery or electronic transmission if the injured employee agrees to receive the report by electronic transmission, and shall be sent, not later than the end of the second working day after the date of examination, to the insurance carrier and the employer.

(g) In addition to the requirements under subsection (e) of this section, the treating doctor, delegated physician assistant, or delegated advanced practice registered nurse shall file the Work Status Report with the insurance carrier, employer, and injured employee within seven days of the day of receipt of:
(1) functional job descriptions from the employer listing available modified duty positions that the employer is able to offer the injured employee as provided by §129.6(a) of this title (relating to Bona Fide Offers of Employment); or
(2) a required medical examination doctor's Work Status Report that indicates that the injured employee can return to work with or without restrictions.

(h) Filing the Work Status Report as required by subsection (g) of this section does not require a new examination of the injured employee.
(i) The doctor, delegated physician assistant, or delegated advanced practice registered nurse shall file the Work Status Report as follows:

1. A report filed with the insurance carrier or its agent shall be filed by electronic transmission;
2. A report filed with the employer shall be filed by electronic transmission if the doctor, delegated physician assistant, or delegated advanced practice registered nurse has been provided the employer’s facsimile number or email address; otherwise, the report shall be filed by personal delivery or mail; and
3. A report filed with the injured employee shall be hand delivered to the injured employee or delivered by electronic transmission if the injured employee agrees to receive the report by electronic transmission, unless the report is being filed pursuant to subsection (g) of this section and the doctor, delegated physician assistant, or delegated advanced practice registered nurse is not scheduled to see the injured employee by the due date to send the report. In this case, the doctor, delegated physician assistant, or delegated advanced practice registered nurse shall file the report with the injured employee by electronic transmission if the doctor, delegated physician assistant, or delegated advanced practice registered nurse has been provided the injured employee’s facsimile number or email address; otherwise, the report shall be filed by mail.

(j) Notwithstanding any other provision of this title, a doctor, delegated physician assistant, or delegated advanced practice registered nurse may bill for, and an insurance carrier shall reimburse, filing a complete Work Status Report required under this section or for providing a subsequent copy of a Work Status Report which was previously filed because the insurance carrier, its agent, or the employer through its insurance carrier asks for an extra copy. The amount of reimbursement shall be $15. A doctor, delegated physician assistant, or delegated advanced practice registered nurse shall not bill in excess of $15 and shall not bill or be entitled to reimbursement for a Work Status Report which is not reimbursable under this section. Doctors, delegated physician assistants, or delegated advanced practice registered nurses are not required to submit a copy of the report being billed for with the bill if the report was previously provided. Doctors, delegated physician assistants, or delegated advanced practice registered nurses billing for Work Status Reports as permitted by this section shall do so as follows:

1. CPT code "99080" with modifier "73" shall be used when the doctor, delegated physician assistant, or delegated advanced practice registered nurse is billing for a report required under subsections (e)(1), (e)(2), and (g) of this section;
2. CPT code "99080" with modifiers "73" and "RR" (for "requested report") shall be used when the doctor, delegated physician assistant, or delegated advanced practice registered nurse is billing for an additional report requested by or through the insurance carrier under subsection (e)(3) of this section; and
(3) CPT code "99080" with modifiers "73" and "EC" (for "extra copy") shall be used when the doctor, delegated physician assistant, or delegated advanced practice registered nurse is billing for an extra copy of a previously filed report requested by or through the insurance carrier.

(k) As provided in §126.6(g) of this title (relating to Order for Required Medical Examinations), a doctor who conducts a required medical examination in which the doctor determines that the injured employee can return to work immediately with or without restrictions shall file the Work Status Report required by this section, but shall do so in accordance with the requirements of §126.6(g).

**RULE §129.6 Bona Fide Offers of Employment**

(a) An employer or insurance carrier (carrier) may request the treating doctor provide a Work Status Report by providing the treating doctor a set of functional job descriptions which list modified duty positions which the employer has available for the injured employee (employee) to work. The functional job descriptions must include descriptions of the physical and time requirements of the positions.

(b) An employer may offer an employee a modified duty position which has restricted duties which are within the employee's work abilities as determined by the employee's treating doctor. In the absence of a Work Status Report by the treating doctor an offer of employment may be made based on another doctor's assessment of the employee's work status provided that the doctor made the assessment based on an actual physical examination of the employee performed by that doctor and provided that the treating doctor has not indicated disagreement with the restrictions identified by the other doctor.

(c) An employer's offer of modified duty shall be made to the employee in writing and in the form and manner prescribed by the Commission. A copy of the Work Status Report on which the offer is being based shall be included with the offer as well as the following information:

(1) the location at which the employee will be working;
(2) the schedule the employee will be working;
(3) the wages that the employee will be paid;
(4) a description of the physical and time requirements that the position will entail; and
(5) a statement that the employer will only assign tasks consistent with the employee's physical abilities, knowledge, and skills and will provide training if necessary.

Updated June 4, 2024
(d) A carrier may deem an offer of modified duty to be a bona fide offer of employment if:

(1) it has written copies of the Work Status Report and the offer; and

(2) the offer:

(A) is for a job at a location which is geographically accessible as provided in subsection (e) of this section;

(B) is consistent with the doctor's certification of the employee's work abilities, as provided in subsection (f) of this section; and

(C) was communicated to the employee in writing, in the form and manner prescribed by the Commission and included all the information required by subsection (c) of this section.

(e) In evaluating whether a work location is geographically accessible the carrier shall at minimum consider:

(1) the affect that the employee's physical limitations have on the employee's ability to travel;

(2) the distance that the employee will have to travel;

(3) the availability of transportation; and

(4) whether the offered work schedule is similar to the employee's work schedule prior to the injury.

(f) The following is the order of preference that shall be used by carriers evaluating an offer of employment:

(1) the opinion of a doctor selected by the Commission to evaluate the employee's work status;

(2) the opinion of the treating doctor;

(3) opinion of a doctor who is providing regular treatment as a referral doctor based on the treating doctor's referral;

(4) opinion of a doctor who evaluated the employee as a consulting doctor based on the treating doctor's request; and

(5) the opinion of any other doctor based on an actual physical examination of the employee performed by that doctor.

(g) A carrier may deem the wages offered by an employer through a bona fide offer of employment to be Post-Injury Earnings (PIE), as outlined in §129.2 of this title (relating to Entitlement to Temporary Income Benefits), on the earlier of the date the employee rejects the offer or the seventh day after the employee receives the offer of modified duty unless the employee's treating doctor notifies the carrier that the offer made by the employer is not consistent with the employee's work restrictions. For the purposes of this section, if the offer of modified duty was made by mail, an employee is deemed
to have received the offer from the employer five days after it was mailed. The wages the carrier may deem to be PIE are those that would have been paid on or after the date the carrier is permitted to deem the offered wages as PIE.

(h) Nothing in this section should be interpreted as limiting the right of an employee or a carrier to request a benefit review conference relating to an offer of employment. The Commission will find an offer to be bona fide if it is reasonable, geographically accessible, and meets the requirements of subsections (b) and (c) of this section.

RULE §129.7 Non-Reimbursable Employer Payments

(a) An employer who pays an injured employee (employee) salary continuation is not entitled to and shall not seek reimbursement from the employee or the insurance carrier (carrier).

(b) An employer who pays an employee salary supplementation to supplement income benefits paid by the carrier is not entitled to and shall not seek reimbursement from the employee or the carrier.

RULE §129.11 Agreement for Monthly Payment of Temporary Income Benefits

(a) Upon the request of an injured employee, the insurance carrier and an injured employee entitled to temporary income benefits (TIBs) may agree to change the frequency of TIBs payments from the standard weekly period to a monthly period. The agreement to change the payment frequency must be in writing and is only required to be filed with the division if the division requests a copy. To relieve the insurance carrier of the responsibility to pay TIBs weekly, a valid written agreement must include the following terms and conditions:

(1) the agreement for the monthly payment of TIBs shall be effective the first calendar day of the month following the month in which the written agreement was entered into by the insurance carrier and the injured employee;

(2) monthly TIBs payment shall be issued on or before the seventh day of the month following the month for which benefits are due;
(3) weekly TIBs payments shall continue through the end of the month in which the agreement was signed;

(4) payment of the last week of TIBs to transition from weekly payment of TIBs to monthly payments shall be prorated to the end of the month to ensure the injured employee receives TIBs through the last day of the month; and

(5) if less than the maximum weekly compensation rate in effect on the date of the compensable injury is being paid, a completed Employer’s Wage Statement must be included with the injured employee’s copy of the written agreement.

(b) To calculate the amount of monthly TIBs to pay, the carrier shall determine the average monthly wage by multiplying the average weekly wage by 4.34821 and subtracting any Post-Injury Earnings the employee earned during the month for which the employee was entitled to TIBs to determine the lost wages. The carrier shall then pay the employee in monthly TIBs as follows:

(1) for a workers’ compensation claim with a date of injury before September 1, 2015,
   (A) if the employee earns $8.50 per hour or more, the carrier shall pay 70% of the lost wages; or
   (B) if the employee earns less than $8.50 per hour, the carrier shall pay:
       (i) 75% of the lost wages for the first 26 weeks of TIBs due; and
       (ii) 70% of the lost wages for all TIBs payments thereafter; and

(2) for a workers’ compensation claim with a date of injury on or after September 1, 2015,
   (A) if the employee earns $10 per hour or more, the carrier shall pay 70% of the lost wages; or
   (B) if the employee earns less than $10 per hour, the carrier shall pay:
       (i) 75% of the lost wages for the first 26 weeks of TIBs due; and
       (ii) 70% of the lost wages for all TIBs payments thereafter.

(c) Entering into an agreement under this section does not prohibit any party to the claim from raising disputes over periods, amounts of, or entitlement to TIBs. Disputes must be raised as and when they arise.

(d) The agreement for the monthly payment of TIBs shall expire upon the suspension or termination of TIBs in accordance with the Act and division rules. The last monthly payment shall be prorated to ensure the insurance carrier pays the appropriate amount of TIBs.

(e) At any time after signing the agreement for the monthly payment of TIBs, the injured employee or the insurance carrier may notify the other party in writing that it no longer agrees to the monthly payment of TIBs. In this case, the insurance carrier shall pay all
accrued but unpaid TIBs at the end of the current monthly cycle and shall continue to pay TIBs weekly as and when they accrue and are due.

RULE §130.1 Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment

(a) Authorized Doctor.

(1) Only an authorized doctor may certify maximum medical improvement (MMI), determine whether there is permanent impairment, and assign an impairment rating if there is permanent impairment.

(A) Doctors serving in the following roles may be authorized as provided in subsection (a)(1)(B) of this section.

(i) the treating doctor (or a doctor to whom the treating doctor has referred the injured employee for evaluation of MMI and/or permanent whole body impairment in the place of the treating doctor, in which case the treating doctor is not authorized);

(ii) a designated doctor; or

(iii) a required medical examination (RME) doctor selected by the insurance carrier and approved by the division to evaluate MMI and/or permanent whole body impairment after a designated doctor has performed such an evaluation.

(B) Prior to September 1, 2003 a doctor serving in one of the roles described in subsection (a)(1)(A) of this subsection is authorized to determine whether an injured employee has permanent impairment, assign an impairment rating, and certify MMI. On or after September 1, 2003, a doctor serving in one of the roles described in subsection (a)(1)(A) of this section is authorized as follows:

(i) a doctor whom the division has certified to assign impairment ratings or otherwise given specific permission by exception to, is authorized to determine whether an injured employee has permanent impairment, assign an impairment rating, and certify MMI; and

(ii) a doctor whom the division has not certified to assign impairment ratings or otherwise given specific permission by exception to is only authorized to determine whether an injured employee has permanent impairment and, in the event that the injured employee has no impairment, certify MMI.

(2) Doctors who are not authorized shall not make findings of permanent impairment, certify MMI, or assign impairment ratings and shall not be reimbursed for the examination, certification, or report if one does so. A certification of MMI, finding of permanent impairment, and/or impairment rating assigned by an unauthorized doctor are invalid. If a treating doctor finds that the injured employee has permanent
impairment but is not authorized to assign an impairment rating, the doctor is also not authorized to certify MMI and shall refer the injured employee to a doctor who is so authorized.

(3) A doctor who is authorized under this subsection to certify MMI, determine whether permanent impairment exists, and assign an impairment rating and who does, shall be referred to as the "certifying doctor."

(b) Certification of Maximum Medical Improvement.

(1) Maximum medical improvement (MMI) is:

(A) the earliest date after which, based on reasonable medical probability, further material recovery from or lasting improvement to an injury can no longer reasonably be anticipated;

(B) the expiration of 104 weeks from the date on which income benefits begin to accrue; or

(C) the date determined as provided by Texas Labor Code §408.104.

(2) MMI must be certified before an impairment rating is assigned and the impairment rating must be assigned for the injured employee's condition on the date of MMI. An impairment rating is invalid if it is based on the injured employee's condition on a date that is not the MMI date. An impairment rating and the corresponding MMI date must be included in the Report of Medical Evaluation to be valid.

(3) Certification of MMI is a finding made by an authorized doctor that an injured employee has reached MMI as defined in subsection (b)(1) of this section.

(4) To certify MMI the certifying doctor shall:

(A) review medical records;

(B) perform a complete medical examination of the injured employee for the explicit purpose of determining MMI (certifying examination);

(C) assign a specific date at which MMI was reached.

   (i) The date of MMI may not be prospective or conditional.

   (ii) The date of MMI may be retrospective to the date of the certifying exam.

(D) Complete and submit required reports and documentation.

(c) Assignment of Impairment Rating.

(1) An impairment rating is the percentage of permanent impairment of the whole body resulting from the current compensable injury. A zero percent impairment may be a valid rating.

(2) A doctor who certifies that an injured employee has reached MMI shall assign an impairment rating for the current compensable injury using the rating criteria contained in the appropriate edition of the AMA Guides to the Evaluation of Permanent Impairment, published by the American Medical Association (AMA Guides).
(A) The appropriate edition of the AMA Guides to use for all certifying examinations conducted before October 15, 2001 is the third edition, second printing, dated February, 1989.

(B) The appropriate edition of the AMA Guides to use for certifying examinations conducted on or after October 15, 2001 is:

(i) the fourth edition of the AMA Guides (1st, 2nd, 3rd, or 4th printing, including corrections and changes as issued by the AMA prior to May 16, 2000). If a subsequent printing(s) of the fourth edition of the AMA Guides occurs, and it contains no substantive changes from the previous printing, the division by vote at a public meeting may authorize the use of the subsequent printing(s); or

(ii) the third edition, second printing, dated February, 1989 if, at the time of the certifying examination, there is a certification of MMI by a doctor pursuant to subsection (b) of this section made prior to October 15, 2001 which has not been previously withdrawn through agreement of the parties or previously overturned by a final decision.

(C) This subsection shall be implemented to ensure that in the event of an impairment rating dispute, only ratings using the appropriate edition of the AMA Guides shall be considered. Impairment ratings assigned using the wrong edition of the AMA Guides shall not be considered valid.

(3) Assignment of an impairment rating for the current compensable injury shall be based on the injured employee's condition on the MMI date considering the medical record and the certifying examination. An impairment rating is invalid if it is based on the injured employee's condition on a date that is not the MMI date. An impairment rating and the corresponding MMI date must be included in the Report of Medical Evaluation to be valid. The doctor assigning the impairment rating shall:

(A) identify objective clinical or laboratory findings of permanent impairment for the current compensable injury;

(B) document specific laboratory or clinical findings of an impairment;

(C) analyze specific clinical and laboratory findings of an impairment;

(D) compare the results of the analysis with the impairment criteria and provide the following:

(i) A description and explanation of specific clinical findings related to each impairment, including zero percent (0%) impairment ratings; and

(ii) A description of how the findings relate to and compare with the criteria described in the applicable chapter of the AMA Guides. The doctor's inability to obtain required measurements must be explained.

(E) assign one whole body impairment rating for the current compensable injury;

(F) be responsible for referring the injured employee to another doctor or health care provider for testing, or evaluation, if additional medical information is required. The
certifying doctor is responsible for incorporating all additional information obtained into
the report required by this rule:

(i) Additional information must be documented and incorporated into the
impairment rating and acknowledged in the required report.

(ii) If the additional information is not consistent with the clinical findings of the
certifying doctor, then the documentation must clearly explain why the information is
not being used as part of the impairment rating.

(4) After September 1, 2003, if range of motion, sensory, and strength testing required
by the AMA Guides is not performed by the certifying doctor, the testing shall be
performed by a health care practitioner, who within the two years prior to the date the
injured employee is evaluated, has had the impairment rating training module required
by §180.23 (relating to Division Required Training for Doctors) for a doctor to be
certified to assign impairment ratings. It is the responsibility of the certifying doctor to
ensure the requirements of this subsection are complied with.

(5) If an impairment rating is assigned in violation of subsection (c)(4), the rating is
invalid and the evaluation and report are not reimbursable. A provider that is paid for an
evaluation and/or report that is invalid under this subsection shall refund the payment
to the insurance carrier.

(d) Reporting.

(1) Certification of MMI, determination of permanent impairment, and assignment of
an impairment rating (if permanent impairment exists) for the current compensable
injury requires completion, signing, and submission of the Report of Medical Evaluation
and a narrative report.

(A) The Report of Medical Evaluation must be signed by the certifying doctor. The
certifying doctor may use a rubber stamp signature or an electronic facsimile signature
of the certifying doctor’s personal signature.

(B) The Report of Medical Evaluation includes an attached narrative report. The
narrative report must include the following:

(i) date of the certifying examination;

(ii) date of MMI;

(iii) findings of the certifying examination, including both normal and abnormal
findings related to the compensable injury and an explanation of the analysis performed
to find whether MMI was reached;

(iv) narrative history of the medical condition that outlines the course of the injury
and correlates the injury to the medical treatment;

(v) current clinical status;

(vi) diagnosis and clinical findings of permanent impairment as stated in subsection
(c)(3);
the edition of the AMA Guides that was used in assigning the impairment rating (if the injured employee has permanent impairment); and

(viii) a copy of the authorization if, after September 1, 2003, the doctor received authorization to assign an impairment rating and certify MMI by exception granted from the division.

(2) A Report of Medical Evaluation under this rule shall be filed with the division, injured employee, injured employee’s representative, and the insurance carrier no later than the seventh working day after the later of:
   (A) date of the certifying examination; or
   (B) the receipt of all of the medical information required by this section.

(3) The report required to be filed under this section shall be filed as follows:
   (A) The Report of Medical Evaluation shall be filed with the insurance carrier by facsimile or electronic transmission; and
   (B) The Report of Medical Evaluation shall be filed with the division, the injured employee and the injured employee’s representative by facsimile or electronic transmission if the doctor has been provided the recipient’s facsimile number or email address; otherwise, the report shall be filed by other verifiable means.

(e) Documentation. The certifying doctor shall maintain the original copy of the Report of Medical Evaluation and narrative as well as documentation of:
   (1) the date of the examination;
   (2) the date any medical records necessary to make the certification of MMI were received, and from whom the medical records were received; and
   (3) the date, addressees, and means of delivery that reports required under this section were transmitted or mailed by the certifying doctor.

RULE §130.2 Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment by the Treating Doctor

(a) A treating doctor shall either examine the injured employee (employee) and determine if the employee has any permanent impairment as a result of the compensable injury as soon as the doctor anticipates that the employee will have no further material recovery from or lasting improvement to the work-related injury or illness, based on reasonable medical probability, or have another authorized doctor do so.
(1) A treating doctor who finds that the employee has permanent impairment but who is not authorized to assign impairment ratings as provided in §130.1 of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment), shall make a referral to a doctor who is authorized to do so on behalf of the treating doctor. Even if the treating doctor is so authorized, the doctor may choose to have another authorized doctor evaluate the employee for maximum medical improvement (MMI) and impairment in the place of the treating doctor. However, this evaluation shall be considered to be the report of the treating doctor.

(2) Other than subsections (c) and (d) of this section, nothing in this section requires a treating doctor to schedule an examination if the employee has been released from treatment and is not receiving temporary income benefits (TIBs). For example, when the patient is treated and released without further treatment for a minor injury, the treating doctor is not required to schedule and conduct an examination for MMI and permanent impairment.

(3) At the conclusion of an examination in which the treating doctor, or the certifying doctor in the event that the treating doctor is not authorized to certify MMI and assign an impairment rating, determines that the employee has reached maximum medical improvement and assigns an impairment rating, the doctor shall provide the employee with a written notice that the certification may be disputed. The notice shall be provided as a separate document included with the Report of Medical Evaluation provided in accordance with §130.1 of this title. The notice must be provided in English, Spanish, or other language common to the employee, and shall include the following information:

(A) the date of maximum medical improvement;
(B) the assigned impairment rating;
(C) a statement that the impairment rating may become final if not disputed within 90 days, and if the employee, or the employee's representative, disagrees with the certification, they may dispute the certification by contacting the Division of Workers' Compensation and requesting a benefit review conference;
(D) the address and phone number of the local field office of the Division of Workers' Compensation (Division); and
(E) a statement that the employee may contact the Division for more information at 1-800-252-7031.

(b) A certification of MMI and assignment of an impairment rating shall be performed and reported in accordance with the requirements of §130.1 of this title.

(c) The Division shall mail a notice to a treating doctor, the employee, the employee's representative, if any, and the insurance carrier on the expiration of 98 weeks from the date the employee's TIBs began to accrue if the employee is still receiving TIBs. The Division's notice shall advise the treating doctor of the requirements under Chapter 408,
Subchapter G of the Texas Workers' Compensation Act, and this section, and require that an impairment rating report be mailed to the Division no later than 104 weeks from the date TIBs began to accrue.

(d) Upon receipt of the Division’s notice required in subsection (c) of this section, the treating doctor shall schedule and conduct an examination of the employee in accordance with §130.1 of this title to certify a MMI date (if earlier than the statutory MMI date as defined in §130.4 of this title (relating to Presumption that Maximum Medical Improvement (MMI) has been Reached and Resolution when MMI has not been Certified) and to assign an impairment rating. A treating doctor who is not authorized to certify MMI and assign impairment ratings, shall make a referral to a doctor who is authorized to do so on behalf of the treating doctor.

(e) If the carrier has not received a report of medical evaluation by the date of statutory MMI:

1. the carrier may suspend TIBs and is not required to initiate impairment income benefits (IIBs) until such time as it receives a report of an impairment rating assigned in accordance with §130.1 of this title;

2. the carrier or the employee may request the appointment of a designated doctor under §126.7 of this title (relating to Designated Doctor Examinations: Requests and General Procedures); and/or

3. a carrier may make a reasonable assessment of what it believes the true impairment rating should be and, if it does so, shall initiate IIBs within five days of making the assessment. The carrier shall continue to pay IIBs until the assessment is paid in full or is superceded by an impairment rating assigned in accordance with §130.1 of this title.

RULE §130.3 Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment by a Doctor other than the Treating Doctor

(a) A doctor, other than a treating doctor, who is authorized to certify that an employee has reached maximum medical improvement (MMI), must do so in accordance with §130.1 of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment). In addition to complying with the filing requirements of §130.1, the certifying doctor shall file a copy of the Report of Medical Evaluation and the narrative with the treating doctor within the same timeframes for filing with the other persons that §130.1 requires.
(b) Upon receipt of the report identified in subsection (a) of this section, the treating doctor shall:
   (1) indicate on the report either agreement or disagreement with the certification of maximum medical improvement and with the impairment rating assigned by the certifying doctor, and, in the case of a disagreement, explain the reasons for this disagreement; and
   (2) within seven days of receipt, send a signed copy of the report indicating agreement or disagreement and including any required explanation to the commission, the employee and the employee's representative (if any), and the carrier.

(c) A treating doctor's agreement or disagreement under subsection (b) of this section does not require a separate examination of the employee prior to the issuance of the opinion and shall not be considered a certification as that term is used in §130.1 of this title.

(d) The reports required under this section to be filed with a doctor and carrier shall be filed by facsimile or electronic transmission. In addition, the doctor shall file the report with the employee and the employee's representative by facsimile or electronic transmission if the doctor has been provided the employer's facsimile number or email address; otherwise, the report shall be sent by other verifiable means.

(e) A doctor required to file a report under this section shall maintain the original copy of the Report of Medical Evaluation and narrative and documentation of the date, addressees, facsimile numbers/email addresses and means of delivery that the reports required under this section were transmitted or mailed including proof of successful transmission. In addition:
   (1) a certifying doctor shall maintain documentation of:
       (A) The date of the examination of the employee; and
       (B) The date any medical records necessary to make the certification of MMI were received, and from whom the medical records were received; and
   (2) a treating doctor who receives the certifying doctor's report shall maintain documentation of the date the report was received and the means by which the report was delivered to the treating doctor.

RULE §130.4 Presumption that Maximum Medical Improvement (MMI) has been Reached and Resolution when MMI has not been Certified

(a) This section does not apply if statutory maximum medical improvement (MMI) has been reached. Statutory MMI is the later of:
   (1) the end of the 104th week after the date that temporary income benefits (TIBs) began to accrue; or
   (2) the date to which MMI was extended by the commission through operation of Texas Labor Code §408.104.

(b) If there has not been a certification in accordance with §130.1 of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment) that an injured employee has reached MMI, an insurance carrier (carrier) may follow the procedure outlined in this section to resolve whether an employee has reached MMI. The carrier shall presume, only for purposes of invoking this procedure, that an employee has reached MMI, if:
   (1) it appears that the employee has failed to attend two or more consecutively scheduled health care appointments and the number of days between the two examinations is greater than 60 except for laminectomy, spinal fusion or diskectomy in which case the number of days between the two examinations is greater than 90;
   (2) the treating doctor has examined the employee at least twice for the same compensable injury after the date on which TIBs began to accrue, and the doctor's medical reports as filed with the insurance carrier for all examinations and reports conducted after the first of the two examinations, indicate a lack of medical improvement in the employee's condition since the date of the first of the two examinations;
   (3) the employee was previously found not to be at MMI by a designated doctor but the employee has reached the date the designated doctor estimated that the employee would reach MMI; or
   (4) the employee is four weeks past the point that the claim has become a Work Release Outlier Claim as defined by commission rule.

(c) A carrier permitted by subsection (b) of this section to invoke this procedure may request the treating doctor to provide a report on the employee's medical status as it relates to MMI. Note - nothing in this section prohibits the carrier from contacting the treating doctor about whether the employee has reached MMI.

(d) The treating doctor shall evaluate the employee's condition within 14 days of receiving the request from the carrier under subsection (c) of this section. The evaluation shall be conducted in accordance with §130.1 of this title and the report filed within
seven working days of the date of the examination. If the treating doctor determines that the employee has permanent impairment but is not authorized to certify MMI or assign an impairment rating, the doctor shall refer the employee to a doctor who is so authorized and this doctor shall comply with the requirements of this section, §130.1 and §130.3 of this title (relating to Certification of Maximum Medical Improvement and Evaluation of Permanent Impairment and Certification of Maximum Medical Improvement by Doctor Other Than Treating Doctor).

(e) If the treating doctor fails to respond as required by this rule, or if the treating doctor certifies that the employee has not reached MMI, the carrier may request a designated doctor under §130.5 (relating to Entitlement and Procedure for Requesting Designated Doctor Examinations Related to Maximum Medical Improvement and Impairment Rating).

RULE §130.7 Acceleration of Impairment Income Benefits

(a) An employee seeking an acceleration of impairment income benefits shall submit a request in writing to commission, on a form prescribed by the commission, and send a copy to the insurance carrier. The form shall explain subsection (d) of this section.

(b) The commission shall approve the request for acceleration of impairment benefits pursuant to the Texas Workers' Compensation Act, §4.321. The commission shall notify the insurance carrier when a request for acceleration is approved, and of the amount and number of accelerated payments which shall be made.

(c) The insurance carrier shall initiate the accelerated payment schedule no later than seven days after receiving notice of the commission's approval.

(d) Acceleration of payment of impairment income benefits does not reduce the impairment period for purposes of the date that entitlement to supplemental income benefits begins.

RULE §130.8 Initiating Payment of Impairment Income Benefits

(a) Impairment income benefits accrue on the day after the injured employee reaches maximum medical improvement, regardless of whether the employee has suffered seven or more days of disability.

(b) When the date of maximum medical improvement is not disputed, the carrier shall initiate payment of impairment income benefits on or before the fifth day after:
   (1) the date of receipt of the employee’s treating doctor’s medical evaluation report, as described in §130.1 of this title (relating to Reports of Medical Evaluation: Maximum Medical Improvement and Permanent Impairment); or
   (2) the last day of the 104th week after the employee's accrual date, as defined in §124.7 of this title (relating to Initial Payment of Temporary Income Benefits).

(c) When the date of maximum medical improvement is disputed, the carrier shall initiate payment of impairment income benefits on or before the fifth day after:
   (1) the date of entry of an interlocutory order to begin payment of impairment income benefits;

RULE §130.11 Agreement for Monthly Payment of Impairment Income Benefits

(a) Upon the request of the injured employee, the insurance carrier and an employee entitled to impairment income benefits (IIBs) may agree to change the frequency of IIBs payments from the standard weekly period to a monthly period. The agreement to change the payment frequency must be in writing and is only required to be filed with the Commission if the Commission requests a copy. To relieve the insurance carrier of the responsibility to pay IIBs weekly, a valid written agreement must include the following terms and conditions:
   (1) the agreement for the monthly payment of IIBs payments shall be effective the first calendar day of the month following the month in which the written agreement was entered into by the insurance carrier and the injured employee;
   (2) monthly IIBs payment shall be issued on or before the seventh day of the month for which benefits are due;
(3) weekly IIBs payments shall continue through the end of the month in which the agreement was signed;
(4) payment of the last week of IIBs to transition from weekly payment of IIBs to monthly payments shall be prorated to the end of the month to ensure the injured employee receives IIBs through the last day of the month;
(5) if less than the maximum weekly compensation rate in effect on the date of the compensable injury is being paid, a completed Employer's Wage Statement must be included with the injured employee's copy of the written agreement;
(6) the monthly benefit amount shall be equal to the weekly compensation rate for IIBs that the injured employee is entitled to multiplied by 4.34821; and
(7) the impairment rating and source of the impairment rating upon which payment of IIBs is being based.

(b) An injured employee and insurance carrier may not agree to the monthly payment of IIBs until the impairment rating has been agreed to or has become final. The entering into an agreement under this section may not be used for the purpose of finalizing an impairment rating.

(c) The agreement for the monthly payment of IIBs shall expire upon the suspension or termination of IIBs in accordance with the Act and Commission rules. The last monthly payment shall be prorated to ensure the insurance carrier pays the appropriate amount of IIBs.

(d) At any time after signing the agreement for the monthly payment of IIBs, the injured employee or the insurance carrier may notify the other party in writing that it no longer agrees to the monthly payment of IIBs. In this case, the insurance carrier shall pay all accrued but unpaid IIBs at the end of the current monthly cycle and shall continue paying IIBs weekly as and when they accrue and are due.

(e) Effective Date. This section applies only to agreements entered into on or after January 1, 2000, for payment of IIBs under the provisions of the Act.

RULE §130.12 Finality of the First Certification of Maximum Medical Improvement and/or First Assignment of Impairment Rating

(a) The certifications and assignments that may become final are:
(1) The first valid certification of MMI and/or IR assigned or determination of no impairment;
(2) The first valid assignment of IR after the expiration of 104 weeks from the date income benefits begin to accrue or the expiration date of any extension under Section 408.104, if the employee has not been certified as having reached MMI; or
(3) The first valid subsequent certification of MMI and/or assignment of an IR or determination of no impairment received after the date a certification of MMI and/or assignment of an IR or determination of no impairment is overturned, modified or withdrawn by agreement of the parties or by a final decision of the commission or a court.

(4) A designated doctor may provide multiple IRs if there is a dispute over extent of injury. Whichever rating from the designated doctor applies to the compensable injury once an extent of injury (EOI) dispute has been resolved may become final if not disputed. An EOI dispute does not constitute a dispute of the MMI/IR for purposes of finality under this subsection.

(b) A first MMI/IR certification must be disputed within 90 days of delivery of written notice through verifiable means, including IRs related to EOI disputes. The notice must contain a copy of a valid Form TWCC 69, Report of Medical Evaluation, as described in subsection (c). The 90-day period begins on the day after the written notice is delivered to the party wishing to dispute a certification of MMI or an IR assignment, or both. The 90-day period may not be extended.

(1) Only an insurance carrier, an injured employee, or an injured employee’s attorney or employee representative under 150.3(a) may dispute a first certification of MMI or assigned IR under §141.1 (related to Requesting and Setting a Benefit Review Conference) or by requesting the appointment of a designated doctor, if one has not been appointed.

(2) Use of the TWCC 69’s non-concurrence section is not a prescribed form and manner for a dispute.

(3) A dispute may not be revoked or withdrawn to allow the first valid certification of MMI and/or the first valid assignment of IR to become final except by agreement of the parties.

(4) The first certification of maximum medical improvement and/or impairment rating may be disputed after the 90-day period as provided in §408.123(e) of the Texas Labor Code.

(c) A certification of MMI and/or IR assigned as described in subsection (a) must be on a Form TWCC 69, Report of Medical Evaluation. The certification on the Form TWCC 69 is valid if:

(1) There is an MMI date that is not prospective;
There is an impairment determination of either no impairment or a percentage impairment rating assigned; and

(3) There is the signature of the certifying doctor who is authorized by the Commission under §130.1(a) to make the assigned impairment determination.

(d) This section applies only to those claims with initial MMI/IR certifications made on or after June 18, 2003.

(c) Direct Result. An injured employee has earned less than 80% of the injured employee's average weekly wage as a direct result of the impairment from the compensable injury if the impairment from the compensable injury is a cause of the reduced earnings.
(d) Work Search Requirements.

(1) An injured employee demonstrates an active effort to obtain employment by meeting at least one or any combination of the following work search requirements each week during the entire qualifying period:

(A) has returned to work in a position which is commensurate with the injured employee's ability to work;

(B) has actively participated in a vocational rehabilitation program as defined in §130.101 of this title (relating to Definitions);

RULE §130.103 Determination of Entitlement or Non-entitlement for the First Quarter

(a) Division Determination. For each injured employee with an impairment rating of 15% or greater, and who has not commuted any impairment income benefits, the Division will make the determination of entitlement or non-entitlement for the first quarter of supplemental income benefits. This determination shall be made not later than the last day of the impairment income benefit period and the notice of determination shall be sent to the injured employee and the insurance carrier by first class mail, electronic transmission, or personal delivery.

RULE §130.104 Determination of Entitlement or Non-entitlement for Subsequent Quarters

(a) Subsequent Quarter Determination. After the Division has made a determination of entitlement or non-entitlement for supplemental income benefits for the first quarter, the insurance carrier shall make determinations for subsequent quarters consistent with the provisions contained in §130.102 of this title (relating to Eligibility for Supplemental Income Benefits; Amount). The insurance carrier shall issue a determination of entitlement or non-entitlement within 10 days after receipt of the Application for Supplemental Income Benefits for a subsequent quarter.

(b) Application for Supplemental Income Benefits. An injured employee claiming entitlement to supplemental income benefits for a subsequent quarter must send the
insurance carrier an Application for Supplemental Income Benefits as required under this section. With the first monthly payment of supplemental income benefits for any eligible quarter and with any insurance carrier determination of non-entitlement, the insurance carrier shall send the injured employee a copy of the Application for Supplemental Income Benefits and the proper address to file the subsequent application. On the Application for Supplemental Income Benefits sent by the insurance carrier, the insurance carrier shall include:

1. the number of the applicable quarter;
2. the dates of the qualifying period;
3. the dates of the quarter;
4. the deadline for filing the application with the insurance carrier; and
5. the minimum number of work search efforts required by §130.102(d)(1) and (f) of this title (relating to Eligibility for Supplemental Income Benefits; Amount) during the next qualifying period.

(c) Filing the Application for Supplemental Income Benefits. Except as otherwise provided in this section, the Application for Supplemental Income Benefits shall be filed no later than seven days before, and no earlier than 20 days before, the beginning of the quarter for which the injured employee is applying for supplemental income benefits. If the Application for Supplemental Income Benefits is received by the insurance carrier more than 20 days before the beginning of the quarter, the insurance carrier shall return the form to the injured employee with detailed instructions on when the form is required to be filed. Any form returned to the injured employee because the form was filed early shall not be subject to the provisions of §130.108 of this title (relating to Contesting Entitlement to Supplemental Income Benefits).

(d) Date-Stamp. Upon receipt, the insurance carrier shall date-stamp all Application for Supplemental Income Benefits forms with the date the insurance carrier received the form.

(e) Notice of Determination. Upon making subsequent quarter determinations, the insurance carrier shall issue a notice of determination to the injured employee. The notice shall be sent by first class mail, personal delivery or electronic transmission and shall contain all the information required in the Notice of Entitlement or Non-entitlement portion of the Application for Supplemental Income Benefits. The notice of determination of non-entitlement shall contain sufficient claim specific information to enable the employee to understand the reason for the insurance carrier's determination.
A generic statement such as "failure to satisfy the compliance standards of Labor Code §408.1415", "not a direct result", or similar phrases without further explanation does not satisfy the requirements of this section.

(f) Accrual date. If the injured employee is entitled to supplemental income benefits for a subsequent quarter, the benefits begin to accrue on the later of:
   (1) the first day of the applicable quarter; or
   (2) the date the Application for Supplemental Income Benefits is received by the insurance carrier, subject to the provisions of §130.105 of this title (relating to Failure to Timely File Application for Supplemental Income Benefits; Subsequent Quarters).

(g) Changes in Amount. A change in the monthly amount of supplemental income benefits from one quarter to the next does not constitute a dispute subject to §130.108 of this title (relating to Contesting Entitlement to Supplemental Income Benefits). An insurance carrier that does not contest the entitlement to supplemental income benefits for a subsequent quarter, but determines a different monthly amount is due, shall:
   (1) send the notice as required in subsection (e) of this section;
   (2) include instructions about the procedures for contesting the insurance carrier’s determination as provided by §130.108 of this title (relating to Contesting Entitlement to Supplemental Income Benefits); and
   (3) issue payment based on the newly calculated amount.

RULE §130.105 Failure to Timely File Application for Supplemental Income Benefits; Subsequent Quarters

(a) Failure to timely file. An injured employee who does not timely file an Application for Supplemental Income Benefits with the insurance carrier shall not receive supplemental income benefits for the period of time between the beginning date of the quarter and the date on which the form was received by the insurance carrier, unless the following apply:
   (1) the failure of the insurance carrier to timely mail the form to the injured employee as provided by §130.104 of this title (relating to Determination of Entitlement or Non-entitlement for Subsequent Quarters);
   (2) the failure of the Division to issue a determination of entitlement or non-entitlement for the first quarter and the quarter applied for immediately follows the first quarter; or
   (3) a finding of an impairment rating of 15% or greater in an administrative or judicial proceeding when the previous impairment rating was less than 15%.
(b) Calculation. If the injured employee has failed to timely file the Application for Supplemental Income Benefits and none of the exceptions listed in subsection (a) of this section apply, the payment of supplemental income benefits for that particular payment period shall be prorated as follows:

(1) divide the weekly amount of supplemental income benefits (as calculated pursuant to §130.102(g)(5) and (6) of this title (relating to Eligibility for Supplemental Income Benefits; Amount) by seven to determine the daily rate;

Except as provided in §130.109 of this title (relating to Reinstatement of Entitlement if Discharged with Intent to Deprive of Supplemental Income Benefits), an injured employee who is not entitled to supplemental income benefits for a period of four consecutive quarters permanently loses entitlement to such benefits.

(b) 401-Week Provision. An injured employee permanently loses entitlement to supplemental income benefits upon the expiration of the 401-week period calculated pursuant to Labor Code §408.083. Except for situations where the injured employee has previously permanently lost entitlement to supplemental income benefits, the insurance carrier shall send two notices to the injured employee prior to the expiration of the 401-week period if the injured employee has submitted an Application for Supplemental Income Benefits during the 12 months immediately preceding the expiration of the 401-week period. This notification shall be in the form and manner prescribed by the Division and shall be sent:

(1) no later than four months prior to the expiration of the 401-week period; and
(2) one month prior to the expiration of the 401-week period.

(c) Refusal of Vocational Rehabilitation Services. An injured employee, in a vocational rehabilitation program as defined in §130.101(8) of this title (relating to Definitions), who refuses vocational rehabilitation services or refuses to cooperate with services provided at any time during a qualifying period is not entitled to supplemental income benefits for the related quarter.
RULE §130.107 Payment of Supplemental Income Benefits

(a) First Quarter. After the Division's initial determination of entitlement, the insurance carrier shall pay supplemental income benefits as follows:
   (1) the first payment shall be made on or before the tenth day after the day on which the insurance carrier received the Division determination of entitlement or the seventh day of the quarter, whichever is later;
   (2) the second payment shall be made on or before the 37th day of the first quarter; and
   (3) the last payment shall be made on or before the 67th day of the first quarter.

(b) Subsequent Quarters. For subsequent quarters, the insurance carrier shall pay supplemental income benefits as follows:
   (1) the first payment shall be made on or before the tenth day after the day on which the insurance carrier received the Application for Supplemental Income Benefits, or the seventh day of the quarter, whichever is later;

   (3) the last payment shall be made on or before the 67th day of the quarter.

RULE §130.108 Contesting Entitlement or Amount of Supplemental Income Benefits; Attorney Fees

(a) Injured Employee Disputes. An injured employee may contest the determination by the Division or the insurance carrier regarding non-entitlement to, or the amount of, supplemental income benefits by requesting a benefit review conference as provided by Chapter 141 of this title (relating to Dispute Resolution--Benefit Review Conference).

(b) Insurance Carrier Dispute; First Quarter. If an insurance carrier disputes a Division finding of entitlement to, or amount of, supplemental income benefits for the first quarter, the insurance carrier shall request a benefit review conference as provided by Chapter 141 of this title (relating to Dispute Resolution--Benefit Review Conference) within 10 days after receiving the Division determination of entitlement. An insurance carrier waives the right to contest the Division determination of entitlement to, or amount of, supplemental income benefits for the first quarter if the request is not...
received by the Division within 10 days after the date the insurance carrier received the determination.

(c) Insurance Carrier Dispute; Subsequent Quarter With Prior Payment. If an insurance carrier disputes entitlement to a subsequent quarter and the insurance carrier has paid supplemental income benefits during the quarter immediately preceding the quarter for which the Application for Supplemental Income Benefits is filed, the insurance carrier shall dispute entitlement to the subsequent quarter by requesting a benefit review conference as provided by Chapter 141 of this title (relating to Dispute Resolution--Benefit Review Conference) within 10 days after receiving the Application for Supplemental Income Benefits. An insurance carrier waives the right to contest the entitlement to supplemental income benefits for the subsequent quarter if the request is not received by the Division within 10 days after the date the insurance carrier received the Application for Supplemental Income Benefits. The insurance carrier does not waive the right to contest entitlement to supplemental income benefits if the insurance carrier has returned the injured employee’s Application for Supplemental Income Benefits pursuant to §130.104(c) of this title (relating to Determination of Entitlement or Non-entitlement for Subsequent Quarters).

(d) Insurance Carrier Disputes; Subsequent Quarter Without Prior Payment. If an insurance carrier disputes entitlement to a subsequent quarter and the insurance carrier did not pay supplemental income benefits during the quarter immediately preceding the quarter for which the Application for Supplemental Income Benefits is filed, the insurance carrier shall send the determination to the injured employee within 10 days of the date the form was filed with the insurance carrier and include the reasons for the insurance carrier’s finding of non-entitlement and instructions about the procedures for contesting the insurance carrier’s determination as provided by subsection (a) of this section.

(e) Liability. An insurance carrier who unsuccessfully contests a Division determination of entitlement to supplemental income benefits is liable for:

1. all accrued, unpaid supplemental income benefits, and interest on that amount; and
2. reasonable and necessary attorney’s fees incurred by the injured employee as a result of the insurance carrier’s dispute which have been ordered by the Division or court.

(a) An injured employee who has lost entitlement to supplemental income benefits under §130.106(a) of this title (relating to Loss of Entitlement to Supplemental Income Benefits), and is discharged from employment within 12 months of losing entitlement, will become re-entitled if the employer discharged the injured employee with intent to deprive the injured employee of supplemental income benefits.

(b) An injured employee seeking reinstated supplemental income benefits under this section shall request a benefit contested case hearing, as provided by Chapter 142 of this title (relating to Dispute Resolution--Benefit Contested Case Hearing).

RULE §131.1 Initiation of Lifetime Income Benefits; Notice of Denial

(a) The insurance carrier shall initiate the payment of lifetime income benefits without a final decision, order, or other action of the commissioner if an injured employee meets the eligibility criteria for lifetime income benefits listed under Labor Code §408.161 as a result of the compensable injury.

(b) An injured employee may submit a written request for lifetime income benefits to the insurance carrier. The insurance carrier shall either initiate lifetime income benefits or deny the injured employee's eligibility for lifetime income benefits considering all of the eligibility criteria listed under Labor Code §408.161 within 60 days from the receipt of the injured employee's written request. An insurance carrier's failure to respond to the request for lifetime income benefits within the timeframes described in this subsection does not constitute a waiver of the insurance carrier's right to dispute the injured employee's eligibility for lifetime income benefits.

(c) The insurance carrier shall make the first payment of lifetime income benefits on or before the 15th day after the date the insurance carrier reasonably believes that the injured employee is eligible for lifetime income benefits as a result of the compensable injury. The initiation of lifetime income benefits without a final decision, order, or other action of the commissioner does not waive the insurance carrier's right to contest the compensability of the injury in accordance with Labor Code §409.021(c).

(d) If the injured employee submits a written request for lifetime income benefits and the insurance carrier denies that the injured employee is eligible for lifetime income benefits, the insurance carrier shall deny eligibility by sending a plain language notice of denial of eligibility to the division, the injured employee, and the injured employee's representative, if any, in the form and manner prescribed by the division up to the 60th day after receipt of the written request. The notice of denial of eligibility shall include:

   (1) a full and complete statement describing the insurance carrier's reasons for denial. The statement must contain sufficient claim-specific substantive information to enable the injured employee to understand the insurance carrier's position or action taken under the claim. A generic statement that simply states the insurance carrier's position with phrases such as "not part of compensable injury," "not meeting criteria," "liability is in question," "under investigation," "eligibility questioned," or other similar phrases with
no further description of the factual basis for the denial does not satisfy the requirements of paragraph (1) of this subsection;
(2) contact information including the adjuster's name, toll-free telephone and fax numbers, and email address; and
(3) a statement informing the injured employee of his or her right to request a benefit review conference to resolve the dispute.

(e) An injured employee may contest the insurance carrier's denial of eligibility for lifetime income benefits or failure to respond to the written request for lifetime income benefits by requesting a benefit review conference as provided by Chapter 141 of this title (relating to Dispute Resolution--Benefit Review Conference).

(f) Nothing in this section is intended to limit any insurance carrier's duty to initiate payment of lifetime income benefits before the time limit established in subsection (c) of this section.

(g) Effective date. This section is effective on June 1, 2015.

RULE §131.2 Calculation of Lifetime Income Benefits

(a) Lifetime income benefits shall be calculated by multiplying the employee's average weekly wage by .75. The lifetime income benefit payable each week under this formula shall not exceed the weekly maximum benefit under the Workers' Compensation Act, §4.11, for the first year of benefits.

(b) Each year on the anniversary date of the day lifetime income benefits began to accrue, the amount of those benefits being paid shall be increased by 3.0%. The employee is entitled to the annual increase without regard to the limits imposed by the maximum weekly benefit. The increase shall be paid without further action by the commission.

RULE §131.3 Carrier’s Petition for Payment of Benefits by the Subsequent Injury Fund

Updated June 4, 2024
(a) When an insurance carrier reasonably believes that an injured employee may be eligible for lifetime benefits from the subsequent injury fund, the insurance carrier shall petition the commission for payment of lifetime income benefits from the subsequent injury fund. The petition shall be in writing and contain the following:
   (1) the employee's name and social security number;
   (2) the date of each injury;
   (3) the workers' compensation number assigned to the claim (if any) for each injury;
   (4) the name and address of the employer for whom the employee was working at the time of each injury; and
   (5) any information upon which the carrier bases its request.

(b) The commission shall order the payment of lifetime income benefits from the subsequent injury fund if it finds that the effects of the two injuries combined entitle the employee to lifetime income benefits.

(c) The insurance carrier shall pay to the employee weekly benefits as ordered by the commission.

(d) The subsequent injury fund shall compensate the employee for the remaining lifetime income benefits for which the insurance carrier is not liable.

RULE §131.4 Change in Payment Period; Purchase of Annuity for Lifetime Income Benefits

(a) Upon the request of an injured employee entitled to lifetime income benefits (LIBs) as defined in the Act, the insurance carrier and an injured employee may agree to change the frequency of LIBs payments from the standard weekly period to a monthly period. The agreement to change the payment frequency must be in writing and is only required to be filed with the Commission if the Commission requests a copy. To relieve the insurance carrier of the responsibility to pay LIBs weekly a valid written agreement must include the following terms and conditions:
   (1) the agreement for the monthly payment of LIBs shall be effective the first calendar day of the month following the month in which the written agreement was entered into by the insurance carrier and the injured employee;
   (2) monthly LIBs shall be issued on or before the seventh day of the month for which benefits are due;
(3) weekly LIBs payments shall continue through the end of the month in which the agreement was signed;

(4) payment of the last week of LIBs to transition from weekly payment of LIBs to monthly payments shall be prorated to the end of the month to ensure the injured employee receives LIBs through the last day of the month;

(5) the monthly compensation rate shall be calculated by multiplying the weekly compensation rate by 4.34821;

(6) if less than the maximum weekly compensation rate in effect on the date of the compensable injury is being paid, a completed Employer’s Wage Statement must be included with the injured employee’s copy of the written agreement; and

(7) A clear statement regarding the due date of the annual three percent increase in LIBs must be included.

(b) At any time after signing the agreement for the monthly payment of LIBs, the injured employee or the insurance carrier may notify the other party in writing that it no longer agrees to the monthly payment of LIBs. In this case, the insurance carrier shall pay all accrued but unpaid LIBs at the end of the current monthly cycle and shall continue to pay LIBs weekly as and when they accrue and are due. The last monthly payment shall be prorated to ensure the insurance carrier pays the appropriate amount of LIBs.

(c) The insurance carrier and the injured employee entitled to LIBs may agree that the carrier will purchase an annuity for payment of LIBs. An application for payment of LIBs by annuity must be submitted to the Commission for approval in the form, format, and manner required by the Commission. If less than the maximum weekly compensation rate in effect on the date of the compensable injury is being paid, a complete Employer’s Wage Statement must be included with the application.

(d) An annuity for the payment of LIBs shall meet the following terms and conditions.

(1) LIBs payments shall be initiated no later than the 45th day after the date the written agreement was approved by the Commission.

(2) The company providing an annuity for the payment of LIBs must be licensed to do business in Texas and must have a current A. M. Best rating of B+ or better or have a Standard & Poor’s rating of claims paying ability of A or better.

(3) The workers' compensation insurance carrier must guarantee the payments provided by the annuity company in the event of default.

(4) The annuity contract must include funds for payment of the annual three percent increase in LIBs required by the Act, compounded annually.

(5) The injured employee, or guardian if applicable, shall not be allowed to assign the right to receive LIBs from an annuity. All LIBs must be paid to the order of the injured employee or the legal guardian, if applicable.

Updated June 4, 2024
(6) An annuity cannot be purchased to fund the payment of medical costs incurred by an injured employee entitled to LIBs.

(7) The annuity company shall pay LIBs either weekly or monthly as indicated in the application for payment of LIBs by annuity.

(8) If monthly payments are agreed to by the insurance carrier and the injured employee, the transition from weekly to monthly benefits paid by annuity shall be the same as that for LIBs paid by the responsible insurance carrier set out in subsection (a) of this section.

(e) This section applies only to agreements entered into on or after January 1, 2000, for payment of LIBs under the provisions of the Act.

RULE §132.2 Determination of Facts of Dependent Status

(a) This section applies to a person who claims death benefits as a dependent of the deceased employee.

(b) A benefit which flowed from a deceased employee, at the time of death, on an established basis in at least monthly intervals to the person claiming to be dependent, is presumed to be a regular or recurring economic benefit. This presumption may be overcome by credible evidence. The burden is on the claimant to prove that benefits, which flowed less frequently than once a month, were regular or recurring at the time of the employee's death.

(c) It shall be presumed that an economic benefit, whose value was equal to or greater than 20% of the person's net resources in the period (see subsection (d) of this section) for which the benefit was paid, is an economic benefit which contributed substantially to the person's welfare and livelihood. This presumption may be overcome by credible evidence. The burden is on the claimant to prove that benefits whose value was less than 20% of the person's net resources contributed significantly to the person's welfare and livelihood.

(d) Net resources for the purpose of subsection (b) of this section are 100% of all wage and salary income and all other income including nonpecuniary income and all income...
of the individual's spouse, less 100% of social security taxes and federal income tax withholding.

(e) The person claiming to be a dependent shall furnish sufficient information to enable the commission to accurately identify the net resources and to establish the existence of the economic benefit claimed. This information may include, but is not limited to, tax returns, a financial statement of the individual, and check stubs.

(f) If an economic benefit was provided in the form of goods and services, the value shall be the market value of the same or similar goods and services in the same vicinity.

**RULE §132.3 Eligibility of Spouse To Receive Death Benefits**

(a) The surviving spouse is entitled to receive death benefits, unless subsection (b) of this section applies. The surviving spouse shall submit a certified copy of the marriage license, or satisfactory evidence of common-law marriage to the deceased employee, to the insurance carrier.

(b) A surviving spouse who abandoned the employee, without good cause for more than one year immediately preceding the death, shall be ineligible to receive death benefits. The surviving spouse shall be deemed to have abandoned the employee if the surviving spouse and the employee had not been living in the same household for more than one year preceding the employee's death unless the spouse is:

1. hospitalized;
2. in a nursing home; or
3. living apart due to career choices, military duty, or other reasons where it is established their separation is not due to the pending breakup of the marriage. The burden is on a person who opposes the claim of a surviving spouse to prove the spouse abandoned the deceased employee.

(c) If more than one person claims to be the surviving spouse of the deceased employee, the commission shall presume the most recent spouse is the surviving spouse. This presumption may be rebutted by an individual who presents proof of a prior valid marriage to the deceased employee.

(d) The term "sibling" means a brother or sister who shares at least one parent, through birth or adoption, with the deceased employee.

RULE §132.10 Payment of Death Benefits to the Subsequent Injury Fund

(a) If a compensable death occurs and the carrier's investigation, as described in §132.17 of this title (relating to Denial, Dispute, and Payment of Death Benefits), has confirmed that the deceased employee has no legal beneficiaries, or if a claim for death benefits is not made in a timely manner, the insurance carrier shall, without order from the Commission, pay to the administrator of the Subsequent Injury Fund (SIF) an amount equal to 364 weeks of death benefits for deposit in the SIF. This payment shall be accompanied by the Employer's First Report of Injury and the Wage Statement.

(b) If, after a carrier has paid death benefits to all legal beneficiaries, all legal beneficiaries cease to be eligible to receive death benefits prior to the carrier paying a full 364 weeks of benefits, the carrier shall, without order from the Commission, pay the
remainder of the 364 weeks of death benefits to the administrator of the SIF. The remainder to be paid to the SIF shall be computed by subtracting the total amount paid, including any applicable remarriage payment, from the 364 weeks of death benefits that the carrier is required to pay. This payment shall be accompanied by the Employer's First Report of Injury, the Wage Statement, a detailed payment record showing the dates of payments, the amounts of the payments, the payees, the periods of benefits paid, and any other documentation reasonably required by the SIF administrator.

(c) The payments required by subsections (a) and (b) shall be made no later than the seventh day after the latest of:

(1) the day that there has been final adjudication that a death is compensable and/or that the carrier is liable for death benefits (if a denial of compensability or liability had been filed in accordance with §132.17 and §124.2 of this title (relating to Carrier Reporting and Notification Requirements and Denials));
(2) the sixtieth day after the carrier received written notice of the injury;
(3) one year after the date of the employee's death, if no claims of beneficiary entitlement have been made;
(4) the day that beneficiary entitlement disputes are finally adjudicated with the beneficiary being found to not be entitled to death benefits; or
(5) the day that all previously eligible beneficiaries are no longer eligible to receive death benefits.

(d) If a carrier has denied compensability of or liability for a death pursuant to §124.2 of this title and §132.17, and no claim of entitlement has been filed by a potential beneficiary by the 60th day after the date the carrier received written notice of the injury/death, the carrier shall provide to the SIF administrator within 14 days: copies of all reports, notices, witness statements, and investigation notes relating to the compensability of the death or the carrier's liability for payment of death benefits.

(e) If a carrier has disputed compensability of or liability for a death and no claim of entitlement has been filed by a potential beneficiary by the 60th day after the date the carrier received written notice of the injury, the SIF may pursue the issue of compensability or liability through dispute resolution.

(f) The carrier may elect to commute the amount to be paid under subsections (a) and (b) in a lump sum payment. If the carrier does not elect to commute benefits, the Commission may order that the death benefits payable to the SIF be commuted to a lump sum payment. The amount of a commuted payment shall be discounted at the rate established under §401.023 of the Act compounded annually.
(g) If, after the carrier has paid the death benefits to the SIF, a beneficiary makes a claim for death benefits which the carrier accepts or a final award of the Commission or the final judgment of a court of competent jurisdiction determines that the beneficiary is entitled to the death benefits, the carrier shall pay benefits in accordance with the award or order and request a refund for the amount overpaid to the SIF as provided in §116.11 (relating to Request for Reimbursement or Refund from the Subsequent Injury Fund).

(h) If no claim for death benefits is filed with the Commission on or before the first anniversary of the death of the employee and the carrier’s investigation has confirmed that the deceased has no legal beneficiaries, it shall be presumed, for the purpose of this section and §403.007 of the Act only, that no legal beneficiary survived the deceased employee.

(i) The presumption created under subsection (h) of this section does not apply against a minor beneficiary, or an incompetent beneficiary for whom no guardian has been appointed.

(j) The SIF as a potential beneficiary in the case of any fatality may bring or enter into any dispute as a party.

(b) Death benefits shall be paid in equal shares to each eligible child per capita and to each eligible grandchild per stirpes if there is no eligible spouse.

(c) If there is an eligible spouse and an eligible child or eligible grandchild, half of the death benefits shall be paid to the eligible spouse. The remaining half shall be paid:
   (1) if there are no eligible grandchildren, in equal shares to the eligible children;
   (2) if there are no eligible children, per stirpes to the eligible grandchildren; or
   (3) if there are eligible children and eligible grandchildren, the eligible children shall be paid equal shares per capita and the eligible grandchildren shall be paid per stirpes.

(d) If there is no eligible spouse, child, or grandchild, the death benefits shall be paid in equal shares to any surviving dependents of the deceased employee who are parents, siblings, or grandparents of the deceased. The amount to be paid to each surviving
dependent shall be calculated by dividing the weekly death benefit by the number of surviving dependents.

(e) If there is no eligible spouse, no eligible child, and no eligible grandchild, and there are no surviving dependents of the deceased employee who are parents, siblings, or grandparents of the deceased, the death benefits shall be paid in equal shares to surviving eligible parents. The amount paid may not exceed one payment per household and total payments may not exceed 104 weeks regardless of the number of surviving eligible parents.

(f) If the deceased employee has no legal beneficiaries as defined by the rules and the Texas Workers' Compensation Act, the death benefits shall be paid to the subsequent injury fund, as set out in §132.10 of this title (relating to Payment of Death Benefits to the Subsequent Injury Fund).

(g) The term "per stirpes" means that the grandchildren shall be entitled to share in only the amount of benefits that the parent of those grandchildren would have received had the parent been alive or otherwise eligible to receive death benefits.

(b) If an eligible spouse becomes disqualified from continued payment of death benefits because of remarriage, the amount of benefits paid to each remaining legal beneficiary shall remain the same for 104 weeks. At the expiration of 104 weeks, the amount of benefits paid to each remaining legal beneficiary shall be recalculated as provided in §132.11 of this title (relating to Distribution of Death Benefits).

(c) If 364 weeks of death benefit payments have not been paid and the only remaining legal beneficiary is the subsequent injury fund, the insurance carrier shall pay any remaining amounts to the subsequent injury fund in accordance with §132.10 of this title (relating to Payment of Death Benefits to the Subsequent Injury Fund).
(d) In no case shall the insurance carrier pay an amount less than the weekly death benefit multiplied by 364, taking into consideration the discount rate set out in the Texas Workers' Compensation Act, §1.04, for a commuted payment to the subsequent injury fund in subsection (c) of this section.

RULE §132.16 Change in Payment Periods; Purchase of Annuity for Death Benefits

(a) Upon the request of the eligible beneficiaries, the insurance carrier and eligible beneficiaries entitled to death benefits may agree to change the frequency of death benefits payments from the standard weekly period to a monthly period. The last monthly payment shall be prorated to ensure the insurance carrier pays the appropriate amount of DBs. In this case, the insurance carrier shall pay all accrued but unpaid death benefits at the end of the current monthly cycle and shall continue to pay death benefits weekly as and when they accrue and are due.

(c) The insurance carrier and an eligible beneficiary may enter into a written agreement that the carrier shall purchase an annuity for that beneficiary for weekly or monthly payment of death benefits. 5. If all beneficiaries become ineligible to receive death benefits and an amount equal to 364 weeks of death benefits has not been paid, the remaining benefits shall be paid by the annuity company without an order from the Commission to the Subsequent Injury Fund not later than 30 days after all beneficiaries' eligibility ends.

6. A beneficiary, or the beneficiary’s guardian if applicable, shall not be allowed to assign the right to receive death benefits from an annuity. All death benefits must be paid to the order of the eligible beneficiary or the legal guardian, if applicable.
(7) The annuity company shall pay death benefits either weekly or monthly as elected by the beneficiary in the application for payment of death benefits by annuity.

(8) If monthly payments are elected by the beneficiary, the transition from weekly to monthly benefits paid by annuity shall be the same as that for death benefits paid by the responsible insurance carrier set out in subsection (a) of this section.

(e) This section applies only to agreements entered into on or after January 1, 2000, for payment of death benefits under the provisions of the Act.

The carrier shall have 60 days from notification of the death or from written notice of the injury that resulted in the death (whichever is greater) to conduct its investigation.

(b) If the carrier believes that it is not liable for the death or that the death was not compensable, the carrier shall file the notice of denial of a claim (notice of denial) in the form and manner required by §124.2 of this title (relating to Carrier Reporting and Notification Requirements). If the notice of denial is not filed by the 60th day as required, the carrier may not raise an issue of compensability or liability and is liable for any benefits that accrued and shall initiate benefits in accordance with this section.

(B) final adjudication of the carrier’s denial of compensability or liability under §124.2 and subsection (b) of this section; or
(C) the expiration of the carrier’s right to deny compensability/liability under subsection (a) of this section.

(2) If the notice of dispute is not filed within 15 days as required, the carrier is liable for and shall pay all benefits that had accrued and were payable prior to the date the carrier files the notice of dispute and only then is the carrier permitted to suspend payment of benefits.

(g) If the carrier has filed a notice of denial prior to receipt of a claim for death benefits, the carrier shall provide a copy of the previously filed notice of denial to the claimant within seven days of receipt of the claim for death benefits.

(h) The 15-day timeframe provided for in subsection (f) of this section applies only to claims for benefits based on compensable injuries that occurred on or after September 1, 2003. For claims based on compensable injuries that occurred prior to September 1, 2003, the applicable timeframe in subsection (f) of this section is seven days.

(1) Adverse determination--A determination by a utilization review agent made on behalf of a payor that the health care services provided or proposed to be provided to an injured employee are not medically necessary or appropriate. The term does not include a denial of health care services due to the failure to request prospective or concurrent utilization review. An adverse determination does not include a determination that health care services are experimental or investigational.

(2) Agent--A person whom a system participant utilizes or contracts with for the purpose of providing claims service or fulfilling medical bill processing obligations under Labor Code, Title 5 and rules. The system participant who utilizes or contracts with the
agent may also be responsible for the administrative violations of that agent. This definition does not apply to "agent" as used in the term "pharmacy processing agent."

(3) Bill review--Review of any aspect of a medical bill, including retrospective review, in accordance with the Labor Code, the Insurance Code, division or department rules, and the appropriate fee and treatment guidelines.

(4) Complete medical bill--A medical bill that contains all required fields as set forth in the billing instructions for the appropriate form specified in §133.10 of this chapter (relating to Required Billing Forms/Formats), or as specified for electronic medical bills in §133.500 of this chapter (relating to Electronic Formats for Electronic Medical Bill Processing).

   (ii) serious dysfunction of any body organ or part;
(B) a mental health emergency is a condition that could reasonably be expected to present danger to the person experiencing the mental health condition or another person.

RULE §133.3 Communication Between Health Care Providers and Insurance Carriers

(a) Any communication between the health care provider and insurance carrier related to medical bill processing shall be of sufficient, specific detail to allow the responder to easily identify the information required to resolve the issue or question related to the medical bill. Generic statements that simply state a conclusion such as "insurance carrier improperly reduced the bill" or "health care provider did not document" or other similar phrases with no further description of the factual basis for the sender's position does not satisfy the requirements of this section.

(b) Communication between the health care provider and insurance carrier related to medical bill processing shall be made by telephone or electronic transmission unless the information cannot be sent by those media, in which case the sender shall send the information by mail or personal delivery.

(c) Health care providers and insurance carriers shall maintain, in a reproducible format, documentation of communications related to medical bill processing.

Source Note: The provisions of this §133.3 adopted to be effective May 2, 2006, 31 TexReg 3544
(a) Applicability. This section applies to health care services that are rendered between August 1, 2008, and December 31, 2010, pursuant to an informal network or voluntary network fee agreement with a health care provider in accordance with Labor Code §§413.011 and §413.0115.

(b) Person. Under this section "person" is defined as an individual, partnership, corporation, hospital district, insurance carrier, organization, business trust, estate trust, association, limited liability company, limited liability partnership or other entity to whom an informal network or voluntary network's fee arrangement with a health care provider is sold, leased, transferred, or conveyed on behalf of an insurance carrier. This term does not include an injured employee.

(c) Required Notice. Each informal network or voluntary network, or the insurance carrier, or the insurance carrier's authorized agent, as appropriate, shall notify each affected health care provider of any person that is given access to the informal or voluntary network's fee arrangement with a health care provider within the time and manner provided by this section.

(d) Notice. Notice to each contracted health care provider:
   (1) must include the contact information for the informal or voluntary network, including, but not limited to, the name, physical address, and a toll-free telephone number accessible to all contracted health care providers;
   (2) must include the following information in the body of the notice:
      (A) name, physical address, and telephone number of any person that is given access to the informal or voluntary network's fee arrangement with a health care provider; and
      (B) the start date and any end date during which any person has been given access to the health care provider's contracted fee arrangement.
   (3) may be provided in an electronic format provided a paper version is available upon request by the Texas Department of Insurance, Division of Workers' Compensation (Division); and
   (4) may be provided through a website link only if the website:
      (A) contains the information stated in paragraphs (1), (2)(A) and (2)(B) of this subsection; and
      (B) is updated at least monthly with current and correct information.

(e) Documentation. The informal or voluntary network, insurance carrier, or the insurance carrier’s authorized agent, as appropriate, shall document the information
provided in the notice as required by subsection (d) of this section, the method of
delivery, to whom the notice was delivered, and the date of delivery. For the purpose of
this section, a notice is determined to be delivered in accordance with §102.4(p) of this
title (relating to General Rules for Non-Commission Communications). Failure to provide
documentation upon the request of the Division or failure to provide notice that
complies with the requirements of Labor Code §413.011 and this section creates a
rebuttable presumption in a Division enforcement action and in a medical fee dispute
that the health care provider did not receive the notification.

(f) Time of notification. Under this section:
   (1) for contracts with health care providers in effect on August 1, 2008, initial
   notification must be made no later than November 1, 2008, and subsequent notices
   provided to health care providers in accordance with this section thereafter on a
   quarterly basis; and
   (2) for contracts with health care providers entered into after August 1, 2008, initial
   notification must be made no later than the 30th day after the effective date of the
   contract and subsequent notices provided to health care providers in accordance with
   this section thereafter on a quarterly basis.

(g) Noncompliance. The insurance carrier is not entitled to pay a health care provider at
a contracted fee negotiated by an informal network or voluntary network if:
   (1) the notice to the health care provider does not meet the requirements of Labor
   Code §413.011 and this section; or
   (2) there are no required contracts in accordance with Labor Code §413.011(d-1) and
   §413.0115.

(h) Application of Division Fee Guideline. If the insurance carrier is not entitled to pay a
health care provider at a contracted rate as outlined in subsection (g) of this section and
as provided in Labor Code §413.011(d-1), the Division fee guidelines will apply pursuant
to §134.1(e)(1) of this title (relating to Medical Reimbursement), or, in the absence of an
applicable Division fee guideline, reimbursement will be based on fair and reasonable
reimbursement pursuant to §134.1(e)(3) of this title.

(i) Administrative Violations. If notice to the health care provider does not meet the
requirements of this section, the insurance carrier may be held liable for administrative
violations in accordance with Labor Code provisions and Division rules.

(j) Severability Clause. If a court of competent jurisdiction holds that any provision of
this section is inconsistent with any statutes of this state, are unconstitutional, or are
invalid for any reason, the remaining provisions of this section shall remain in full effect.
(k) Expiration. In accordance with §413.011(d-6), the provisions of this rule shall expire on January 1, 2011. This section will continue to apply to health care services that were rendered between August 1, 2008, and December 31, 2010, pursuant to an informal network or voluntary network fee agreement with a health care provider.

   (1) the informal network or voluntary network's name and federal employer identification number (FEIN);
   (2) an executive contact for official correspondence for the informal network or voluntary network;
   (3) a toll-free telephone number by which a health care provider may contact the informal network or voluntary network;
   (4) a list of each insurance carrier with whom the informal network or voluntary network contracts, including the insurance carrier's FEIN; and
   (5) a list of each entity or insurance carrier agent associated with the informal or voluntary network working on behalf of the insurance carrier, including contact information for each entity.

(2) Issues Raised by the Division. The division may raise issues in the MFDR process when it determines such an action to be appropriate to administer the dispute process consistent with the provisions of the Labor Code and division rules.

(3) Dismissal. A dismissal is not a final decision by the division. The medical fee dispute may be submitted for review as a new dispute that is subject to the requirements of this section. The division may dismiss a request for MFDR if:

(A) the division determines that the medical bills in the dispute have not been submitted to the insurance carrier for an appeal, when required;

(4) Decision. The division shall send a decision to the disputing parties or to representatives of record for the parties, if any, and post the decision on the department's website.

(5) Division Fee. The division may assess a fee in accordance with §133.305 of this subchapter (relating to MDR--General).

(g) Appeal of MFDR Decision. A party to a medical fee dispute may seek review of the decision. Parties are deemed to have received the MFDR decision as provided in §102.5 of this title. The MFDR decision is final if the request for the benefit review conference is not timely made. If a party provides the benefit review officer or administrative law judge with documentation listed in subsection (d)(2)(H) or (I) of this section that shows unresolved issues regarding compensability, extent of injury, liability, or medical necessity for the same service subject to the fee dispute, then the benefit review officer or administrative law judge shall abate the proceedings until those issues have been resolved.

(1) A party seeking review of an MFDR decision must request a benefit review conference no later than 20 days from the date the MFDR decision is received by the party. The party that requests a review of the MFDR decision must mediate the dispute
in the manner required by Labor Code, Chapter 410, Subchapter B and request a benefit
review conference under Chapter 141 of this title (relating to Dispute Resolution--
Benefit Review Conference). A party may appear at a benefit review conference via
telephone. The benefit review conference will be conducted in accordance with Chapter
141 of this title.

(A) Notwithstanding §141.1(b) of this title (relating to Requesting and Setting a
Benefit Review Conference), a seeking review of an MFDR decision may request a
benefit review conference.

(B) At a benefit review conference, the parties to the dispute may not resolve the
dispute by negotiating fees that are inconsistent with any applicable fee guidelines
adopted by the commissioner.

(C) A party must file the request for a benefit review conference in accordance with
Chapter 141 of this title and must include in the request a copy of the MFDR decision.
Providing a copy of the MFDR decision satisfies the documentation requirements in
§141.1(d) of this title. A first responder’s request for a benefit review conference must be
accelerated by the division and given priority in accordance with Labor Code §504.055.
The first responder must provide notice to the division that the contested case involves
a first responder.

(2) If the medical fee dispute remains unresolved after a benefit review conference, the
parties may request arbitration as provided in Labor Code, Chapter 410, Subchapter C
and Chapter 144 of this title (relating to Dispute Resolution). If arbitration is not elected,
the party may appeal the MFDR decision by requesting a contested case hearing before
the State Office of Administrative Hearings. A first responder’s request for arbitration by
the division or a contested case hearing before the State Office of Administrative
Hearings must be accelerated by the division and given priority in accordance with
Labor Code §504.055. The first responder must provide notice to the division that the
contested case involves a first responder.

(A) To request a contested case hearing before State Office of Administrative
Hearings, a party shall file a written request for a State Office of Administrative Hearings
hearing with the Division’s Chief Clerk of Proceedings not later than 20 days after
conclusion of the benefit review conference in accordance with §148.3 of this title
(relating to Requesting a Hearing).

(B) The party seeking review of the MFDR decision shall deliver a copy of its written
request for a hearing to all other parties involved in the dispute at the same time the
request for hearing is filed with the division.

(3) A party to a medical fee dispute who has exhausted all administrative remedies may
seek judicial review of the decision of the Administrative Law Judge at the State Office of
Administrative Hearings. The division and the department are not considered to be
parties to the medical dispute pursuant to Labor Code §413.031(k-2) and §413.0312(f).
Judicial review under this paragraph shall be conducted in the manner provided for
judicial review of contested cases under Chapter 2001, Subchapter G Government Code, except that in the case of a medical fee dispute the party seeking judicial review must file suit not later than the 45th day after the date on which the State Office of Administrative Hearings mailed the party the notification of the decision. The mailing date is considered to be the fifth day after the date the decision was issued by the State Office of Administrative Hearings. A party seeking judicial review of the decision of the administrative law judge shall at the time the petition for judicial review is filed with the district court file a copy of the petition with the division’s chief clerk of proceedings.

(h) Billing of the non-prevailing party. Except as otherwise provided by Labor Code §413.0312, the non-prevailing party shall reimburse the division for the costs for services provided by the State Office of Administrative Hearings and any interest required by law.

(1) The non-prevailing party shall remit payment to the division not later than the 30th day after the date of receiving a bill or statement from the division.

(2) In the event of a dismissal, the party requesting the hearing, other than the injured employee, shall reimburse the division for the costs for services provided by the State Office of Administrative Hearings unless otherwise agreed by the parties.

(3) If the injured employee is the non-prevailing party, the insurance carrier shall reimburse the division for the costs for services provided by the State Office of Administrative Hearings.

(c) Professional licensing requirements. Notwithstanding Insurance Code Chapter 4202, an IRO that uses doctors to perform reviews of health care services provided under this section may only use doctors licensed to practice in Texas that hold the appropriate credentials under Chapter 180 of this title (relating to Monitoring and Enforcement). Personnel employed by or under contract with the IRO to perform independent review shall also comply with the personnel and credentialing requirements under Chapter 12 of this title.

(d) Conflicts. Conflicts of interest will be reviewed by the department consistent with the provisions of the Insurance Code §4202.008, Labor Code §413.032(b), §§12.203, 12.204, and 12.206 of this title (relating to Conflicts of Interest Prohibited, Prohibitions of Certain Activities and Relationships of Independent Review Organizations and Individuals or Entities Associated with Independent Review Organizations, and Notice of Determinations Made by Independent Review Organizations, respectively), and any other related rules. Notification of each IRO decision must include a certification by the IRO that the reviewing health care provider has certified that no known conflicts of interest exist between that health care provider and the injured employee, the injured employee's employer, the insurance carrier, the utilization review agent, any of the treating health care providers, or any of the health care providers utilized by the insurance carrier to review the case for determination prior to referral to the IRO.

(e) Monitoring. The division will monitor IROs under Labor Code §§413.002, 413.0511, and 413.0512. The division shall report the results of the monitoring of IROs to the department on at least a quarterly basis. The division will make inquiries, conduct audits, receive and investigate complaints, and take all actions permitted by the Labor Code and other applicable law against an IRO or personnel employed by or under contract with an IRO to perform independent review to determine compliance with applicable law, this section, and other applicable division rules.

(f) Requestors. The following parties may be requestors in medical necessity disputes: (1) In network disputes:
(A) health care providers, or qualified pharmacy processing agents acting on behalf of a pharmacy, as described in Labor Code §413.0111, for preauthorization, concurrent, and retrospective medical necessity dispute resolution;

(B) injured employees or a person acting on behalf of an injured employee for preauthorization, concurrent, and retrospective medical necessity dispute resolution; and

(C) subclaimants in accordance with §§140.6, 140.7, or 140.8 of this title, as applicable.

(2) In non-network disputes:

(A) health care providers, or qualified pharmacy processing agents acting on behalf of a pharmacy, as described in Labor Code §413.0111, for preauthorization, concurrent, and retrospective medical necessity dispute resolution;

(B) injured employees or injured employee's representative for preauthorization and concurrent medical necessity dispute resolution; and, for retrospective medical necessity dispute resolution when reimbursement was denied for health care paid by the injured employee; and

(C) subclaimants in accordance with §140.6 of this title (relating to Subclaimant Status: Establishment, Rights, and Procedures), §140.7 of this title (relating to Health Care Insurer Reimbursement under Labor Code §409.0091), or §140.8 of this title (relating to Procedures for Health Care Insurers to Pursue Reimbursement of Medical Benefits under Labor Code §409.0091), as applicable.

(g) Requests. A request for independent review must be filed in the form and manner prescribed by the department. The department’s IRO request form may be obtained from:

(1) the department’s website at http://www.tdi.texas.gov/; or

(2) the Managed Care Quality Assurance Office, Mail Code LH-MCQA, Texas Department of Insurance, P.O. Box 12030, Austin, Texas 78711-2030.

(h) Timeliness. A requestor shall file a request for independent review with the insurance carrier that actually issued the adverse determination or the insurance carrier’s utilization review agent (URA) that actually issued the adverse determination no later than the 45th calendar day after receipt of the insurance carrier’s denial of an appeal. The insurance carrier shall notify the department of a request for an independent review within one working day from the date the request is received by the insurance carrier or its URA. In a preauthorization or concurrent review dispute request, an injured employee with a life-threatening condition, as defined in §133.305 of this subchapter (relating to MDR--General), is entitled to an immediate review by an IRO and is not required to comply with the procedures for an appeal to the insurance carrier.
(i) Dismissal. The department may dismiss a request for medical necessity dispute resolution if:

1. the requestor informs the department, or the department otherwise determines, that the dispute no longer exists;
2. the requestor is not a proper party to the dispute pursuant to subsection (f) of this section;
3. the department determines that the dispute involving a non-life-threatening condition has not been submitted to the insurance carrier for an appeal;
4. the department has previously resolved the dispute for the date(s) of health care in question;
5. the request for dispute resolution is untimely pursuant to subsection (h) of this section;
6. the request for medical necessity dispute resolution was not submitted in compliance with the provisions of this subchapter; or
7. the department determines that good cause otherwise exists to dismiss the request.

(j) IRO Assignment and Notification. The department shall review the request for IRO review, assign an IRO, and notify the parties about the IRO assignment consistent with the provisions of Insurance Code §4202.002(a)(1), §1305.355(a), Chapter 12, Subchapter F of this title (relating to Random Assignment of Independent Review Organizations), any other related rules, and this subchapter.

(k) Insurance Carrier Document Submission. The insurance carrier or the insurance carrier’s URA shall submit the documentation required in paragraphs (1) - (6) of this subsection to the IRO not later than the third working day after the date the insurance carrier or URA receives the notice of IRO assignment. The documentation shall include:

1. the forms prescribed by the department for requesting IRO review;
2. all medical records of the injured employee in the possession of the insurance carrier or the URA that are relevant to the review, including any medical records used by the insurance carrier or the URA in making the determinations to be reviewed by the IRO;
3. all documents, guidelines, policies, protocols and criteria used by the insurance carrier or the URA in making the decision;
4. all documentation and written information submitted to the insurance carrier in support of the appeal;
5. the written notification of the initial adverse determination and the written adverse determination of the appeal to the insurance carrier or the insurance carrier’s URA; and
6. any other information required by the department related to a request from an insurance carrier for the assignment of an IRO.
(l) Additional Information. The IRO shall request additional necessary information from either party or from other health care providers whose records are relevant to the review.

(1) The party or health care providers with relevant records shall deliver the requested information to the IRO as directed by the IRO. If the health care provider requested to submit records is not a party to the dispute, the insurance carrier shall reimburse copy expenses for the requested records pursuant to §134.120 of this title (relating to Reimbursement for Medical Documentation). Parties to the dispute may not be reimbursed for copies of records sent to the IRO.

(2) If the required documentation has not been received as requested by the IRO, the IRO shall notify the department and the department shall request the necessary documentation.

(3) Failure to provide the requested documentation as directed by the IRO or department may result in enforcement action as authorized by statutes and rules.

(m) Designated Doctor Exam. In performing a review of medical necessity, an IRO may request that the division require an examination by a designated doctor and direct the injured employee to attend the examination pursuant to Labor Code §413.031(g) and §408.0041. The IRO request to the division must be made no later than 10 days after the IRO receives notification of assignment of the IRO. The treating doctor and insurance carrier shall forward a copy of all medical records, diagnostic reports, films, and other medical documents to the designated doctor appointed by the division, to arrive no later than three working days prior to the scheduled examination. Communication with the designated doctor is prohibited regarding issues not related to the medical necessity dispute. The designated doctor shall complete a report and file it with the IRO, in the form and manner prescribed by the division no later than seven working days after completing the examination. The designated doctor report shall address all issues as directed by the division.

(n) Time Frame for IRO Decision. The IRO will render a decision as follows:

(1) for life-threatening conditions, no later than eight days after the IRO receipt of the dispute;

(2) for preauthorization and concurrent medical necessity disputes, no later than the 20th day after the IRO receipt of the dispute;

(3) for retrospective medical necessity disputes, no later than the 30th day after the IRO receipt of the IRO fee; and

(4) if a designated doctor examination has been requested by the IRO, the above time frames begin on the date of the IRO receipt of the designated doctor report.
(o) IRO Decision. The decision shall be mailed or otherwise transmitted to the parties and to representatives of record for the parties and transmitted in the form and manner prescribed by the department within the time frames specified in this section.

(1) The IRO decision must include:

(A) a list of all medical records and other documents reviewed by the IRO, including the dates of those documents;
(B) a description and the source of the screening criteria or clinical basis used in making the decision;
(C) an analysis of, and explanation for, the decision, including the findings and conclusions used to support the decision;
(D) a description of the qualifications of each physician or other health care provider who reviewed the decision;
(E) a statement that clearly states whether or not medical necessity exists for each of the health care services in dispute;
(F) a certification by the IRO that the reviewing health care provider has no known conflicts of interest pursuant to the Insurance Code Chapter 4202, Labor Code §413.032, and §12.203 of this title; and
(G) if the IRO’s decision is contrary to the division’s policies or guidelines adopted under Labor Code §413.011, the IRO must indicate in the decision the specific basis for its divergence in the review of medical necessity of non-network health care.

(2) The notification to the department shall also include certification of the date and means by which the decision was sent to the parties.

(p) Insurance Carrier Use of Peer Review Report after an IRO Decision. If an IRO decision determines that medical necessity exists for health care that the insurance carrier denied and the insurance carrier utilized a peer review report on which to base its denial, the peer review report shall not be used for subsequent medical necessity denials of the same health care services subsequently reviewed for that compensable injury.

(q) IRO Fees. IRO fees will be paid in the same amounts as the IRO fees set by department rules. In addition to the specialty classifications established as tier two fees in department rules, independent review by a doctor of chiropractic shall be paid the tier two fee. IRO fees shall be paid as follows:

(1) In network disputes, a preauthorization, concurrent, or retrospective medical necessity dispute for health care provided by a network, the insurance carrier must remit payment to the assigned IRO within 15 days after receipt of an invoice from the IRO;
(2) In non-network disputes, IRO fees for disputes regarding non-network health care must be paid as follows:
(A) in a preauthorization or concurrent review medical necessity dispute or retrospective medical necessity dispute resolution when reimbursement was denied for health care paid by the injured employee, the insurance carrier shall remit payment to the assigned IRO within 15 days after receipt of an invoice from the IRO.

(B) in a retrospective medical necessity dispute, the requestor must remit payment to the assigned IRO within 15 days after receipt of an invoice from the IRO.

(i) If the IRO fee has not been received within 15 days of the requestor's receipt of the invoice, the IRO shall notify the department and the department shall dismiss the dispute with prejudice.

(ii) After an IRO decision is rendered, the IRO fee must be paid or refunded by the nonprevailing party as determined by the IRO in its decision.

(3) Designated doctor examinations requested by an IRO shall be paid by the insurance carrier in accordance with the medical fee guidelines under the Labor Code and related rules.

(4) Failure to pay or refund the IRO fee may result in enforcement action as authorized by statute and rules.

(5) For health care not provided by a network, the non-prevailing party to a retrospective medical necessity dispute must pay or refund the IRO fee to the prevailing party upon receipt of the IRO decision, but not later than 15 days regardless of whether an appeal of the IRO decision has been or will be filed.

(6) The IRO fees may include an amended notification of decision if the department determines the notification to be incomplete. The amended notification of decision shall be filed with the department no later than five working days from the IRO's receipt of such notice from the department. The amended notification of decision does not alter the deadlines for appeal.

(7) If a requestor withdraws the request for an IRO decision after the IRO has been assigned by the department but before the IRO sends the case to an IRO reviewer, the requestor shall pay the IRO a withdrawal fee of $150 within 30 days of the withdrawal. If a requestor withdraws the request for an IRO decision after the case is sent to a reviewer, the requestor shall pay the IRO the full IRO review fee within 30 days of the withdrawal.

(8) In addition to department enforcement action, the division may assess an administrative fee in accordance with Labor Code §413.020 and §133.305 of this subchapter.

(9) This section shall not be deemed to require an employee to pay for any part of a review. If application of a provision of this section would require an employee to pay for part of the cost of a review, that cost shall instead be paid by the insurance carrier.

(r) Defense. An insurance carrier may claim a defense to a medical necessity dispute if the insurance carrier timely complies with the IRO decision with respect to the medical
necessity or appropriateness of health care for an injured employee. Upon receipt of an IRO decision for a retrospective medical necessity dispute that finds that medical necessity exists, the insurance carrier must review, audit, and process the bill. In addition, the insurance carrier shall tender payment consistent with the IRO decision, and issue a new explanation of benefits (EOB) to reflect the payment within 21 days upon receipt of the IRO decision. The decision of an IRO under Labor Code §413.031(m) is binding during the pendency of a dispute.

(s) Appeal of IRO decision. A decision issued by an IRO is not considered an agency decision and neither the department nor the division is considered a party to an appeal. In a division Contested Case Hearing (CCH), the party appealing the IRO decision has the burden of overcoming the decision issued by an IRO by a preponderance of evidence based medical evidence. A party to a medical dispute that remains unresolved after a review under Labor Code §504.053(d)(3) or Insurance Code §1305.355 is entitled to a contested case hearing in the same manner as a hearing conducted under Labor Code §413.0311. A party to a medical necessity dispute may seek review of a dismissal or decision at a division CCS as follows:

(1) A party to a medical necessity dispute may appeal the IRO decision by requesting a division CCH conducted by a division administrative law judge. A benefit review conference is not a prerequisite to a division CCH under this subsection.

(A) The written appeal must be filed with the division's Chief Clerk of Proceedings no later than the later of the 20th day after the effective date of this section or 20 days after the date the IRO decision is sent to the appealing party and must be filed in the form and manner required by the division. Requests that are timely submitted to a division location other than the division's Chief Clerk of Proceedings, such as a local field office of the division, will be considered timely filed and forwarded to the Chief Clerk of Proceedings for processing; however, this may result in a delay in the processing of the request.

(B) The party appealing the IRO decision shall send a copy of its written request for a hearing to all other parties involved in the dispute. The IRO is not required to participate in the division CCH or any appeal.

(C) Except as otherwise provided in this section, a division CCH shall be conducted in accordance with Chapters 140 and 142 of this title (relating to Dispute Resolution--General Provisions and Dispute Resolution--Benefit Contested Case Hearing).

(D) At a division CCH, the administrative law judge shall consider the treatment guidelines:

(i) adopted by the network under Insurance Code §1305.304, for a network dispute;

(ii) adopted by the division under Labor Code §413.011(e) for a non-network dispute; or
(iii) adopted, if any, by the political subdivision or pool that provides medical benefits under Labor Code §504.053(b)(2) if those treatment guidelines meet the standards provided by Labor Code §413.011(e).

(E) Prior to a division CCH, a party may submit a request for a letter of clarification by the IRO to the division's Chief Clerk of Proceedings. A copy of the request for a letter of clarification must be provided to all parties involved in the dispute at the time it is submitted to the division.

(i) A party's request for a letter of clarification must be submitted to the division no later than 10 days before the date set for hearing. The request must include a cover letter that contains the names of the parties and all identification numbers assigned to the hearing or the independent review by the division, the department, or the IRO.

(ii) The department may at its discretion forward the party's request for a letter of clarification to the IRO that conducted the independent review. The department will not forward to the IRO a request for a letter of clarification that asks the IRO to reconsider its decision or issue a new decision.

(iii) The IRO shall send a response to the request for a letter of clarification to the department and to all parties that received a copy of the IRO's decision within 5 days of receipt of the party's request for a letter of clarification. The IRO's response is limited to clarifying statements in its original decision; the IRO shall not reconsider its decision and shall not issue a new decision in response to a request for a letter of clarification.

(iv) A request for a letter of clarification does not alter the deadlines for appeal.

(F) A party to a medical necessity dispute who has exhausted all administrative remedies may seek judicial review of the division's decision. Judicial review under this paragraph shall be conducted in the manner provided for judicial review of contested cases under Chapter 2001, Subchapter G Government Code, and is governed by the substantial evidence rule. The party seeking judicial review under this section must file suit not later than the 45th day after the date on which the division mailed the party the decision of the administrative law judge. The mailing date is considered to be the fifth day after the date the decision of the administrative law judge was filed with the division. A decision becomes final and appealable when issued by a division administrative law judge. If a party to a medical necessity dispute files a petition for judicial review of the division's decision, the party shall, at the time the petition is filed with the district court, send a copy of the petition for judicial review to the division's Chief Clerk of Proceedings. The division and the department are not considered to be parties to the medical necessity dispute pursuant to Labor Code §413.031(k-2) and §413.0311(e).

(G) Upon receipt of a court petition seeking judicial review of a division CCH held under this subparagraph, the division shall prepare and submit to the district court a certified copy of the entire record of the division CCH under review.
(i) The following information must be included in the petition or provided to the division by cover letter:
   (I) Any applicable division docket number for the dispute being appealed;
   (II) the names of the parties;
   (III) the cause number;
   (IV) the identity of the court; and
   (V) the date the petition was filed with the court.

(ii) The record of the hearing includes:
   (I) all pleadings, motions, and intermediate rulings;
   (II) evidence received or considered;
   (III) a statement of matters officially noticed;
   (IV) questions and offers of proof, objections, and rulings on them;
   (V) any decision, opinion, report, or proposal for decision by the officer presiding at the hearing and any decision by the division; and
   (VI) a transcription of the audio record of the division CCH.

(iii) The division shall assess to the party seeking judicial review expenses incurred by the division in preparing the certified copy of the record, including transcription costs, in accordance with the Government Code §2001.177 (relating to Costs of Preparing Agency Record). Upon request, the division shall consider the financial ability of the party to pay the costs, or any other factor that is relevant to a just and reasonable assessment of costs.

(2) If a party to a medical necessity dispute properly requests review of an IRO decision, the IRO, upon request, shall provide a record of the review and submit it to the requestor within 15 days of the request. The party requesting the record shall pay the IRO copying costs for the records. The record shall include the following documents that are in the possession of the IRO and which were reviewed by the IRO in making the decision including:
   (A) medical records;
   (B) all documents used by the insurance carrier in making the decision that resulted in the adverse determination under review by the IRO;
   (C) all documentation and written information submitted by the insurance carrier to the IRO in support of the review;
   (D) the written notification of the adverse determination and the written determination of the appeal to the insurance carrier or the insurance carrier's URA;
   (E) a list containing the name, address, and phone number of each health care provider who provided medical records to the IRO relevant to the review;
   (F) a list of all medical records of other documents reviewed by the IRO, including the dates of those documents;
   (G) a copy of the decision that was sent to all parties;
(H) copies of any pertinent medical literature or other documentation (such as any treatment guideline or screening criteria) utilized to support the decision or, where such documentation is subject to copyright protection or is voluminous, then a listing of such documentation referencing the portion(s) of each document utilized;

(I) a signed and certified custodian of records affidavit; and

(J) other information that was required by the department related to a request from an insurance carrier or the insurance carrier’s URA for the assignment of the IRO.

(t) Medical Fee Dispute Request. If the requestor has an unresolved non-network fee dispute related to health care that was found medically necessary, after the final decision of the medical necessity dispute, the requestor may file a medical fee dispute in accordance with §133.305 and §133.307 of this subchapter (relating to MDR--General and MDR of Fee Disputes, respectively).

(u) First Responders. In accordance with Labor Code §504.055(d), an appeal regarding the denial of a claim for medical benefits, including all health care required to cure or relieve the effects naturally resulting from a compensable injury involving a first responder will be accelerated by the division and given priority. The party seeking to expedite the contested case hearing or appeal must provide notice to the division and independent review organization that the contested case hearing or appeal involves a first responder.

(v) Texas Military Forces. In accordance with Labor Code §501.028, the division will accelerate and give priority to an appeal from a denial of a claim for medical benefits.

(1) This subsection applies to a claim for medical benefits made by a member of the Texas military forces who, while on state active duty, sustains a serious bodily injury, as defined by Penal Code §1.07.

(2) The division will accelerate and give priority to actions involving all health care required to cure or relieve the effects naturally resulting from a compensable injury.

(3) The member must notify the division and IRO that the CCH or appeal involves a member of the Texas military forces.

(w) Enforcement. The department or the division may initiate appropriate proceedings under Chapter 12 of this title or Labor Code, Title 5 and division rules against an independent review organization or a person conducting independent reviews.

RULE §133.309 Alternate Medical Necessity Dispute Resolution by Case Review Doctor

(a) Definitions. The following terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise:

(1) case review doctor--a commission selected doctor from the commission’s Approved Doctor List assigned to conduct retrospective review of health care for medical necessity under this subsection.

(2) claim-specific--pertaining to one injured employee, a single workers' compensation claim filed by that injured employee, and a single insurance carrier (carrier), as defined in §133.1(a)(10) of this title (relating to Definitions for Chapter 133, Benefits--Medical Benefits), that has accepted liability for the claim.

(3) retrospective medical necessity dispute--a dispute regarding health care provided to an injured employee by a health care provider (HCP), as defined in §133.1(a)(9) of this title, for which reimbursement has been denied to an injured employee or HCP by the carrier based upon the carrier’s determination that the health care is not medically necessary.

(b) Applicability.

(1) Alternate Medical Necessity Dispute Resolution by Case Review Doctor (AMDR) is the exclusive process to resolve claim-specific retrospective medical necessity disputes, wherein:

(A) the sum of disputed billed charges on a single bill is less than the tier one fee as established for the review of health care by an Independent Review Organization (IRO) (pursuant to Article 21.58C of the Texas Insurance Code); or

(B) the sum of disputed billed charges on multiple bills is less than the tier one fee as established for the review of health care by an IRO. Multiple billings may not include bills from more than one HCP.

(2) This rule applies to AMDR requests filed with the commission on or after October 1, 2004.

(3) The AMDR process is expressly limited to the resolution of retrospective medical necessity disputes as defined in paragraph (1)(A) and (B) of this subsection.

(4) This process shall not be utilized for the purpose of reviewing or appealing an IRO decision or a State Office of Administrative Hearings (SOAH) decision, nor pending decisions before those bodies, regarding retrospective medical necessity disputes.

(5) For medical services in which the sum of disputed billed charges, as determined in accordance with paragraph (1) of this subsection, is greater than or equal to the tier one fee for an IRO review or for requests received prior to October 1, 2004, the requesting party must file a separate request that adheres to the medical dispute process outlined
in §133.308 of this title (relating to Medical Dispute Resolution By Independent Review Organizations).

(6) All disputes involving issues other than medical necessity shall be filed separately and processed under §133.307 of this title (relating to Medical Dispute Resolution of a Medical Fee Dispute) and/or §141.1 of this title (relating to Requesting and Setting a Benefit Review Conference).

(7) Where any terms or parts of this section or its application to any person or circumstance are determined by a court of competent jurisdiction to be invalid, the invalidity does not affect other provisions or applications of this section that can be given affect without the invalidated provision or application.

(c) Effect of Other Disputes.

(1) If, by the fifteenth day after the carrier receives the first written notice of the injury, the carrier has not disputed liability or compensability of the claimed injury, the carrier is liable for all medically necessary care that is provided for the claimed injury until the carrier timely disputes liability or compensability of that injury. A request for AMDR regarding the medical necessity of health care that was provided to treat the claimed injury prior to the carrier’s dispute shall proceed to an AMDR final decision and order.

(2) If, by the sixtieth day after the carrier receives the first written notice of the injury, or a later day if there is a finding of evidence that could not reasonably have been discovered earlier, the carrier still has not disputed liability or compensability of the claimed injury, the carrier is liable for all medically necessary care that is provided for the claimed injury. A request for AMDR regarding the medical necessity of health care provided to treat the claimed injury shall proceed to an AMDR final decision and order.

(3) If the carrier timely disputes liability for the subject claim, denies compensability of the injury, or denies compensability of the body parts or conditions for which the health care in dispute was provided, AMDR will not proceed until after final adjudication by the commission finds liability and compensability for the injury.

(4) A request for AMDR regarding the medical necessity of health care provided for body parts or conditions already accepted by the carrier as to liability or compensability, or already adjudicated as to liability or compensability, shall proceed to a final decision and order.

(d) Parties. The following individuals shall be parties to an AMDR:

(1) the HCP who has been denied reimbursement for health care rendered;
(2) the prescribing/referring doctor, if that doctor is not the HCP who provided the care in dispute;
(3) the injured employee, if denied reimbursement for health care paid by the injured employee; and
(4) the carrier. The carrier participates in this process as a responding party and shall not be considered a requesting party.

(e) Timeliness. A request shall be filed with and received by the commission no later than one year from the disputed health care’s date of service.
   (1) A request by a HCP may be submitted only after exhaustion of the reconsideration process as established in §133.304 of this title (relating to Medical Payments and Denials).
   (2) A request by an injured employee shall be initiated by contacting the commission in any manner for assistance with the AMDR requirements. The injured employee’s initial contact establishes the date used to determine timeliness. The injured employee is not required to request reconsideration under §133.304 of this title prior to requesting AMDR.
   (3) A party who fails to timely file a request waives the right to AMDR.

(f) Request by HCPs.
   (1) Two copies of the request for AMDR shall be submitted to the commission in the form and manner prescribed by the commission.
   (2) Each copy of the request shall be legible and shall include:
       (A) a designation that the request is for AMDR;
       (B) a copy of all medical bill(s) as originally submitted for reconsideration in accordance with §133.304 of this title;
       (C) copies of written notices of adverse determinations from a carrier (both initial and on reconsideration) such as an explanation of benefits indicating that reimbursement is denied due to the health care not being medically necessary, or, if the carrier failed to respond to the request (either initial or on reconsideration), verifiable evidence or documentation of the carrier’s receipt of the request; and
       (D) a maximum of five single-sided documents, which may include a summary, supporting the medical necessity of disputed care, clearly identified as the documentation to be reviewed by the case review doctor. The prescribing/referring doctor shall provide the required documentation to the requesting HCP.

(g) Request by Injured Employee. Requests by the injured employee shall be legible and shall include:
   (1) a designation that the request is for AMDR;
   (2) documentation or evidence (such as itemized receipts) of the amount the injured employee paid the HCP;
   (3) a copy of any written notice, if in the possession of the requestor, of adverse determinations from a carrier such as an explanation of benefits indicating that reimbursement is denied due to the health care not being medically necessary, or, if the
carrier failed to respond to the request for reimbursement, verifiable evidence or documentation of the carrier's receipt of the request; and

(4) a maximum of five single-sided documents, which may include a summary, supporting the medical necessity of disputed care, clearly identified as the documentation to be reviewed by the case review doctor. The prescribing/referring doctor shall provide the required documentation to the injured employee.

(h) Assignment. The commission, within 10 days of receipt of a complete request for AMDR, shall assign a case review doctor to review and resolve the disputed medical necessity. The case review doctor will be selected, at the commission’s discretion, from among commission-approved doctors having appropriate qualifications. The case review doctor shall be considered a doctor performing medical case review for purposes of §413.054 of the Act. The doctors utilized by the commission for this process will be of sufficient number to service the volume of AMDR requests. The case review doctor shall:

(1) be of the same or similar licensure as the prescribing/referring or performing doctor;

(2) have no known conflicts of interest with any of the providers known by the case review doctor to have examined, treated or reviewed records for the injured employee's injury claim;

(3) not have previously treated or examined the injured employee within the past 12 months, nor have examined or treated the injured employee with regard to a medical condition being evaluated in the AMDR request; and

(4) preserve the confidentiality of individual medical records as required by law. Written consent from the injured employee is not required for the case review doctor to obtain medical records relevant to the review.

(i) Notification Order.

(1) The commission, also within 10 days of receipt of a complete request for AMDR, shall issue written notification to the parties which:

(A) indicates the case reviewer's name, license number, practice address, telephone number and fax number;

(B) explains the purpose of the case review;

(C) orders the requestor to pay the case review fee to the case review doctor no later than 14 days from the date of the order, unless the requestor is an injured employee, in which case the carrier is ordered to pay the case review fee; and

(D) advises the carrier to forward a written response to the case review doctor.

(2) The commission's notice to the carrier shall also include a copy of the AMDR request. The notice shall be forwarded to the carrier through its Austin representative. The carrier is deemed to have received the notification order and request for AMDR in
accordance with §102.5(d) of this title (regarding General Rules for Written Communication to and from the Commission).

(3) Once the notification order has been issued, withdrawals by any party are not permitted.

(j) Case Review Fee. The AMDR case review fee is $100.00.

(1) An injured employee is never liable for the AMDR case review fee.
(2) The case review fee shall be initially paid by the requestor, unless the requestor is an injured employee, in which case the carrier pays the case review fee. Untimely payment of the case review fee will result in either:
   (A) a dismissal of the requestor’s AMDR request; or
   (B) the issuance of an order to the carrier requiring payment of the case review fee when the requestor is an injured employee.
(3) Final liability for the AMDR case review fee shall be determined as provided in subsection (n) of this section.

(k) Carrier Response. No later than 14 days from the date of the notification order, the carrier shall submit directly to the case review doctor:

(1) the $100.00 case review fee with an annotation identifying the case review number, when required; and
(2) a written response by facsimile or electronic transmission, either explaining why the disputed health care is not medically necessary, or indicating that no documentation will be submitted for review. The response shall be limited to a maximum of five single-sided documents, which may include a summary, supporting the carrier's position. The carrier may elect to provide this written response. If the carrier elects to not provide a written response, the AMDR process will proceed to a final decision and order.

(l) Case Review. The case review doctor shall review up to five single-sided documents provided by each party.

(1) If a party’s documentation exceeds the limit of a maximum of five single-sided documents, the case review doctor shall not review any of the offending party’s documentation and the case review doctor shall indicate this in the report.
(2) If the case review doctor does not receive a timely response from the carrier, the case review doctor shall proceed with the review and issue the report required by subsection (m) of this section.
(3) To avoid undue influence on the case review doctor, any communication regarding the AMDR dispute between a party and the case review doctor, before, during, or after the review, is prohibited.
(4) Upon completion of the case review, the case review doctor shall maintain a copy of the report, all documentation submitted by the parties, the date the documentation was received and from whom, and the date and time the report was issued to, and received...
by, all parties. The case review doctor shall forward to the commission, upon request, copies of the retained information.

(m) Report. No later than five days after the date the carrier's response was due, the case review doctor shall issue a report addressing the medical necessity of the disputed health care.

1. The report must include:
   A. the specific reasons for the case review doctor's determination, including the clinical basis for the decision;
   B. a description of, and the source of, the screening criteria that were utilized;
   C. a description of the qualifications of the case review doctor; and
   D. a certification by the case review doctor that no known conflicts of interest exist with any of the providers known by the case review doctor to have examined, treated or reviewed records for the injured employee's injury claim. The certification must also include a statement that the case review doctor has not previously treated or examined the injured employee within the past 12 months, nor has the case review doctor examined or treated the injured employee with regard to a medical condition being evaluated in the AMDR request.

2. The case review doctor shall forward the completed report and a copy of the reviewed carrier's response to all parties and the commission.

   A. This information shall be forwarded to all parties and the commission by facsimile or electronic transmission.
   B. If the party is an injured employee and a facsimile number has not been provided, this information shall be provided by other verifiable means.

3. Requests for clarification from the parties will not be accepted by the commission or the case review doctor. The commission, at its discretion, may seek clarification from the case review doctor and may require the case review doctor to issue an amended report within three days of the commission's request.

(n) Final Decision and Order. The case review doctor's report is deemed to be a commission decision and order, and is effective the date signed by the case review doctor.

1. The decision and order is final and is not subject to further review.
2. If the decision and order indicates that none of the disputed care was medically necessary, the decision and order will direct the prescribing/referring doctor to reimburse the requestor the case review fee only if the requestor is a pharmacy or durable medical equipment provider. No other parties shall reimburse, or be entitled to reimbursement of, the case review fee.
3. If the decision and order indicates that any of the disputed care was medically necessary it will include an order that the carrier pay, in accordance with the
commission's fee guidelines, for the care that was determined by the case review doctor to be medically necessary. The carrier will also be ordered to reimburse the requestor the case review fee.

(4) A party shall comply with the decision and order within 20 days of receipt.

(5) This final decision and order shall not be used by a carrier to prospectively deny future medical care.

(o) Dismissal. The commission may dismiss a request for AMDR if the commission determines that good cause exists.

RULE §133.501 Electronic Medical Bill Processing

(a) Applicability.
   (1) This section applies to the exchange of electronic medical bill data in accordance with §133.500 of this title (relating to Electronic Formats for Electronic Medical Bill Processing) for professional, institutional/hospital, pharmacy, and dental services. This section applies to all electronic medical bill processing, including transactions for medical services rendered under the provisions of Insurance Code Chapter 1305 or rendered to political subdivisions with contractual relationships under Labor Code §504.053(b)(2).
   (2) Insurance carriers shall accept electronic medical bills from health care providers transmitted in accordance with §133.500 of this title unless the insurance carrier is exempt from the process in accordance with subsection (b) of this section.
(3) Health care providers shall submit electronic medical bills to insurance carriers in accordance with §133.500 of this title unless the health care provider or the billed insurance carrier is exempt from the process in accordance with subsection (b) of this section.

(b) Exemptions.

(1) A health care provider is exempt from the requirement to submit medical bills electronically to an insurance carrier if:

   (A) the health care provider employs fewer than 10 full time employees;
   
   (B) the health care provider provided services to 32 or fewer injured employees during the preceding calendar year; or
   
   (C) the health care provider can sufficiently demonstrate electronic medical bill implementation will create an unreasonable financial hardship and can provide supporting documentation such as financial statements and other documentation which reflect the cost of implementation.

(2) A health care provider who asserts an exemption under this section must provide all supporting documentation to the division within 15 days of a division request for documentation.

(3) An insurance carrier is exempt from the requirement to receive medical bills electronically from health care providers if:

   (A) the insurance carrier is placed in receivership;
   
   (B) the insurance carrier was issued an initial license to write workers' compensation insurance by the Texas Department of Insurance during the current or preceding calendar year;
   
   (C) the insurance carrier had less than 32 workers' compensation claims for which income or medical benefits were paid during the preceding calendar year;
   
   (D) the insurance carrier no longer writes workers' compensation insurance in Texas and is only handling runoff claims;
   
   (E) the insurance carrier was a certified self-insured employer under Labor Code, Chapter 407, or a self-insured group under Labor Code, Chapter 407A, which has withdrawn from the certified self-insurance program or group self-insurance; or
   
   (F) the insurance carrier submits a request to the division with supporting documentation such as financial statements and other documents which reflect cost of implementation and sufficiently demonstrates that electronic medical bill implementation will create an unreasonable financial hardship and the Commissioner approves the request.

(4) An insurance carrier who asserts an exemption under this subsection must provide all supporting documentation to the division within 15 days of a division request for documentation.
(5) Insurance carriers shall submit notification to the division prior to the beginning of each calendar year for which they will assert an exemption to the electronic medical bill processing requirements. The required notification must include:

(A) federal tax identification number of the insurance carrier;
(B) contact information, including but not limited to the name, physical address, and telephone number; and
(C) a description regarding facts related to the exemption under paragraph (3) of this subsection asserted by the insurance carrier.

c) Agents. Health care providers and insurance carriers may contract with other entities for electronic medical bill processing. Insurance carriers and health care providers are responsible for the acts or omissions of their agents executed in the performance of services for the insurance carrier or health care provider.

d) Electronic medical bill.

(1) An electronic medical bill is a medical bill submitted electronically by a health care provider or its agent.

(2) An insurance carrier shall take final action not later than the 45th day after the date the insurance carrier received a complete electronic medical bill.

e) Acknowledgment.

(1) An insurance carrier must acknowledge receipt of an electronic medical bill by returning an acknowledgment within two working days of receipt of the electronic submission. The time frame for returning an incomplete medical bill contained in §133.200 of this title (relating to Insurance Carrier Receipt of Medical Bills from Health Care Providers) does not apply to an electronic medical bill.

(A) Notification of a rejection is transmitted in an acknowledgment when an electronic medical bill does not meet the definition of a complete electronic medical bill or does not meet the edits defined in the applicable standard.

(B) A health care provider may not submit a duplicate electronic medical bill earlier than 45 days from the date submitted if an insurance carrier acknowledged receipt of the original complete electronic medical bill. A health care provider may submit a corrected medical bill electronically to the insurance carrier after receiving notification of a rejection. The corrected medical bill is submitted as a new, original bill.

(2) Acknowledgment of a medical bill is not an admission of liability by the insurance carrier. The insurance carrier may subsequently deny a medical bill for liability or other issues within the 45-day medical bill processing timeframe contained in Labor Code §408.027.

(f) Electronic remittance notification.
(1) An electronic remittance notification is an explanation of benefits (EOB), submitted electronically regarding payment or denial of a medical bill, recoupment request, or receipt of a refund.

(2) An insurance carrier must provide an electronic remittance notification no later than 45 days after receipt of a complete electronic medical bill or within 5 days of generating a payment. This requirement applies only to the date the electronic remittance is sent and does not modify the medical bill processing timeframes contained in Labor Code §408.027.

(g) Electronic documentation. Electronic documentation consists of medical documentation submitted electronically that is related to an electronic medical bill.

(h) This section is effective August 1, 2011.

(II) The impairment rating doctor must determine and assign a finite whole percentage number rating from the range of percentage ratings.

(III) Use of these charts to assign an IR is equivalent to assigning an IR by the DRE method as referenced in subparagraph (C)(ii)(I) of this paragraph.

(v) The MAR for the assignment of an IR in a non-musculoskeletal body area shall be $150.

RULE §134.210 Medical Fee Guideline for Workers' Compensation Specific Services

(a) Specific provisions contained in the Labor Code or division rules, including this chapter, take precedence over any conflicting provision adopted or used by the Centers for Medicare and Medicaid Services (CMS) in administering the Medicare program. Independent review organization decisions on medical necessity made in accordance with Labor Code §413.031 and §133.308 of this title, which are made on a case-by-case basis, take precedence, in that case only, over any division rules and Medicare payment policies.

(1) Health care providers must bill their usual and customary charges using the most current Level I Current Procedural Terminology (CPT) and Level II Healthcare Common Procedure Coding System (HCPCS) codes. Health care providers must submit medical bills in accordance with the Labor Code and division rules.

(2) Modifying circumstance must be identified by use of the appropriate modifier following the appropriate Level I (CPT codes) and Level II HCPCS codes. Where HCPCS modifiers apply, insurance carriers must treat them in accordance with Medicare and Texas Medicaid rules. In addition, division-specific modifiers are identified in subsection (f) of this section. When two or more modifiers apply to a single HCPCS code, indicate each modifier on the bill.

However, reimbursement for a missed appointment under §134.240 does not qualify for the 10% incentive payment.

(4) Fees established in §§134.235, 134.240, 134.250, and 134.260 of this title will be:

(A) adjusted once by applying the Medicare Economic Index (MEI) percentage adjustment factor for the period 2009 - 2024.

(B) adjusted annually by applying the MEI percentage adjustment factor identified in §134.203(c)(2).

(C) rounded to whole dollars by dropping amounts under 50 cents and increasing amounts from 50 to 99 cents to the next dollar. For example, $1.39 becomes $1 and $2.50 becomes $3.

(D) effective on January 1 of each new calendar year.

Updated June 4, 2024

   (1) MAR amount;
   (2) health care provider’s usual and customary charge; or
   (3) fair and reasonable amount consistent with the standards of §134.1 of this title.

   (2) "ASC device portion" means the portion of the ASC payment rate that represents the cost of the implantable device, and is calculated by applying the Centers for
Medicare and Medicaid Services (CMS) Outpatient Prospective Payment System (OPPS) device offset percentage to the OPPS payment rate.

(4) "Device intensive procedure" means an ASC covered surgical procedure that has been designated by CMS as device intensive in TABLE 56 - ASC COVERED SURGICAL PROCEDURES DESIGNATED AS DEVICE INTENSIVE FOR CY 2008 or its successor.

(5) "Implantable" means an object or device that is surgically:
   (A) implanted,
   (B) embedded,
   (C) inserted,

(d) For coding, billing, and reporting, of facility services covered in this rule, Texas workers' compensation system participants shall apply the Medicare payment policies in effect on the date a service is provided with any additions or exceptions specified in this section, including the following paragraphs.

   (1) Specific provisions contained in the Labor Code or the Texas Department of Insurance, Division of Workers' Compensation (Division) rules, including this chapter, shall take precedence over any conflicting provision adopted or utilized by the CMS in administering the Medicare program.

   (2) Independent Review Organization decisions regarding medical necessity made in accordance with Labor Code §413.031 and §133.308 of this title (relating to MDR by Independent Review Organizations), which are made on a case-by-case basis, take precedence in that case only, over any Division rules and Medicare payment policies.

   (3) Whenever a component of the Medicare program is revised and effective, use of the revised component shall be required for compliance with Division rules, decisions, and orders for services rendered on and after the effective date, or after the effective date or the adoption date of the revised Medicare component, whichever is later.
(e) Regardless of billed amount, reimbursement shall be:

1. the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011; or

2. if no contracted fee schedule exists that complies with Labor Code §413.011, the maximum allowable reimbursement (MAR) amount under subsection (f) of this section, including any reimbursement for implantables.

3. If no contracted fee schedule exists that complies with Labor Code §413.011, and an amount cannot be determined by application of the formula to calculate the MAR as outlined in subsection (f) of this section, reimbursement shall be determined in accordance with §134.1 of this title (relating to Medical Reimbursement).

(f) The reimbursement calculation used for establishing the MAR shall be the Medicare ASC reimbursement amount determined by applying the most recently adopted and effective Medicare Payment System Policies for Services Furnished in Ambulatory Surgical Centers and Outpatient Prospective Payment System reimbursement formula and factors as published annually in the Federal Register. Reimbursement shall be based on the fully implemented payment amount as in ADDENDUM AA, ASC COVERED SURGICAL PROCEDURES FOR CY 2008, published in the November 27, 2007 publication of the Federal Register, or its successor. The following minimal modifications apply:

1. Reimbursement for non-device intensive procedures shall be:
   (A) The Medicare ASC facility reimbursement amount multiplied by 235 percent; or
   (B) if an ASC facility or surgical implant provider requests separate reimbursement for an implantable, reimbursement for the non-device intensive procedure shall be the sum of:
      (i) the lesser of the manufacturer’s invoice amount or the net amount (exclusive of rebates and discounts) plus 10 percent or $1,000 per billed item add-on, whichever is less, but not to exceed $2,000 in add-on’s per admission; and
      (ii) the Medicare ASC facility reimbursement amount multiplied by 153 percent.

2. Reimbursement for device intensive procedures shall be:
   (A) the sum of:
      (i) the ASC device portion; and
      (ii) the ASC service portion multiplied by 235 percent; or
   (B) If an ASC facility or surgical implant provider requests separate reimbursement for an implantable, reimbursement for the device intensive procedure shall be the sum of:
      (i) the lesser of the manufacturer’s invoice amount or the net amount (exclusive of rebates and discounts) plus 10 percent or $1,000 per billed item add-on, whichever is less, but not to exceed $2,000 in add-on’s per admission; and
      (ii) the ASC service portion multiplied by 235 percent.
(g) A facility, or surgical implant provider with written agreement of the facility, may request separate reimbursement for an implantable.

(1) The facility or surgical implant provider requesting reimbursement for the implantable shall:
   (A) bill for the implantable on the Medicare-specific billing form for ASCs;
   (B) include with the billing a certification that the amount billed represents the actual cost (net amount, exclusive of rebates and discounts) for the implantable. The certification shall include the following sentence: "I hereby certify under penalty of law that the following is the true and correct actual cost to the best of my knowledge," and shall be signed by an authorized representative of the facility or surgical implant provider who has personal knowledge of the cost of the implantable and any rebates or discounts to which the facility or surgical implant provider may be entitled.

(2) An insurance carrier may use the audit process under §133.230 of this title (relating to Insurance Carrier Audit of a Medical Bill) to seek verification that the amount certified under paragraph (1) of this subsection properly reflects the requirements of this subsection. Such verification may also take place in the Medical Dispute Resolution process under §133.307 of this title (relating to MDR of Fee Dispute), if that process is properly requested, notwithstanding §133.307(d)(2)(B) of this title.

(3) Nothing in this rule precludes an ASC or insurance carrier from utilizing a surgical implant provider to arrange for the provision of implantable devices. Implantables provided by a surgical implant provider shall be reimbursed according to this subsection.

(h) For medical services provided in an ASC, but not addressed in the Medicare payment policies as outlined in subsection (f) of this section, and for which Medicare reimburses using other Medicare fee schedules, reimbursement shall be made using the applicable Division Fee Guideline in effect for that service on the date the service was provided.

(i) If Medicare prohibits a service from being performed in an ASC setting, the insurance carrier, health care provider, and ASC may agree, on a voluntary basis, to an ASC setting as follows:

(1) The agreement may occur before, or during, preauthorization.

(2) A preauthorization request may be submitted for an ASC facility setting only if an agreement has already been reached and a copy of the signed agreement is filed as a part of the preauthorization request.

(3) The agreement between the insurance carrier and the ASC must be in writing, in clearly stated terms, and include:
   (A) the reimbursement amount;

RULE §134.403 Hospital Facility Fee Guideline—Outpatient

(a) Applicability of this section is as follows.

(1) This section applies to medical services provided in an outpatient acute care hospital on or after March 1, 2008.

(2) This section does not apply to:

(A) professional medical services billed by a provider not employed by the hospital, except for a surgical implant provider as described in this section; or

(B) medical services provided through a workers’ compensation health care network certified pursuant to Insurance Code Chapter 1305, except as provided in Insurance Code Chapter 1305.

(b) Definitions for words and terms, when used in this section, shall have the following meanings, unless clearly indicated otherwise.

(1) "Acute care hospital" means a health care facility appropriately licensed by the Texas Department of State Health Services that provides inpatient and outpatient medical services to patients experiencing acute illness or trauma.

(2) "Implantable" means an object or device that is surgically:

(A) implanted,

(B) embedded,

(C) inserted,

(D) or otherwise applied, and

(E) related equipment necessary to operate, program and recharge the implantable.
(3) "Medicare payment policy" means reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.

(4) "Outpatient" means the patient is not admitted for inpatient or residential care. Outpatient medical services includes observation in an outpatient status provided the observation period complies with Medicare policies.

(5) "Surgical implant provider" means a person that arranges for the provision of implantable devices to a health care facility and that then seeks reimbursement for the implantable devices provided directly from an insurance carrier.

(c) A surgical implant provider is subject to Chapter 133 of this title and is considered a health care provider for purposes of this section and the sections in Chapter 133 of this title (relating to Benefits--Medical Benefits).

(d) For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided with any additions or exceptions specified in this section, including the following paragraphs.

1. Specific provisions contained in the Texas Labor Code or the Texas Department of Insurance, Division of Workers' Compensation (Division) rules, including this chapter, shall take precedence over any conflicting provision adopted or utilized by the CMS in administering the Medicare program.

2. Independent Review Organization decisions regarding medical necessity made in accordance with Labor Code §413.031 and §133.308 of this title (relating to MDR by Independent Review Organizations), which are made on a case-by-case basis, take precedence in that case only, over any Division rules and Medicare payment policies.

3. Whenever a component of the Medicare program is revised and effective, use of the revised component shall be required for compliance with Division rules, decisions, and orders for services rendered on and after the effective date, or after the effective date or the adoption date of the revised Medicare component, whichever is later.

(e) Regardless of billed amount, reimbursement shall be:

1. the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011; or

2. if no contracted fee schedule exists that complies with Labor Code §413.011, the maximum allowable reimbursement (MAR) amount under subsection (f) of this section, including any applicable outlier payment amounts and reimbursement for implantables.

3. If no contracted fee schedule exists that complies with Labor Code §413.011, and an amount cannot be determined by application of the formula to calculate the MAR as
outlined in subsection (f) of this section, reimbursement shall be determined in accordance with §134.1 of this title (relating to Medical Reimbursement).

(f) The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied.

(1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:

(A) 200 percent; unless

(B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 130 percent.

(2) When calculating outlier payment amounts, the facility's total billed charges shall be reduced by the facility's billed charges for any item reimbursed separately under subsection (g) of this section.

(g) Implantables, when billed separately by the facility or a surgical implant provider in accordance with subsection (f)(1)(B) of this section, shall be reimbursed at the lesser of the manufacturer's invoice amount or the net amount (exclusive of rebates and discounts) plus 10 percent or $1,000 per billed item add-on, whichever is less, but not to exceed $2,000 in add-on's per admission.

(1) A facility or surgical implant provider billing separately for an implantable shall include with the billing a certification that the amount billed represents the actual cost (net amount, exclusive of rebates and discounts) for the implantable. The certification shall include the following sentence: "I hereby certify under penalty of law that the following is the true and correct actual cost to the best of my knowledge."

(2) A carrier may use the audit process under §133.230 of this title (relating to Insurance Carrier Audit of a Medical Bill) to seek verification that the amount certified under paragraph (1) of this subsection properly reflects the requirements of this subsection. Such verification may also take place in the Medical Dispute Resolution process under §133.307 of this title (relating to MDR of Fee Dispute), if that process is properly requested, notwithstanding 133.307(d)(2)(B) of this title.

(3) Nothing in this rule precludes a health care facility or insurance carrier from utilizing a surgical implant provider to arrange for the provision of implantable devices. Implantables provided by a surgical implant provider shall be reimbursed according to this subsection.
(h) For medical services provided in an outpatient acute care hospital, but not addressed in the Medicare payment policies as outlined in subsections (f)(1) or (f)(2) of this section, and for which Medicare reimburses using other Medicare fee schedules, reimbursement shall be made using the applicable Division Fee Guideline in effect for that service on the date the service was provided.

(i) Notwithstanding Medicare payment policies, whenever Medicare requires a specific setting for a service, that restriction shall apply, unless an alternative setting and payment has been approved through the Division’s preauthorization, concurrent review, or voluntary certification of health care process.

(j) A preauthorization request may be submitted for an alternative facility setting only if an agreement has already been reached and a copy of the signed agreement is filed as a part of the preauthorization request. Copies of the agreement shall be kept by both parties. This agreement does not constitute a voluntary network established in accordance with Labor Code §413.011(d-1).

(1) The agreement between the insurance carrier and the party that requested the alternative facility setting must be in writing, in clearly stated terms, and include:
   (A) the reimbursement amount;
   (B) a description of the services to be performed under the agreement;
   (C) any other provisions of the agreement; and
   (D) names of the entities, titles, and signatures of both parties, and names, titles, signatures with dates of the persons signing the agreement.

(2) An agreement for an alternative facility setting may be revised during or after preauthorization by written agreement of the insurance carrier and the party that requested the alternative facility setting.

(3) Upon request of the Division, all agreement information shall be submitted in the form and manner prescribed by the Division.

(k) If a court of competent jurisdiction holds that any provision of this section is inconsistent with any statutes of this state, are unconstitutional, or are invalid for any reason, the remaining provisions of this section shall remain in full effect.

(2) For admission dates prior to March 1, 2008, the law and Division of Workers' Compensation (Division) rules in effect for those dates of service shall apply.

(3) This section does not apply to:

(A) professional medical services billed by a provider not employed by the hospital, except for a surgical implant provider as described in this section; or

(B) medical services provided through a workers' compensation health care network certified pursuant to Insurance Code Chapter 1305, except as provided in Insurance Code Chapter 1305.

(b) Definitions for words and terms, when used in this section, shall have the following meanings, unless clearly indicated otherwise.

(2) "Implantable" means an object or device that is surgically:

(B) embedded,

(C) inserted,

(D) or otherwise applied, and

(E) related equipment necessary to operate, program and recharge the implantable.

(3) "Medicare payment policy" means reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.

(4) "Outlier payment amount" means the amount determined through use of the calculations described in subsection (f) of this section.

(5) "Surgical implant provider" means a person that arranges for the provision of implantable devices to a health care facility and that then seeks reimbursement for the implantable devices provided directly from an insurance carrier.

(c) A surgical implant provider is subject to Chapter 133 of this title and is considered a health care provider for purposes of this section and the sections in Chapter 133 of this title (relating to Benefits--Medical Benefits).

(d) For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided with any additions or exceptions specified in this section, including the following paragraphs.
Specific provisions contained in the Texas Labor Code or the Texas Department of Insurance, Division of Workers' Compensation (Division) rules, including this chapter, shall take precedence over any conflicting provision adopted or utilized by the CMS in administering the Medicare program.

Independent Review Organization decisions regarding medical necessity made in accordance with Labor Code §413.031 and §133.308 of this title (relating to MDR by Independent Review Organizations), which are made on a case-by-case basis, take precedence in that case only, over any Division rules and Medicare payment policies.

Whenever a component of the Medicare program is revised and effective, use of the revised component shall be required for compliance with Division rules, decisions, and orders for services rendered on and after the effective date, or after the effective date or the adoption date of the revised Medicare component, whichever is later.

Except as provided in subsection (h) of this section, regardless of billed amount, reimbursement shall be:

1. the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011; or
2. if no contracted fee schedule exists that complies with Labor Code §413.011, the maximum allowable reimbursement (MAR) amount under subsection (f) of this section, including any applicable outlier payment amounts and reimbursement for implantables.
3. If no contracted fee schedule exists that complies with Labor Code §413.011, and an amount cannot be determined by application of the formula to calculate the MAR as outlined in subsection (f) of this section, reimbursement shall be determined in accordance with §134.1 of this title (relating to Medical Reimbursement).

The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied.

1. The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:
   A. 143 percent; unless
   B. a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 108 percent.
2. When calculating outlier payment amounts, the facility's total billed charges shall be reduced by the facility's billed charges for any item reimbursed separately under subsection (g) of this section.
(g) Implantables, when billed separately by the facility or a surgical implant provider in accordance with subsection (f)(1)(B) of this section, shall be reimbursed at the lesser of the manufacturer’s invoice amount or the net amount (exclusive of rebates and discounts) plus 10 percent or $1,000 per billed item add-on, whichever is less, but not to exceed $2,000 in add-on’s per admission.

(1) A facility or surgical implant provider billing separately for an implantable shall include with the billing a certification that the amount billed represents the actual costs (net amount, exclusive of rebates and discounts) for the implantable. The certification shall include the following sentence: "I hereby certify under penalty of law that the following is the true and correct actual cost to the best of my knowledge."

(2) A carrier may use the audit process under §133.230 of this title (relating to Insurance Carrier Audit of a Medical Bill) to seek verification that the amount certified under paragraph (1) of this subsection properly reflects the requirements of this subsection. Such verification may also take place in the Medical Dispute Resolution process under §133.307 of this title (relating to MDR of Fee Dispute), if that process is properly requested, notwithstanding §133.307(d)(2)(B) of this title.

(3) Nothing in this rule precludes a health care facility or insurance carrier from utilizing a surgical implant provider to arrange for the provision of implantable devices. Implantables provided by a surgical implant provider shall be reimbursed according to this subsection.

(h) A hospital that is classified by Medicare as a Sole Community Hospital, a Medicare Dependent Hospital, or a Rural Referral Center Hospital, shall initially be paid the amount calculated for such hospital in accordance with subsections (e) through (g) of this section. If the initial payment is less than the cost of the services in question, the hospital may request reconsideration in accordance with §133.250 of this title (relating to Reconsideration for Payment of Medical Bills) and present documentation of any amount it would have been paid under the Medicare regulations in effect when the services were performed. If such a showing is made, the hospital shall be paid the difference between the amount initially paid and the amount Medicare would have paid for the services as adjusted by the appropriate multiplier.

(i) Notwithstanding Medicare payment policies, whenever Medicare requires a specific setting for a service, that restriction shall apply, unless an alternative setting and payment has been approved through the Division's preauthorization, concurrent review, or voluntary certification of health care process.

(j) A preauthorization request may be submitted for an alternative facility setting only if an agreement has already been reached and a copy of the signed agreement is filed as
a part of the preauthorization request. Copies of the agreement shall be kept by both parties. This agreement does not constitute a voluntary network established in accordance with Labor Code §413.011(d-1).

(1) The agreement between the insurance carrier and the party that requested the alternative facility setting must be in writing, in clearly stated terms, and include:
   (A) the reimbursement amount;
   (B) a description of the services to be performed under the agreement;
   (C) any other provisions of the agreement; and
   (D) names of the entities, titles and signatures of both parties, and names, titles, signatures with dates of the persons signing the agreement.

(2) An agreement for an alternative facility setting may be revised during or after preauthorization by written agreement of the insurance carrier and the party that requested the alternative facility setting.

(3) Upon request of the Division, the agreement information shall be submitted in the form and manner prescribed by the Division.

(k) If a court of competent jurisdiction holds that any provision of this section is inconsistent with any statutes of this state, are unconstitutional, or are invalid for any reason, the remaining provisions of this section shall remain in full effect.

RULE §134.501 Initial Pharmaceutical Coverage

(a) For injuries which occur on or after December 1, 2002, the insurance carrier (carrier) shall pay for specified pharmaceutical services sufficient for the first seven days following the date of injury, regardless of issues of liability for or compensability of the injury that the carrier may have, if, prior to providing the pharmaceutical services, the health care provider (HCP) obtains both a verification of insurance coverage, and an oral or written confirmation that an injury has been reported. For purposes of this rule, specified pharmaceutical services are prescription drugs and over-the-counter medications prescribed by a doctor that cure or relieve the effects naturally resulting from the compensable injury, promote recovery, or enhance the ability of the employee to return to or retain employment.

(1) In determining the first seven days following the injury, the date of the injury is not counted. The first day after the date of injury shall be counted as "day one." The last day of the seven-day period shall be known as "day seven."

(2) If the pharmaceutical services are provided after day one, the carrier's reimbursement under this section is limited to the date the pharmaceutical services were actually provided through day seven. (Example: The pharmaceutical services were provided on day four. The carrier's liability for payment under this section would be for pharmaceutical services in an amount prescribed that would be the quantity sufficient for days four, five, six and seven.)

(3) Payment for the specified pharmaceutical services for the first seven days following the date of injury shall be in accordance with §134.503 of this title (relating to Reimbursement Methodology). The dispensing fee for the initial prescription shall not be denied, prorated, or reduced even if the HCP provided pharmaceutical services beyond the first seven days following the date of injury and the carrier disputes or
denies the pharmaceutical services beyond the first seven days following the date of injury.

(b) The carrier may be eligible for reimbursement from the subsequent injury fund (SIF) for payments made under subsection (a) as provided in Chapter 116 of this title.

c) The HCP can verify insurance coverage and confirm the existence of a report of an injury by calling the employer or the carrier. Upon request, the employer and/or the carrier shall verify coverage and confirm any report of an injury. For verifying insurance coverage, the HCP can also review the commission's internet-based coverage verification system.

1) The HCP shall document verifications and confirmations not obtained in writing by indicating how the verification or confirmation was obtained (date obtained, from whom, etc.).

2) The HCP shall affirm on the bill for the pharmaceutical services, in the form and manner prescribed by the commission, that the HCP verified that there is insurance coverage and confirmed that an injury has been reported.

(d) Notwithstanding any other provision of this section, the HCP may dispense prescription or nonprescription medications in the amount ordered by the prescribing doctor in accordance with applicable state and federal law (not to exceed the limits imposed by §134.502 of this title (relating to Pharmaceutical Services)).

e) The HCP and carrier may voluntarily discuss approval of pharmaceutical services beyond the seven days following the date of injury as provided in Texas Labor Code §413.014(e) and §134.600 of this title (relating to Preauthorization, Concurrent Review, and Voluntary Certification of Health Care).

(f) Communication is important to ensure prompt delivery of pharmaceutical services.

1) Injured employees (employees) are encouraged to immediately report their injury to their employer.

2) Employees are encouraged to ask for, and employers to provide, a written statement that confirms an injury was reported to the employer and identifies the date of injury (as reported by the employee) and the employer's insurance carrier. Verifying that there is insurance coverage and/or confirming that an injury was reported does not waive the employer's right to contest compensability under Texas Labor Code §409.011 should the carrier accept liability for the payment of benefits.

3) The carrier's verification of coverage and/or confirmation of a reported injury does not waive the insurance carrier's right to further review the claim under Texas Labor
Code §409.021 and §124.3 of this title (relating to Investigation of an Injury and Notice of Denial/Dispute).

**RULE §134.502 Pharmaceutical Services**

(a) A doctor providing care to an injured employee shall prescribe for the employee medically necessary prescription drugs and over-the-counter medication (OTC) alternatives as clinically appropriate and applicable in accordance with applicable state law and as provided by this section.

(1) It shall be indicated on the prescription that the prescription is related to a workers' compensation claim.

(2) When prescribing an OTC medication alternative to a prescription drug, the doctor shall indicate on the prescription the appropriate strength of the medication and the approximate quantity of the OTC medication that is reasonably required by the nature of the compensable injury.

(3) The doctor shall prescribe generic prescription drugs when available and clinically appropriate. If in the medical judgment of the prescribing doctor a brand-name drug is necessary, the doctor must specify on the prescription that brand-name drugs be dispensed in accordance with applicable state and federal law, and must maintain documentation justifying the use of the brand-name drug, in the patient's medical record.

(4) The doctor shall prescribe OTC medications in lieu of a prescription drug when clinically appropriate.

(b) When prescribing, the doctor shall prescribe in accordance with §134.530 and §134.540 of this title (relating to Requirements for Use of the Closed Formulary for Claims Not Subject to Certified Networks and Requirements for Use of the Closed Formulary for Claims Subject to Certified Networks, respectively).

(c) The pharmacist shall dispense no more than a 90-day supply of a prescription drug.

(d) Pharmacies and pharmacy processing agents shall submit bills for pharmacy services in accordance with Chapter 133 (relating to General Medical Provisions) and Chapter 134 (relating to Benefits--Guidelines for Medical Services, Charges, and Payments.

(1) Health care providers shall bill using national drug codes (NDC) when billing for prescription drugs.
(2) Compound drugs shall be billed by listing each drug included in the compound and calculating the charge for each drug separately.

(3) A pharmacy may contract with a separate person or entity to process bills and payments for a medical service; however, these entities are subject to the direction of the pharmacy and the pharmacy is responsible for the acts and omissions of the person or entity. Except as allowed by Labor Code §413.042, the injured employee shall not be billed for pharmacy services.

(e) The insurance carrier, injured employee, or pharmacist may request a statement of medical necessity from the prescribing doctor. If an insurance carrier requests a statement of medical necessity, the insurance carrier shall provide the sender of the bill a copy of the request at the time the request is made. An insurance carrier shall not request a statement of medical necessity unless in the absence of such a statement the insurance carrier could reasonably support a denial based upon extent of, or relatedness to the compensable injury, or based upon an adverse determination.

(f) The prescribing doctor shall provide a statement of medical necessity to the requesting party no later than the 14th day after receipt of request. The prescribing doctor shall not bill for nor shall the insurance carrier reimburse for the statement of medical necessity.

(g) In addition to the requirements of §133.240 of this title (relating to Medical Payments and Denials) regarding explanation of benefits (EOB), at the time an insurance carrier denies payment for medications for any reason related to compensability of, liability for, extent of, or relatedness to the compensable injury, or for reasons related to an adverse determination, the insurance carrier shall also send the EOB to the injured employee, and the prescribing doctor.

**RULE §134.503 Pharmacy Fee Guideline**

(a) Applicability of this section is as follows:

(1) This section applies to the reimbursement of prescription drugs and nonprescription drugs or over-the-counter medications as those terms are defined in §134.500 of this title (relating to Definitions) for outpatient use in the Texas workers' compensation system, which includes claims:
(A) subject to a certified workers' compensation health care network as defined in §134.500 of this title;
(B) not subject to a certified workers' compensation health care network; and
(C) subject to Labor Code §504.053(b)(2).

(2) This section does not apply to parenteral drugs.

(b) For coding, billing, reporting, and reimbursement of prescription drugs and nonprescription drugs or over-the-counter medications, Texas workers' compensation system participants shall apply the provisions of Chapters 133 and 134 of this title (relating to General Medical Provisions and Benefits--Guidelines for Medical Services, Charges, and Payments, respectively).

(c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:

(1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
   (A) Generic drugs: \((\text{AWP per unit} \times \text{number of units}) \times 1.25 + 4.00\) dispensing fee per prescription = reimbursement amount;
   (B) Brand name drugs: \((\text{AWP per unit} \times \text{number of units}) \times 1.09 + 4.00\) dispensing fee per prescription = reimbursement amount;
   (C) When compounding, a single compounding fee of $15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or

(2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
   (A) health care provider; or
   (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

(d) Reimbursement for nonprescription drugs or over-the-counter medications shall be the retail price of the lowest package quantity reasonably available that will fill the prescription.

(e) Except as provided by subsection (f) of this section, if an amount cannot be determined in accordance with subsections (c)(1) or (d) of this section, reimbursement shall be an amount that is consistent with the criteria listed in Labor Code §408.028(f), including providing for reimbursement rates that are fair and reasonable. The insurance carrier shall:
(1) develop a reimbursement methodology(ies) for determining reimbursement under this subsection;
(2) maintain in reproducible format documentation of the insurance carrier's methodology(ies) for establishing an amount;
(3) apply the reimbursement methodology(ies) consistently among health care providers in determining reimbursements under this subsection; and
(4) upon request by the division, provide to the division copies of such documentation.

(f) Notwithstanding the provisions of this section, prescription medication or services, as defined by Labor Code §401.011(19)(E), may be reimbursed at a contract rate that is inconsistent with the fee guideline as long as the contract complies with the provisions of Labor Code §408.0281 and applicable division rules.

(g) When the prescribing doctor has written a prescription for a generic drug or a prescription that does not require the use of a brand name drug in accordance with §134.502(a)(3) of this title (relating to Pharmaceutical Services), reimbursement shall be as follows:
(1) the health care provider shall dispense the generic drug as prescribed and shall be reimbursed the fee established for the generic drug in accordance with subsection (c) or (f) of this section; or
(2) when an injured employee chooses to receive a brand name drug instead of the prescribed generic drug, the health care provider shall dispense the brand name drug as requested and shall be reimbursed:
   (A) by the insurance carrier, the fee established for the prescribed generic drug in accordance with subsection (c) or (f) of this section; and
   (B) by the injured employee, the cost difference between the fee established for the generic drug in subsection (c) or (f) of this section and the fee established for the brand name drug in accordance with subsection (c) or (f) of this section.

(h) When the prescribing doctor has written a prescription for a brand name drug in accordance with §134.502(a)(3) of this title, reimbursement shall be in accordance with subsection (c) or (f) of this section.

(i) Upon request by the health care provider or the division, the insurance carrier shall disclose the source of the nationally recognized pricing reference used to calculate the reimbursement.

(j) Where any provision of this section is determined by a court of competent jurisdiction to be inconsistent with any statutes of this state, or to be unconstitutional, the remaining provisions of this section shall remain in effect.
**RULE §134.504 Pharmaceutical Expenses Incurred by the Injured Employee**

(a) It may become necessary for an injured employee to purchase prescription drugs or over-the-counter alternatives to prescription drugs prescribed or ordered by the treating doctor or referral health care provider. In such instances the injured employee may request reimbursement from the insurance carrier as follows:

(1) The injured employee shall submit to the insurance carrier a letter requesting reimbursement along with a receipt indicating the amount paid and documentation concerning the prescription. The letter should include information to clearly identify the claimant such as the claimant's name, address, date of injury, and social security number. Documentation for prescription drugs submitted with the letter from the employee must include the prescribing health care provider's name, the date the prescription was filled, the name of the drug, employee's name and dollar amount paid by the employee. As examples, this information may be provided on an information sheet provided by the pharmacy, or the employee can ask the pharmacist for a print out of work related prescriptions for a particular time period. Cash register receipts alone are not acceptable.

(2) The insurance carrier shall make appropriate payment to the injured employee in accordance with §134.503, or notify the injured employee of a reduction or denial of the payment within 45 days of receipt of the request for reimbursement from the injured employee. If the insurance carrier does not reimburse the full amount requested, or denies payment the carrier shall include a full and complete explanation of the reason(s) the insurance carrier reduced or denied the payment and shall inform the injured employee of his or her right to request medical dispute resolution in accordance with §133.305 of this title (relating to Medical Dispute Resolution). The statement shall include sufficient claim-specific substantive information to enable the employee to understand the insurance carrier's position and/or action on the claim. A general statement that simply states the carrier's position with a phrase such as "not entitled to reimbursement" or a similar phrase with no further description of the factual basis does not satisfy the requirements of this section.

(b) An injured employee may choose to receive a brand name drug rather than a generic drug or over-the-counter alternative to a prescription medication that is prescribed by a health care provider. In such instances, the injured employee shall pay the difference in cost between generic drugs and brand name drugs. The transaction between the employee and the pharmacist is considered final and is not subject to medical dispute resolution.
resolution by the division. In addition, the employee is not entitled to reimbursement from the insurance carrier for the difference in cost between generic and brand name drugs.

(1) The injured employee shall notify the pharmacist of their choice to pay the cost difference between generic and brand name drugs. An employee’s payment of the cost difference constitutes an acceptance of the responsibility for the cost difference and an agreement not to seek reimbursement from the carrier for the cost difference.

(2) The pharmacist shall:
   (A) determine the costs of both the brand name and generic drugs under §134.503 of this title, and notify the injured employee of the cost difference amount;
   (B) collect the cost difference amount from the injured employee in a form and manner that is acceptable to both parties;
   (C) submit a bill to the insurance carrier for the generic drug that was prescribed by the doctor; and
   (D) not bill the injured employee for the cost of the generic drug if the insurance carrier reduces or denies the bill.

(3) The insurance carrier shall review and process the bill from the pharmacist in accordance with Chapter 133 and 134 (pertaining to General Medical Provisions and Benefits--Guidelines for Medical Services, Charges, and Payment, respectively).

(2) Beginning no later than March 1, 2013, the insurance carrier shall:
(A) identify all legacy claims that have been prescribed a drug excluded from the closed formulary after September 1, 2012; and
(B) provide written notification to the injured employee, prescribing doctor, and pharmacy if known, that contains the following:
   (i) the notice of the impending date and applicability of the closed formulary for legacy claims; and
   (ii) the information required in paragraph (1)(C) of this subsection.

(c) Agreement. To ensure continuity of care, notwithstanding subsection (a) of this section, an insurance carrier and a prescribing doctor may enter into an agreement regarding the application of the pharmacy closed formulary for individual legacy claims on claim-by-claim basis.

(d) Agreement requirements.
   (1) The insurance carrier shall document any agreement and the terms, and share a copy of the agreement with the prescribing doctor and injured employee.
   (2) Health care provided as a result of the agreement is not subject to retrospective review of medical necessity.
   (3) Denial of a request for an agreement is not subject to dispute resolution.

(a) Applicability. The closed formulary applies to all drugs that are prescribed and dispensed for outpatient use for claims not subject to a certified network on or after September 1, 2011 when the date of injury occurred on or after September 1, 2011.

(b) Preauthorization for claims subject to the Division's closed formulary.

(1) Preauthorization is only required for:

   A) drugs identified with a status of "N" in the current edition of the ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary, and any updates;

   B) any prescription drug created through compounding prescribed before July 1, 2018 that contains a drug identified with a status of "N" in the current edition of the ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary, and any updates;

   C) any prescription drug created through compounding prescribed and dispensed on or after July 1, 2018; and

   D) any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

(2) When §134.600(p)(12) of this title (relating to Preauthorization, Concurrent Review, and Voluntary Certification of Health Care) conflicts with this section, this section prevails.

(c) Preauthorization of intrathecal drug delivery systems.

(1) An intrathecal drug delivery system requires preauthorization in accordance with §134.600 of this title and the preauthorization request must include the prescribing doctor's drug regime plan of care, and the anticipated dosage or range of dosages for the administration of pain medication.

(2) Refills of an intrathecal drug delivery system with drugs excluded from the closed formulary, which are billed using Healthcare Common Procedure Coding System (HCPCS) Level II J codes, and submitted on a CMS-1500 or UB-04 billing form, require preauthorization on an annual basis. Preauthorization for these refills is also required whenever:

   A) the medications, dosage or range of dosages, or the drug regime proposed by the prescribing doctor differs from the medications, dosage or range of dosages, or drug regime previously preauthorized by that prescribing doctor; or

   B) there is a change in prescribing doctor.
(d) Treatment guidelines. Except as provided by this subsection, the prescribing of drugs shall be in accordance with §137.100 of this title (relating to Treatment Guidelines), the division's adopted treatment guidelines.

1. Prescription and nonprescription drugs included in the division's closed formulary and recommended by the division's adopted treatment guidelines may be prescribed and dispensed without preauthorization.

2. Prescription and nonprescription drugs included in the division's closed formulary that exceed or are not addressed by the division's adopted treatment guidelines may be prescribed and dispensed without preauthorization.

3. Drugs included in the closed formulary that are prescribed and dispensed without preauthorization are subject to retrospective review of medical necessity and reasonableness of health care by the insurance carrier in accordance with subsection (g) of this section.

(e) Appeals process for drugs excluded from the closed formulary.

1. For situations in which the prescribing doctor determines and documents that a drug excluded from the closed formulary is necessary to treat an injured employee's compensable injury and has prescribed the drug, the prescribing doctor, other requestor, or injured employee must request approval of the drug by requesting preauthorization, including reconsideration, in accordance with §134.600 of this title and applicable provisions of Chapter 19 of this title (relating to Agents' Licensing).

2. If preauthorization is being requested by an injured employee or a requestor other than the prescribing doctor, and the injured employee or other requestor requests a statement of medical necessity, the prescribing doctor shall provide a statement of medical necessity to facilitate the preauthorization submission as set forth in §134.502 of this title (relating to Pharmaceutical Services).

3. If preauthorization for a drug excluded from the closed formulary is denied, the requestor may submit a request for medical dispute resolution in accordance with §133.308 of this title (relating to MDR by Independent Review Organizations).

4. In the event of an unreasonable risk of a medical emergency, an interlocutory order may be obtained in accordance with §133.306 of this title (relating to Interlocutory Orders for Medical Benefits) or §134.550 of this title (relating to Medical Interlocutory Order).

(2) Drugs excluded from the closed formulary which are prescribed for initial pharmaceutical coverage, in accordance with Labor Code §413.0141, may be dispensed without preauthorization, except as referenced in subsection (b)(1)(C) of this section, and are subject to retrospective review of medical necessity.

(1) Health care, including a prescription for a drug, provided in accordance with §137.100 of this title is presumed reasonable as specified in Labor Code §413.017, and is also presumed to be health care reasonably required as defined by Labor Code §401.011(22-a).

(2) In order for an insurance carrier to deny payment subject to a retrospective review for pharmaceutical services that are recommended by the division’s adopted treatment guidelines, §137.100 of this title, the denial must be supported by documentation of evidence-based medicine that outweighs the presumption of reasonableness established under Labor Code §413.017.

(3) A prescribing doctor who prescribes pharmaceutical services that exceed, are not recommended, or are not addressed by §137.100 of this title, is required to provide documentation upon request in accordance with §134.500(13) of this title (relating to Definitions) and §134.502(e) and (f) of this title.

(relating to Utilization Review and Retrospective Review) and applicable provisions of Chapter 19 of this title (relating to Agents' Licensing).

   (3) agreement of the parties.

(k) Withdrawal by the requestor of a request for medical necessity dispute resolution constitutes acceptance of the preauthorization denial.

(6) Outpatient surgical services: surgical services provided in a freestanding surgical center or a hospital outpatient department to patients who do not require overnight hospital care.

   (2) or per subsection (r) of this section when voluntary certification was requested and payment agreed upon prior to providing the health care for any health care not listed in subsection (p) of this section.

(d) The insurance carrier is not liable under subsection (c)(1)(B) or (C) of this section if there has been a final adjudication that the injury is not compensable or that the health care was provided for a condition unrelated to the compensable injury.

(e) The insurance carrier shall designate accessible direct telephone and facsimile numbers and may designate an electronic transmission address for use by the requestor or injured employee to request preauthorization or concurrent utilization review during normal business hours. The direct number shall be answered or the facsimile or electronic transmission address responded to within the time limits established in subsection (i) of this section. The insurance carrier shall also comply with any additional requirements of §19.2012 of this title (relating to URA’s Telephone Access and Procedures for Certain Drug Requests and Post-Stabilization Care).

(f) The requestor or injured employee shall request and obtain preauthorization from the insurance carrier prior to providing or receiving health care listed in subsection (p) of this section. Concurrent utilization review shall be requested prior to the conclusion of the specific number of treatments or period of time preauthorized and approval must be obtained prior to extending the health care listed in subsection (q) of this section. The request for preauthorization or concurrent utilization review shall be sent to the insurance carrier by telephone, facsimile, or electronic transmission and, include the:

(9) estimated date of proposed health care.

(g) A health care provider may submit a request for health care to treat an injury or diagnosis that is not accepted by the insurance carrier in accordance with Labor Code §408.0042.

(1) The request shall be in the form of a treatment plan for a 60 day timeframe.

(2) The insurance carrier shall review requests submitted in accordance with this subsection for both medical necessity and relatedness.

(3) If denying the request, the insurance carrier shall indicate whether it is issuing an adverse determination, and/or whether the denial is based on an unrelated injury or diagnosis in accordance with subsection (m) of this section.

(4) The requestor or injured employee may file an extent of injury dispute upon receipt of an insurance carrier’s response which includes a denial due to an unrelated injury or diagnosis, regardless of whether an adverse determination was also issued.

(5) Requests which include a denial due to an unrelated injury or diagnosis may not proceed to medical dispute resolution based on the denial of unrelatedness. However, requests which include the dispute of an adverse determination may proceed to medical dispute resolution for the issue of medical necessity in accordance with subsection (o) of this section.

(h) Except for requests submitted in accordance with subsection (g) of this section, the insurance carrier shall either approve or issue an adverse determination on each request based solely on the medical necessity of the health care required to treat the injury, regardless of:

(1) unresolved issues of compensability, extent of or relatedness to the compensable injury;

(2) the insurance carrier’s liability for the injury; or

(3) the fact that the injured employee has reached maximum medical improvement.
(i) The insurance carrier shall contact the requestor or injured employee within the following timeframes by telephone, facsimile, or electronic transmission with the decision to approve the request; issue an adverse determination on a request; or deny a request under subsection (g) of this section because of an unrelated injury or diagnoses as follows:

1. three working days of receipt of a request for preauthorization; or

(j) The insurance carrier shall send written notification of the approval of the request, adverse determination on the request, or denial of the request under subsection (g) of this section because of an unrelated injury or diagnosis within one working day of the decision to the:

1. injured employee;
2. injured employee’s representative; and
3. requestor, if not previously sent by facsimile or electronic transmission.

(k) The insurance carrier's failure to comply with any timeframe requirements of this section shall result in an administrative violation.

(l) The insurance carrier shall not withdraw a preauthorization or concurrent utilization review approval once issued. The approval shall include:

1. the specific health care;
2. the approved number of health care treatments and specific period of time to complete the treatments;
3. a notice of any unresolved dispute regarding the denial of compensability or liability or an unresolved dispute of extent of or relatedness to the compensable injury; and

(m) In accordance with §19.2010 of this title (relating to Requirements Prior to Issuing Adverse Determination), the insurance carrier shall afford the requestor a reasonable opportunity to discuss the clinical basis for the adverse determination prior to issuing the adverse determination. The notice of adverse determination must comply with the requirements of §19.2009 of this title and if preauthorization is denied under Labor Code §408.0042 because the treatment is for an injury or diagnosis unrelated to the compensable injury the notice must include notification to the injured employee and health care provider of entitlement to file an extent of injury dispute in accordance with Chapter 141 of this title (relating to Dispute Resolution--Benefit Review Conference).
(n) The insurance carrier shall not condition an approval or change any elements of the request as listed in subsection (f) of this section, unless the condition or change is mutually agreed to by the health care provider and insurance carrier and is documented.

(o) If the initial response is an adverse determination of preauthorization or concurrent utilization review, the requestor or injured employee may request reconsideration orally or in writing. A request for reconsideration under this section constitutes an appeal for the purposes of §19.2011 of this title (relating to Written Procedures for Appeal of Adverse Determinations).

(1) The requestor or injured employee may within 30 days of receipt of a written adverse determination request the insurance carrier to reconsider the adverse determination and shall document the reconsideration request.

   (A) as soon as practicable but not later than the 30th day after receiving a request for reconsideration of an adverse determination of preauthorization; or
   (B) within three working days of receipt of a request for reconsideration of an adverse determination of concurrent utilization review, except for health care listed in subsection (q)(1) of this section, which is due within one working day of the receipt of the request.

(3) In addition to the requirements in this section and §19.2011 of this title, the insurance carrier's reconsideration procedures shall include a provision that the period during which the reconsideration is to be completed shall be based on the medical or clinical immediacy of the condition, procedure, or treatment.

(4) In any instance where the insurance carrier is questioning the medical necessity or appropriateness of the health care services prior to the issuance of an adverse determination on the request for reconsideration, the insurance carrier shall comply with the requirements of §19.2010 and §19.2011 of this title, including the requirement that the insurance carrier afford the requestor a reasonable opportunity to discuss the proposed health care with a doctor or, in cases of a dental plan or chiropractic services, with a dentist or chiropractor, respectively.

(5) The requestor or injured employee may appeal the denial of a reconsideration request regarding an adverse determination by filing a dispute in accordance with Labor Code §413.031 and related division rules.

(6) A request for preauthorization for the same health care shall only be resubmitted when the requestor provides objective clinical documentation to support a substantial change in the injured employee's medical condition or that demonstrates that the injured employee has met clinical prerequisites for the requested health care that had not been previously met before submission of the previous request. The insurance carrier shall review the documentation and determine if any substantial change in the injured employee's medical condition has occurred or if all necessary clinical
prerequisites have been met. A frivolous resubmission of a preauthorization request for the same health care constitutes an administrative violation.

(p) Non-emergency health care requiring preauthorization includes:

RULE §134.804 Reporting Requirements

(a) Insurance carriers shall submit an '00' original medical EDI record for each action (initial processing, request for reconsideration or appeal, or subsequent orders) taken on an individual medical bill. Original medical EDI records shall be reported within 30 days after the date of the action. Each iteration of an '00' original medical EDI record must contain a different unique medical bill identification number. The amount paid on each action related to a medical bill must contain only the amount issued for that event and must not contain a cumulative amount reflecting all events related to an individual medical bill. Original medical EDI records on subsequent actions must contain a Texas-specific claim adjustment reason code of 'W3' to designate the medical EDI record as a reconsideration or appeal. The Texas-specific claim adjustment reason code must be included on the explanation of benefits issued pursuant to §133.250 of this title (relating to Reconsideration for Payment of Medical Bills).

(b) Insurance carriers shall submit an '01' cancel medical EDI record if the '00' original medical EDI record should not have been sent or contained the incorrect insurance carrier identification number. Cancel medical EDI records shall be reported within 30 days after the earliest date the insurance carrier discovered the reporting error. The '01' cancel medical EDI record must contain the same unique bill identification number as the '00' original medical EDI record that was previously submitted and accepted. An '00' original medical EDI record must be accepted by the division before an '01' cancel medical EDI record may be submitted.
(c) Insurance carriers shall submit an '05' replacement medical EDI record when correcting data on a previously submitted medical EDI record. Replacement medical EDI records shall be submitted within 30 days after the earliest date the insurance carrier discovered the reporting error. The '05' replacement medical EDI record must contain the same unique bill identification number as the associated '00' original medical EDI record. An '00' original medical EDI record must be accepted by the division before an '05' replacement medical EDI record may be submitted.

(d) Insurance carriers must submit timely and accurate medical EDI records to the division. For the purpose of this section, a medical EDI record is considered to have been accurately submitted when the record:
   (1) received an Application Acknowledgment Code of accepted;
   (2) contained accurate medical EDI data; medical EDI data may be obtained from all sources, including the medical bill, explanation of benefits, and insurance carrier's claim file; and
   (3) to the extent supported by the format, contained all appropriate modifiers, code qualifiers, and data elements necessary to identify health care services, charges and payments.

(e) Insurance carriers are responsible for correcting and resubmitting rejected medical EDI records within 30 days of the action that triggered the reporting requirement. The insurance carrier’s receipt of a rejection does not modify, extend or otherwise change the date the transaction is required to be reported to the division. The resubmitted medical EDI record must contain the same unique bill identification number as the previously rejected medical EDI record.

(f) This section is effective September 1, 2015.

   (2) fails to contain a conditional data element and the mandatory trigger condition existed at the time the insurance carrier processed the medical bill.

(c) Except in situations where the health care provider included an invalid service or procedure code on the medical bill, rejected medical EDI records are not considered received and shall be corrected and resubmitted to the division as provided in §134.804(e) of this title (relating to Reporting Requirements). **SUBCHAPTER B RETURN TO WORK**

**RULE §137.10 Return to Work Guidelines**

(a) Insurance carriers, health care providers, and employers shall use the disability duration values in the current edition of The Medical Disability Advisor, Workplace Guidelines for Disability Duration, excluding all sections and tables relating to rehabilitation, (MDA), published by the Reed Group, Ltd. (Division return to work guidelines), as guidelines for the evaluation of expected or average return to work time frames.
(b) Information on how to obtain or inspect copies of the Division return to work guidelines may be found on the Division's website: www.tdi.state.tx.us.

(c) The Division return to work guidelines provide disability duration expectancies. The Division return to work guidelines shall be presumed to be a reasonable length of disability duration and shall be used by:
   (1) health care providers to establish return to work goals or a return to work plan for safely returning injured employees to medically appropriate work environments;
   (2) insurance carriers as a basis for requesting a designated doctor examination to resolve an issue regarding an injured employee's ability to return to work as well as a basis to initiate case management and to refer an injured employee to vocational rehabilitation providers; and
   (3) employers, insurance carriers, health care providers, and injured employees to facilitate and improve communications among the parties regarding the return to work goals or plans established by health care providers.

(d) The health care provider, insurance carrier, employer, and Division may consider co-morbid conditions, medical complications, or other factors that may influence medical recoveries and disability durations as mitigating circumstances when setting return to work goals or revising expected return to work durations and goals.

(e) Disability duration values in the guidelines are not absolute values and do not represent specific lengths or periods of time at which an injured employee must return to work; the values represent points in time at which additional evaluation may take place if full medical recovery and return to work have not occurred. System participants may, however, determine additional evaluation is appropriate at any time during a claim. The disability duration values depict a continuum from the minimum time to the maximum time for most individuals to return to work following a particular injury. An insurance carrier may request additional return to work information from a health care provider at any time. An insurance carrier may not use the Division return to work guidelines as the sole justification or the only reasonable grounds for reducing, denying, suspending or terminating income benefits to an injured employee.

(f) For all diagnoses or injuries that are not addressed by the Division return to work guidelines, system participants shall establish disability duration parameters and return to work goals in accordance with the principles of evidence-based medicine as defined by Labor Code §401.011(18-a).

   (1) 90 Day Response Deadline. (2) Request for Additional Information. The workers' compensation insurance carrier may request additional information from the health care insurer if there is not sufficient information to substantiate the claim. Any request for additional information shall be in writing, be relevant and necessary for the resolution of the request. A workers' compensation insurance carrier shall not be penalized, including not being held responsible for costs of obtaining the additional information, if the workers' compensation insurance carrier denies payment in order to move to dispute resolution to obtain additional information to process the request. It is the health care insurer's obligation to furnish its authorized representatives with any information necessary for the resolution of a reimbursement request. The Division considers any medical billing information or documentation possessed by the health care insurer or one of its authorized representatives to be simultaneously possessed by the health care insurer and all of its authorized representatives.

(3) 120 Day Response Deadline. If the workers' compensation insurance carrier has requested additional information from the health care insurer pursuant to paragraph (2) of this subsection, the workers' compensation insurance carrier must respond in writing to the health care insurer's reimbursement request not later than the 120th day after the date the reimbursement request was first received, unless otherwise provided by mutual agreement.

(e) Response to a Reimbursement Request. The workers' compensation insurance carrier must respond to a reimbursement request by either paying, reducing or denying payment.

(1) Paying or Reducing Payment.

(A) The workers' compensation insurance carrier shall pay the health care insurer the lesser of:

   (i) the amount payable under the applicable Division fee guideline as of the date of service; or
   
   (ii) the actual amount paid by the health care insurer.

(B) If No Fee Guideline. In the absence of a Division fee guideline for a specific service paid, the amount per service paid by the health care insurer shall be considered in determining a fair and reasonable payment pursuant to §134.1 of this title (relating to Medical Reimbursement).

(C) Interest. The health care insurer may not recover interest as a part of the payable amount.

(D) Previous Payments. The workers' compensation insurance carrier shall reduce any reimbursable amount by any payments the workers' compensation insurance carrier previously made to the same health care provider for the provision of the same health
care on the same dates of service. In making such a reduction in reimbursement, the workers' compensation insurance carrier shall provide evidence of the previous payments made to the health care provider.

(E) Notice to Injured Employee and Health Care Provider. The workers' compensation insurance carrier must give notice of its response to the reimbursement request to the injured employee and the health care provider that performed the services that are the subject of the reimbursement request. The EOB must provide sufficient explanation regarding the basis for a denial of the reimbursement request.

(f) Reimbursement of Injured Employee. If the injured employee's medical care costs are reimbursable under Title 5 of the Labor Code, a health care provider must refund to the injured employee any payments made by the injured employee to the health care provider, including but not limited to, copays and deductibles. Reimbursement must be made within 45 days of receipt of the notice that the claim is compensable.

(g) Filing Notice of Subclaimant Status.

(1) 120 Day Deadline. A health care insurer must file a written notice of subclaimant status with the Division not later than the 120th day after a workers' compensation insurance carrier fails to respond to a health care insurer's reimbursement request or reduces or denies the requested reimbursement amount.

(2) Location for Filing Notice. The notice may be filed with the Division of Workers' Compensation at any local Division field office or at the Division's central office in Austin, Texas.

(3) One Injured Employee Per Notice. A health care insurer must file separate notices for each individual injured employee in which the health care insurer seeks subclaimant status.

(5) Form. The notice of subclaimant status must be in the form and manner prescribed by the Division.

(h) Request for Dispute Resolution. The rules applicable to dispute resolution vary according to the reason for denial of reimbursement. Disputes regarding extent of injury, liability, or medical necessity must be resolved prior to pursuing a medical fee dispute. A request for medical dispute resolution may be filed in lieu of a request for subclaimant status, and shall be considered a request for subclaimant status for purposes of this section.

(1) Claim or Treatment Not Compensable.

(A) A health care insurer must file a request for a benefit review conference pursuant to §141.1 of this title (relating to Requesting and Setting a Benefit Review Conference) with the Division not later than the 120th day after a workers' compensation insurance carrier reduces or denies the requested reimbursement amount based on compensability or extent of injury issues.

(B) The health care insurer may pursue dispute resolution to obtain an order from an administrative law judge regarding compensability or eligibility for benefits in accordance with Labor Code Chapter 410 and applicable Division rules.

(C) A subclaim dispute based on a denial of reimbursement due to compensability or extent of injury is subject to dispute resolution pursuant to Chapters 140 - 143 of this title (relating to Dispute Resolution).

(2) Lack of Medical Necessity.

(A) A health care insurer must file a request for medical dispute resolution with the workers' compensation insurance carrier or the insurance carrier's utilization review agent not later than the 120th day after a workers' compensation insurance carrier reduces or denies the requested reimbursement amount due to lack of medical necessity.

(B) A medical dispute based on the workers' compensation insurance carrier's denial of a health care insurer's reimbursement request due to lack of medical necessity is subject to dispute resolution pursuant to §133.308 of this title (relating to MDR of Medical Necessity Disputes).

(C) A subclaimant shall follow the independent review process allowed for a non-network health care provider seeking retrospective review of a service under that section, with any modifications specified by this subsection.

(D) A request for reconsideration is not required prior to a request for independent review, notwithstanding the requirements for requesting independent review under §133.308 of this title.
E) A request for independent review may be filed, notwithstanding the timeliness requirements for filing a request for independent review under §133.308 of this title.

F) Notwithstanding the provisions of §133.308 of this title, regarding independent review organization requests for additional information, if a health care provider is requested to submit records, the health care insurer shall reimburse the health care provider copy expenses for the requested records.

(3) Reduction, Denial or Failure to Respond.

(A) A health care insurer must file a request for medical dispute resolution with the Division not later than:

(i) the 120th day after a workers' compensation insurance carrier fails to respond to a health care insurer's reimbursement request or reduces or denies the requested reimbursement amount for reasons other than lack of medical necessity; or

(ii) 60 days after the date the requestor receives the final decision, inclusive of all appeals, on compensability or extent of injury issues raised in accordance with this subsection.

(B) A medical dispute based on the workers' compensation insurance carrier's failure to respond to a health care insurer's reimbursement request or the result of a reduction or denial of the requested reimbursement amount for reasons other than those listed in paragraph (1) or (2) of this subsection is subject to medical dispute resolution pursuant to §133.307 of this title, notwithstanding the definition of medical fee dispute in §133.305 of this title (relating to MDR--General), and the health care insurer must follow the medical fee dispute resolution process allowed for a health care provider under that section, with any modifications specified by this subsection.

(C) Notwithstanding the requirements of §133.307(c)(2) of this title, a health care insurer shall only be required to include with a request for medical fee dispute resolution, a copy of the health care insurer reimbursement request as originally submitted to the workers' compensation insurance carrier, a copy of the EOB relevant to the fee dispute received from the workers' compensation insurance carrier, and sufficient information to substantiate the claim.

(D) A request for reconsideration is not required prior to a request for medical fee dispute resolution, notwithstanding the requirements for requesting medical fee dispute resolution under §133.307 of this title.

(E) A request for medical fee dispute resolution may be filed, notwithstanding the timeliness requirements for filing a request for medical fee dispute resolution under §133.307 of this title.

(i) Multiple Entities Seeking Reimbursement for Same Services. If there are multiple entities seeking reimbursement for the same services and dates of services for the same health care insurer for the same injured employee, the following apply:
(1) When the workers' compensation insurance carrier obtains a release from the health care insurer indicating that those specific services have been paid in full, no other entity may collect for those specific services.
(2) If a dispute remains over the fees to be paid for those specific services, the first in time to file a dispute with the Division is the only subclaimant that has a right to dispute resolution, and reimbursement, for that injured employee's claim and those specific services rendered unless that subclaimant abandons the dispute resolution process prior to a final adjudication of the issues.

(a) Applicability. This subsection applies to a benefit review conference that is requested before December 1, 2011.

(1) When a party fails to attend a benefit review conference without good cause, as determined by the benefit review officer, the benefit review officer:
  (A) shall hold the conference as scheduled; and
  (B) may recommend the issuance of an administrative violation.

(2) A representative who fails to attend a benefit review conference without good cause commits an administrative violation.

(b) Applicability. This subsection applies to a benefit review conference that is requested on or after December 1, 2011.

(1) In this subsection, "good cause" will be determined at the discretion of the benefit review officer on a case-by-case basis and means objective facts beyond the control of a party, which reasonably:
  (A) prevented the party from attending the benefit review conference;
(B) prevented the party from requesting the division to cancel or reschedule in advance of the benefit review conference; and

(C) if applicable, prevented the party from filing a request to reschedule within the third business day after failing to attend the scheduled benefit review conference and justifies the subsequent delay in filing the request to reschedule.

(2) When a party fails to attend a benefit review conference without good cause, as determined by the benefit review officer, the benefit review officer shall hold the conference as scheduled.

(3) A party who fails to attend a scheduled benefit review conference may request to reschedule the benefit review conference under the provisions of this subsection. The request to reschedule must:

(D) be sent to opposing party or parties.

(4) Except as provided by paragraph (5) of this subsection, if a party fails to attend a benefit review conference without good cause, the party forfeits the party's entitlement to attend a benefit review conference on the issue in dispute. If a party forfeits this entitlement, the division will not reschedule the benefit review conference on the issue in dispute.

(5) A party will not be considered to have forfeited the party's entitlement to attend a benefit review conference on the issue in dispute under paragraph (4) of this subsection if a benefit review officer is authorized to schedule an additional benefit review conference under Labor Code §410.026(b).

(6) A party who forfeits the party's entitlement to attend a benefit review conference on the issue in dispute does not forfeit the party's right, as provided by the Workers' Compensation Act and division rules, to a contested case hearing on the issue in dispute.

(7) Notwithstanding paragraph (3) of this subsection, the division may refuse to reschedule a benefit review conference under this section and may direct the parties to proceed to a contested case hearing, if authorized under §142.5(b) of this title (relating to Sequence of Proceedings to Resolve Benefit Disputes).

(8) A party who fails to attend a benefit review conference without good cause commits an administrative violation.

RULE §143.2 Description of the Appeal Proceeding

(a) To review the decision of the administrative law judge, the appeals panel considers the appellant's request, the respondent's response, and the record of the benefit contested case hearing. The parties do not appear in person before the panel.

(b) The appeals panel may:

   (1) reverse the decision of the administrative law judge and render a new decision;
   (2) reverse the decision of the administrative law judge and remand to the administrative law judge for a second benefit contested case hearing, which shall be set as provided by §142.18 of this title (relating to Special Provisions for Cases on Remand from the Appeals Panel). The appeals panel may not remand a case more than once; or
   (3) affirm the decision of an administrative law judge in a case as described by Labor Code §410.204(a-1).
RULE §143.3 Requesting the Appeals Panel to Review the Decision of the Administrative Law Judge

(a) A party to a benefit contested case hearing who is dissatisfied with the decision of the administrative law judge may request the appeals panel to review that decision. The request shall:
(1) be in writing;
(2) clearly and concisely rebut each issue in the administrative law judge's decision that the appellant wants reviewed, and state the relief the appellant wants granted;
(3) be filed with the Chief Clerk of Proceedings in the division's central office in Austin not later than the 15th day after receipt of the administrative law judge's decision. The administrative law judge's decision is deemed to have been received by the parties in accordance with §102.5 (relating to General Rules for Written Communications To and From the Commission) and §102.3 (relating to Computation of Time) of this title. Requests that are timely submitted to a division location other than the Chief Clerk of Proceedings, such as a local field office of the division, will be considered timely filed and forwarded to the division's appeals panel for consideration, but this may result in delay in the processing of the request. Untimely requests, regardless of whether they are filed with the Chief Clerk of Proceedings in the division's central office or in a different division field office, do not invoke the jurisdiction of the appeals panel and will not be reviewed by the appeals panel;
(4) be served on the other party or parties on the same day filed with the division; and
(5) contain a statement certifying that a copy has been served on the other party or parties in person, mailed by certified mail, return receipt requested, or transmitted by verifiable means. A certificate in substantially the following form shall be used: "I hereby certify that I have on this ___ day of __________, ____, served a copy of the attached request for appeal on ____________________________ (state the name of the other party or parties on whom a copy was served) by ____________________________ (state the manner of service)." ____________________________ Signature

(b) If it is not clear from the request for review that the party has properly served a copy of the request on the other party or parties, the division will provide a copy of the request expeditiously.
(c) A party may make a conditional request for review by the appeals panel even if the overall contested case hearing decision is favorable. A timely request that indicates that the filing party seeks consideration only if the opposing party files a request for review will not be treated as a request for review unless an opposing party timely files a request. If an opposing party does file a timely request, the conditional request will be treated as a cross-appeal.

(d) A request for review by the appeals panel shall be filed not later than the 15th day after the appealing party is deemed to have received the administrative law judge's decision. Saturdays and Sundays and holidays listed in Government Code §662.003 are not included in the computation of this 15-day period. A request made under this section shall be presumed to be timely filed or timely served with the division if it is:

(1) mailed on or before the 15th day after the date of deemed receipt of the administrative law judge's decision, as provided in subsection (a) of this section; and

(2) received by the division not later than the 20th day after the date of deemed receipt of the administrative law judge's decision.

(3) be filed with the Chief Clerk of Proceedings in the division's central office in Austin not later than the 15th day after receipt of the appellant's appeal. The appellant's appeal is deemed received in accordance with §102.5 (relating to General Rules for Written Communications To and From the Commission, §102.4 (relating to General Rules for Non-Commission Communications) and §102.3 (relating to Computation of Time) of this title. Responses that are timely submitted to a division location other than the Chief Clerk of Proceedings, such as a local field office of the division, will be considered filed timely and forwarded to the division's appeals panel for consideration, but this may result in delay in the processing of the response. Untimely responses, regardless of
whether they are filed with the Chief Clerk of Proceedings or in a different division office, will not be reviewed by the appeals panel; 

(4) be served on the other party or parties on the same day filed with the division; and 

(5) contain a statement certifying that a copy has been served on the other party or parties in person, mailed by certified mail, return receipt requested, or transmitted by verifiable means. (b) If it is not clear from the response that the party has properly served a copy of the response on the other party or parties, the division shall provide a copy of the response expeditiously.

(c) A response to the appellant's request with the division shall be filed not later than the 15th day after the responding party is deemed to have received the appellant's request. Saturdays and Sundays and holidays listed in §662.003, Government Code, are not included in the computation of this 15-day period. A response made under this section shall be presumed to be timely filed with the division if it is:

(1) mailed on or before the 15th day after the date of deemed receipt of the appellant's request, as provided in subsection (a) of this section; and

(2) received by the division not later than the 20th day after the date of deemed receipt of the appellant's request.

(b) If the appeals panel does not issue a written decision by the 45th day after the date the response was filed with the division, the administrative law judge's decision becomes final, constitutes the decision of the appeals panel, and, for the purpose of establishing the time for seeking judicial review, is deemed filed with the division on that day.

(c) Not later than the seventh day after the appeals panel files its decision with the division, or a decision is deemed filed, as provided in subsection (b) of this section, the division shall send to each party a copy of the decision, or a notice that the administrative law judge's decision has become final and constitutes the decision of the appeals panel.

(d) A decision of the appeals panel that is not appealed for judicial review, as provided by the Texas Labor Code §410.252, et seq., becomes final on the 46th day after the division mailed the party the decision of the appeals panel. For purposes of this section the mailing date is considered to be the fifth day after the date the decision of the appeals panel was filed by the division.

(e) A decision of the appeals panel that is appealed for judicial review is binding on the parties for the duration of the judicial review.

**RULE §148.23 Division Enforcement of Orders**

Any final order of SOAH is a final order of the division and may be enforced by the division in any manner permitted by the Act, the APA, or division rules. After conclusion of the administrative process, any SOAH order which survives the entry of a final order, the sending of a proposal for decision to the division, or the dismissal or withdrawal of the case from the SOAH docket, regardless of upon whose motion the dismissal or withdrawal was granted, is an order of the commissioner and may be enforced by the division in any manner permitted by the Act, the APA, or division rules. Examples of enforceable orders include, but are not limited to, orders to reimburse, orders to pay reasonable and necessary medical costs, orders to pay administrative fines, orders to refund, orders assessing attorney fees, orders assessing costs, and orders imposing discovery sanctions.

**RULE §148.24 Confidentiality of Records**

(a) SOAH shall ensure that the confidentiality provisions of Labor Code, §§402.082 - 402.092, 411.034, 413.0513, and 413.0514 and the Code of Federal Regulations, Title 20, §603.6 and §603.7 (for information obtained from the Texas Workforce Commission or its successor agencies) will be followed, including requests for release of documents or information made confidential under the Act or other applicable law.

(b) Unless authorized by law, SOAH will not identify the name of a claimant for workers' compensation coverage under the Act or other information contained in or derived from the division's claim file for such a claimant in listings of docketed cases or in other documents distributed to persons other than to the division and the parties to a contested case involving that claimant.

(c) If a party or a member of the public files a written request with the Chief Clerk of Proceedings and with SOAH that a hearing be conducted as a hearing open to the public, the ALJ shall consider that request and issue a ruling prior to the opening of the hearing to the public.

(d) Any request for a hearing open to the public shall be filed with the Chief Clerk of Proceedings and with SOAH at least seven days prior to the first day of the hearing unless the ALJ allows a shorter filing period upon a showing of good cause.

(e) When considering a request that a hearing be open to the public, the ALJ's considerations shall include, but are not limited to, whether the hearing would contain information made confidential under the Act or other applicable laws. If confidential
information would be included, then the ALJ may consider whether any procedure could be devised and utilized which would allow a hearing to be open to the public without violating the confidentiality provisions of the Act, other applicable laws, other applicable regulations, and agreements required by those laws or regulations or without causing an undue burden on the division or the parties to the hearing.

(f) While SOAH will have temporary custody of the hearing records, the commissioner retains statutory authority as custodian of records and is ultimately responsible, as the originating agency, for the release or non-release of the information. Therefore, should any information, which may be confidential under the Act, division rules, or other law, be requested from SOAH by any person or entity, SOAH shall follow all legal requirements necessary to ensure that the confidential information or document is not released, unless specifically required by law, and shall provide such request to the commissioner immediately upon receipt.

(g) Pursuant to Labor Code §413.031(c), the division shall be responsible for publishing any SOAH decisions required to be published by that section on the department’s website. SOAH shall as soon as practicable deliver to the division a version of the decision in an electronic format.

(h) SOAH and the division have responsibilities for compliance with the Texas Public Information Act, Government Code, Chapter 552. Each agency maintains information that may be considered confidential or exempt from disclosure under laws administered by that agency. To the extent required by law, each agency is responsible for replying to all public information requests for information maintained by that agency. Each agency will promptly notify the other agency of the receipt of a Texas Public Information Act request relating to confidential or exempt records obtained from the other agency and will coordinate responses as necessary.

   (1) these rules;
   (2) the Texas Disciplinary Rules of Professional Conduct; and
   (3) the Texas Lawyer's Creed, promulgated by the Supreme Court of Texas on November 7, 1989.

(b) An attorney who undertakes representation of a claimant on a valid compensation claim and a third party liability action shall not abandon the compensation claim for the purpose of avoiding the maximum attorney fee established under the Texas Workers' Compensation Act (the Act), §4.09.

(c) An attorney who fails to comply with this rule may be assessed an administrative penalty under the Act, §10.07(a)(11).

RULE §150.2 Qualification and Authorization of Attorney To Practice before the Commission

(a) An attorney who represents any party before the commission shall be licensed to practice law by the State Bar of Texas in order to receive an attorney's fee.

(b) An attorney who represents a claimant for benefits shall notify the commission in writing within 10 days of undertaking the representation of the party. The written notice shall identify the attorney and the claimant and the injured employee (if different from the claimant).

(c) An attorney may be disqualified, after a hearing under the Texas Workers' Compensation Act (the Act), §10.33, from representing any party before the commission for the following activities:
   (1) knowingly charging a claimant a fee in excess of that allowed by the commission;
(2) knowingly assisting any person in making a false or misleading statement, misrepresenting or concealing a material fact, and/or fabricating, altering, concealing, or destroying a document, in order to claim benefits;
(3) knowingly assisting any person in making a false or misleading statement, misrepresenting or concealing a material fact, and/or fabricating, altering, concealing, or destroying a document, in order to defeat a claim for benefits;
(4) for engaging in conduct described in the Act, §10.07(a)(1)-(10) or (b)(1)-(23), whether or not an administrative violation is assessed; or
(5) being suspended or disbarred by the State Bar of Texas.

(d) An attorney who is disqualified may apply to the commission for reinstatement, no sooner than the expiration of the term of disqualification. However, an attorney who has been disbarred by the State Bar of Texas cannot apply for reinstatement to practice before the commission unless the State Bar of Texas certifies that the attorney has had the license to practice law reinstated.

RULE §150.3 Representatives: Written Authorization Required

(a) A representative, as that term is defined in the Texas Workers' Compensation Act (the Act), §1.03(40), is authorized under the Act, §2.09(e), to provide services in workers' compensation matters if:

(1) the person is an insurance adjuster holding a State Board of Insurance license to adjust workers' compensation claims, if the adjuster provides, to the commission, a written authorization from an insurance carrier to adjust claims. Written authorization is not required from an adjuster who is an employee of the insurance carrier;
(2) the person is an attorney and complies with the requirements of §150.2(a) of this title (relating to Qualification and Authorization of Attorney To Practice before the Commission); or
(3) the person who is not either an adjuster or attorney files with the commission a written power of attorney, or written authorization from the claimant, allowing that person access to confidential records. No fee or remuneration shall be received either directly or indirectly from a claimant.

(b) A representative that fails to comply with the Act, or violates a rule of the commission, may be subject to sanctions, including suspension, as provided by the Act, §2.09(f) and §10.07(d).
Source Note: The provisions of this §150.3 adopted to be effective July 8, 1991, 16 TexReg 3399
(a) To be eligible to earn a fee, an attorney representing any party shall hold an active license to practice law in Texas and not be currently under suspension for any reason.

(b) An attorney may receive a fee for representation of any party before the commission only after the commission approves the amount of the fee. An attorney shall not receive an amount greater than the fee approved by the commission, notwithstanding any agreements between the parties, including retainer fee agreements.

(c) The fee approved by the commission shall be limited to 25% of each weekly income benefit payment to the employee, up to 25% of the total income benefits allowed and shall also be based on the attorney's time and expenses, subject to the guidelines and standards set forth in the Texas Workers' Compensation Act (the Act) and commission rules. An attorney's fee for representing an injured employee becomes a lien against any unpaid income benefits due the injured employee once the carrier receives the commission order approving the fee. The carrier must begin payment out of the approved income benefits by mailing a check to the attorney within seven days after receiving the commission order and thereafter whenever income benefits are paid until the fee has been paid or income benefits cease.

(d) An attorney's fee for representing a claimant may upon request by the attorney or carrier and approval by the commission be commuted to a lump sum only out of a sum certain award or order to pay benefits. This commuted fee may be discounted for present payment at the rate provided under the Act, §401.023, and shall not exceed 25% of the unpaid sum certain. A commuted fee shall be recouped by the carrier out of the future income benefits paid to the represented claimant, not to exceed more than 25% out of any single payment. The fee for representing a claimant for death benefits cannot be commuted where the only dispute involves identification of the proper beneficiaries.

(e) A client who discharges an attorney does not, by that action, defeat the attorney's right to claim a fee for services performed by that attorney prior to discharge.

(f) An attorney for an employee who prevails when a carrier contests a commission determination of eligibility for supplemental income benefits shall be eligible to receive
a reasonable and necessary attorney's fee, including expenses. This fee is payable by the
carrier, not out of the employee's benefits, and the fee shall not be limited to a
maximum of 25% of the employee's recovery. All provisions of these rules, except §152.4
of this title (relating to Guidelines for Legal Services Provided to Claimants and Carriers),
apply.

RULE §152.2 Attorney Fees: Representation of Claimants

(a) An attorney who represents a claimant shall notify the commission in writing within
10 days of undertaking representation, and shall provide a copy of the contract of
employment if requested by the commission.

(b) For purposes of computing the maximum amount of a fee that may be fixed and
approved for a claimant's attorney, "claimant's recovery" shall not include:
(1) the amount of benefits paid to the claimant prior to hiring the attorney;
(2) benefits initiated or offered by an insurance carrier when the initiation or offer is
based upon documentation in a claimant's file, and has not been the subject of a
dispute with the carrier;
(3) any undisputed portion of impairment benefits paid or offered to the claimant
based upon an impairment rating that is assessed by the carrier, under the Texas
Workers' Compensation Act (the Act), §4.26(f);
(4) the value of medical and hospital benefits provided to the claimant; or
(5) lifetime income or death benefits when the carrier admits liability on all issues
involved, and when the maximum benefit is tendered in writing by a carrier, no later
than the date on which the carrier is required to contest the claim.

(c) An attorney shall not represent multiple legal beneficiaries on a claim for death
benefits if it is reasonably foreseeable that a judgment favorable to one legal beneficiary
would impact unfavorably on another legal beneficiary.

(d) The total amount that the commission approves for the attorney's time and expenses
constitute the fee, and shall not exceed 25% of the claimant's recovery, except as
provided in the Act, §4.28(l)(2), and §152.1(f) of this title (relating to Attorney Fees:
General Provisions).

RULE §152.3 Approval or Denial of Fee by the Division

(a) To claim a fee, an attorney representing any party must submit to the division a complete and accurate application for attorney fees in the form and manner prescribed by the division.

(b) An application for attorney fees must include:
   (1) each attorney’s name and bar card number;
   (2) the law firm name, phone number, and mailing address;
   (3) the injured employee’s name, date of injury, and DWC claim number;
   (4) the beneficiary’s name, type, contact information, and social security number, if applicable;
   (5) the dates of legal service;
   (6) the hourly rate and number of hours for each attorney and legal assistant providing legal services;
   (7) an itemized list of each legal service performed and expense incurred representing the claimant or insurance carrier that identifies the attorney or legal assistant who provided the service, the date the service was provided, and the hours or amount requested;
   (8) a certification that every statement, numerical figure, and calculation in the application for attorney fees submitted to the division is within the attorney’s personal knowledge, is true and correct, and represents services, charges, and expenses provided by the attorney or a legal assistant under the attorney’s supervision; and
   (9) additional case-specific justification for any fee that exceeds the guidelines for legal services.

(c) The division may approve, partially approve, or deny an application for attorney fees based on the division’s determination of whether the requested time and expenses are reasonable according to the guidelines for legal services and maximum hourly rate established in §152.4 of this title, Labor Code §408.221 and §408.222, and written evidence presented to the division. The division will issue an order approving, partially approving, or denying an application for attorney fees. Submission of an application requesting fees for the same services or expenses addressed in any previous application is prohibited. Attorneys are subject to review for compliance with commissioner rules, the Act, and other laws under Labor Code Chapter 414. An order approving, partially approving, or denying an application for attorney fees does not limit the commissioner’s authority to enforce a sanction, administrative penalty, or other remedy authorized by the Act. At any time an attorney whose application is found to contain false or inaccurate information may be referred to enforcement or other authorities, including
licensing agencies, district and county attorneys, or the attorney general for investigation and appropriate proceedings.

(d) To contest a division order approving, partially approving, or denying an application for attorney fees, an attorney, claimant, or insurance carrier must request a contested case hearing through the dispute resolution process outlined in Chapters 140 - 144 of this title. A request must be submitted by personal delivery, first class mail, or facsimile to the division no later than the 20th day after receipt of the division's order. A claimant may request a hearing by contacting the division in any manner no later than the 20th day after receipt of the division's order. A contesting party other than a claimant must send a copy of the request by personal delivery, first class mail, or electronic transmission to the insurance carrier and the other parties, including the claimant and attorney, on the same day the request is submitted to the division.

(e) After a contested case hearing under subsection (d) of this section, an attorney, claimant, or insurance carrier must request review by the appeals panel pursuant to the provisions of §143.3 of this title (Requesting the Appeals Panel To Review the Decision of the Administrative Law Judge) to contest the division order approving, partially approving, or denying an application for attorney fees.

(f) The division's order approving, partially approving, or denying an application for attorney fees is binding during the pendency of a contest or an appeal of the order. Notice of a contest or an appeal does not relieve the insurance carrier of the obligation to pay attorney fees according to the division order.

(g) Following a contested case hearing or appeals panel review of an order approving, partially approving, or denying an application for attorney fees under subsection (d) or subsection (e) of this section, the division will issue a final order or decision. If the final order or decision of the division requires an attorney to reimburse funds, the reimbursement must be made no later than the 15th day after receipt of the final order or decision.

(h) This section is effective January 30, 2017.

RULE §152.4 Guidelines for Legal Services Provided to Claimants and Insurance Carriers

(a) The division will consider the guidelines for legal services outlined in subsection (c), the maximum hourly rate for legal services in subsection (d), Labor Code, §408.221 and §408.222, and written evidence presented to the division, when approving, partially approving, or denying an application for attorney fees.

(b) An attorney may request, and the division may approve, a number of hours greater than those allowed by the guidelines for legal services if the attorney demonstrates to the satisfaction of the division that the higher fee was justified based on the circumstances of the specific claim and Labor Code, §408.221 and §408.222.

(c) The guidelines for legal services provided to claimants and insurance carriers are as follows:

Attached Graphic

(d) The maximum hourly rate for legal services shall be as follows. Hourly rate:

(1) attorney--$200; and

(2) legal assistant (not to include hours for general office staff)--$65.

(e) Each attorney must bill for hours using that attorney's state bar card number.

(b) The commission shall allow those expenses necessary for the preparation and presentation of a person's claim or a carrier's defense before the commission, including:

(1) travel expenses, at the rate set for state employees by the legislature for state employees in the General Appropriation Act, if the attorney is required to attend a benefit review conference or hearing more than 25 miles from the attorney's office nearest to the location of the conference or hearing;
(2) expenses necessary to present a case at a hearing including subpoena costs, court reporter's fee, per diem witness fees incurred, and translator's fee;

(5) costs of collect long distance telephone calls from the client; and
(6) investigative services necessary to establish or dispute a claim.

(c) The commission shall not allow as attorney expenses those expenses that are not necessary for the preparation and presentation of a party's individual claim or defense before the commission, including:
(1) attorney travel, except as permitted in subsection (b)(1) of this section;
(2) overhead costs of operating a law office including: rent, utilities, copies, fax, telecopier, postage, shipping, local telephone calls, long distance calls to the commission, and salaries for general office staff; and
(3) medical reports and hospital records that commission rules require to be sent to the claimant and carrier.

(d) An attorney's payment of out-of-pocket expenses for items listed in subsection (b) of this section does not constitute a loan to the client as prohibited by the Texas Workers' Compensation Act, §10.03.

RULE §152.6 Attorney Withdrawal

(a) An attorney withdrawing representation must submit a notice of withdrawal under subsection (b) of this section or a motion to withdraw under subsection (d) of this section and comply with the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas, including surrendering papers and property to the client as required.

(b) An attorney must submit a notice of withdrawal in the form and manner prescribed by the division when:
(1) the attorney withdraws representation and a motion to withdraw under subsection (d) of this section is not required; or
(2) the attorney's representation is terminated by the attorney's client.
(c) An attorney must submit a notice of withdrawal under subsection (b) of this section to the division by personal delivery, first class mail, or facsimile no later than the 10th day following withdrawal. An attorney must provide a copy of the notice to the attorney's client and the opposing party by personal delivery, first class mail, or electronic transmission on the same day the notice is submitted to the division. The notice of withdrawal must include:
   (1) the attorney's name, bar card number, and contact information;
   (2) the law firm name, if applicable;
   (3) the injured employee's name, contact information, date of injury, and DWC claim number;
   (4) the beneficiary's name, contact information, and social security number, if applicable;
   (5) the insurance carrier name;
   (6) the effective date of the attorney's withdrawal of representation under paragraph (1) or (2) of subsection (b); and
   (7) the attorney's signature.

(d) Except when the attorney's representation is terminated by the attorney's client, an attorney withdrawing representation must submit a motion to withdraw to the division, and receive a division order granting the motion to withdraw, after notice of a scheduled benefit review conference or contested case hearing has been received and until resolution of the disputed issues through the division's dispute resolution process provided in Labor Code Chapter 410, Subchapters A - E.

(e) The motion to withdraw must provide good cause for withdrawing from the case and a certification that states:
   (1) the attorney's client has knowledge of and has approved or refused to approve the withdrawal; or
   (2) the attorney made a good faith effort to notify the attorney's client and the attorney's client cannot be located.

(f) An attorney must submit the motion to withdraw to the division by personal delivery, first class mail, or facsimile. An attorney must also provide a copy of the motion to the attorney's client and the opposing party by personal delivery, first class mail, or electronic transmission on the same day the motion is submitted to the division.

(g) The administrative law judge will determine whether good cause exists for the attorney's withdrawal based on Rule 1.15 of the Texas Disciplinary Rules of Professional Conduct and other factors, including:
(1) how close in time the attorney withdrawal is to a scheduled benefit review conference or contested case hearing;
(2) the amount of attorney fees that have been requested and approved by the division;
(3) whether the attorney is willing to waive payment of any portion of the approved fees;
(4) the attorney's reason for the withdrawal; and
(5) whether the attorney's client refused to approve the withdrawal, if applicable.

(h) If the administrative law judge determines good cause does not exist for the attorney's withdrawal, the attorney must continue to represent the party until resolution of the disputed issues through the division's dispute resolution process provided in Labor Code Chapter 410, Subchapters A - E.

(i) This section does not prevent the attorney's client from terminating the attorney-client relationship or notifying the division of the termination of the attorney-client relationship. If the attorney's client notifies the division of a termination, the attorney is not relieved of the duty to submit to the division a notice of withdrawal under subsection (b) of this section.

**RULE §180.8 Notices of Violation; Notices of Hearing; Default Judgments**

(a) A notice of violation (NOV) is a notice issued to a system participant when the division finds that the system participant has committed an administrative violation and the division seeks to impose a sanction under the Act or division rules. An NOV is not required to be issued before or after the issuance of an ex parte emergency cease and desist order.

(b) An NOV shall be in writing and include:
   (1) the provision(s) of the Act, rule, order, or decision of the commissioner that the system participant violated;
   (2) a summary of the facts that establish that the violation(s) occurred;
   (3) a description of the proposed sanction that the division intends to impose;
   (4) a statement of the basis for the proposed sanction including:
      (A) a description of the underlying facts considered by the division for each of the factors listed in Labor Code §415.021(c) and (c-2), if applicable, (relating to Assessment of Administrative Penalties) and §180.26 of this title (relating to Criteria for Proposing, Recommending and Determining Sanctions; Other Remedies) in determining the appropriateness of the division's proposed sanction;
      (B) a description of which factors under Labor Code §415.021(c) and (c-2), if applicable, and §180.26 of this title had a mitigating or aggravating effect on the division's proposed sanctions; and
      (C) a description of the division's proposed sanction for each violation or violation type in the case of repeated administrative violations. This requirement does not
prohibit the division from considering the aggregate impact of all administrative violations described in the NOV when proposing a sanction if justice requires such consideration;

(5) the right to consent to the charge and the proposed sanction(s);

(6) the right to request a hearing; and

(7) other information about the rights, obligations, and procedures for requesting a hearing.

(c) The charged party shall file a written answer to the NOV not later than the twentieth day after the notice is received. The answer shall either consent to the proposed sanction, and remit the amount of the penalty, if any, or request a hearing by being filed with the division’s chief clerk of proceedings. If the charged party fails to respond to the NOV within 20 days of receipt of the notice, the division shall schedule a hearing at the State Office of Administrative Hearings (SOAH) and provide notice of hearing to the charged party that meets the requirements of §148.5 of this title (relating to Notice of Hearing) and must include the information in subsection (b)(3) and (4) of this section.

(d) A charged party that receives a notice of hearing under subsection (c) of this section shall, within 20 days of the date on which the notice of hearing is provided to the party, file a written answer or other responsive pleading. Such response shall be filed in accordance with 1 TAC §155.101 of this title (relating to Filing Documents) and §155.103 of this title (relating to Service of Documents on Parties).

(e) For purposes of this section, events described in paragraphs (1) or (2) of this subsection constitute a default on the part of a charged party who receives a notice of hearing under subsection (c) of this section:

(1) failure of the charged party to file a written response as provided by subsection (d) of this section; or

(2) failure of the charged party to appear in person or by legal representative on the day and at the time set for hearing in a contested case at SOAH, regardless of whether a written response has been filed.

(f) In the event that a charged party defaults as described by subsection (e) of this section, the division may seek informal disposition by default by the commissioner as permitted by Government Code §2001.056.

(g) For purposes of this subchapter, "disposition by default" shall mean the issuance of an order against the charged party in which the allegations against the party in the notice of hearing are deemed admitted as true, upon the offer of proof to the commissioner that proper notice was provided to the defaulting party. For purposes of

(h) After informal disposition of a contested case by default, a charged party may file a written motion to set aside the default order and reopen the record. A motion by the charged party to set aside the default order and reopen the record shall be granted by the commissioner if the charged party establishes that the failure to file a written response or to attend the hearing was neither intentional nor the result of conscious indifference, and that such failure was due to a mistake or accident. A motion to set aside the default order and reopen the record shall be filed by the charged party with the division's chief clerk of proceedings prior to the time that the order of the commissioner becomes final pursuant to the applicable provisions of Government Code, Chapter 2001, Subchapter F.

(i) A motion to set aside the default order and reopen the record is not a motion for rehearing and is not to be considered a substitute for a motion for rehearing. A motion for rehearing is required in order to exhaust administrative remedies. The filing of a motion to set aside the default order and reopen the record has no effect on either the statutory time periods for the filing of a motion for rehearing or on the time period for ruling on a motion for rehearing, as provided in applicable provisions of the Government Code, Chapter 2001, Subchapter F.

(This statement must include a reference to the specific statute, rule, or order found to have been violated, a statement of the legal authority and jurisdiction under which the order is issued, specific reference to the time limit for requesting a hearing to contest the order, and reference to the statute or statutes in which the time limit is contained. (c) A request for a hearing to contest the order must be requested not later than the 30th day after the date the affected person receives the order and must:
   (1) be in writing;

At the hearing, the person requesting the hearing is entitled to show cause why the order should not be affirmed and the burden of proof is on the division to show why the order should be affirmed.

(e) Agreements to hold the hearing at a later date must be in writing. The person who is adversely affected by the issuance of the ex parte emergency cease and desist order and who desires a hearing regarding such order must file any such agreement with the division’s chief clerk of proceedings before the expiration of the 10th day after the date the request for hearing is received.

(f) Following receipt of the proposal for decision from SOAH regarding the hearing the commissioner shall review the proposed decision of the administrative law judge and wholly or partly affirm, modify, or set aside the order. If the commissioner modifies, amends, or changes a recommended finding of fact or conclusion of law, or order of the administrative law judge, the commissioner’s final order shall state the legal basis and the specific reasons for the change.

(g) Pending a hearing, the order continues in effect unless the order is stayed by the commissioner.

(h) If the person against whom the order was entered submits a motion for stay of the ex parte emergency cease and desist order, the motion may be granted by the commissioner before the date of the show cause hearing. If the parties agree to a later show cause hearing date pursuant to subsection (d) of this section, the motion for stay may be granted by the commissioner before the date of the show cause hearing upon written motion by any party to the hearing. If the motion for stay is granted, notice shall be sent to the requesting party that the order has been stayed in whole or in part and what part of the order continues to be in effect. If the motion is not granted before the
date of the show cause hearing the motion is denied and notice is not required of the denial.

(g) A peer reviewer is a health care provider who performs an administrative review at the insurance carrier's request without a physical examination of the injured employee. The peer reviewer must not have any known conflicts of interest with the injured employee or the health care provider who has proposed or rendered any health care being reviewed.

(1) A peer reviewer who performs a prospective, concurrent, or retrospective review of the medical necessity or reasonableness of health care services (utilization review) is subject to the applicable provisions of the Labor Code; Insurance Code, Chapters 1305 and 4201; and department and division rules. A peer reviewer who performs utilization review must:

(B) hold the appropriate credentials as defined in §180.1 of this title.

(h) The designated doctor is a doctor assigned by the division to recommend a resolution of a dispute as to the medical condition of an injured employee. At the request of an insurance carrier or an injured employee, or on the commissioner's own order, the commissioner may order a medical examination by a designated doctor in accordance with Labor Code §408.0041 and §408.1225. The credentials, qualifications, and responsibilities of a designated doctor are governed by §180.21 of this title (relating to Division Designated Doctor List), §180.1 of this title that defines "appropriate credentials", applicable provisions of the Act, and other rules providing for use of a designated doctor.

Doctors seeking membership on the MQRP must hold appropriate credentials as defined in §180.1 of this title. A chiropractor who serves on the MQRP and that reviews a chiropractic service under the Act must be licensed to engage in the practice of chiropractic pursuant to Labor Code §408.0045. RULE §180.23 Division Required Training for Doctors

(a) Applicability. This section governs authorization relating to certification of maximum medical improvement (MMI), determination of permanent impairment, and assignment of impairment ratings in the event that a doctor finds permanent impairment exists.

(b) Authorization. Full authorization to assign an impairment rating and certify MMI in an instance where the injured employee is found to have permanent impairment requires a doctor to obtain division certification by completing the division-prescribed impairment rating training and passing the test or meeting the training and testing requirements for designated doctor certification under §127.100 of this title (relating to Designated Doctor Certification). To remain certified, a doctor is required to complete follow-up training at least every two years.

(c) Training. A doctor who has not completed the required training under subsection (b) of this section but who has had similar training in the American Medical Association Guides from a division-approved vendor within the prior two years may submit the syllabus and training materials from that course to the division for review. If the division determines that the training is substantially the same as the division-required training and the doctor passes the division-required test, the doctor is fully authorized under this section. The ability to substitute training only applies to the initial training requirement.
(d) Exceptions. Notwithstanding any other provision of this section, a doctor who has not successfully completed training and testing required by this section for authorization to assign impairment ratings and certify MMI when there is permanent impairment may receive permission by exception to do so from the division on a specific case-by-case basis.

RULE §180.24 Financial Disclosure

(a) Definitions. The following words and terms when used in this section shall have the following meanings unless the context clearly indicates otherwise.

(1) Compensation arrangement--Any arrangement involving any remuneration between a health care practitioner (or a member of a health care practitioner's immediate family) and a health care provider.

(2) Financial interest means:

(A) an interest of a health care practitioner, including an interest of the health care provider who employs the health care practitioner, or an interest of an immediate family member of the health care practitioner, which constitutes a direct or indirect ownership or investment interest in a health care provider; or

(B) a direct or indirect compensation arrangement between the health care practitioner, the health care provider who employs the referring health care practitioner, or an immediate family member of the health care practitioner and a health care provider.

(3) Immediate family member--Immediate family member or member of a doctor's immediate family means husband or wife; birth or adoptive parent, child, or sibling; stepparent, stepchild, stepbrother, or stepsister; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; grandparent or grandchild; and spouse of a grandparent or grandchild.

(b) Submission of Financial Disclosure Information to the division.

(1) If a health care practitioner refers an injured employee to another health care provider in which the health care practitioner, or the health care provider that employs the health care practitioner, has a financial interest, the health care practitioner shall file
a disclosure with the division within 30 days of the date the first referral is made unless the disclosure was previously made. This annual disclosure shall be filed for each health care provider to whom an injured employee is referred and shall include the information in paragraph (2) of this subsection.

(2) The health care practitioner's disclosures in paragraph (1) of this subsection shall at a minimum include:

(A) the disclosing health care practitioner's name, business address, federal tax identification number, professional license number, and any other unique identification number;

(B) the name(s), business address(es), federal tax identification number(s), professional license number(s), and any other unique identification number of the health care provider(s) in which the disclosing health care practitioner has a financial interest as defined in subsection (a)(2) of this section; and

(C) the nature of the financial interest including, but not limited to, percentage of ownership, type of ownership (e.g., direct or indirect, equity, mortgage), type of compensation arrangement (e.g., salary, contractual arrangement, stock as part of a salary payment) and the entity with the ownership (disclosing health care practitioner, the health care provider who employs the health care practitioner, or an immediate family member of the health care practitioner).

(c) Failure to disclose. In addition to any sanctions provided by the Act and rules, failure to disclose a financial interest by a health care provider is an administrative violation and is subject to a penalty of forfeiture of the right to reimbursement for any services rendered on the claim during the period of noncompliance, regardless of whether the circumstances of the services themselves were subject to disclosure, and regardless of whether the services were medically necessary.

(1) Limitations on billing. A health care practitioner who rendered services on a claim during a period in which the practitioner was out of compliance with the disclosure requirements under this section for that claim, regardless of whether the circumstances of the services themselves were subject to disclosure, shall not present or cause to be presented a claim or bill to any individual, third party payer, or other entity for those services (regardless of whether the services were medically necessary).

(2) Refunds. If a health care practitioner collects any amounts that were billed for services on a claim provided during a period in which the practitioner was in noncompliance with the disclosure requirements of this section for that claim, regardless of whether the circumstances of the services themselves were subject to disclosure, the practitioner shall be liable to the individual or entity for, and shall timely refund, any amounts collected (regardless of whether the services were medically necessary).

(3) Rebuttable Presumption. A referral for services to a health care provider by a health care practitioner under circumstances which required a disclosure under this section, but
which was not timely disclosed as required, creates a rebuttable presumption that the services were not medically necessary unless one of the statutory and regulatory exceptions that apply to referrals in Title 42, United States Code §1395nn(b)-(e) applies to the referral in question. Whenever one of these exceptions is revised and effective, the revised exception shall be effective for referrals made on or after the effective date of the revision.

**RULE §180.25 Improper Inducements, Influence and Threats**

(a) Pursuant to Labor Code §415.0036, offering, paying, soliciting, or receiving an improper inducement relating to the delivery of benefits to an injured employee is prohibited. Improper attempts to influence the delivery of benefits to an injured employee, including the making of improper threats. This section applies to all system participants in the workers' compensation system who have authority under Labor Code, Title 5 to request the performance of a service affecting the delivery of benefits to an injured employee or who actually performs such a service, including peer reviews, performance of designated doctor examinations, performance of required medical examinations, or case management.

(b) The following specific acts will be deemed to be an improper inducement, attempt to influence or threat:

1. Soliciting or receiving any remuneration (including, but not limited to, any kickback, bribe, or rebate) in return for referring an injured employee to a person (either the person soliciting or receiving the inducement or another person):
   
   (A) for the furnishing or arranging for the furnishing of any item, treatment, or service constituting a medical benefit for which payment may be made in whole or in part under Labor Code, Title 5 or rules; or
   
   (B) in return for purchasing, leasing, ordering, or arranging for or recommending purchasing, leasing, or ordering any good, facility, service, treatment or item constituting a medical benefit for which payment may be made in whole or in part under Labor Code, Title 5 or rules.

2. Offering or paying any remuneration (including, but not limited to, any kickback, bribe, or rebate) in return for referring an injured employee to a person (either the person offering or paying the inducement or another person):
(A) for the furnishing or arranging for the furnishing of any item, treatment or service constituting a medical benefit for which payment may be made in whole or in part under the Labor Code, Title 5 or rules; or

(B) in return for purchasing, leasing, ordering, or arranging for or recommending purchasing, leasing, or ordering any good, facility, service, treatment, or item constituting a medical benefit for which payment may be made in whole or in part under Labor Code, Title 5 or rules.

(3) Providing any financial incentive or promising or threatening to provide injured employee evaluation reports or other medical opinions that could enhance or reduce the injured employee’s income benefits or affect the injured employee’s work release status as an inducement to have the injured employee treat with or be evaluated by the health care provider or comply with the health care provider’s proposed treatment.

(4) Offering or soliciting an inducement in return for selecting a particular health care provider for the furnishing or arranging for the furnishing of any item, treatment, or service (including purchasing or leasing) for which payment may be made in whole or in part under Labor Code, Title 5 or rules; or offering or soliciting an inducement which may reasonably tend to cause a particular health care provider to be selected (excluding a convenience necessary to allow for the provision of health care, such as transportation to and from the health care provider’s facility, translator services related to evaluation and treatment, providing claim filing forms or information on rights and responsibilities under the Labor Code, Title 5 and rules, if generally available to all patients). Such inducement is improper whether offered directly or indirectly, overtly or covertly, in cash or in kind.

(5) Making, presenting, filing, or threatening to make, present, or file any frivolous claim or assertion against a system participant, medical peer reviewer, or any other person performing duties arising under Labor Code, Title 5 or rules, with the division or any licensing, certifying, regulatory, or investigatory body.

(6) Making or causing to be made a threat against life, safety, or property directed to a system participant related to their performance of duties arising under Labor Code, Title 5 or rules.

(c) The exceptions that apply to subsection (b)(1) and (2) of this section are those that apply to analogous provisions in Title 42, United States Code §1320a-7b(3). The exceptions shall apply to subsection (b)(1) and (2) of this section.

(d) A violation of applicable federal standards that prohibit the payment or acceptance of payment in exchange for health care referrals relating to fraud, abuse, and antikickbacks is an administrative violation.

RULE §180.26 Criteria for Imposing, Recommending and Determining Sanctions; Other Remedies

(a) The division may impose sanctions on any system participant if that system participant commits an administrative violation.

(b) The division may impose the following sanctions against a doctor or insurance carrier for any reason listed in Labor Code §408.0231(c) or any other criteria the commissioner considers relevant.

(c) In addition to a penalty or the other sanctions that may be imposed in accordance with other applicable provisions of the Act, the division may also impose the following sanctions pursuant to Labor Code §415.023(b) against an insurance carrier or its representative, a health care provider, or a representative of an injured employee or legal beneficiary if any of those parties commit an administrative violation as a matter of practice, meaning a repeated violation of the Act or a rule, order, or decision of the commissioner:
   (1) a reduction or denial of fees;
   (2) public or private reprimand by the commissioner;
   (3) suspension from practice before the division;
   (4) restriction, suspension, or revocation of the right to receive reimbursement under the Act; and
   (5) referral and petition to the appropriate licensing authority for appropriate disciplinary action, including the restriction, suspension, or revocation of the person's license.

(d) In addition to, or in lieu of, the sanctions in subsections (b) and (c) of this section, the division may impose any other sanction or remedy allowed under the Act or division rules, including but not limited to assessing an administrative penalty of up to $25,000 per violation against a person who commits an administrative violation.

(e) When determining which sanction to impose against a system participant and the severity of that sanction, the division shall consider the factors listed in Labor Code §415.021(c) and other matters that justice may require, including but not limited to:
   (1) Performance Based Oversight (PBO) assessment;
   (2) the promptness and earnestness of actions to prevent future violations;

   (4) the size of the company or practice;
   (5) the effect of a sanction on the availability of health care; and
(6) evidence of heightened awareness of the legal duty to comply with the Act and division rules.

(f) When determining which sanction to impose against a system participant and the severity of that sanction in claims where the insurance carrier provided notice under Labor Code §409.021(a-3), (Notice of Continuing Investigation), the division shall consider the factors listed in Labor Code §415.021(c-2).

(g) In an investigation where both an administrative violation and a criminal prosecution are possible, the division may, at its discretion, postpone action on the administrative violation until the related criminal prosecution is completed.

(h) As an alternative to imposing a sanction such as an administrative penalty on a charged system participant, the division may, at its discretion, provide formal notice of the violation through a Warning Letter. A Warning Letter shall:
   1. include a summary of the duty that the division believes that the charged system participant failed to fulfill or timely fulfill;
   2. identify the facts that establish that a violation occurred; and
   3. inform the charged system participant that subsequent noncompliance of the same sort may be deemed to be a repeated administrative violation or matter of practice, any of which will be subject to sanction.

(i) The division may enter into a consent order with the system participant if the division and the system participant have communicated regarding:
   1. the relevant statute or rule violated;
   2. the facts establishing that the administrative violation occurred; and
   3. the appropriateness of the proposed sanction, including how the division considered the factors under Labor Code §415.021(c) and (c-2) and subsection (e) of this section in determining the proposed sanction.

(j) A consent order may be entered into before or after issuance of an NOV under §180.8 of this title (relating to Notices of Violation; Notices of Hearing; Default Judgments). Consent orders must include:
   1. a description of which factors under Labor Code §415.021(c) and (c-2) and subsection (e) of this section the division considered aggravating or mitigating when determining the proposed sanctions; and
   2. a statement that the system participant acknowledges:
      A. the division and the system participant communicated regarding the information listed in subsection (h)(1)-(3) of this section; and
      B. the division considered the factors under Labor Code §415.021(c) and (c-2) and subsection (e) of this section.
RULE §180.27 Restoration

(a) In accordance with Labor Code §408.0231(d)(2) a doctor, other than a doctor to which Labor Code §408.023(r) applies, may apply for the restoration of a doctor privilege removed under Labor Code §408.0231 by sending a letter of consideration to the Medical Advisor.

(b) The request shall be evaluated by the Medical Advisor and /or members of the Medical Quality Review Panel. The requestor shall be liable for the cost of the review, which may include an audit of the records of the requestor.

   (1) If, in the Medical Advisor's opinion, the doctor:

      (A) has all the appropriate unrestricted licenses/certifications;
      (B) has overcome the conditions that resulted in the sanction;
      (C) meets all the division's qualification standards and conditions for restoration of some or all of the practice privileges removed; and
      (D) is not out of compliance with the Labor Code, Insurance Code, a department rule, or a rule, order, or decision of the commissioner the Medical Advisor may recommend that the commissioner lift the sanction(s) or restore some or all of the privileges removed or restricted by the sanction(s).

   (2) If in the Medical Advisor's opinion, the doctor has not met all the requirements for restoration of privileges, the Medical Advisor shall notify the doctor by verifiable means of the intent to recommend to the commissioner that the sanctions not be lifted or that the privileges removed or restricted by the sanction(s) not be restored in whole or in part and the reasons for that recommendation. Within 15 days after receiving the notice, a doctor may file a response that addresses the reasons given in the recommendation to deny lifting the sanction(s) or restoration of some or all of the privileges removed or restricted by the sanction(s). The Medical Advisor shall review the response and make a final recommendation to the commissioner. A copy of the requestor's response to the division shall be provided to the commissioner for consideration.

(c) The commissioner shall consider the matter and shall notify the requestor of the final decision by verifiable means, and may send a copy to the appropriate licensing or certification authority. If the commissioner does not lift the sanction, the commissioner may include in the final decision the conditions that the doctor must meet before the division will reconsider lifting the sanctions including, but not limited to, the amount of
time that the doctor must wait prior to re-requesting lifting the sanction(s) or restoration of some or all of the privileges removed or restricted by the sanction(s).

**RULE §180.28 Peer Review Requirements, Reporting, and Sanctions**

   (6) an analysis and explanation for the peer review recommendation, including the findings and conclusions used to support the recommendations.

(b) The insurance carrier shall not request subsequent peer reviews regarding the medical necessity of health care for dates of services for which a peer review report has already been issued unless:
   (1) the review is for a different health care service requiring review by a different peer review specialty;
   (2) the insurance carrier needs clarification of the peer review opinion based on new medical evidence that has not been presented to the peer reviewer;
   (3) the peer reviewer failed to fully address the questions submitted by the insurance carrier; or
   (4) for purposes other than determining medical necessity of the health care.

(c) The insurance carrier shall submit a copy of a peer review report to the treating doctor and the health care provider who rendered or requested the health care, as well as the injured employee and injured employee's representative, if any, when the insurance carrier uses the report to deny the compensability or extent of the compensable injury or reduce or deny income or medical benefits of an injured employee.

(d) A peer reviewer and insurance carrier shall maintain accurate records to reflect information regarding requests, reports, and results for peer reviews. The insurance carrier and peer reviewer shall submit such information at the request of the division in the form and manner proscribed by the division. The division will monitor peer review
use, activity, and decisions which may result in the initiation of a medical quality review or other division action.

(e) The commissioner may impose sanctions on health care providers performing peer reviews pursuant to §180.26 and §180.27 of this title (relating to Criteria for Imposing, Recommending and Determining Sanctions; Other Remedies; and Sanctions Process/Appeals/Restoration, respectively) and other applicable provisions of the Labor Code and division rules. (a) The person subject to the medical quality review process has the right:
   (1) to be notified that the person has been selected for the medical quality review process;

(6) to an ISC in accordance with the provisions of this section. The ISC provides persons subject to the medical quality review process an opportunity to discuss and resolve their medical case review with arbiters. The division may, at its discretion, conduct an ISC remotely or in person. An ISC is available under the following conditions:
   (A) The case has been referred to enforcement.
   (B) The request for an ISC must be in writing.
   (C) The division will notify the requester of the scheduled date of the ISC.
   (D) The requester has the right to receive copies of all documents that pertain to the substance of the case and that were given to the arbiters for review for that particular case.

      (i) communicate with the office of the medical advisor as paragraph (3) of this subsection provides;
      (ii) enter into a consent order with the division; or
      (iii) defend an enforcement case at the State Office of Administrative Hearings.
